Legal Protection for Elderly, the Disabled & their Caregivers

We'll answer the following questions: What is the latest news in government benefits programs, and how can those programs pay for long term care. What is the best way for seniors to "pay" family members for caregiving. What is "special needs" planning and why should it be considered when planning for disabled family members. Who determines legal mental incapacity and how does that determination affect a person with dementia. In addition, the program will discuss how advanced directives for seniors should be written to meet the unique needs of seniors.
