Contribute Your Documents & Depositions

Do you have a collection of depositions hidden away in boxes or filing cabinets?

If so, you may be giving the defense an unfair advantage. While your depositions are gathering dust, a plaintiff attorney may be seeking key information on an expert you've deposed that would help them win a case and support the plaintiff bar. Don't let your expertise go waste!

Plaintiff Attorney's have now contributed hundreds of documents to the deposition bank at TrialSmith.com, helping create the world's largest plaintiff-only deposition bank, with more than 200,000 depositions and 8,000 court documents on-line.

This is the perfect opportunity to clean out your storage rooms and filing cabinets! Every deposition you contribute earns revenue for your State TLA and supports plaintiffs nationwide. PLUS, you'll receive either \$5 document purchase credit per deposition, or we'll return your contribution on CD-ROM in searchable PDF format. Simply enclose this form with your paper shipment, or upload documents directly to [www.TrialSmith.com](http://www.TrialSmith.com)

Thank you,
