WORKERS' INJURY LAW & ADVOCACY GROUP ®

Workers' Injury Law & Advocacy Group is the national non-profit membership organization dedicated to representing the interests of millions of workers and their families who, each year, suffer the consequences of workplace injuries and illnesses. The group acts principally to assist attorneys and non-profit groups in advocating the rights of injured workers through education, communication, research, and information gathering. WILG is a network of like-minded advocates for workers' rights, sharing information and knowledge, a sense of commitment and kinship, and networking to help each other and our clients. The funds contributed to WILG and raised by its activities go to support its mission. WILG greatly appreciates your generosity and service to carrying out its mission to assist its members and their clients.
