* Field performance data came from recent North Carolina Wheat Performance Trials, private breeders and Uniform Southern Red Nurseries while the milling quality data resulted from the publications and in-house evaluation of The Mennel Milling Company. Field yield score: 5 - 1 (99.5 - 60.3 bu/ac for 2 years and 94.5 - 58.5 bu/ac for 3 years); Test weight score: 5 - 1 (61.3 - 52.0 #/bu for 2 years and 61.2 - 51.8 #/bu for 3 years). Milling quality score: 5 - 1 from the best to the poorest; Maturity: E = early, M = medium, L = late; Scab resistance: MR = moderately resistant, M = medium resistance.
