*Field performance data came from recent Virginia Wheat Performance Trials, private breeders and Uniform Southern Red Nurseries while the milling quality data resulted from the publications and in-house evaluation of The Mennel Milling Company. Field yield score: 5 - 1 (90.3 - 40.3 bu/ac for 2 years and 88.2 - 41.5 bu/ac for 3 years); Test weight score: 5 - 1 (61.3 - 50.5 #/bu for 2 years and 61.3 - 51.4 #/bu for 3 years). Milling quality score: 5 - 1 from the best to the poorest; Maturity: E = early, M = medium, L = late; Scab resistance: MR = moderately resistant, M = medium resistance.
