* Field performance data came from recent Ohio Wheat Performance Trials, private breeders and Uniform Eastern Red Nurseries while the milling quality data resulted from the publications and in-house evaluation of The Mennel Milling Company. Field yield score: 5 - 1 (93.2 – 53.2 bu/ac for 2 years and 94.6 - 52.9 bu/ac for 3 years); Test weight score: 5 - 1 (59.6 – 52.6 #/bu for 2 years and 58.9 - 52.9 #/bu for 3 years). Milling quality score: 5 - 1 from the best to the poorest; Maturity: E = early, M = medium, L = late; Scab resistance: MR = moderately resistant, M = medium resistance.
