

SCORE St. Paul Client Resource Guide

To: Our Clients
Date: May 9, 2018

The wealth of content to deal with in creating or growing a company can be daunting and often frustrating, especially as you balance life between family, work, and creating a new business.

With the above in mind we created the [SCORE St. Paul Client Resource Guide](#) to leverage the resources available as our clients nurture their dream.

[Click Here For Download](#)

This interactive PDF contains links to external and embedded content for use on a day-to-day basis to make your business development efforts easier and more productive.

A couple of items to make use of this tool a bit more intuitive:

- First, you must have Adobe Acrobat or Reader installed on your device for this interactive PDF to work – to download the Adobe Reader [CLICK HERE](#)
- While there's order to the content contained in the attached, there's no path from step 1 to 2 to 3, etc... Think of this as a portal to a number of libraries and resources where a you can work on one topic or another that's relevant to your efforts at any given time.
- This guide isn't designed to answer all your questions as you start and nurture your business, but a starting point with the core references available. Hopefully, your work with your SCORE mentor will fill in the rest of the blanks.

- This tool will evolve as we continue to look for ways to improve what we're delivering. So, you'll be receiving updates from time to time (we already have a couple of ideas for the next release). And, of course, your input is invaluable to making this tool useful. So, any comments or suggestions on how we can improve this are welcome. Send these to: stpaul@scorevolunteer.org
- Please note, an interactive PDF such as this will NOT work fully on a Chromebook computer or a tablet device – you can link to web resources, but the embedded content will not work. This is a platform limitation.

OK, copy this file to your desktop, right click and open with Adobe Reader or Acrobat, play, discover, and let us know what you think. Be sure to click first on the Read Me button in the lower left corner of the page presented for a simple guide to navigation.

In the meantime, thank you for your continued support of our work together – we look forward to continuing to serve your needs.

All the best,

The team at SCORE St. Paul
