

The Corporate Ladder is Broken. CREATE YOUR OWN.

Seeking Business Ownership? Seek FranNet.

FranNet is an international company of business experts that works with you as you seek business ownership. We use a proprietary profiling process to expertly match you with franchise opportunities. FranNet's scientific approach has proven successful for nearly 30 years as we've placed thousands of people into rewarding opportunities in franchise ownership.

Why FranNet?

FranNet understands that your goals, family, experience and financial situation are all unique. Unlike other franchise consulting firms, our consultants are locally-based in the communities our clients live allowing face-to-face attention through what can be an overwhelming process. Best of all, our services are at no cost to you.

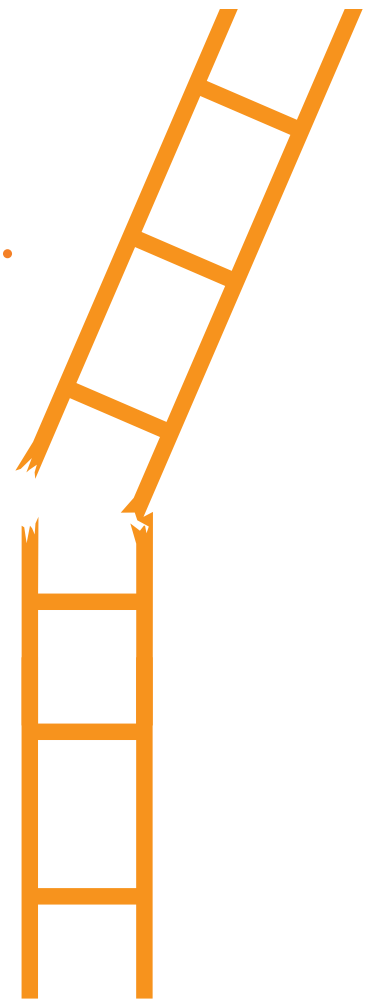

FranNet Creates Futures

Simply put, FranNet is the most respected international franchise consulting firm. From the proprietary profiling process, to watching someone realize their dreams, we are a company of business professionals whose local focus and face-to-face attention allow you to realize personal and financial independence through business ownership. Opening a business is once-in-a-lifetime. FranNet makes it once-for-a-lifetime.

The FranNet Process

At FranNet, we follow a carefully orchestrated process in order to maximize your business ownership potential.

- 1 Science-driven PFA Profile:** Inherently, there are certain businesses that uniquely fit you – your PFA helps identify that.
- 2 Business Model:** Your local FranNet consultant works one-on-one to build you a fact-based business model to sort through the abundance of information and options.
- 3 Due Diligence:** Who should you interview? What questions should you ask? Should you visit the franchisor? What about the franchisees? Set aside your worries – your local FranNet consultant helps you with all that.
- 4 Selection and Purchase:** Knowing you've armed yourself with all the appropriate and correct information will allow you to make the most informed decision possible about business ownership.
