**Conflict Minerals Declaration**

Conflict minerals mainly refer to tin, tantalum, tungsten and gold (3TG) from the Democratic Republic of Congo (DRC) and its neighboring countries. The exploitation and trade of these minerals may contribute to local armed conflicts and human rights violations.

We are committed to comply with Article 1502 of Dodd-Frank Act and international standards (such as OECD guidelines) to ensure that conflict minerals are not used in the supply chain.

We are committed to ensuring that minerals used in products do not directly or indirectly finance armed conflicts. We require suppliers to provide information on mineral sources and abide by the conflict-free mineral policy. We support international cooperation to solve the problem of conflict minerals, and regularly review the supply chain to ensure compliance.

Products description: **Soft Magnetic Cores, Inductors and Choke Assemblies**

Company name: **Heyuan Micrometals Co., Ltd.,**

Company address:

**Chengqian Village, Highway G205, Dengta Town, Dongyuan County, Heyuan City, Guangdong Province, China**
