Not Rated Rollover

Based on the risk of rollover in a simple-vehicle crash.

Star ratings range from 1 to 5 stars(* * * * *)with 5 being the highest Source: National Highway Traffic Safety Administration (NHTSA) www.safercar.gov or 1-888-327-4236

This vehicle is equipped with a front bumper that has been tested at an impact speed of 2.5 miles per hour and a rear bumper that has been tested at an impact speed of 2.5 miles per hour, and has sustained no damage 🚾 the vehicle's body and minimal damage to the bumper and attachment hardware. Minimal damage to the bumper means damage that can be repaired with the use of common repair materials and without replacing any parts. The stronger the bumper, the less likely the car will require repair after a low-speed collision

distributing fuel also create emissions; tearn more at fueleconomy gov.

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 28 MPG and cost \$9,500 to fuel over 5 years. Cost estimates are based on 15,000 miles per year at \$4.25 per gallon . MPGe is miles per gasoline gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.
