

BIOL 1720.001: Biology for Science Majors II

Summer 2026 – Mon - Thu 8:00 – 9:50 am – TH 120

Professor: Dr. Ana Paula Hoeinghaus

Contact information: E-mail: AnaPaula.Hoeinghaus@unt.edu

Office: LIFE A 128A

Student hours: Mondays and Tuesdays from 10 am to 11:45 am or by appointment

Learning objectives: This course is designed for science majors who are interested in general biology. During this semester, we will emphasize animal and plant biology and ecology and introduce you to the microbial world. The intent of the course is to provide a strong background that will allow you to take and do well in higher-level courses in the life sciences.

Recommended text: Biology in Focus, Campbell, 4th edition by Urry, Cain, Minorsky, Orr, and Hull

Canvas: Check for course material on Canvas regularly. It will contain updates to the syllabus, online quizzes and other materials used in class. Supplemental resources will be provided for some of the course content. Students are responsible for checking for announcements. I recommend that you select notifications 'on' in your Canvas settings.

Assessment: Performance in the course will be assessed through a combination of exams and quizzes.

Exams: There will be 4 exams for this course. All exams are worth 100 points for a total of **400 points**. **No exam grade will be dropped.** Exams may include information from the lectures, textbook, videos and supplemental materials discussed in class. Final exams is **not comprehensive**, but it will include material covered after the third exam. Exams are scheduled for the following days:

Exam 1: Tuesday, June 30th from 8 am to 8:50 am

Exam 2: Wednesday, July 8th from 8 am to 8:50 am

Exam 3: Thursday, July 16th from 8 am to 8:50 am

Final exam: Friday, July 24th [Final exam day] from 8 am to 10 am

Make-up exams: Exams are to be taken when scheduled. Students will not be allowed to take any exam on a date or time other than scheduled *unless you have a verifiable medical excuse or official UNT activity*. The time and place for make-up exams will be determined by the instructor. Proper documentation should be provided before scheduling your make-up exam. If students miss the exam and/or make-up exam, a grade of zero (0) will be assigned for that examination.

Support quizzes: There will be 10 support quizzes, each worth 5 points. The lowest 2 quiz grades will be dropped, for a total of **40 points**. There will be no make-up support quizzes, regardless of the reason.

Review Quizzes: There will be 4 review quizzes to be completed on Canvas due before each exam. Each is worth 20 points. The lowest quiz grade will be dropped, for a total of **60 points**. You are allowed to use course materials when taking the quizzes, this includes your textbook and your handwritten notes. You should not ask other students for the answers. There will be no make-up quizzes, regardless of the reason.

Course grades: **The total possible points for this course is 500.** Grades will be assigned according to the point system listed below

<u>Grade</u>	<u>Total points</u>
A	450 and above
B	400 to 449
C	350 to 399
D	300 to 349
F	299 and below

Canvas is not set to calculate your course average. It is your responsibility to periodically check your scores and bring any discrepancies to the attention of your instructor. Do not leave it for the end of the summer term.

iClicker: iClicker will be used to highlight main concepts and terminology, and points earned will be applied to total points as bonus points (maximum of 10 points). Each student must be registered for iClicker and have a device (computer, smartphone or tablet) for polling responses for this course. You will create an account with iClicker, enter your **EUID (your Canvas login ID)** in the Student ID (optional) space, select University of North Texas as your institution, and search for this course which is listed as follows: **SU26 BIOL 1720 – Hoeinghaus**. Add this course to your iClicker course list. Click on the course and JOIN when we are in session. Connecting via Wi-Fi in UNT classrooms is highly recommended. You **may not make-up missed questions**, regardless of whether you have forgotten to bring a response device, you are late to class, you have no connection, or you miss class. Class participation/attendance will be based on the iClicker questions in class. Submitting answers to the iClicker questions **from somewhere else other than the classroom will be considered academic dishonesty** and a report will be filed with the Office of Academic Integrity.

Institutional Effectiveness: Students are required to take a pre- and post-test for this course as part of the Department of Biological Sciences Institutional Effectiveness assessment. The pre-test will be posted on Canvas for completion during the first week of classes. The same assessment will be administered again during the last week of classes as a post-test. The assessment will take approximately 15 minutes to complete. More details will be provided on Canvas with the assessment.

Academic integrity: Any student found cheating on any exam will receive a zero (0) for that exam and may face other disciplinary action(s). Academic dishonesty includes, but is not limited to, the following: 1) releasing exam content during or after you have taken an exam, 2) copying any material from another student, or from another source such as the internet, that is submitted for grading, 3) plagiarism, including use of internet material without proper citation, and 4) use of cell phones or other electronics to obtain outside information during an exam. I will evaluate any suspected cases of academic dishonesty on a case by case basis. Reports of academic dishonesty will be filed with the Office of Academic Integrity and become a part of the student's permanent academic record. According to UNT Policy 06.003, Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to cheating, fabrication, facilitating academic dishonesty, forgery, plagiarism, and sabotage. Visit University of North Texas' Student Academic Integrity Policy: <https://policy.unt.edu/policy/06-003> to obtain additional information.

Etiquette: We need to work together to ensure a high-quality teaching and learning environment. Disruptive and inconsiderate activities negatively affect the entire class and include **talking, coming in late, leaving class for non-essential reasons, using cell phones, tablets or computers** for reasons not related to class, and general inattentive behavior.

Attendance: You are strongly advised to **attend all lectures**. I also suggest that you read the assigned chapters so that you have context for the lecture. It is difficult to process all the information presented in lectures unless you get it "first hand" and have some frame of reference. I cannot stress enough the importance of attending lectures, asking questions and taking notes during class. In general, students who do not attend lectures do poorly in the course. Attendance will be based on iClicker data. If the iClicker system is not working for you, please sign the attendance sheet that I bring to class. Please take time to read the material on the "Succeed at UNT" website: www.succeed.unt.edu.

Incomplete: An incomplete (I) grade is given only during the last one-fourth of a semester and only if a student is: (1) passing the course; (2) has a justifiable reason why the class cannot be completed on schedule; and (3) arranges with the instructor to finish the course at a later date. All work must be completed within the time specified by the instructor (not to exceed one year after taking the course). An incomplete may be requested starting July 17th.

Student hours: I am available on Mondays and Tuesdays from 10 am to 11:45 am. Please feel free to contact me to schedule an appointment if those times do not work for you. Please reach out if you have any difficulties or need further explanation of the material. Take advantage of student hours - I am here to help you learn. If you would like to review an exam, you have until the week before of the subsequent exam to do so. Please email me to schedule an appointment to review your exam.

ADA Policy: The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to me to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. For

additional information see the Office of Disability Accommodation website at <http://www.unt.edu/oda>. You may also contact them by phone at (940) 565-4323.

Academic Support & Student Services: UNT provides mental health resources to students to help ensure there are numerous outlets to turn to that wholeheartedly care for and are there for students in need, regardless of the nature of an issue or its severity. Listed below are several resources on campus that can support your academic success and mental well-being:

- Student Health and Wellness Center (<https://studentaffairs.unt.edu/student-health-and-wellness-center>)
- Counseling and Testing Services (<https://studentaffairs.unt.edu/counseling-and-testing-services>)
- UNT Care Team (<https://studentaffairs.unt.edu/care>)
- UNT Psychiatric Services (<https://studentaffairs.unt.edu/student-health-and-wellness-center/services/psychiatry>)
- Individual Counseling (<https://studentaffairs.unt.edu/counseling-and-testing-services/services/individual-counseling>)

Additional Student Support Services

- Registrar (<https://registrar.unt.edu/registration>)
- Financial Aid (<https://financialaid.unt.edu/>)
- Student Legal Services (<https://studentaffairs.unt.edu/student-legal-services>)
- Career Center (<https://studentaffairs.unt.edu/career-center>)
- Counseling and Testing Services (<https://studentaffairs.unt.edu/counseling-and-testing-services>)
- UNT Food Pantry (<https://deanofstudents.unt.edu/resources/food-pantry>)

TENTATIVE LECTURE SCHEDULE

This schedule is tentative and subject to change. Last day to drop a course or all courses with a grade of W – July 16th

Week	Day	Date	Topics	Chapter
1	Mon	6/22	Introduction & Syllabus, Bacteria and Archaea	24
1	Tue	6/23	Protists & Fungi	25, 26 (26.2)
1	Wed	6/24	Animal Form and Function & Homeostasis	32 (32.1, 32.3)
1	Thu	6/25	Nervous System and Senses	37, 38
2	Mon	6/29	Muscles	39
2	Tue	6/30	Exam 1 (first 50 min.) and Hormones and Endocrine System	32 (32.2)
2	Wed	7/1	Hormones and Endocrine System (cont.) & Animal Nutrition and Metabolism	32 (32.2), 33
2	Thu	7/2	Osmoregulation and Excretion	32 (32.4, 32.5)
3	Mon	7/6	Respiratory System	34 (34.5-34.7)
3	Tue	7/7	Circulatory System	34 (34.1-34.4)
3	Wed	7/8	Exam 2 (first 50 min.) and Immune System	35
3	Thu	7/9	Immune System cont. and Animal reproduction and development	35 and 36
4	Mon	7/13	Plant Diversity & Angiosperm Reproduction	26, 30
4	Tue	7/14	Plant Form and Function	28
4	Wed	7/15	Plant Nutrition, Resource Acquisition and Transport	29
4	Thu	7/16	Exam 3 (first 50 min.) and Plant Responses to Internal and External Signals	31
5	Mon	7/20	Population Ecology	40
5	Tue	7/21	Ecological Communities	41
5	Wed	7/22	Ecosystem Ecology	42
5	Thu	7/23	Conservation Biology	43
5	Fri	7/24	Final exam
