Course Description and Content

Concepts and techniques of monotype printmaking. Coursework will include making unique print artworks from instable matrixes using additive, subtractive, ghost, trace, and stencil methods for imaging along with multiple impression registration printing.

Students will use monotype printing to develop a creative direction and make a unified portfolio of studio artworks. Content of the artworks will be determined by the student with the expectation of to develop content, aesthetics, and imagery from their studio experiences and concentration. Contextual research and working in series will provide structure for continuity in the portfolio.

Course Objectives and Outcomes

Upon successful completion of this course, students will have an intermediate- to advanced-level command of creative research with the ability to:

1. Form creative research questions related to the content of their artwork.
2. Technically manipulate materials through monotype printmaking and related processes.
3. Engage in critical dialog related to this portfolio and portfolios of peers.
4. Apply standards for formal documentation of the artist's creative practice.
5. Create a unified portfolio of artworks resulting from the prior objectives.
6. Contribute to interactive social learning experiences that progress creative growth.

Course Structure:

We will meet twice per week (from 2:20pm-5:10pm on Tuesdays and Thursdays). In-person attendance is necessary to successfully participate in this class. Class will begin with roll call and end with a studio clean-up. We also will do a group clean-up session at the end of the semester.

This course meets simultaneously with the Senior Print Studio capstone course. Class days will be divided with a portion of each class devoted to the Monotype section and a portion devoted to the Sr Print Studio section. You will need to be self-directed and productive during times when I am working with the other section.

The Calendar PDF will guide expectations for each class period. The Canvas App will define assignments, provide additional resources, deliver weekly announcements, and serve as the way you turn-in all projects and receive grades.

There are 3 Module Projects, 3 Module Participation grades, and a holistic evaluation of the Cumulative Semester Portfolio. Each project will consist of making a new series of multi-color monotype prints while learning and practicing new methodologies and documenting contextual research.

Typical class time will focus on presentations, discussions, Individual mentoring, time to make matrices, time to print, and a project critiques. Activities will be focused on individual progress and community development.

This course will assume you already have a firm handle on basic printmaking processes learned in the beginning print classes. If you feel like you need more instruction on basic skills like paper handling, paper tearing, color planning, ink color mixing, etc, then please request to meet during office hours. Likewise, if you would like additional coaching for image and concept development, you may also request an appointment during office hours.

Late Work Policy // Project Re-Submissions // Deadlines

Coming to critique with nothing to present will earn an F for the project grade. (No possibility for late submission.)

Coming to critique with nothing to present will earn a D for the participation grade if you are engaged and an F if you are not.

Failing to turn in a project on Canvas by the deadline will reduce the project grade progressively one letter every class period after the deadline.

Individual project deadline extensions may be requested **before** the project deadline **if** there is a documented illness or other family emergency.

If your project is unfinished when it is due, you may present the unfinished project at critique AND turn in the project incomplete on Canvas by the due date. The project grade, participation grade, and amount of critique time will reflect this. Do NOT use the Canvas "resubmit" option because it will delete the first submission. Once the project is completed, it may be re-turned-in by following these directions:

- FIRST: Read the Canvas Grade Comments.
- SECOND: Respond to the Canvas Grade Comment by **attaching** the revised version of your complete project (all files: images and contextual research).
- THIRD: Send a normal email to decaen@unt.edu (**Not Canvas message**) to let me know you have turned in a completed version of the assignment so that I know you want it re-graded.

* If you are unsatisfied with a completed project, you may re-make it and re-turn-in for re-grading in the same way.

Submitting Projects In-Person & On Canvas

You will present your physical prints to critique, but they are graded by Canvas submission. Installing your physical prints carefully is essential. Hang the work evenly at eye-level without damaging the artwork, unless the work demands unconventional presentation methods. The quality of your digital image is imperative to evaluate the work on Canvas. Poor photo/scanning will yield a lower grade. Please read the page titled "Photographing/Scanning Artworks for Submission on Canvas" to prepare these digital images well. Please pay close attention to file naming conventions described in each project outline. Be mindful of deadlines in each assignment. You will be turning in several files for each project. You will have only one attempt to turn in all the files. If you accidentally leave files off your submission, you may attach them to a comment on the evaluation.

Cross-Course Projects

Normally, you will not turn in the same work for two different classes, but in very rare cases where your project is exceptionally invested in processes across disciplines, it might make sense to overlap two courses. If this is the case, you will need to get explicit permission from both Instructors prior to starting so that it is agreed to how the work overlaps and how it can be distinctly evaluated for each course. Explicit permission requires an email to both professors prior to the start of the project and confirmation email response agreeing to the path forward. This course policy includes cross-course projects regardless of the kind of class (Studio Art, Art History, Art Education, Design, IADS, etc.). Turning in a project that you have turned in for another course without explicit permission will yield an F for the assignment.

Integrity of Authenticity

Please turn in product of your own creative work. If you are using the words that someone else wrote in a written assignment, you must use quotation marks and cite your sources. If you have any questions on this topic, please ask me and/or read the following link: <https://teachingcommons.unt.edu/teaching-essentials/academic-integrity/academic-integrity-primer>

Using Artificial Intelligence software to write any part of a written assignment is not allowed for this course.

If you are using Artificial Intelligence software as part of your image ideation or image creation process, please do this with thoughtful conceptual purpose that demonstrates more than creative deficiency, and address these conceptual motivations in your project/artist's statements.

*****NOTE:** *I retain the right to change the syllabus and post changes on Canvas Announcements if the needs of the course or students change.*

ATTENDANCE POLICIES Fall 2026

Attending all classes in-person is essential to success in this class. In-person attendance gives opportunities for real-space/real-time access to demonstrations, critiques, discussions, and assistance on your projects. You should learn as much from your peers as you do from your instructor. Attending class is the first step in developing a sense of community and social learning. It is your responsibility to answer roll call at the beginning of class. If you walk in late, you must let the instructor know right away so that you are marked tardy instead of absent. Participatory attendance is expected.

It is expected that students be on time and prepared each session. If you do not attend, you cannot participate. *Class participation grade will be dramatically effected by poor attendance or poor punctuality. The final semester grade will also be effected by poor attendance:*

Each Unexcused Absences will reduce the Participation Grade by one letter for that project grading period.

- *If you miss 1 class during a project grading period, then your participation grade will be no better than a B.*
- *If you miss 2 classes during a project grading period, then your participation grade will be no better than a C.*
- *If you miss 3 classes during a project grading period, then your participation grade will be no better than a D.*
- *If you miss 4 classes during a project grading period, then your participation grade will be no better than a F.*

Beyond 4 Absences:

- A Fifth absence per semester will additionally reduce your final *Semester Course Grade* by 1 full letter.
- A Sixth absence per semester will additionally reduce your final *Semester Course Grade* by 2 full letters.
- A Seven absences per semester will result in a *Semester course Grade* of F.

If you must be absent:

- **Email me before class** to let me know. I appreciate knowing so that I won't wait for you to arrive late, AND
- Ask another student to take notes for you, so that you can make up time outside of class and be prepared to return next class.
- You may schedule an appointment during office hours if you need further assistance catching up on what you missed.

Absences Due to Illness

I may excuse only up to three absences due to serious health issues in the duration of the semester. ALL excusable absences require contacting the professor prior to each absence, so you and the professor can discuss and mitigate the impact of the absence on your attainment of course learning goals.

Please do not come to class if you are at risk of spreading a contagious illness such as COVID-19, in mindfulness of the health and safety of everyone in our community. If you are experiencing any symptoms of COVID-19 please seek medical attention prior to coming to campus.

Punctuality/Coming Late to Class/Leaving class early

If you arrive after roll-call, you should assume that you were marked absent and immediately make sure that your absence is updated to a tardy.

Every Tardy will lower your participation grade by one step. (e.g. A changes to an A-, or A- changes to B+, etc)

Arriving to class more than 20 minutes late is counted as an absence.

Leaving class early will count as a Tardy.

Leaving class without completing your daily clean-up assignment will be counted as a Tardy.

PRINTMAKING MATERIAL CHARGE

In the UNT Printmaking department, we believe in the educational importance for students to use specific materials for projects. UNT providing these materials saves students time and money. Supplies across the printmaking courses are at different price points. For it to be equitable across all printmaking courses, this material charge is applied to the bulk purchasing of printmaking ink.

We require all students to pay a \$12 material charge per printmaking course within the first two weeks of class.

The material charge will need to be paid by August 28, 2026. To pay this materials charge, please take the provided charge slip from your instructor to the **Cashiers Services in the Eagle Student Services Building**. After paying, please return your receipt to your instructor or the Printmaking technician, Clarissa Gonzalez, so that we can mark you off as paid in our records. This ensures that we keep an accurate record of all payments. Please contact Clarissa Gonzalez with questions or concerns. Clarissa.gonzalez@unt.edu

Students seeking reasonable accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with a reasonable accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request reasonable accommodations at any time, however, ***ODA notices of reasonable accommodation should be provided as early as possible in the semester to avoid any delay in implementation.*** Note that ***students must obtain a new letter of reasonable accommodation for every semester and must meet with each faculty member prior to implementation in each class.*** Students are strongly encouraged to deliver letters of reasonable accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information, refer to the Office of Disability Access website at <http://www.unt.edu/oda>. You may also contact ODA by phone at (940) 565-4323.

CVAD Health and Safety Program

Students are required to follow the Department of Studio Art Health and Safety guidelines and are required to complete training for each studio course. The goal of the Studio Art Health and Safety Program is to protect the health and welfare of all faculty, staff, and students and to cooperate with the University of North Texas' Office of Risk Management. UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to the course management system for contingency plans.

Student Evaluations of Teaching

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13 and 14 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey they will receive a confirmation email that the survey has been submitted. For additional information, please visit the spot website at www.spot.unt.edu or email spot@unt.edu.

Incomplete Grades

An Incomplete Grade ("I") is a non-punitive grade given only during the last one-fourth of a term/semester and only if a student (1) is passing the course and (2) has a justifiable and documented reason, beyond the control of the student (such as serious illness or military service), for not completing the work on schedule.

In consultation with the instructor, complete a request for an Incomplete Grade. This form can be found on the department website and must be turned into the department chair prior to the last day of classes (not the exam date). Note: A grade of Incomplete is not automatically assigned to students
