Course Description and Content

The *BFA Senior Printmaking Studio* course is designed to further develop conceptual, technical, and formal issues and professional practices in printmaking. Undergraduate Seniors take this course twice as the Capstone Course in the printmaking concentration.

This course will focus on printmaking as a primary form of expression. Each student will develop and refine a portfolio according to their experience and personal creative direction. Students may practice processes as intaglio, lithography, relief, screen-print, monoprint/monotype, digital printmaking, non-traditional print formats, and/or conceptual extensions of print processes. Emphasis will also focus on contextual research, professional presentation/display, and professional documents needed for applying for professional art activities.

Course Objectives and Outcomes

Upon successful completion of this course, students will have a ***Senior-level command of creative research with the ability to:***

1. Form creative research questions related to the content of their artwork.
2. Technically manipulate materials through printmaking and related processes.
3. Engage in critical dialog related to this portfolio and portfolios of peers.
4. Apply standards for formal documentation of the artist's creative practice.
5. Create a unified portfolio of artworks resulting from the prior objectives.
6. Contribute to interactive social learning experiences that progress creative growth.

Course Structure:

We will meet twice per week (from 2:20-5:10am on Tuesdays and Thursdays). In-person attendance is necessary to successfully participate in this class. Class will begin with roll call and end with a studio clean-up. We also will do a group clean-up session at the end of the semester.

This course meets simultaneously with the Print Monotype course. A schedule will allow guided instruction with your instructor for the Print Monotype section and the Sr Print Studio section with some overlap. You will need to be self-directed and productive during times when your instructor is working with the other section.

The Calendar PDF will guide expectations for each class period. The Canvas App will define assignments, provide additional resources, deliver weekly announcements, and serve as the way you turn-in all projects and receive grades.

There are 3 Module Projects, 3 Module Participation grades, a holistic evaluation of the Cumulative Semester Portfolio, a Professional Documents assignment, and a Professional Framing assignment. Each project will have a flexible prompt to fir your creative direction.

Typical class time will focus on presentations, discussions, workshops, Individual mentoring, time to make matrices, time to print, and a project critiques. Activities will be focused on individual progress and community development.

This course will assume you already have a firm handle on at least three basic printmaking processes. Additional technical assistance may be available during class or office hours by appointment.

COURSE REQUIREMENTS & GRADING

NOTE: *Grades in this course are calculated on a 4-point scale based on the GPA point calculator (not percentage). I will indicate grades in grade comments. The Canvas grade calculator will not be used because it is not accurate for a 4-point scale.*

Portfolio Development and Cohesion

- *Cohesion of the themes, imagery, & formal qualities in the work*
- *Progression of conceptual themes in line with your Semester's Artist's Statement.*
- 4 points (approx. 17% of semester total), graded at end of semester.

Project #1, #2, & #3: Variations Using the Matrix OR Mixed Process

For each of the project in the semester, you will have two options that explore prints in traditional or interdisciplinary modes while focusing on making work oriented toward a unified portfolio. Those in their second semester will orient their first projects toward a piece for their BFA exhibition. Each project should be substantial to represent a third of the semester. You may choose variation A or B for each of your projects so long as you do both A and B options at least once during the semester.

OPTION A: **Variations Using a Stable Matrix:** In this project, you are asked to use at least one stable (repeatable) matrix to create series of monoprints, an artist's book, a print installation, a performance using a printed prop, or another mode of using printed variations. More variation is generally better than less variation so that the work can take up space in the gallery as a series or large work without redundancy. As a generally rule, you should aim for 3 to 5 prints in series or a project made from 3 to 5 prints.

OPTION B: **Mixed Process:** In this project, you are asked to use at least two print processes together in a project. Printed processes may include any of the following: relief, screenprint, intaglio, lithography, monotype, digital output prints, risograph, laser-etched/cut paper, and book-binding techniques. For example, you may do a litho/screenprint, intaglio/bound book, relief print with laser-etched paper, etc. The project goal is to combine the two print processes well, so planning is critical. The final product may be monoprint series, or limited edition, or a interdisciplinary mode using a combination of print processes. As a generally rule, you should aim for 3 to 5 prints in series, a limited edition of 3 to 5 prints, or a project made from 3 to 5 prints.

You will turn-in all of the following items for this project on Canvas:

- Complete set of JPG images documenting the whole project, limited edition shots or installation shots, and detail shots.
- One document including Project Statement + Title Mind Map + Contextual Research
- Project #1, #2, & #3 are each worth 4 points (each approximately 17% of the semester total)

Participation in Class & Critiques

- Complete Syllabus agreement quiz (0.01 points)
- Participation during Project 1 (1.33 points)
- Participation during Project 2 (1.33 points)
- Participation during Project 3 (1.33 points)
- Participation over 3 projects is worth 4 points accumulated. (approx.17% of total)

Professional Framing Assignment

This semester you will be asked to make a framing plan for one of your works upholding professional standards. Those in the second semester will be responsible for framing the piece, while those in their first semester will make a theoretical plan/budget to prepare them for next semester. Framing is the standard for presenting and protecting artwork on paper for professional galleries and museums. When you frame your work, you will gain technical experience that will apply to a professional career.

This assignment is worth 2 points (approx. 8% of semester total).

Professional Documents

Professional Documents accumulate to 2 points (approx. 8% of semester total). Graded at end of semester.

- *Portfolio: 10 professional images of artworks (0.5 points)*
- *Image ID sheet with thumbnail image, title, media, scale, date (0.5 points)*
- *Portfolio's Artist's statement (0.5 points)*
- *Artist's Complete Resume/CV (0.5 points)*

Point Grade Scale for Projects/Assignments:

Grades will be posted in canvas Comments to help direct your progress.

A (4.00 points) Excellent work that exceeds objectives, is very high in originality, and extremely well-conceived and executed.

A-(3.75 points)

B+(3.25 points)

B (3.00 points) Good work that meets the objectives, is high in originality, and well-conceived and executed.

B-(2.75 points)

C+(2.25 points)

C (2.00 points) Average acceptable work that meets the objectives, is fairly well-conceived and executed.
C-(1.75 points)
D+(1.25 points)
D (1.00 points) Inferior work that is minimally complete, but falls short of the objective of the project.
D-(0.75 points)
F (0.00 points) Failing work. Significantly incomplete, does not meet the objectives, and is poorly executed and/or conceived

Total Point Scale for End of Semester Grades

UNT only allows whole-letter grades for the semester grade.

A (23.99-21 points)
B (20.99-17 points)
C (16.99-14 points)
D (13.99-10 points)
F (9.99-0 points)

Late Work Policy // Project Re-Submissions // Deadlines

Coming to critique with nothing to present will earn an F for the project grade. (No possibility for late submission.)

Coming to critique with nothing to present will earn a D for the participation grade if you are engaged and an F if you are not.

Failing to turn in a project on Canvas by the deadline will reduce the project grade progressively one letter every class period after the deadline.

Individual project deadline extensions may be requested **before** the project deadline **if** there is a documented illness or other family emergency.

If your project is unfinished when it is due, you may present the unfinished project at critique AND turn in the project incomplete on Canvas by the due date. The project grade, participation grade, and amount of critique time will reflect this. Do NOT use the Canvas "resubmit" option because it will delete the first submission.
Once the project is completed, it may be re-turned-in by following these directions:

- FIRST: Read the Canvas Grade Comments.
- SECOND: Respond to the Canvas Grade Comment by **attaching** the revised version of your complete project (all files: images and contextual research).
- THIRD: Send a normal email to decaen@unt.edu (Not Canvas message) to let me know you have turned in a completed version of the assignment so that I know you want it re-graded.

* If you are unsatisfied with a completed project, you may re-make it and re-turn-in for re-grading in the same way.

Submitting Projects In-Person & On Canvas

You will present your physical prints to critique, but they are graded by Canvas submission. Installing your physical prints carefully is essential. Hang the work evenly at eye-level without damaging the artwork, unless the work demands unconventional presentation methods. The quality of your digital image is imperative to evaluate the work on Canvas. Poor photo/scanning will yield a lower grade. Please read the page titled

"Photographing/Scanning Artworks for Submission on Canvas" to prepare these digital images well. Please pay close attention to file naming conventions described in each project outline. Be mindful of deadlines in each assignment. You will be turning in several files for each project. You will have only one attempt to turn in all the files. If you accidentally leave files off your submission, you may attach them to a comment on the evaluation.

Cross-Course Projects

Normally, you will not turn in the same work for two different classes, but in very rare cases where your project is exceptionally invested in processes across disciplines, it might make sense to overlap two courses. If this is the case, you will need to get explicit permission from both Instructors prior to starting so that it is agreed to how the work overlaps and how it can be distinctly evaluated for each course. Explicit permission requires an email to both professors prior to the start of the project and confirmation email response agreeing to the path forward. This course policy includes cross-course projects regardless of the kind of class (Studio Art, Art History, Art Education, Design, IADS, etc.). Turning in a project that you have turned in for another course without explicit permission will yield an F for the assignment.

Integrity of Authenticity

Please turn in product of your own creative work. If you are using the words that someone else wrote in a written assignment, you must use quotation marks and cite your sources. If you have any questions on this topic, please ask me and/or read the following link: <https://teachingcommons.unt.edu/teaching-essentials/academic-integrity/academic-integrity-primer>

Using Artificial Intelligence software to write any part of a written assignment is not allowed for this course.

If you are using Artificial Intelligence software as part of your image ideation or image creation process, please do this with thoughtful conceptual purpose that demonstrates more than creative deficiency, and address these conceptual motivations in your project/artist's statements.

*****NOTE:** *I retain the right to change the syllabus and post changes on Canvas Announcements if the needs of the course or students change.*

ATTENDANCE POLICIES Fall 2026

Attending all classes in-person is essential to success in this class. In-person attendance gives opportunities for real-space/real-time access to demonstrations, critiques, discussions, and assistance on your projects. You should learn as much from your peers as you do from your instructor. Attending class is the first step in developing a sense of community and social learning. It is your responsibility to answer roll call at the beginning of class. If you walk in late, you must let the instructor know right away so that you are marked tardy instead of absent. Participatory attendance is expected.

It is expected that students be on time and prepared each session. If you do not attend, you cannot participate. *Class participation grade will be dramatically effected by poor attendance or poor punctuality. The final semester grade will also be effected by poor attendance:*

Each Unexcused Absences will reduce the Participation Grade by one letter for that project grading period.

- If you miss 1 class during a project grading period, then your participation grade will be no better than a B.
- If you miss 2 classes during a project grading period, then your participation grade will be no better than a C.
- If you miss 3 classes during a project grading period, then your participation grade will be no better than a D.
- If you miss 4 classes during a project grading period, then your participation grade will be no better than a F.

Beyond 4 Absences:

- A Fifth absence per semester will additionally reduce your final *Semester Course Grade* by 1 full letter.
- A Sixth absence per semester will additionally reduce your final *Semester Course Grade* by 2 full letters.
- A Seven absences per semester will result in a *Semester course Grade* of F.

If you must be absent:

- **Email me before class** to let me know. I appreciate knowing so that I won't wait for you to arrive late, AND
- Ask another student to take notes for you, so that you can make up time outside of class and be prepared to return next class.
- You may schedule an appointment during office hours if you need further assistance catching up on what you missed.

Absences Due to Illness

I may excuse only up to three absences due to serious health issues in the duration of the semester. ALL excusable absences require contacting the professor prior to each absence, so you and the professor can discuss and mitigate the impact of the absence on your attainment of course learning goals.

Please do not come to class if you are at risk of spreading a contagious illness such as COVID-19, in mindfulness of the health and safety of everyone in our community. If you are experiencing any symptoms of COVID-19 please seek medical attention prior to coming to campus.

Punctuality/Coming Late to Class/Leaving class early

If you arrive after roll-call, you should assume that you were marked absent and immediately make sure that your absence is updated to a tardy.

Every Tardy will lower your participation grade by one step. (e.g. A changes to an A-, or A- changes to B+, etc)

Arriving to class more than 20 minutes late is counted as an absence.

Leaving class early will count as a Tardy.

Leaving class without completing your daily clean-up assignment will be counted as a Tardy.

SENIOR PERSONAL SUPPLIES:

Students in ASTU 4600 will use a variety of consumable materials and tools typically available in the printmaking studios. This is determined by which printmaking processes each student explores. In general, provided materials include inks and most chemistry. Some additional process specific personal materials may be available by request to the Printmaking Technician.

Essential P.P.E.

All students must provide their own Personal Protective Equipment (PPE) including Nitrile gloves that fit. I also recommend you own eye protection, and ear protection if you do not want to use the group use eye/ear protection in the studios.

Matting + Framing Materials

All students will purchase materials to mat or float mount one print or drawing. Materials will include:

- Foam Core Board (Preferred Acid-Free or cotton rag surface)
- Mat board (unless only mounting the print) ((Preferred Acid-Free or 100% cotton)
- Hinging tape (Gummed Linen Tape OR Eastern Paper to be used with archival glue)
- Possibly extra mat cutting blades if we run out.

Second Semester Print Studio Students will also need to have the following items to frame a piece for the BFA exhibition,

- Frame
- Glazing (clear acrylic)
- frame mounting hardware=

Items Loaned:

Loaned Items must be returned at the end of the semester.: Lithography Stones, Squeegees, Registration Pins, Hinged Boards, Intaglio Tools, relief tools may be checked out by your instructor. Items must be returned clean and in good shape – hand tools sharpened, stones blank/flat/beveled. Failure to return these items in good shape at the end of the semester will reduce the semester grade by a full letter grade.

Senior Storage Space:

In addition to one flat file drawer, seniors are allotted a shelf space in the room across from the Tech Office. Seniors may keep non-flammable personal tools and materials there. No food should be stored in these spaces.

PRINTMAKING MATERIAL CHARGE

In the UNT Printmaking department, we believe in the educational importance for students to use specific materials for projects. UNT providing these materials saves students time and money. Supplies across the printmaking courses are at different price points. For it to be equitable across all printmaking courses, this material charge is applied to the bulk purchasing of printmaking ink.

We require all students to pay a \$12 material charge per printmaking course within the first two weeks of class.

The material charge will need to be paid by August 28, 2026. To pay this materials charge, please take the provided charge slip from your instructor to the **Cashiers Services in the Eagle Student Services Building**. After paying, please return your receipt to your instructor or the Printmaking technician, Clarissa Gonzalez, so that we can mark you off as paid in our records. This ensures that we keep an accurate record of all payments. Please contact Clarissa Gonzalez with questions or concerns. Clarissa.gonzalez@unt.edu

BFA SENIOR PORTFOLIO FOR DEPARTMENT-ASSESSMENT

This semester you will turn in a required, but ungraded BFA Senior Portfolio for the Studio Art Department Self-Assessment. This may appear redundant with the graded Professional Documents assignment, but it is essential. The graded assignment is for your class, while the BFA Senior Portfolio for the Studio Art Department Self-Assessment is used by the Studio Art Department to evaluate the progress of our program. In other words, the Department of Studio Art will make an assessment of itself by identifying the strengths and challenges of the Senior portfolios. While this assignment is not graded, It is a requirement for completing the class. Please do not forget to complete this by the deadline.

Although you may not see the assignment until later in the semester, it will be added to the course when the Department Administrative Assistant provides updated content.

GRADUATING SENIOR EXIT INTERVIEWS

Near the end of the semester, we will have a period where I will meet individually with each graduating senior. This meeting is a point where we can talk about your next steps, short-term goals, long-term goals, and resources for achieving those goals. This is not graded, but it is an opportunity for mentorship in your professional transitions after your college career.

UNT & CVAD POLICIES

Academic Integrity

According to UNT Policy 18.1.16, Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to cheating, fabrication, facilitating academic dishonesty, forgery, plagiarism, and sabotage. A finding of academic dishonesty may result in a range of academic penalties or sanctions ranging from admonition to expulsion from the University.

Disability Accommodation

The University of North Texas makes reasonable academic accommodations for students with disabilities. Students seeking reasonable accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with a reasonable accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request reasonable accommodations at any time, however, ***ODA notices of reasonable accommodation should be provided as early as possible in the semester to avoid any delay in implementation.*** Note that ***students must obtain a new letter of reasonable accommodation for every semester and must meet with each faculty member***

prior to implementation in each class. Students are strongly encouraged to deliver letters of reasonable accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information, refer to the Office of Disability Access website at <http://www.unt.edu/oda>. You may also contact ODA by phone at (940) 565-4323.

CVAD Health and Safety Program

Students are required to follow the Department of Studio Art Health and Safety guidelines and are required to complete training for each studio course. The goal of the Studio Art Health and Safety Program is to protect the health and welfare of all faculty, staff, and students and to cooperate with the University of North Texas' Office of Risk Management. Please visit the website for details and the departmental handbook: <https://art.unt.edu/healthandsafety>. (also available as PDF in the Files of this course)

Please read the appendixes of the H&S manual for the Printmaking Program at <https://art.unt.edu/healthandsafety>

Emergency Notification and Procedures

UNT Emergency Guide: <https://emergency.unt.edu/about-us>

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to the course management system for contingency plans.

Student Evaluations of Teaching

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13 and 14 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey they will receive a confirmation email that the survey has been submitted. For additional information, please visit the spot website at www.spot.unt.edu or email spot@unt.edu.

Incomplete Grades

An Incomplete Grade ("I") is a non-punitive grade given only during the last one-fourth of a term/semester and only if a student (1) is passing the course and (2) has a justifiable and documented reason, beyond the control of the student (such as serious illness or military service), for not completing the work on schedule.

In consultation with the instructor, complete a request for an Incomplete Grade. This form can be found on the department website and must be turned into the department chair prior to the last day of classes (not the exam date). Note: A grade of Incomplete is not automatically assigned to students
