**Late Work Policy**

Please be considerate of turning in written progress drafts on time, so that your instructor has time to review them and write edits by the time of our meeting time. Late work will not be accepted for any progressive written draft assignments. If you do not turn in your written progress draft on time at the time of the class, then the project will be graded at 0 points with no opportunity to re-submit because this is a time-dependant progress grade.

If you are ill and effects your progress, please notify me right away so that we can try to re-schedule our weekly meeting and get back on track.

**Submitting Projects On Canvas**

All work for this course will be turned-in on Canvas. Please always use MS Word for any text based assignment so that I can edit in comments tab. The quality of any digital images are imperative to evaluate that work. Poor photo/scanning will result in a lower grade. Please pay close attention to file naming conventions described in each project outline. Be mindful of deadlines in each assignment.

**Integrity of Authenticity**

Please turn in product of your own creative work. If you are using the words that someone else wrote in a written assignment, please use quotation marks and cite your sources. If you have any questions on this topic, please ask me or read the following link: [https://teachingcommons.unt.edu/teaching-essentials/academic-integrity/academic-integrity-primer](https://teachingcommons.unt.edu/teaching-essentials/academic-integrity/academic-integrity-primer)

**ATTENDANCE POLICIES ASTU 5015**

**Attendance Policies**

Attending all scheduled class days is essential to success in this class. If you cannot come in person, we may be able to schedule to meet on Zoom.

Each Absences will significantly reduce the grades for the project we are addressing that class period.
COVID-19 impact on attendance

Students are expected to attend class meetings regularly and to abide by the attendance policy established for the course. It is important that you communicate with the professor and the instructional team prior to being absent, so you and the professor can discuss and mitigate the impact of the absence on your attainment of course learning goals. Please inform the professor if you are unable to attend class meetings because you are ill, in mindfulness of the health and safety of everyone in our community.

If you are experiencing any symptoms of COVID-19 (Links to an external site.) please seek medical attention from the Student Health and Wellness Center (940-565-2333 or askSHWC@unt.edu) or your health care provider PRIOR to coming to campus.

Punctuality/Tardies

Arriving late may reduce the grades for the project we are addressing that class period.

Studio Access Hours (MFA) Fall 23

**MFA Graduate Student Printmaking Studio Access:**

Graduate students wanting to use the Printmaking Studios need to get prior permission from the Printmaking Technician. Graduate students may be asked to demonstrate familiarity with technical process by showing a portfolio of prints and by an interview. Graduate students who are not sufficiently familiar with a printmaking process may be denied access to that equipment unless specific arrangement are made to learn with supervision.

Graduate students wanting to learn a new process are encouraged to request to take a Special Problems (ART 5900) course and attend a BFA class to have access to demonstrations while pursuing independent projects. On a case by case opportunity, graduates may request a limited number of demonstrations from a printmaking professor or Printmaking Technician to have more limited customized technical instruction.

Grad Students who have been granted access by the Printmaking Technician may use the studios during their scheduled class times and "open studio" blocks in the schedule. Graduate students may also use the printmaking studios during another class ONLY with expressed permission from that instructor. When you work in the studios independently, you must follow the same clean-up, and cleaning protocols.

PERSONAL SUPPLIES (MFA) FALL 23 (ASTU 5015)

If you plan to use the printmaking studios to make your work, you should coordinate with your Professor and the Printmaking Technician before the semester starts so that you can plan accordingly. There may be some materials or tools that can be made available for your projects if the Printmaking Technician can make room in the budget. Common materials that may be available include: inks, chemicals, or other consumables. Limited supplies of copper, wood, or linoleum may be available. Common tools that may be available for temporary check-out include: litho stones, squeegees, registration pins, hinged screenprint boards, intaglio hand tools, carving tools, etc.

Items Loaned: Lithography Stones, Squeegees, Registration pins, Intaglio tools, relief tools may be checked out by your instructor or the printmaking technician. Items must be returned clean and in good shape – hand tools sharpened, stones flat with the image removed. Failure to return these items in good shape at the end of the semester will reduce the semester grade by a full letter grade.

Personal Supplies: Since each grad student will be following a customized plan of how they will use materials for their independent studio projects, it is not possible to make a prescriptive list of expected supplies.

Personal Protective Equipment: Minimum safety PPE depend on what process you are using. These may include: ear protection, eye protection, chemical resistant gloves that fit.

Paper: Students are expected to purchase their own paper or other surfaces to print on. Local suppliers tend to be expensive and with limited variety. The Printmaking Technician organizes a group paper
order with Tackach Paper to get bulk prices. See paper order directions PDF. Mind the deadline. If you have any questions as to what paper may be good for what process, please ask before you purchase.

**Items Specific for ASTU 5015:** Foam Core Board for the 3d model of your exhibiton

**Optimizing Weak Wifi Bandwidth on Zoom**

We may all experience unpredictable internet periodically, but I want to offer some suggestions that may help with this. When you are on a zoom call it may help to:

- Close all other unnecessary apps (on a computers or and on phones).
- Ask others using the same wifi to pause their use until your call is complete. (I know this is not always possible.)
- Turn off Video and/or Audio features if you are experiencing a bad connection.

**Online Rules of Engagement**

Online Rules of Engagement (Links to an external site.) refers to the way students are expected to interact with each other and with their instructors online.

**Technology Assistance**
Part of working in the online environment involves dealing with the inconveniences and frustration that can arise when technology breaks down or does not perform as expected. The UNT Student Help Desk can help with Canvas or other technology issues.

If a disability is verified, the ODA will provide you with a reasonable accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request reasonable accommodations at any time, however, ODA notices of reasonable accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of reasonable accommodation for every semester and must meet with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of reasonable accommodation during
faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information, refer to the Office of Disability Access website at http://www.unt.edu/oda (Links to an external site.). You may also contact ODA by phone at (940) 565-4323.

Students who are pregnant or will become pregnant during the course of the semester are advised to check with their doctor immediately to determine if any additional risks are reason to postpone this course until a later semester. Upon request, your professor will provide a list of chemicals and safety issues for your doctor to review. Material Safety Data Sheets are available on all chemicals. It will be up to you and your doctor to determine what course of action to take.

Emergency Notification and Procedures

UNT Emergency Guide: https://emergency.unt.edu/about-us (Links to an external site.)

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to the course management system for contingency plans.

Student Evaluation Administration Dates

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13, 14, and 15 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from “UNT SPOT Course Evaluations via IASystem Notification” (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Click on the link and complete the survey. Once students complete the survey, they will receive a confirmation email that the survey has been submitted. For additional information, please visit the SPOT website at www.spot.unt.edu
