### Welcome to UNT!

As members of the UNT community, we have all made a commitment to be part of an institution that respects and values the identities of the students and employees with whom we interact. I value the many perspectives students bring to our campus. Please work with me to create a classroom culture of open communication, mutual respect, and belonging.

### Course Description

This is a creative arts core course! *Music Appreciation* focuses on the appreciation and analysis of music as a creative work of the human imagination. In so doing, this course develops critical listening and analytical approaches to all kinds of music.

The course is designed so that you can be successful without a background in music. A musical performance background (reading music notation) is also not a prerequisite. The main requirement is a willingness to listen carefully, listen wider, and to reflect on those experiences.

### Course Structure

MUMH2040 is divided into three big units, which are broken up into weekly course materials and assignments. Canvas holds the learning objectives and detailed schedule for each week.

## Course Prerequisites or Other Restrictions

There are no prerequisites for this course.

## Course Objectives

By the end of this course you will be able to:

- define and recognize “traditional” and “humanistic” musical elements
- explore the concepts of musical taste and analyze music both in and outside of your taste boundaries
- create a piece of (ambient) music that aligns with your musical taste
- listen to a wide range of musical examples across all kinds of genres, styles, and historical periods

## UNT Creative Arts Core Objectives

- Through historical documents, contemporary scholarship, and musical examples you will cultivate the critical thinking skills needed to introduce problems and questions; present, interpret, and analyze a variety of source material; consider the context of a variety of source material; develop arguments with a logical progression; and present conclusions and their implications. (Core LO: Critical Thinking)
- You will develop communication skills by writing and speaking about music with a clear statement of purpose, organization, developed content, and accuracy. (Core LO: Communication)
- By exploring music both in and outside of your musical taste, you will learn social responsibility by acknowledging and assuming diverse cultural/intercultural perspectives; exploring aspects of civic responsibility; and reflecting personally on the ability to understand, recognize, and even challenge notions of cultural bias. (Core LO: Social Responsibility)
- As team members, you will be asked to contribute, prepare, collaborate, foster constructive team climates, and respond to feedback constructively related to the music and sources studied in this course. (Core LO: Teamwork)

## Materials

You will need a pack of index cards for submission of class attendance tickets. Please have your cards in hand by the beginning of week 2.

## Course Policies

### Information Literacy

A portion of the assignments in this course (including reading assignments) are intended to have students engage with and access UNT Library resources. Such resources may include, but are not limited to, primary source databases, UNT special collections, and ebooks, with the goal of learning how to independently seek out, assess, and interpret primary and secondary source material available in the UNT Library databases.

### Statement on Use of AI: Prohibited Use

In this course, I want you to engage deeply with the materials and develop your own critical thinking and writing skills. For this reason, the use of Generative AI (GenAI) tools like [insert tool(s) here, e.g., Claude, ChatGPT, and Gemini] is not permitted. While these tools can be helpful in some contexts, they do not align with our goal of fostering the development of your independent thinking. Using GenAI to complete any part of an assignment, exam, or coursework will be considered a violation of academic integrity, as it prevents the development of your own skills, and will be addressed according to the [Student Academic Integrity policy](https://policy.unt.edu/policy/06-003) (<https://policy.unt.edu/policy/06-003>).

If a you submit work where AI has generated incorrect knowledge (chapters/quotes from Ratliff, for example, that are hallucinated) you will receive **no credit** for your work and there will be no recourse to revise and resubmit.

### Assignment Policy

Students can find all assignment information, submission guidelines, and due dates in the Introduction Module in Canvas.

### Makeup Exam Policy

In the event you need to miss an exam, there is no need to notify me. The make-up exam period is scheduled for December 2 from 8-9.30am in MUS258. This is the only opportunity to make up exams. You can complete up to two missed exams during this 1.5-hour period.

### Instructor Feedback

Due to the class size, I will return feedback on all written assignments within two weeks of the due date. If I see that I will be unable to return your feedback within that timeframe, I will post an announcement to let everyone know when it can be expected.

### Late Work

The album reviews assignments have a 48-hour grace period in the event of unforeseen technical difficulties or life emergencies. That means students can submit *their reviews* up to 48 hours after the due date without penalty.

Of course, if something unforeseen happens and you need additional time after the 48 hours, please contact me (not a TA!) directly *before the assignment is due* regarding an extension.

Late work will not be accepted for TBL activities or iClicker activities, as students will complete more assignments than needed to earn full points.

### Attendance Policy

We will take attendance regularly, especially to monitor in-class team activities. During most classes, you will be asked to respond to a prompt in writing, which will record your attendance for the day. You will write your name, team #, and date at the top of your index card. From there, you'll respond to the prompt and give to your designated TA.

Should you miss class, you cannot earn in-class assignment points or iclicker points. You also should not submit iclicker if you absent, as that is academic dishonesty. If we discover you are completing iclicker questions outside of class, you will be reported to the Dean of Students.

Being punctual indicates our respect for others. Please arrive before class begins to find a seat, prepare your materials, and connect with your peers. More than two instances of tardiness will result in an absence from class. TAs will monitor tardiness and attendance.

*Because we will complete more in-class assignments than required to earn the necessary points, it is not possible to make up missed in-class assignments. In other words, it's okay to miss a few classes here and there – you'll be able to make up those points. As a general rule, you can miss around 2 weeks of class (or 6 class periods) without penalty.*

*Please note that a substantial portion of your grade comes from attendance and participation. If you miss 13 or more class periods, you forfeit all in-class activity points for the entirety of the semester, which means you forfeit a total of 350 points. The total points you can earn will then be 650 points, which is a D in the course.*

### Syllabus Change Policy

This syllabus can be modified. All modifications will be announced via Canvas and explained in writing.
