Quotes

“Alan Baylock’s work with the 2014 Ohio All-State Jazz Ensemble was exemplary in every way. His work with the students was positively motivating and creative, his musicianship awe-inspiring and his programming revealing of a man of great humility as exhibited through a fantastic balance of his fine arrangements and those of others. The mountaintop experience with Alan is not one this music educator or the fortunate students will soon forget. – Kelly Shellhammer, Ohio All-State Chair

“The interaction that I observed between Alan and the students was amazing. His teaching techniques and his intuitive understanding of the students was clearly stated and understood by the ensemble. He fostered a wonderful teaching environment and the feedback that I received from the students, parents and band directors has all been positive and exemplary. When Mr. Baylock spoke, the student musicians were totally engaged in every aspect of his presentation of musical ideas, while at the same time, he created an atmosphere open to any and all queries from the students. They were always eager to give him 100%, all of the time. I’ve taught for 38 years and worked as an administrator for 8. Observing Alan work with the ensemble was an absolute joy and a fine learning experience of my own. – Charles Sarling, New York All-State Coordinator

“Alan Baylock has achieved a goal that many artists aspire to, but often fail to reach: he has developed his own distinct sound as a composer. His writing is fresh, and is imbued with a great sense of spirit and fun.” – **Gordon Goodwin**

“Baylock goes beyond the pale and creates moods and textures which challenge a big band to be on their best behavior. I have the highest regard for his writing.” – **Dave Liebman**

“Alan Baylock has respect for the jazz arranging and composing traditions, has a unique creative voice, a deep well of imagination, abundant tools and mechanics, and a thoughtfully honed craft.” – **Fred Sturm**

“I love Alan’s arrangements. Alan is the new man on the block! Anybody’s that got a big band in the United States now, and high schools and college bands of great repute – they’ve all got Alan Baylock arrangements in their library. I’ve been a real admirer of Alan for a long time and only recently did I get the chance to start making some music with him – and it’s everything I would’ve expected!” – **Doc Severinsen**
