

EDU 2050, Understanding and Teaching Multilingual Students

Course Information

Professor Annie Law	Student Hours: Thursdays 8:20-10:00pm or virtual through appointment
Email: auriann.squire@unt.edu	

Course Goals

By the end of the semester, the successful student will be able to:

1. Discuss the complexities of the *English* and *Spanish* language.
2. Explain *English* and *Spanish* language structures and patterns.
3. Analyze the linguistic features of an emergent bi/multilingual student oral language sample from a holistic, multilingual, multimodal perspective.
4. Understand language as a sociopolitical and historical construct.
5. Learn the varieties of the *English* and *Spanish* language and its ongoing transformation.
6. Identify the linguistic challenges facing emergent bi/multilingual students in the academic context.
7. Identify and reflect upon attitudes towards and modes of inquiry regarding language.
8. Articulate theories of language (e.g., variation, phonology, social conventions, use/usage).
9. Identify instructional strategies to address emergent bi/multilingual students' academic & linguistic development.

Required Reading

- *Foundations for Teaching English Language Learners: Research, Theory, Policy, and Practice* by Wayne E. Wright, which is available as an [ebook](#).
- *Supplemental course readings will be available on Canvas*

Educator Standards this Course Addresses

[ISTE Standards](#)

[TEA Educator Standards](#)

[Bilingual Education Standards](#) (BE Standards)

[English as a Second Language \(ESL\) Standards](#)

[Pedagogy and Professional Responsibility Standards](#)

[Science of Teaching Reading Standards](#)

ESL STANDARDS: **Bold covered in the course**, and all + remaining will be continued & built upon in EDBE 3050

- a. **Standard I.** The ESL teacher understands fundamental language concepts and knows the structure and conventions of the English language.

- b. **Standard II.** The ESL teacher has knowledge of the foundations of ESL education and factors that contribute to an effective multicultural and multilingual learning environment.
- c. **Standard III.** The ESL teacher understands the process of first- and second-language acquisition and uses this knowledge to promote students' language development in English.
- d. **Standard IV.** The ESL teacher understands ESL teaching methods and uses this knowledge to plan and implement effective, developmentally appropriate ESL instruction.
- e. **Standard V.** The ESL teacher has knowledge of the factors that affect ESL students' learning of academic content, language, and culture.
- f. **Standard VI.** The ESL teacher understands formal and informal assessment procedures and instruments (language proficiency and academic achievement) used in ESL programs and uses assessment results to plan and adapt instruction.
- g. **Standard VII.** The ESL teacher knows how to serve as an advocate for ESL students and facilitate family and community involvement in their education.

Course Format

I will respond to guidance from the Department, College of Education, and University to determine any changes in the course format.

Required Devices and Learning Platforms

Use of e-mail and **Canvas** is an essential element of this class.

Projects and assignments must be submitted electronically and posted to the class **Canvas** website. E-mail through **Canvas** will be used to communicate with the instructor and other class members. A **Canvas** site has been established for this course; the site contains a copy of this syllabus, project guidelines, readings that are not in your textbook, and general course information. Announcements, updates, and new documents will be posted throughout the course. Students are expected to check **Canvas** regularly.

Artificial Intelligence (AI) Tool Usage: AI tools (e.g., ChaptGPT) can generate text, images, and other media very quickly. Since the central goal of this course is to help you become independent and critical thinkers, it is not permissible to use AI tools to generate your critical commentaries, teacher interview, exam reflections, film reflections, video, audio. Any of these assignments submitted using AI tools will be treated as though it were plagiarized. any attempt to represent GenAI output as a student's own work will be considered fabrication, cheating, and/or academic dishonesty as determined on a case-by-case basis.

AI is permitted in this course through the use of Grammarly or other comparable systems; as well as lesson planning help if needed with our tutoring assignment.

If any part of this is confusing or uncertain, please contact me for a conversation before submitting your work. This policy is not only about compliance, but it is also about protecting your own learning. Over-reliance on AI can limit your ability to practice critical thinking, communication, and other skills this course is designed to develop.

Course policy is adapted from [Watkins, 2025](#).

HOW TO SUCCEED IN THIS COURSE

Statement on Learning Success

Your success in this class is important to us. We will all need accommodations because we all learn in different ways. If aspects of this course prevent you from learning or exclude you, please let me know as soon as possible. Together, we'll develop strategies to meet your needs and the course requirements. We also encourage you to contact the student resources available through UNT. Many are listed in this syllabus, but I am happy to connect you with a person or center if you would like.

Do your best to review the materials and resources for this course and participate in the class discussions, activities, and projects designed to achieve a deeper understanding of the course content. Office hours allow you to ask for clarification or find support with understanding class material. Please contact me for support. We may also schedule an individual or group Zoom meeting if you need online guidance. Please email me the proposed day and time for a meeting.

Grading Policies

Flexibility is built into the assignments to support your success in this course. We intend to work with you to support you if you miss an assignment, but final grades are firm.

Assignment # 6- Student creation of questions that reflect learning from the semester	125	December 4
Final Exam	100	December 11
TOTAL	1,000	

Assignments

Organization and planning are essential characteristics of professionalism that will help you meet the assignment due dates and will influence the quality of your work. Without approval, late submissions will receive partial credit. A student experiencing an emergency situation that prevents timely submission should contact the course instructors as soon as possible. The following assignments will be completed over the course of the semester:

1.Introduce Yourself : Student Digital Collage

Purpose: [ISTE Standards](#): 2.1 Learner: Educators continually improve their practice by learning from and with others and exploring proven and promising practices that leverage technology to boost student learning.

2. Critical Commentaries

Purpose: Reinforce & learn materials aligned with ESL Supplemental Standards I, II, III, and VII

Weekly CCs are designed to help you organize, synthesize, and connect course readings—to easily locate and identify reference materials for exams, writing assignments, and the final project- as well as for reference in future coursework. Critical commentaries (**due on Wednesday evenings at midnight**) should be written in paragraph form. AI usage is prohibited for the use of critical commentaries. Please see AI section of syllabus for a thorough understanding of AI usage in this course.

3. Interview with a Bilingual/Multilingual or Emergent Bilingual (ESL) Teacher

inspired by Wright (2019)

Purpose: ESL Standard 2.3k: Research findings related to ESL education, including effective instructional & management practices in ESL programs

Interview a current teacher in a bilingual or ESL classroom and write a short reflection. The interview can be done in person or virtually. See Canvas assignment for a list of questions.

4. Tutoring with a Bilingual/Multilingual Student

Purpose:

7.3K: ways in which community members & resources can positively affect student learning in the ESL program

7.2s: Use effective strategies to bridge gaps that may exist between the home and school environment

7.5s: Access community resources to enhance the education of ESL students

Option 1: Bilingual Homework Hotline In September 2020, UNT, TWU, and Denton ISD's Dual Language/ESL department began a virtual collaboration called the Homework Hotline that brought together pre-service teachers (like you all) and emergent bilingual students in the district, which has provided opportunities for UNT/TWU students to help these students with homework and gain valuable experience in the (virtual) field. We have continued the collaboration because we have received great feedback from families, teachers, and the community. This experience will allow you to make sense of concepts from the course while also becoming more adept at working in virtual educational spaces.

Students **are required to dedicate 2 hours per week for a total of 10 hours** to the Homework Hotline Virtual Field Experience, which will begin on September 23. There will be a **virtual orientation on September 16 and 18th**; you only need to attend **ONE** that will provide specific details about logistics, documentation of experiences working with students/families, and testimonios of students who have participated in the Homework Hotline. Students will engage in reflective activities based on their own and their classmates'

experiences with the Hotline and make connections to theoretical and practical perspectives in the course. More details will be shared in class. You will need to be cleared by Denton ISD in order to participate as a volunteer (tutor), so please start this process ASAP [Volunteer in DISD](#). The last day that the hotline will be open and the last day for volunteers is November 20.

- a. You will also complete a **Tutoring Log/Reflection Journal, which will be submitted as a separate assignment on Canvas.**

Option 2:

Tutoring requirement: 10 hours

All students are required to complete 10 hours of tutoring with a **bi/multilingual student**. Please sign up with the tutoring organization of your choice and let the professor know where you will be volunteering. You should aim to begin tutoring by Week 3 and aim to complete all required hours by Week 12. ***All 10 hours are required to receive credit.***

- a) A screenshot of an email from your tutoring coordinator will be required (sent to you) stating that you completed all ten hours. Include your tutoring coordinator's preferred contact (email/phone). Submit this under the tutoring assignment on Canvas.
- b) You will also complete a **Tutoring Log/Reflection Journal, which will be submitted as a separate assignment on Canvas.**

5. Tutoring Log/Reflection and Journal

An entry for each tutoring session will be logged in order to reflect upon the experience and document how the time was spent. These entries will detail the work you conducted with your student that day, strategies you may have used, and any lingering questions you might have.

6. Student creation of questions that reflect learning from the semester

All students will review the English as a Second Language Standards to create 4 questions, 1 per standard, and eight reflections of given question models that showcase their learning on Standards I, II, III, IV. Students will use the table on [Google Docs](#) to

1. create questions,
2. connect questions with ESL Standard,
3. Share the specific class reading and page number that supported you in writing the question and gaining an answer.
4. Shares reflection of why they wrote the question and/or learned from writing the question

Late Work

Assignments turned in after the due date will be deducted 10 percent each day the assignment is late (i.e., one day late = 10% reduction; two days late = 20% reduction; three days late = 30% reduction). No assignments will be accepted if submitted three days after the due date. If you become sick, an excuse, such as a doctor's note, will be required before I accept an assignment. Other circumstances, such as a death in the family, accidents, inclement weather, or emergencies, will be examined on an individual basis. Communicate with your instructor about your specific situation.

Detailed Schedule

All instructions, assignments, readings, rubrics, and essential information will be on the Canvas website. Check this site regularly and use it to ask questions about the course schedule.

Changes to the schedule may be made at my discretion and if circumstances require. It is your responsibility to note these changes when announced (although I will do my best to ensure that you receive the changes with as much advance notice as possible).

FINAL Exam December 11th

UNT'S STANDARD SYLLABUS STATEMENTS

Supporting Your Success and Creating an Inclusive Learning Environment

I value the many perspectives students bring to our campus. Please work with me to create a classroom culture of open communication, mutual respect, and belonging. All discussions should be respectful and civil. Although disagreements and debates are encouraged, personal attacks are unacceptable. Together, we can ensure a safe and welcoming classroom for all. If you ever feel like this is not the case, please stop by my office and let me know. We are all learning together.

Every student in this class should have the right to learn and engage within an environment of respect and courtesy from others. We will discuss our classroom's habits of engagement and I also encourage you to review UNT's student code of conduct so that we can all start with the same baseline civility understanding ([Code of Student Conduct](https://policy.unt.edu/policy/07-012)) (<https://policy.unt.edu/policy/07-012>).

Student Academic Integrity

Academic integrity is essential to this course, as in other work that you do in your program. In Policy 06.003, UNT has described academic integrity as follows: The University of North Texas promotes the integrity of learning and embraces the core values of trust and honesty. Academic integrity is based on educational principles and procedures that protect the rights of all participants in the educational process and validate the legitimacy of degrees awarded by the University. In the investigation and resolution of allegations of student academic dishonesty, the University's actions are intended to be corrective, educationally sound, fundamentally fair, and based on reliable evidence.

"Academic Misconduct," in this policy, means the intentional or unintentional action by a student to engage in behavior in the academic setting including, but not limited to: cheating, fabrication, facilitating academic misconduct, forgery, plagiarism, and sabotage.

See full academic integrity policy: [06.003 Student Academic Integrity.pdf](#)

ADA Accommodation Statement

The University of North Texas makes reasonable academic accommodations for students with disabilities. Students seeking reasonable accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with a reasonable accommodation letter to be delivered to the faculty to begin a private discussion regarding your specific needs in a course. You may request reasonable accommodations at any time; however, ODA notices of reasonable accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of reasonable accommodation for every semester and must meet with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of reasonable accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information, refer to the [Office of Disability Access](#) website (<http://www.unt.edu/oda>). You may also contact ODA by phone at (940) 565-4323.

Emergency Notification & Procedures.

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to Blackboard for contingency plans for covering course.

Student Evaluation Administration Dates.

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13, 14 and 15 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via *IASystem* Notification" (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey, they will receive a confirmation email that the survey has been submitted. For additional information, please visit the SPOT website at www.spot.unt.edu or email spot@unt.edu.

Sexual Assault Prevention.

UNT is committed to providing a safe learning environment free of all forms of sexual misconduct. Federal laws and UNT policies prohibit discrimination on the basis of sex as well as sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking and/or sexual assault, there are campus resources available to provide support and assistance. The Survivor

Advocates can be reached at SurvivorAdvocate@unt.edu or by calling the Dean of Students Office at 940-565- 2648.

Acceptable Student Behavior.

Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The University's expectations for student conduct apply to all instructional forums, including University and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at deanofstudents.unt.edu/conduct.

Academic Freedom & Academic Responsibility

According to UNT Policy number 06.035, The University of North Texas (UNT) exists for the common good. The common good depends upon the free search for truth and its free expression. Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the faculty member in teaching and of the student to freedom in learning.

Academic freedom carries with it special responsibilities correlative with rights. Faculty have the academic responsibility to subject their knowledge and postulates to rigorous review by peers who are experts in the relevant subject material, to have a firm foundation of their postulates in the most relevant and suitable available evidence, and to work with one another to provide the best education possible for our students.

FERPA and Class Recordings

Class Recordings: Class recordings are reserved only for students in this class for educational purposes and are protected under FERPA. The recordings should not be shared outside the class in any form. Violation of this restriction by a student could lead to Student Misconduct proceedings. Guidance on public access to class recordings can be found as [UNT Policy 07.018](#).

COVID-19

UNT COVID 19 Information States: Although infection rates have lessened on campus and locally, individuals should remain vigilant in protecting their health. This includes self-monitoring for symptoms, making informed decisions about high-risk situations, and self-isolating after a positive test.

Students who need COVID testing should make an appointment to see an SHWC medical provider. If the medical provider feels COVID testing is appropriate, they will order testing through the in-house laboratory.
