Classroom Code of Conduct and Studio Usage Guidelines

Studio Usage Guidelines

- Use the studio only during permitted hours and in the assigned studio space for your class.
- Do not prop doors open, including the use of iron tools, magnets, tape, etc. to keep doors ajar, or remain in the studio after permitted hours.
- Only students enrolled full-time in the program are permitted to use studio equipment.
- Studio is intended exclusively for tasks related to your coursework and projects. Personal or non-class-related activities are not permitted.
- Students are encouraged to support one another in maintaining these guidelines by offering reminders and assistance when needed. Working together helps ensure a safe, respectful, and productive studio environment for everyone.
- If students observe any misuse of the studio or violations of these guidelines, they should report the behavior to the instructor.
- Misuse of the studio, including unauthorized activities or violation of guidelines, may result in warnings, restricted access, or disciplinary actions. Repeated offenses could lead to permanent loss of studio privileges and potential expulsion from the program.

General Studio Conduct

Fashion Design Pre-Collection/ ADES 4550 /Section 501

- Always follow the instructor's directions and the studio's standard operating procedures.
- Keep workspaces clean and organized. Dust off tools, equipment, and tables, and sweep the floor when finished.
- No eating or drinking in the studio to prevent contamination of materials and machinery.
- Report any accidents, spills, or unsafe conditions immediately to the instructor.
- Store personal materials and projects in designated shelves and lockers; do not leave them in the studio.
- Wear fully covered shoes and appropriate attire when using studio equipment to protect yourself from injury.
- Always use common sense, avoid distractions, and ensure you are in a fit condition to operate equipment safely (e.g., avoid using machinery if you are tired, ill, or under the influence of substances).
- Dispose of trash, sharp objects, and scrap materials in their designated bins or areas. Use the "Sharps" bin for sharp objects and the scrap textile or metal bins for material scraps.
- Do not remove furniture, equipment, or UNT property from the studio without permission.
- Participate in the end-of-semester studio clean-up as required by your course.

Machine and Tool Safety

Sewing Machines

- Operate sewing machines, irons, and cutting tools only after receiving proper training.
- Prioritize a thorough understanding of proper equipment operation before engaging with any machinery.
- Inspect machines and tools before use. Do not use incorrect needles and/or bobbins for the machines, as this will damage the equipment.
- Turn off machines when not in use.
- Do not operate lab/sewing equipment while watching any media on phones, iPads, etc.

Irons

- Ensure the iron's temperature settings are functioning correctly and adjust them according to the fabric type.

Fashion Design Pre-Collection/ ADES 4550 /Section 501

- Use protective cloths, such as press cloths, to prevent fabric damage and protect the iron's surface from residue.
- Store the iron in a safe, designated area, away from the edge of tables or counters to prevent it from falling.
- Turn off and unplug the iron at the end of the session.

Dress Forms

- Be cautious when pinning and cutting fabric on the dress form to avoid damaging the dress form with sharp pins or scissors.
- Clean the dress forms as needed, such as removing any draping tapes, cleaning the threads from wheels, and taking out any pins left on the form.
- Store dress forms in a designated area when not in use to prevent them from becoming an obstacle or causing accidents.

Brown Pattern Papers

- Pattern paper is to be used exclusively during class sessions. Students are not permitted to take pattern paper home.
- The course instructor will retrieve the pattern paper from the storage room at the beginning of class and secure it back in the storage room at the end of class.

Late Work Policy

LATE WORK IS NOT ACCEPTED.

Assignments will be graded, AS IS, on the due date, **and there is no room to extend deadlines.**

Students who are out due to health reasons **must submit their work digitally on the due date** based on the **original project deadlines** as detailed in the assignment brief communicated by the instructor of record.

Attendance and Participation

Students are expected to attend class meetings regularly and to abide by the attendance policy established for the course.

Roll will be taken at the beginning of the class.

It is important that you communicate with the professor and the instructional team prior to being absent, so you, the professor, and the instructional team can discuss and mitigate the impact of the absence on your attainment of course learning goals.

Please inform the professor if you are unable to attend class meetings because you are ill, in mindfulness of the health and safety of everyone in our community.

Every student is responsible for all material covered during any class missed and should take the initiative to meet with a classmate to acquire missed information.

- **ADES 4550 Tardy policy:**
 - Students are allotted a maximum of TWO tardies.
 - Every 3rd tardy (15 minutes late, leaving early, or disappearing from class) will convert to an unexcused absence.
- **ADES 4550 Absence policy:**
 - **Students are allotted a maximum of two absences.**
 - **The 3rd absence will cause a final grade reduction of one letter grade.**
 - For each additional 3 absences, the grade will be lowered another letter grade. (For example, if a student has earned an "A" in the course, but has

Fashion Design Pre-Collection/ ADES 4550 /Section 501

accumulated 6 unexcused absences, the student will receive a "C" in the class)

- A written excuse for an absence **must be presented upon the first day returning** from the absence(s) to be counted.
- Students who are aware they will miss class for any reason must inform the instructor in advance.
 - A leave-of-absence letter must accompany approved University-related absences from a university representative prior to the absence.
- **Excused absences do not exempt students from doing the course work.**
 - If students must be absent for whatever reason, they are still responsible for all missed work, getting notes, and any project information from their classmates.
 - Please refer to the ADES 4550 late work policy as detailed above.

Examples of Excusable Absences considered extenuating circumstances include:

1. Temporary disability or injury
2. Extended medical absence or hospitalization
3. Illness of a dependent family member
4. Major illness or death of a loved one, which may include immediate family members of the student, spouses/partners, and others as deemed appropriate by the Dean of Students office
5. Car accident that takes away transportation
6. Housing emergencies
7. Significant mental health concerns

Please see additional resources regarding UNT's attendance policy at this link:

ADES 4550 Grading policy

Please read and follow this important set of [guidelines for your academic success](https://policy.unt.edu/policy/06-003) (<https://policy.unt.edu/policy/06-003>).

A/5: SUPERIOR.

A is an HONOR GRADE. It is not automatically given for the highest grade, but it **is reserved for a genuinely distinctive and decidedly outstanding accomplishment**. Your work exhibits an **exceptional command of the materials covered**, including accurate applications of knowledge. You must put in more work than required to produce better than average solutions.

B/4: EXCEEDS EXPECTATIONS.

B is grade that denotes **achievement above the acceptable standard**. It reflects excellence in many aspects of work, such as initiative, the ability to organize work, comprehend and retain subject matter, to apply it to new problems. Your work exhibits college-level creativity and practical command of the materials covered.

C/3: MEETS EXPECTATIONS.

C indicates a **SATISFACTORY** degree of attainment and is **the acceptable standard** for graduation from the fashion program at UNT. You are doing the proper amount of work, finishing all assignments. Your creativity is adequate. This is the grade that may be expected of a student of average ability who gives a satisfactory amount of time and effort to the work. "C" implies **familiarity** with the content of the course, **evidence of progress** in the work of the course, the **ability to express oneself**. It **requires full participation** in the class's work and the responsibility to complete assignments on schedule and makeup, missed work due to absence.

D/2: BELOW EXPECTATIONS.

D indicates that you are **not doing the proper amount of work for the assignment** and that your **mastery of the subject matter is unsatisfactory**. It

Fashion Design Pre-Collection/ ADES 4550 /Section 501

can also suggest that your work's content, procedure, or form **falls below the acceptable standard**, or you are not trying. The Fashion Design program **will not accept this grade** if the student decides to continue in the program as it **does not count as acceptable** towards the Fashion Design BFA Capstone.

F/1/0: POOR/MISSING/INCOMPLETE.

F indicates **inadequate or unsatisfactory** attainment: a consistent failure to meet the standards of the class, both in the execution of class assignments and class participation. It signifies that the student is incapable of doing or understanding the work or has made little or no effort. Additionally, it may indicate **unsatisfactory attendance**.

*****If you have any questions regarding how enrollment or poor academic performance will impact your academic progression, please contact your undergraduate advisor at the [CVAD Advising](#) link, which can be found at this link: <https://undergraduateadvising>

ADES 4550 Policy on GenAI use

Limited Use: Throughout the semester, you will or may use specific Generative AI (GenAI) tools for certain assignments, with guidance on responsible use. These assignments help build ethical resilience and GenAI literacy, preparing you for careers in a GenAI-oriented workforce.

For example, I use GenAI enhance materials, streamline tasks, generate prompts, create scenarios, analyze data from survey results. I will always disclose how I use GenAI, and I expect the same from you. In accordance with the UNT Honor Code, unauthorized use of GenAI tools is prohibited. Using GenAI content without proper credit or substituting your own work with GenAI undermines the learning process and violates academic integrity. If you're unsure whether something is allowed, please seek clarification.

Agreement of Authorship

UNT Honor Code: “I commit myself to honor, integrity, and responsibility as a student representing the University of North Texas community. I understand and pledge to uphold academic integrity as set forth by [UNT Student Academic Integrity Policy, 06.003](https://policy.unt.edu/policy/06-003) (<https://policy.unt.edu/policy/06-003>). I affirm that the work I submit will always be my own, and the support I provide and receive will always be honorable.”

Class Recordings & Student Likenesses

Should the need arise, Synchronous (live) sessions (such as guest speaker engagements) will be recorded for students enrolled in this class section to refer to throughout the semester.

Class recordings are the intellectual property of the University of instructor and are reserved for use only by students in this class and only for educational purposes.

Students may not post or otherwise share the recordings outside the course, or the Canvas Learning Management System, in any form. Failing to follow this restriction violates the UNT Code of Student Conduct and could lead to disciplinary action.

Use of Student Work

A student owns the copyright for all work (e.g., software, photographs, reports, presentations, and email postings) they create within a class, and the University is not entitled to use any student work without the student's permission unless all the following criteria are met:

- The work is used only once.
- The work is not used in its entirety.
- The use of the work does not affect any potential profits from work.

Additionally, I consent to the disclosure of the work produced in this class. It may be accompanied by my name and other personally identifiable information for purposes set forth below.

2 Scope of Permission.

This permission extends to the use of the described work and images of such work: (1) for academic purposes to demonstrate examples of student work to current and future UNT students; (2) for public display in the galleries or on the campus of the UNT or the UNT website; (3) for promotional materials created by UNT in all forms of media now known or later developed, including but not limited to exhibition catalogs, direct mail, websites, advertising and classroom presentations. My permission is ongoing and will continue until I revoke it by giving UNT three months' written notice of revocation to the professor of record for this course. UNT will have three months from the date of my notice to stop all use with this permission.

This is not an exclusive right, and I may sell, give or otherwise transfer the rights to such work to others on a non-exclusive or exclusive basis. However, suppose I sell, assign or otherwise transfer ownership or the exclusive right to use my work to another party. In that case, I will notify UNT immediately in writing through the professor of record for this course. UNT will have three months from the date of my notice to stop all use per this permission.
