CJUS 5800.900,950: Topics in Criminal Justice - Crime Prevention
Course Syllabus

Instructor: Brooke Nodeland
Term: Summer 2020
Class meeting: This is an online class. Course expectations and classroom policies are outlined in the syllabus below. While students are expected to complete written assignments, participate in online discussions, and online quizzes, there are no on formal on campus meetings for this course which would require a student to come to campus.

Instructor’s Contact Information

Email (preferred) Brooke.Nodeland@unt.edu
Office Phone 940-565-2562
Office Location Chilton 273K

Scheduling meetings during office hours: The best way to get in touch with me for questions about the course is through email. There are no on campus office hours this summer due to university closure.

**Note: Emails sent after 5p or on the weekends (holidays) will be answered the following business day.

Email expectations: When sending an email, please put the COURSE NUMBER (CJUS 5800) in the subject line of the email. Only emails sent from your UNT email account (username@my.unt.edu) will receive a response. Please allow 48 hours of turnaround time (weekdays) for your email and telephone inquiries when contacting either the instructor or the TA. Also, to ensure that you receive timely course related correspondence, make sure your official email address at UNT is forwarded to your preferred email address.

Required readings
The assigned texts listed below is required for all students enrolled in this course. Reading assignments are noted in the Course Calendar. All students are expected to read the assigned chapters prior to the date specified in the Course Calendar. The assigned readings will serve as a foundation for the discussion of the issues in class as well as test material.

Course Description
This course is designed to provide an exploration of various methods of crime prevention programs – community crime prevention programs and criminal justice system approaches. The relevant theory and research related to neighborhood efforts at crime prevention, community policing, school crime prevention, and other situational prevention measures will be explored critically. This course aims to provide a foundation for a better understanding of the objectives of various crime prevention efforts, as well as the proven effectiveness of these various strategies.

Goals and Objectives
Upon successful completion of this course, students will be able to:
1. Distinguish and discuss primary, secondary and tertiary prevention strategies.
2. Identify current gaps in knowledge about crime prevention strategies in the U.S.
3. Discuss the impact of crime prevention strategies on crime and victimization in the U.S.
4. Identify what prevention strategies are most promising for crime prevention.
5. Identify what prevention strategies are least promising for crime prevention.
6. Identify what areas need more information and research for effective crime prevention efforts.

Technical Requirements/Assistance
The following information has been provided to assist you in preparation for the technological aspect of the course.
UNT Technical Support: https://it.unt.edu/helpdesk
Canvas Student Guides: https://community.canvaslms.com/docs/DOC-10701
Canvas Video Guides for Students: https://community.canvaslms.com/community/answers/guides/video-guide#jive_content_id_Students
Basic Technical Requirements for Canvas: https://community.canvaslms.com/docs/DOC-10721
Canvas VPAT: https://www.canvaslms.com/accessibility

Minimum Technical Skills:
This is not a computer skills course and as such, students are expected to have a minimum skill set in order to access course materials and complete course assignments. Specifically, students should know how to access a Web site when given an address, use the features of their Web browser, download files, attach files to emails, use word processing software, copy and paste …etc.

Access and Navigation
Access and Log in Information
This course was developed and will be facilitated utilizing the University of North Texas’ Learning Management System, Canvas. To get started with the course, please go to: https://unt.instructure.com/login/ldap
You will need your EUID and password to log in to the course. If you do not know your EUID or have forgotten your password, please go to: http://ams.unt.edu.

Student Resources
As a student, you will have access to:

- Student Orientation via Canvas. It is recommended that you become familiar with the tools and tutorials within the Orientation to better equip you in navigating the course.
- It is recommended that you become familiar with the tools and tutorials to better equip you to navigate the course.
- From within Canvas, you will have access to the “UNT Helpdesk” tab which provides student resources and Help Desk Information.

Course Organization
Students will most of their time on the Modules page in the course. The Start here module will be available throughout the course and contains the course syllabus. Each week new materials will unlock in line with that noted in the syllabus. Each module will contain objectives, an introduction and to do list for the week, weekly notes, weekly reading list, assignments that are due and next steps. You will be able to complete all activities for each week within the Module. Updates to the course and important information will be shared on the Announcements page. Finally, students can view their Grades in the course using the Grades tab in Canvas.

First steps
Upon entrance into the online classroom, students should spend some time navigating course materials and links to ensure they are able to locate all required materials. The student should review the syllabus and course materials early in the semester and keep a copy of the syllabus for easy reference throughout the course.

Student Support
The University of North Texas provides student technical support in the use of Canvas and supported resources. The student help desk may be reached at:
Email: helpdesk@unt.edu
Phone: 940.565-2324
In Person: Sage Hall, Room 130
Regular hours are maintained to provide support to students. Please refer to the website (http://www.unt.edu/helpdesk/hours.htm) for updated hours.

Method of Evaluation
As this is an online class, students must be prepared to take responsibility for their own learning. Students should be prepared to complete assignments and discussions with little direction beyond that provided in the syllabus and individual assignment instructions. All assignments are now available in Canvas. Be sure to stay on track as there are still due dates for each assignment. Feel free to work ahead if you wish.

Quizzes: Students will complete a total of 10 quizzes throughout the semester worth a total of 200 points or 20 points each. Quizzes can be accessed within the weekly module in which they are
assigned. Module quizzes will be available for 30 minutes upon opening the quiz and must be completed in one attempt – so make sure you have a reliable internet connection and are ready to complete the entire quiz when you open it. (Technical issues will only be considered in extreme circumstances, once per semester and can only be evaluated by the instructor prior to the quiz due date. Note technical difficulties, such as losing internet connection on the night the quiz is due do not warrant a quiz reset or constitute an extreme emergency.) Quizzes will consist of 10-20 randomly selected questions from any chapter covered in the module. Questions that have not been answered at the end of quiz time limit will receive 0 points. Quizzes are individual assignments and should be completed in private and not in the company of any other student. Quizzes may consist of multiple choice, true/false, matching, short answer questions, and/or essay. While course materials may be referenced during the quizzes, students should treat these quizzes as they would an in class exam and prepare accordingly. Quiz grades will be available following completion of the quiz.

*There are no makeup or late submissions of quizzes for any reason.* If a quiz is not completed by the due date and time – it cannot be reset, made-up, or extended for any reason – all quizzes are available for a minimum of a week, I strongly enough you to complete your assignments as early in the week as possible and avoid putting them off until the end of the week.

**Discussion boards:** During the dates specified in the course outline, students will participate in a Canvas discussion 4 times during the semester. Each student will then respond appropriately to the question or instruction statement provided, creating his/her own “original thread.” After creating an original thread, students are required to respond to at least 2 of their fellow classmates’ original threads. To earn points, discussion and participation comments must be more than trivial and, in fact, substantial and substantive (think of these as the discussion you would engage in if we had an on campus class).

The first discussion, the Introduction discussion, does not require participation posts or responses to your peers although this type of engagement would allow you to get know each other better. The introduction discussion is worth 25 points.

The displacement and diffusion as well as the school based crime prevention discussion are worth 50 points each.

The final book review discussion for the Fremon book will require additional work and is worth 100 points.

Discussions are worth a combined total of 225 points. Specific requirements for each discussion are available in Canvas. You will be required to comment and support your views from the research that is provided to you as well as appropriate outside academic references. Grammatical errors as well as weak and unsupported comments will be deducted in points. In text citations and a list of references should be included with each post, discussion and participation, in APA format. Students must respond to the discussion question in order to unlock that week’s discussion and enable the ability to respond to others’ posts. Discussion posts will be typed and submitted directly in the text box in Canvas. Discussions submitted as attachments will not be accepted and will receive a score of 0 – this is primarily to avoid the submission of discussions that the instructor
and your classmates cannot open or view. Discussions will be evaluated and returned within 1 week of the assignment due date.

There are no late submissions of any assignment so plan accordingly.

**Do not** plagiarize (from the internet or other source) – if you do you will automatically fail the assignment and possibly the course. Do not just quote sections from other researchers as your answer. Your discussions must be written in your own words and 100% original to this course. If you are going to cite someone, write the sentence in your words and cite them in APA format.

Module quizzes (10 @ 20 points each) 200 possible points  
Introduction discussion 25 possible points  
Discussion boards (2 @ 50 points each) 100 possible points  
Book review discussion 100 possible points  
Total 425 possible points

Course grades will not be rounded and will be calculated using the following scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>383-425</td>
</tr>
<tr>
<td>B</td>
<td>341-382</td>
</tr>
<tr>
<td>C</td>
<td>299-340</td>
</tr>
<tr>
<td>D</td>
<td>257-298</td>
</tr>
<tr>
<td>F</td>
<td>256 points or below</td>
</tr>
</tbody>
</table>

*There are no extra credit opportunities for this course.*

**Grade related questions or concerns must be addressed within 1 week of the grade being posted to Canvas.**

**Attendance Policy**

As this is an online course, there are fixed deadlines on assignments that students must meet in order to receive up to full credit for completed assignments. Students are expected to log in to the course daily to review course assignments, due dates, and check announcements, etc. Students may complete their work early and, in doing so, have a large amount of flexibility in completing their assignments. However, while work can be completed early, all assignments must be submitted by the due date listed in the course calendar in the syllabus. Students that have fallen behind, are failing and/or choose to not complete the coursework for the semester are responsible for officially withdrawing themselves from the course; failure to do so will result in a performance grade of "F".

**Classroom Policies**

Students are expected to log in to Canvas daily to check Announcements or changes to the course. Missing deadlines as a result of not frequently checking Canvas will not be an excuse for late work submission.

No late submissions are accepted for any reason. Assignments are generally available for at least a week, as such, there are no extensions for last minute technical difficulties or unexpected events.
As this is an online class, students are expected to use their time wisely and complete assignments within the availability period. Time management is an important skill both in terms of academic performance as well as in a professional environment. If a student will be out of town on vacation, work related travel, etc., the student should plan accordingly to complete any assignments prior to being out of town. Requesting exceptions to this policy is unfair to other students who complete assignments within the required time period.

Any assignment submitted in a format that the instructor cannot open, for any reason, will receive a score of a 0 regardless of when the assignment was submitted. Follow individual assignment instructors for formatting and submission expectations. Students should be careful to submit assignments as attachments, unless specifically instructed, as this increases the likelihood an assignment will not be visible to the instructor.

Grade related questions or concerns must be addressed within 1 week of the grade being posted to Canvas. Quiz grades post immediately with correct responses available after the quiz close date. Students should email the instructor with quiz questions after they have reviewed the correct responses within one week of the grade being posted. Questions related to the quiz will not be answered while the quiz is still available. Do not wait until the end of the semester or half way through the semester to ask questions about previous assignments. Students are expected to stay on top their grades as well as their course standings and ask questions in a timely manner.

Final grades are determined based on the point total listed in the syllabus. There is no rounding. Students should do their best on each assignment and submit all completed assignments on time to maximize their performance and earned point total for the course.

*Online Discussion Expectations:* While this is an online class, we will engage in online discussions in which individuals may have strong opinions regarding course related topics. Our online classroom is a collaborative environment in which every student should feel comfortable expressing ideas, opinions and engaging in thoughtful discussions. Students will respect the views and opinions of others at all times; name-calling and personal attacks are not permitted. Students engaging in disruptive or disrespectful behavior in the classroom will be given one warning through an email from the instructor. A second violation will result in the student being locked out of future discussions eliminating their ability to either participate in future discussions or earn additional discussion points for the course.

*A Grade of “Incomplete” (“I”):* An Incomplete Grade ("I") is a non punitive grade given only during the last one-fourth of a term/semester and only if a student (1) is passing the course and (2) has a justifiable and documented reason, beyond the control of the student (such as serious illness or military service), for not completing the work on schedule; and (3) arranges with the professor before the end of the semester to finish the course at a later date by completing specific requirements that the professor must list on the grade sheet. All work in the course must be completed within the specified time (not to exceed one year after taking the course) If you do not meet the specifications for this grade, you will need to see the Registrar’s office about resigning from the University.

**Being a Successful Online Student**
Academic integrity
Standards of academic integrity are expected with regard to any course related work or submission. Students should consult the UNT website for questions, guidelines, appeals, and other information related to these policies: http://policy.unt.edu/sites/default/files/untpolicy/pdf/7-Student_Affairs-Academic_Integrity.pdf

Academic violation of UNT policy consists of the following:

A. Cheating. The use of unauthorized assistance in an academic exercise, including but not limited to:
   1. use of any unauthorized assistance to take exams, tests, quizzes or other assessments;
   2. dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems or carrying out other assignments;
   3. acquisition, without permission, of tests, notes or other academic materials belonging to a faculty or staff member of the University;
   4. dual submission of a paper or project, or re-submission of a paper or project to a different class without express permission from the instructor;
   5. any other act designed to give a student an unfair advantage on an academic assignment.

B. Plagiarism. Use of another’s thoughts or words without proper attribution in any academic exercise, regardless of the student’s intent, including but not limited to:
   1. the knowing or negligent use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgement or citation.
   2. the knowing or negligent unacknowledged use of materials prepared by another person or by an agency engaged in selling term papers or other academic materials.

C. Forgery. Altering a score, grade or official academic university record or forging the signature of an instructor or other student.

D. Fabrication. Falsifying or inventing any information, data or research as part of an academic exercise.

E. Facilitating Academic Dishonesty. Helping or assisting another in the commission of academic dishonesty.

F. Sabotage. Acting to prevent others from completing their work or willfully disrupting the academic work of others.

Any violation of academic integrity will be handled on a case-by-case basis. At a minimum, the student will receive a zero on the assignment in question, but more serious academic violations may be subject to the assignment of a failing grade for the course. Please do not hesitate to contact the instructor with questions related to citations or other academic integrity concerns.
Resources

Student Evaluation of Instruction (SPOT)
Student feedback is important and an essential part of participation in this course. The student evaluation of instruction (SPOT) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester to provide you with an opportunity to evaluate how this course is taught. Student feedback is very important to UNT, please complete your SPOT (Student Perceptions of Teaching) survey during the open evaluation time.

ADA Statement and Disabled Student Policy
The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. For additional information see the Office of Disability Accommodation website at http://www.unt.edu/oda. You may also contact them by phone at 940.565.4323.

Important Notice for F-1 Students taking Distance Education Courses
Federal Regulation
To read detailed Immigration and Customs Enforcement regulations for F-1 students taking online courses, please go to the Electronic Code of Federal Regulations website at http://ecfr.gpoaccess.gov. The specific portion concerning distance education courses is located at "Title 8 CFR 214.2 Paragraph (f)(6)(i)(G)” and can be found buried within this document: http://frwebgate.access.gpo.gov/cgi-bin/get-cfr.cgi?TITLE=8&PART=214&SECTION=2&TYPE=TEXT
The paragraph reads:
(G) For F–1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken on-line or through distance
education and does not require the student's physical attendance for classes, examination or other purposes integral to completion of the class. An on-line or distance education course is a course that is offered principally through the use of television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, or satellite, audio conferencing, or computer conferencing. If the F–1 student's course of study is in a language study program, no on-line or distance education classes may be considered to count toward a student's full course of study requirement.

University of North Texas Compliance
To comply with immigration regulations, an F-1 visa holder within the United States may need to engage in an on-campus experiential component for this course. This component (which must be approved in advance by the instructor) can include activities such as taking an on-campus exam, participating in an on-campus lecture or lab activity, or other on-campus experience integral to the completion of this course.

If such an on-campus activity is required, it is the student’s responsibility to do the following:

(1) Submit a written request to the instructor for an on-campus experiential component within one week of the start of the course.
(2) Ensure that the activity on campus takes place and the instructor documents it in writing with a notice sent to the International Student and Scholar Services Office. ISSS has a form available that you may use for this purpose.

Because the decision may have serious immigration consequences, if an F-1 student is unsure about his or her need to participate in an on-campus experiential component for this course, s/he should contact the UNT International Student and Scholar Services Office (telephone 940-565-2195 or email internationaladvising@unt.edu) to get clarification before the one-week deadline.

Copyright Notice
Some or all of the materials on this course Web site may be protected by copyright. Federal copyright law prohibits the reproduction, distribution, public performance, or public display of copyrighted materials without the express and written permission of the copyright owner, unless fair use or another exemption under copyright law applies. Additional copyright information may be located at: http://copyright.unt.edu/content/unt-copyright-policies.

Course Calendar and Topics
Students are responsible for keeping up with the schedule, any schedule changes as well as the assigned readings as we progress through the course. This is a tentative schedule and the instructor reserves the right to modify any part of the schedule at any time throughout the semester. All assignments must be submitted by 11:59p Central time on the date listed below. Late submissions are not accepted.

Note: Optional readings listed are just that – optional. These readings are not required to complete quizzes or other course assignments but will provide additional insight into each weeks topics and may be beneficial in completing the final project.
