Course Syllabus

ADTA 5340/CSCE 5215: Discovery and Learning with Big Data

COURSE INFORMATION

- ADTA 5340/CSCE 5215: Discovery & Learning with Big Data
- ADTA 5340/CSCE 5215: 3 credit hours
- ADTA 5340/CSCE 5215: Online
- IPAC 4340: Discovery and Learning with Big Data

Instructor Contact Information

- Dr. Catalin C. Dinulescu
- Tuesdays 10 AM – 12 PM CST and Thursdays 7 PM - 9 PM CST online via Zoom. Book appointments in 30-minute increments, at least 12 hours in advance, at the link below:
- https://outlook.office365.com/owa/calendar/DrD_Office_Hours@tarleton.onmicrosoft.com/bookings/
- On the date and time scheduled, use the following meeting details: Zoom Meeting ID: 8328517755, Direct Link: https://unt.zoom.us/j/8328517755. Copy this link in your browser and hit ‘Enter’ to join the Zoom meeting.
- Other times may be scheduled by email appointment.
- Email: catalin.dinulescu@unt.edu
- Phone: 214-218-7470

Mini Biography: I hold a BS and an MS in Electronics and Telecommunications, an MS in Mobile Radio Communications, an MBA with a concentration in Decision Sciences, and a Ph.D. in Business with a concentration in Management Science and a minor in Data Science. My research interests include business analytics, decision, and data sciences. Before academia, I spent 25 years in the industry performing progressively increasing responsibilities in global roles from engineering to executive leadership in the IT, telecommunications, electronics, and energy industries. Most recently, I was with DXC Technology (a spin-off from Hewlett-Packard Enterprise) as a Supply Chain Operations Leader for the Americas; and before that, with Hewlett-Packard Enterprise as a Business Operations Leader for two global practices (Applications Transformation to Cloud and Oracle).
Course Pre-requisites, Co-requisites, and/or Other Restrictions
Required prerequisite courses: NONE

Materials – Text, Readings, Supplementary Readings
No textbook is required for this course, but we will have articles to read throughout the semester (these are listed in the weekly modules under content).

These books are NOT required but you might find them beneficial for extra reinforcement of the material.

Course Description
This course introduces the fundamentals of data analytics and machine learning with big data. The goal of this course is to provide students with both theoretical knowledge and practical experience leading to mastery of big data analytics and machine learning, using both small and large datasets. As these fundamentals are introduced, exemplary technologies will be employed to illustrate how machine learning can be applied to real-world solutions. The problems are being considered in the context of big data analytics. Exercises and examples will consider both simple and complex data structures, as well as data ranges from clean and structured to dirty and unstructured.

Course Objectives

Outcome 1  Apply Exploratory Data Analysis concepts leveraging the Python programming language and the Jupyter Integrated Development Environment
Outcome 2
Develop and articulate results from Supervised and Unsupervised Python Machine Learning models including correct identification of algorithms appropriate for the assigned data set

Outcome 3
Develop and articulate results from Supervised and Unsupervised Microsoft Machine Learning Studio models including correct identification of algorithms appropriate for the assigned data set

Outcome 4
Apply skills and knowledge learned in class to real-world case study problems and develop Machine Learning models to solve problems

Course Topics
- Python Basics
- Data analytics life cycle
- Data preprocessing
- Exploratory Data Analysis (EDA)
- Big data analytics and machine learning: Overview
- Big data analytics and machine learning: Supervised Linear Algorithms.
- Big data analytics and machine learning: Supervised Non-Linear Algorithms.
- Big data analytics and machine learning: Unsupervised Algorithms
- Big data analytics and machine learning: Evaluating Algorithms
- Big data analytics and machine learning with NumPy, Pandas, Scikit-Learn in Python
- Azure Machine Learning

Teaching Philosophy
I believe students must be given clear direction for them to succeed. They must understand the course learning objectives as documented in the syllabus, and the deadlines for submission of all coursework as documented on the course calendar. I have found that if a student understands the learning objectives and the contribution to their professional development of each assignment, the quality of their work improves. I also believe that students need to be given timely feedback so that they know how to improve and respond to communications from students promptly. Timely feedback help students gain self-confidence and inspire them to fully engage in the course material and to believe that they can do well. Students need to know that as a professor, I understand that “life happens” and that I will be flexible when a legitimate problem arises. I also think that it is important to establish performance guidelines in the syllabus, and to establish a safe and welcoming
learning community in each course. It is my responsibility as a teacher to get my students ready for the workforce and to ensure that they are prepared to meet the professional challenges ahead. I look forward to a wonderful semester!

**COURSE REQUIREMENTS**

1. The student will be responsible for checking the announcements in Canvas, the UNT email, and other types of class communication daily.

2. The student will access and follow all course instructions found in the syllabus, announcements, assignments, and all other class-related documents.

3. The student will complete all the class assignments in the time frame specified in the class documents, including the course calendar to participate effectively in-class activities.

4. The student will complete all the projects, assessment tests, and exams in the time frame specified in the class documents, including the course calendar.

**Late-work Penalty Policy**

All assignments must be submitted by the due date and time. To allow for more time management flexibility that would help students, this course uses milestone due dates. For example, Assignments 1, 2, and 3 may all be due on Sunday of Week 1 instead of having due dates scattered throughout Week 1. Thus, students can work on these assignments at their own pace and according to their own schedule throughout the week.

As a result of this embedded flexibility, no late work will be accepted, unless triggered by university-approved reasons.

**Make-Up Policy**

No make-up assignments or exams will be offered except for university-approved reasons.

**Mobile Phone Access**

Please note that while mobile phone access to the learning platform (e.g., Canvas) may be available, it is a scaled-down version of the respective desktop/laptop computer software application, mainly due to the inherent mobile phone limitations (e.g., screen size, processing power, storage capacity, battery life, etc.). This course, like any other website, is set up primarily
for desktop/laptop computer access (and not mobile phones). Therefore, the students should use the mobile phone version with caution (i.e., for information, or non-critical purposes only). This is not different than the mobile customer experience encountered on any other website.

**Assignments Submission Integrity**

It is the student’s responsibility to check the validity and the integrity of their assignment submission (e.g., that the right files are attached, files are not corrupted, are readable, the submission went through, etc.)

**Grading Feedback**

Students will receive formal and informal feedback on the assignments via various means such as grades, rubrics, emails, office hours, etc. Assignment feedback is provided either after submission or after the assignment's due date. Students can request more detailed feedback from the instructor at any time.

**Attendance Policy**

The student is responsible for regular and punctual attendance and is expected to participate in all courses in which the student is enrolled. It is the responsibility of the student to check for announcements daily in case of an emergency. For more information, please see the University of North Texas' Attendance Policy at: [http://policy.unt.edu/policy/15-2-5](http://policy.unt.edu/policy/15-2-5)

This is an online class. However, I will schedule an optional (not mandatory), weekly class session via Zoom. This is mainly a questions-and-answers opportunity for the students, offered in addition to the scheduled office hours.

**Communication**

All email course communications (unless specifically stated otherwise) should be done via your UNT email account. General course announcements will be posted in Canvas as well as emailed. Failure to be informed of course information that has been transmitted and/or posted in Canvas will not constitute grounds for special consideration.
Please note that not every question/topic can be effectively addressed via email. Poorly framed / ambiguous/open-ended/complex questions or topics might be better addressed verbally rather than in writing. For example, it might take more time and effort to write down an answer, or one might waste precious time going over 2-3 back-and-forth iterations with clarificatory questions, rather than directly and quickly addressing the question verbally, during office hours, or over the phone. Please choose the right communication vehicle that best meets your needs. Here is a great website provided by CLEAR to give you some communication tips for communicating online: https://clear.unt.edu/online-communication-tips

I generally respond to emails within 24 hours, although it may be longer on weekends, holidays, or other circumstances.

Extra Credit

There will be some non-mandatory class assignments offered as extra credit to students. They will be posted in Canvas and listed in the class schedule as BONUS assignments.

Class Schedule

The following is a tentative schedule. The instructor reserves the right to make modifications to this information throughout the semester. Any changes will be announced to the class in advance. A course calendar is available in Canvas by following the “Syllabus” menu link. It is the student’s responsibility to check for changes in the schedule.

### GRADING POLICY

The student’s grade in the course consists of the following components:

<table>
<thead>
<tr>
<th>Extra_Credit (BONUS)</th>
<th>2%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assignments:</td>
<td>30%</td>
</tr>
<tr>
<td>Midterm:</td>
<td>25%</td>
</tr>
<tr>
<td>Discussions:</td>
<td>20%</td>
</tr>
<tr>
<td>Final Exam:</td>
<td>25%</td>
</tr>
</tbody>
</table>

The final letter grade will be determined as follows:

- A: 90 – 100
- B: 80 – 89
- C: 70 – 79
- D: 60 – 70
- F: < 60
Course Evaluation

Student feedback is an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" (noreply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey they will receive a confirmation email that the survey has been submitted. For additional information, please visit the SPOT website (http://spot.unt.edu/) or email spot@unt.edu.

Technical Requirements/Assistance

UNT Help Desk: http://www.unt.edu/helpdesk/index.htm

The University of North Texas provides student technical support in the use of Canvas and support resources. The student help desk may be reached at:

Email: helpdesk@unt.edu
Phone: 940.565-2324
In-Person: Sage Hall, Room 130

Hours (http://spot.unt.edu/) are:

- Monday-Thursday 8 am-midnight
- Friday 8 am - 8 pm
- Saturday 9 am -5 pm
- Sunday 8 am-midnight

Other related hardware or software is necessary for the course: such as a headset/microphone for synchronous chats, a word processor, etc.

Canvas technical requirements: https://clear.unt.edu/supported-technologies/canvas/requirements

Other related hardware or software is necessary for the course: such as a headset/microphone for synchronous chats, a word processor, etc.

Student Academic Support Services

- Code of Student Conduct: (http://spot.unt.edu/) provides Code of Student Conduct along with other useful links
- Office of Disability Access: (http://spot.unt.edu/) exists to prevent discrimination based on disability and to help students reach a higher level of independence
- Counseling and Testing Services: (http://spot.unt.edu/) provides counseling services to the UNT community, as well as testing services, such as admissions testing, computer-based testing, career testing, and other tests

Advanced Data Analytics – Toulouse Graduate School – University of North Texas
UNT Libraries (Links to an external site.) provides a variety of services, including tutoring, to enhance the student's academic experience.

UNT Learning Center: (Links to an external site.) offers free writing tutoring to all UNT students, undergraduates, and graduates, including online tutoring.

UNT Writing Center: (Links to an external site.) offers free writing tutoring to all UNT students, undergraduates, and graduates, including online tutoring.

Succeed at UNT: (Links to an external site.) offers free writing tutoring to all UNT students, undergraduates, and graduates, including online tutoring.

COURSE POLICIES

Class Participation
Attendance is expected for this class. Students are required to log in regularly to the online class site. Students are also required to participate in all class activities such as discussion boards, chat or conference sessions, and group projects. To learn more about campus resources and information on how you can achieve success, go to https://succeed.unt.edu.

COVID-19 Impact on Attendance
While attendance is expected as outlined above, it is important for all of us to be mindful of the health and safety of everyone in our community, especially given concerns about COVID-19. Please contact me if you are unable to attend class because you are ill, or unable to attend class due to a related issue regarding COVID-19. It is important that you communicate with me prior to being absent so I may make a decision about accommodating your request to be excused from class.

If you are experiencing any symptoms of COVID-19 (https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html) please seek medical attention from the Student Health and Wellness Center (940-565-2333 or askSHWC@unt.edu) or your health care provider PRIOR to coming to campus. UNT also requires you to contact the UNT COVID Hotline at 844-366-5892 or COVID@unt.edu for guidance on actions to take due to symptoms, pending or positive test results, or potential exposure. While attendance is an important part of succeeding in this class, your own health, and those of others in the community, is more important.

Class Materials for Remote Instruction
Remote instruction may be necessary if community health conditions change or you need to self-isolate or quarantine due to COVID-19. Students will need access to a [webcam and microphone – faculty member to include what other basic equipment is needed] to participate in fully remote portions of the class. Additional required classroom materials for remote learning include: [list specific software, supplies, equipment or system requirements needed for the course].

Information on how to be successful in a remote learning environment can be found at https://online.unt.edu/learn.
Statement on Face Covering

“Consistent with CDC guidelines and state policy, individuals are not required to wear face coverings on UNT’s campuses. Non-vaccinated individuals are strongly encouraged to wear a face covering until further notice. The use of face coverings has proven to reduce the spread of diseases, including COVID-19. All students and faculty are welcome to wear a face covering in class or on campus to protect themselves and others from COVID-19.”

ACADEMIC POLICIES

Scholarly Expectations
All works submitted for credit must be original works created by the scholar uniquely for the class. Therefore, original work is expected from students on all class assignments. It is considered inappropriate and unethical to make duplicate submissions of a single work for credit in multiple classes, unless specifically requested by the instructor. Student’s must submit their own work. It is unacceptable to copy work from another student or copy and paste from a website. If your work is copied from another student, the web, or any other source, you will receive a Zero for the assignment and be reported to the Academic Integrity Office. If you are caught a second time, you will get a Zero for the course and will be again reported to the Academic Integrity Office. There are no exceptions! Once you have been notified and given a chance to explain the circumstance, no further communication will be accepted by the professor.

PLEASE NOTE: “Plagiarism is a very serious offense at UNT. Even if you don't mean to plagiarize, you can still commit academic dishonesty. When you are accepted to UNT, you are expected to adhere to our policies and standards of Academic Integrity (as defined in University 07.012) in the Code of Student Conduct. Major violations can result in expulsion from the university. “ Anyone that has plagiarized in an assignment will get a zero for the assignment on the first offense. If that student plagiarizes again, they will receive a zero for the class and will be reported to the university’s Academic Integrity Office, no exceptions. Please see https://guides.library.unt.edu/plagiarism/atunt#:~:text=Plagiarism%20is%20a%20very%20serious%20offense%20at%20UNT.&text=When%20you%20are%20accepted%20to,in%20expulsion%20from%20the%20university for more information on plagiarism.

Please note that “stacking” (copying, pasting, and assembling) entire paragraphs from existing sources (even if these sources are properly cited and referenced) and then submitting them as your work is considered plagiarism. Use citations with extreme caution (only when specifically required, or are needed to reinforce your message), and, when needed, always paraphrase others’ work (integrate it and say it in your own words) in addition to properly citing and referencing. Remember that the best use of your time and effort is to do your own writing instead.
Instructor Responsibilities and Feedback
Instructors have primary responsibility for academic assessment. A finding by an instructor that academic dishonesty occurred may be considered grounds for academic penalties, up to and including failure in the course. Decisions about the degree of academic penalty to impose will be based on the seriousness of the violation. Instructors are expected to report all allegations, factual summary statements, and sanctions involving instances of academic misconduct.

The instructor is responsible for responding to student questions about assignments and projects, about the course material presented, and for providing additional resources to enhance understanding of course material. Timely feedback is essential for student success and the instructor is responsible for providing timely feedback to students throughout the course. The instructor will grade submitted assignments and will post grades for students within 10 days of assignment due date.

Virtual Classroom Citizenship
The same guidelines that apply to traditional classes should be observed in the virtual classroom environment. Please use proper netiquette when interacting with class members and the professor.

Rules of Engagement
Rules of engagement refer to the way students are expected to interact with each other and with their instructors. Here are some general guidelines:

• While the freedom to express yourself is a fundamental human right, any communication that utilizes cruel and derogatory language on the basis of race, color, national origin, religion, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, veteran status, or any other characteristic protected under applicable federal or state law will not be tolerated.

• Treat your instructor and classmates with respect in any communication online or face-to-face, even when their opinion differs from your own.

• Ask for and use the correct name and pronouns for your instructor and classmates.

• Speak from personal experiences. Use “I” statements to share thoughts and feelings. Try not to speak on behalf of groups or other individual’s experiences.

• Use your critical thinking skills to challenge other people’s ideas, instead of attacking individuals.

• Avoid using all caps while communicating digitally. This may be interpreted as “YELLING!”

• Be cautious when using humor or sarcasm in emails or discussion posts as tone can be difficult to interpret digitally.

• Avoid using “text-talk” unless explicitly permitted by your instructor.

• Proofread and fact-check your sources.
• Keep in mind that online posts can be permanent, so think first before you type. See these Engagement Guidelines (https://clear.unt.edu/online-communication-tips) for more information.

Incompletes
This course will observe the UNT policy on incompletes, found here: http://registrar.unt.edu/grades/incompletes

Add/Drop Policy
The University of North Texas Add Drop Policy for Fall 2017 can be found at the following link: http://registrar.unt.edu/registration/fall-add-drop

Policy on Server Unavailability or Other Technical Difficulties
The University is committed to providing a reliable online course system to all users. However, in the event of any unexpected server outage or any unusual technical difficulty which prevents students from completing a time-sensitive assessment activity, the instructor will extend the time windows and provide an appropriate accommodation based on the situation. Students should immediately report any problems to the instructor and also contact the UNT Student Help Desk: helpdesk@unt.edu or 940.565.2324. The instructor and the UNT Student Help Desk will work with the student to resolve any issues at the earliest possible time.

Copyright Notice
Some or all of the materials on this course Web site may be protected by copyright. Federal copyright law prohibits the reproduction, distribution, public performance, or public display of copyrighted materials without the express and written permission of the copyright owner unless fair use or another exemption under copyright law applies. Additional copyright information may be located at http://copyright.unt.edu.

Graduate Online Course Attendance Policy
Students are expected to participate actively each week and to meet all deadlines for course assignments as detailed in the Course Calendar. Information about the University of Texas’ Attendance Policy may be found at http://policy.unt.edu/policy/15-2-5

Administrative Withdrawal
This course will observe the UNT policy on academic withdrawal found here: https://deanofstudents.unt.edu/withdrawals

Syllabus Change Policy
Changes to the course syllabus or due dates are not anticipated but should they be necessary, the instructor will provide ample notification to students to allow them to complete assignments on time without penalty.

Advanced Data Analytics – Toulouse Graduate School – University of North Texas
UNT GENERAL POLICIES

Student Conduct and Discipline: Student Handbook.

You are encouraged to become familiar with the University's Policy of Academic dishonesty found in the Student Handbook. The content of the Handbook applies to this course. If you are in doubt regarding the requirements, please consult with me before you complete any requirements of the course.

The UNT Code of Student Conduct can be found here: https://deanofstudents.unt.edu/sites/default/files/code_of_student_conduct.pdf

Academic Integrity Policy

Academic Integrity Standards and Consequences. According to UNT Policy 06.003, Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to cheating, fabrication, facilitating academic dishonesty, forgery, plagiarism, and sabotage. A finding of academic dishonesty may result in a range of academic penalties or sanctions ranging from admonition to expulsion from the University.

ADA Policy

The University of North Texas makes reasonable academic accommodations for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to the faculty to begin a private discussion regarding your specific needs in a course. ... Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member before implementation in each class. Students are strongly encouraged to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect their privacy of the student. For additional information see the Office of Disability Accommodation website at http://disability.unt.edu/. You may also contact them by phone at 940.565.4323.

Prohibition of Discrimination, Harassment, and Retaliation (Policy 16.004)

The University of North Texas (UNT) prohibits discrimination and harassment because of race, color, national origin, religion, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, veteran status, or any other characteristic protected under applicable federal or state law in its application and admission processes; educational programs and activities; employment policies, procedures, and processes; and university facilities. The University takes active measures to prevent such conduct and investigates and takes remedial action when appropriate.
Emergency Notification & Procedures
UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to Canvas for contingency plans for covering course materials.

Retention of Student Records
Student records pertaining to this course are maintained in a secure location by the instructor of record. All records such as exams, answer sheets (with keys), and written papers submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via the Canvas online system, including grading information and comments, is also stored in a safe electronic environment for one year. Students have the right to view their individual record; however, information about student’s records will not be divulged to other individuals without proper written consent. Students are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the University’s policy. See UNT Policy 10.10, Records Management and Retention for additional information.

Acceptable Student Behavior
Student behavior that interferes with an instructor’s ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The University's expectations for student conduct apply to all instructional forums, including University and electronic classrooms, labs, discussion groups, field trips, etc. Visit UNT’s Code of Student Conduct (https://deanofstudents.unt.edu/conduct) to learn more.

Access to Information - Eagle Connect
Students' access point for business and academic services at UNT is located at: my.unt.edu. All official communication from the University will be delivered to a student’s Eagle Connect account. For more information, please visit the website that explains Eagle Connect and how to forward email Eagle Connect (https://it.unt.edu/eagleconnect).

Student Evaluation Administration Dates
Student feedback is an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13, 14, and 15 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" (noreply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the
survey. Once students complete the survey they will receive a confirmation email that the survey has been submitted. For additional information, please visit the SPOT website (http://spot.unt.edu/) or email spot@unt.edu.

**Sexual Assault Prevention**

UNT is committed to providing a safe learning environment free of all forms of sexual misconduct, including sexual harassment sexual assault, domestic violence, dating violence, and stalking. Federal laws (Title IX and the Violence Against Women Act) and UNT policies prohibit discrimination based on sex and therefore prohibit sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking, and/or sexual assault, there are campus resources available to provide support and assistance. UNT’s Survivor Advocates can assist a student who has been impacted by violence by filing protective orders, completing crime victim’s compensation applications, contacting professors for absences related to an assault, working with housing to facilitate a room change where appropriate, and connecting students to other resources available both on and off campus. The Survivor Advocates can be reached at SurvivorAdvocate@unt.edu or by calling the Dean of Students Office at 940-565-2648. Additionally, alleged sexual misconduct can be non-confidentially reported to the Title IX Coordinator at oeo@unt.edu or (940) 565 2759.

**Important Notice for F-1 Students taking Distance Education Courses:**

**Federal Regulation**

The paragraph reads:

(G) For F–1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken on-line or through distance education and does not require the student's physical attendance for classes, examination or other purposes integral to completion of the class.

**University of North Texas Compliance**

To comply with immigration regulations, an F-1 visa holder within the United States may need to engage in an on-campus experiential component for this course. This component (which must be approved in advance by the instructor) can include activities such as taking an on-campus exam,
participating in an on-campus lecture or lab activity, or other on-campus experience integral to the completion of this course. If such an on-campus activity is required, it is the student’s responsibility to do the following:

1. Submit a written request to the instructor for an on-campus experiential component within one week of the start of the course.
2. Ensure that the activity on campus takes place and the instructor documents it in writing with a notice sent to the International Student and Scholar Services Office. ISSS has a form available that you may use for this purpose.

Because the decision may have serious immigration consequences, if an F-1 student is unsure about his or her need to participate in an on-campus experiential component for this course, s/he should contact the UNT International Student and Scholar Services Office (telephone 940-5652195 or email internationaladvising@unt.edu) to get clarification before the one-week deadline.

**Student Verification**

UNT takes measures to protect the integrity of educational credentials awarded to students enrolled in distance education courses by verifying student identity, protecting student privacy, and notifying students of any special meeting times/locations or additional charges associated with student identity verification in distance education courses.

See [UNT Policy 07-002 Student Identity Verification, Privacy, and Notification and Distance Education Courses](https://policy.unt.edu/policy/07-002).

**Use of Student Work**

A student owns the copyright for all work (e.g. software, photographs, reports, presentations, and email postings) he or she creates within a class and the University is not entitled to use any student work without the student’s permission unless all of the following criteria are met:

- The work is used only once.
- The work is not used in its entirety.
- Use of the work does not affect any potential profits from the work.
- The student is not identified.
- The work is identified as student work.

If the use of the work does not meet all of the above criteria, then the University office or department using the work must obtain the student’s written permission.

Transmission and Recording of Student Images in Electronically-Delivered Courses

1. No permission is needed from a student for his or her image or voice to be transmitted live via videoconference or streaming media, but all classes will be recorded for this class and possibly future classes for study purposes only.

Class Recordings & Student Likenesses

All the video recordings in this course, including lecture videos and live class activity recordings are for students enrolled in the class section to refer to throughout the semester. Class recordings are the intellectual property of the university or instructor and are reserved for use only by students in this class and only for educational purposes. Students may not post or otherwise share the recordings outside the class, or outside the Canvas Learning Management System, in any form. Failing to follow this restriction is a violation of the UNT Code of Student Conduct and could lead to disciplinary action.

ACADEMIC SUPPORT & STUDENT SERVICES

Student Support Services

Mental Health

UNT provides mental health resources to students to help ensure there are numerous outlets to turn to that wholeheartedly care for and are there for students in need, regardless of the nature of an issue or its severity. Listed below are several resources on campus that can support your academic success and mental well-being:

- Student Health and Wellness Center (https://studentaffairs.unt.edu/student-health-andwellness-center)
- Counseling and Testing Services (https://studentaffairs.unt.edu/counseling-and-testingservices)
- UNT Care Team (https://studentaffairs.unt.edu/care)
- UNT Psychiatric Services (https://studentaffairs.unt.edu/student-health-and-wellnesscenter/services/psychiatry)
- Individual Counseling (https://studentaffairs.unt.edu/counseling-and-testingservices/services/individual-counseling)

Chosen Names

A chosen name is a name that a person goes by that may or may not match their legal name. If you have a chosen name that is different from your legal name and would like that to be used in class, please let the instructor know. Below is a list of resources for updating your chosen name at UNT.

- UNT Records
- UNT ID Card
• UNT Email Address
• Legal Name

*UNT euIDs cannot be changed at this time. The collaborating offices are working on a process to make this option accessible to UNT community members.

Pronouns

Pronouns (she/her, they/them, he/him, etc.) are a public way for people to address you, much like your name, and can be shared with a name when making an introduction, both virtually and inperson. Just as we ask and don’t assume someone’s name, we should also ask and not assume someone’s pronouns.

You can add your pronouns to your Canvas account so that they follow your name when posting to discussion boards, submitting assignments, etc.

Below is a list of additional resources regarding pronouns and their usage:

○ What are pronouns and why are they important? ○ How do I use pronouns? ○ How do I share my pronouns? ○ How do I ask for another person’s pronouns? ○ How do I correct myself or others when the wrong pronoun is used?
