**LEARNING PHILOSOPHY:** Student success is most effective when you take responsibility for your own learning. What you achieve by the end of this course is based upon your commitment to mastering the material. *I am committed to helping you learn by assisting you in your personal learning experience.* This involves providing motivation, guidance, as well as opportunities for learning. You will learn by mastering assigned materials, setting high expectations, and emphasizing the relevance of the course material by explicitly linking it to real-world problems and decisions. There will be numerous references to real world problems that will facilitate your ability to respond to a changing environment. While many of you know some of what will be offered in this course based on your life and work experience, your responsibility is to integrate your prior knowledge and the knowledge gained from this course to enhance your career opportunities. My role is to provide guidance by furnishing the appropriate information and tools, modeling desired behavior, and giving constructive and timely feedback. I am also prepared and willing to provide student counseling related to your challenges in the course.

**ELECTRONIC DEVICES:** Use of electronic devices (e.g., cell phones, etc.) is NOT ACCEPTABLE in this class. If I discover your use of any of these devices in class, I will stop my discussion/lecture and ask you to put your device away. This may prove to be embarrassing; however, consider it a learning lesson. If you are fired from your first job for using electronic devices in a meeting, that would be much worse! Repeated use of electronic devices will result in me dropping you from the class. EXCEPTION: If you are using a computer, iPad, or similar device to take notes and assist in the learning process then that is acceptable.

To help you fulfill your ethical responsibilities as a student, please refer to the University policy for information on academic integrity standards of the University of North Texas. If there is an academic integrity violation, university recommended sanctions for academic integrity violations will be imposed. The university academic integrity policy can be found at <http://vpaa.unt.edu/academic-integrity.htm>.

**CHANGES TO THE SYLLABUS:** A syllabus is a tool to help you plan your time. Every effort is made to make the syllabus as complete as possible, but there may be occasions when changes are required. Your professor will announce any deviations from this syllabus through email and class announcements.

**INCLEMENT WEATHER POLICY:** Please use your own good judgment during inclement weather. My plan is to hold class whenever the University is open. If you are in doubt, please check the Blackboard site for our course for a university announcement.

**STUDENT BEHAVIOR IN THE CLASSROOM:** Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive. This type of behavior will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom, and the instructor may refer the student to the Center for Student Rights and Responsibilities to consider whether the student's conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at [www.unt.edu/csrr](http://www.unt.edu/csrr).

**ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES:** Please note the guidelines for the arrangement of testing accommodations for students with disabilities.
