plagiarism

Plagiarism is a serious academic offense and may result in the failure of an assignment, the class, or result in removal from the university. Students caught cheating or plagiarizing will receive a “0” for that particular assignment or exam. The student will first be notified in writing via email to schedule a face-to-face meeting with the instructor and another faculty member to determine the next level of action. If further action is warranted, the incident will be reported to the Dean of Students, who may impose an additional penalty. According to the UNT catalog, the term “cheating” includes, but is not limited to: a. use of any unauthorized assistance in producing artwork or taking examinations; b. dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out assignments; c. the acquisition, without permission, of tests or other academic material belonging to a faculty or staff member of the university; d. dual submission of a project, or resubmission of a project to a different class without express permission from the instructor(s); or e. any other act designed to give a student an unfair advantage. The term “plagiarism” includes, but is not limited to: a. the knowing or negligent use by copying of a published or unpublished work of another person without full and clear acknowledgment; and b. the knowing or negligent unacknowledged use of materials prepared by another person or agency engaged in the selling of stock imagery or other visual materials. Plagiarism is also literary or artistic theft. It is the false assumption of authorship, the wrongful act of taking the product of another person’s mind and presenting it as one’s own. Copying someone else’s writing or art, intact or with inconsequential changes, and adding one’s name to the result constitutes plagiarism.

disciplinary issues
Disciplinary probation, suspension from the university, expulsion (permanent), or revocation of degree. (See student guidebook.)

emergencies
UNT uses a system called Eagle Alert to quickly notify you with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). The system sends voice messages (and text messages upon permission) to the phones of all active faculty staff and students. Please make certain to update your phone numbers at my.unt.edu. Some helpful emergency preparedness actions include: 1) know the evacuation routes and severe weather shelter areas in the buildings where your classes are held, 2) determine how you will contact family and friends if phones are temporarily unavailable, and 3) identify where you will go if you need to evacuate the Denton area suddenly. In the event of a university closure, please refer to Blackboard for contingency plans for covering course materials.
**Course Risk Factor**

Risk Factor: 2

In level 2 courses, students are exposed to some significant hazards but are not likely to suffer serious bodily injury. In this class those risks are related to x-acto knife usage, adhesives and fumes and repetitive stress injuries related to extended computer use. Students who are pregnant or will become pregnant during the course of the semester are advised to check with their doctor immediately to determine if any additional risks are reason to postpone this course until a later semester. Upon request, your professor will provide a list of chemicals and safety issues for your doctor to review. Material Safety Data Sheets are available on all chemicals. It will be up to you and your doctor to determine what course of action to take.

**Attendance Policy**

Good attendance and punctuality are expected for this class and will strongly affect your grades. Roll will be taken at the beginning of every class. You be considered late if you arrive at class after roll has been taken. If you are late, it is your responsibility during that class period to make sure the instructor knows that you are present. You will receive two (2) free tardies. After the first two tardies, every three (3) tardies will equal one (1) unexcused absence.

Only two (2) unexcused absences will be accepted. The third unexcused absence will lower your final semester grade by one letter grade. The fourth unexcused absence will lower your grade by two letter grades. The fifth unexcused absence will lower your grade by three letter grades and so on. A total of six absences, excused or unexcused, will result in you receiving a failing grade (F) for the class. For a 3 day a week course, tardiness of more than 30 minutes late will be counted as an unexcused absence. A student showing a pattern of not bringing any or incomplete daily work may earn additional unexcused absences at the discretion of the professor.

There are no excused absences for anything but a verifiable death in the immediate family or with a doctor’s note on his/her stationery with a telephone number. The doctor’s note must be presented at the next class. A receipt is unacceptable.

If you are absent, you are responsible for contacting a class member in order to get any information or assignments that were given in class. The instructor will not use any class time to repeat missed lectures or assignments. Do not call the main office to leave the instructor a note that you are missing class for any reason. Under no circumstances should you leave a project with anyone in the main office. The instructor knows that you are present. You will be considered late if you arrive at class after roll has been taken. If you are late, it is your responsibility during that class period to make sure the instructor knows that you are present. You will receive two (2) free tardies. After the first two tardies, every three (3) tardies will equal one (1) unexcused absence.

**Emergency Procedures**

In case of emergency (alarm will sound), please follow the building evacuation plans posted on each floor of your building and proceed to the nearest parking lot. In case of tornado (campus sirens will sound) or other weather related threat, please go to the nearest hallway or room on your floor without exterior windows and remain there until an all clear signal is sounded. Follow the instructions of your teachers and act accordingly.

**Student Rights and Responsibilities**

As a student you have rights and responsibilities within the academic community. See: www.unt.edu/csrr for more information.

**Student Success**

*Show up.* Come to class every day. The attendance policy is pretty brutal, even more so in this class than in other Communication Design courses since it meets only one night a week. And besides, you can’t learn what you need to learn if you aren’t in class.
Participate: in discussions and in critiques. Learning to hone your voice will make a difference professionally.

Find support: Ask for help if you need it. Look for a professional mentor. Be bold and be brave. If you want to get some where, you have to stretch and take chances.

Take control: Know where you’re going and what you’re doing. Only you can do the work necessary to ensure your own future. This class provides some opportunities but you have to do the leg work.

Be prepared: Come to class with all the work you need and more. Consider this class a practice round for your first job. “Dazzle me.” (That’s a line from the movie Parenthood.) As in your first job, you should always have more to show me than what I asked for. There will come a time when I am asked for recommendations for job candidates. This kind of thing matters. A great deal.

Get involved: You are a senior now, just 9 short months away from joining the professional design community. Get involved in the professional organizations: DSVC and AIGA Dallas. Networking and connections are almost as important as your portfolio. (Nothing, ultimately, trumps the quality of your portfolio in your career. Remember that.)

Be persistent: No one ever gets anywhere without persistence. Not in school and certainly not in this profession. This is hard work. It can be great work, but also very hard. You have to love it enough and passionately enough to really want to do it all of the time. In class, if I send you back to the drawing board, it is not because I can, but because I want greatness for you. Work with me.

Financial aid

Each University of North Texas student is entitled to certain rights associated with higher education institutions. See unt.edu/cssr for further information. A student must maintain Satisfactory Academic Progress (SAP) to continue to receive financial aid. Students must maintain a minimum 2.0 cumulative GPA in addition to completing a required number of credit hours based on total registered hours per term. Students cannot exceed attempted credit hours above 150% of their required degree plan. If a student does not maintain the required standards, the student may lose their financial aid eligibility. If at any point you consider dropping this or any other course, please be advised that the decision to do so may have the potential to affect your current and future financial aid eligibility. Please visit financialaid.unt.edu/satisfactory-academic-progress-requirements for more information about financial aid Satisfactory Academic Progress. It may be wise for you to schedule a meeting with an academic advisor in your college or visit the Student Financial Aid and Scholarships office to discuss dropping a course. You must use your UNT email address to communicate with professors. You may forward your UNT email to a private email address via your My UNT settings.

Retention of student records

Student records about this course are maintained in a secure location by the instructor of record. All records such as exams, answer sheets (with keys), and written papers submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via the Blackboard online system, including grading information and comments, is also stored in a safe electronic environment for one year. Student evaluation of instruction

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. This short survey will be made available at the end of the semester to provide you with an opportunity to evaluate how this course is taught.

Acceptable student behavior

Student behavior that interferes with an instructor’s ability to conduct a class or other students’ opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student’s conduct violated the Code of Student Conduct. The university’s expectations for student conduct apply to all instructional forums, including university and electronic classrooms, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at deanofstudents.unt.edu/conduct
