Acceptable Student Behavior:

Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Center for Student Rights and Responsibilities to consider whether the student's conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at www.unt.edu/csrr

Student Responsibilities:

It is your responsibility to come to class prepared, which includes completing all online learning modules, assignments, and readings. If you have questions or need help with content of the course, it is your responsibility to seek help and guidance. I am willing to help in any way within my limits as an instructor. Additionally, it is your responsibility to be respectful of the learning environment. Any behavior that is disruptive will not be tolerated.

Academic Integrity

Academic integrity emanates from a culture that embraces the core values of trust and honesty necessary for full learning to occur. As a student-centered public research university, the University of North Texas promotes the integrity of the learning process by establishing and

enforcing academic standards. Academic dishonesty breaches the mutual trust necessary in an academic environment and undermines all scholarship.

The Student Standards of Academic Integrity are based on educational principles and procedures that protect the rights of all participants in the educational process and validate the legitimacy of degrees awarded by the University. In the investigation and resolution of all allegations of student academic dishonesty, the University's actions are intended be corrective, educationally sound, fundamentally fair, and based on reliable evidence. Publication of academic standards is an essential feature of the University's efforts to advance academic ideals and to protect the rights of the University community.

Participation and Attendance

Class discussion and group activity is an important aspect of the learning process.

Every student must make an effort to participate in group assignments and discussions.

Education is an incredible experience and is a privilege.

In order to fully engage in the class, attendance is essential. I encourage you to attend class every scheduled class time. If you are unable to attend, please let me know ahead of time. If you are late and miss a scheduled exam, you will not be allowed to retake the exam unless you have received prior approval. **Tentative** Outline for Class Topics and Readings

NOTE: prior approval does not cancel out your absence. It will however allow you to make up any missed assignments.

Leaving class early or coming in late is disrespectful to the class. Please refer to “**Acceptable Student Behavior**” in a previous paragraph and the Student Code of Conduct. Sleeping during any portion of class will be counted as an absence.

American Disabilities Act:

The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information see the Office of Disability Accommodation website at <http://www.unt.edu/oda>. You may also contact them by phone at [940.565.4323](tel:940.565.4323).

FERPA

The University of North Texas ("UNT" or "university") affords all students the rights and protections relating to their education records as provided in the *Family Education Rights and Privacy Act (FERPA)*. Consistent with FERPA, students will be granted access to their education record and except in limited circumstances education records will not be disclosed without a student's consent.

Every student has the right to expect confidentiality of grades. The instructor will make every effort to ensure the privacy of all assignments.
