COURSE DESCRIPTION: Practical use of computers in development of apparel design. Presentation formats, development of fabric groups and merchandising of a fashion line utilizing commonly used, industry standard computer graphics software

PREREQUISITE: ADES 2550, ADES 2555

COURSE OBJECTIVE: To create professional and creative computer-aided drawings and designs using Adobe Illustrator, Photoshop, and InDesign

COURSE STRUCTURE: This course will be a combination of lecture, demonstration, and lab with a flexible schedule.

STUDENT EVALUATION (OR GRADING): Your grade will be based upon the percentage of total points that the student accumulates from assigned activities/exams. Specific grading criteria for each project and assignment will be provided with the project instructions.

✓ Your grade is NOT based on the amount of time and/or effort you spent working on perfecting a skill, rather it is based on the degree to which the final product meets the established guidelines (on each project’s rubric).

The instructor of record determines all grades for each project, in class work, and attendance. A final grade of “C” or higher is needed to proceed in the program.
