Class Description

2 hours/week. Limits and continuity, derivatives, and integrals; differentiation and integration of polynomial, rational, trigonometric, and algebraic functions; applications, including slope, velocity, extrema, area, volume, and work.

Course Structure

This is a remote delivery course with synchronous class meetings. It is not an online course, per se, as class and recitation attendance are required at scheduled times. Zoom is used to recitation. (Instead of going to class; you Zoom in to them.)

Weekly Worksheets

Worksheets for every week is introduced during the Thursday recitation class. And we work on it in the breakout rooms during that class. **Every week, worksheets are due by 11:59 PM Friday night.**

Weekly Quizzes - administered during recitation class on Tuesday

During the last 20 minutes of our Tuesday class, the weekly quiz needs to be taken. The quiz will contain 1 to 2 questions. The answers need to be written neatly, scanned and submitted in canvas. (Go to Quizzes menu on the left of your recitation class, click on the appropriate quiz and upload the pdf)

Grading: The weekly **Worksheets and Quizzes comprise 10% of your overall grade.**

ADA Policy

UNT makes reasonable academic accommodation for students with disabilities.

Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide a student with an accommodation letter to be delivered to faculty to begin a private discussion regarding one's specific course needs. Students may request accommodations at any time; however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. For additional information see the ODA website at disability.unt.edu. You may also contact the ODA by phone at (940)565-4323.
