

MUAE 3100-002/Special Problems 5900-711 – Intro to Digital Audio Workstation Techniques

Syllabus – Fall 2025

[Go to Schedule](#)

Meets on: MWF 12:00-12:50pm RM 287

Instructor: Jake Greenburg - jacob.greenburg@unt.edu

Office hours: Tues 11:30am-12:30pm/Wed 2pm-3pm

[Music Computer Lab and Studio](#) MUSI 238-239

Use Production Lab (toward the back of the room) computers labeled “Commercial Music”

Virtual Computer Lab:

[MyLab virtual computer lab](#) connection guide

[Audio Streaming](#)

Special Events – Mark your calendars:

TBD

Course Description:

The use of computers for music-making is a revolution in the sonic landscape that has dramatically changed music. Digital techniques have not only embraced the achievements analogue technology had claimed — e.g. recording and playing back sounds, sampling, synthesis, effects, etc. — albeit with arguably different sound qualities. They have also opened a myriad of new possibilities for sound manipulation (e.g. granular synthesis) and composition (algorithmic and probabilistic approaches); as well as acted as a unifying playground where several media can coalesce and be integrated with unprecedented streamlined procedures.

But technology *per se* is *naïve* and underwhelming. Therefore, aesthetic judgment plays a fundamental role. During this course, the development of an artistic personality will be supported by critical listening and discussion of music selected by the instructor and the students.

This course will cover basic techniques for producing music with computers by addressing making sounds “in the box” using built-in software (using Ableton Live and Logic Pro) as well as recording audio and post-production (using Pro Tools). These skills are learned through study and analysis but also through work on projects. To address this requirement, students will be required to handle a constant flow of hands-on practice through fulfillment of bi-weekly assignments.

Course Learning Outcomes:

Students will:

- Familiarize themselves with basic notions of music production and apply them for the creation of original music and for groups and class discussions using acquired terminology

- Learn digital audio editing and mixing techniques and apply them for various recording and mixing projects.
- Devise and record custom samples based on their own creative ideas
- Create a variety of rhythmic patterns (also known as, beats) for sampled drums and other percussive sounds
- Aurally identify recording, post-production, mixing techniques and electronic music techniques.
- Create their own sounds from scratch by exploring concepts of sound synthesis and sample manipulation
- Develop an aesthetic judgment to choose from and apply several music production, recording and mixing techniques learned
- Collaborate with other musicians in open-ended assignments toward the composition of original music
- Articulate constructive criticism on the work of their classmates and receive feedback from others on their own work.

Course requirements:

A 3-credit course means a nine-hour commitment. Three of those hours we will spend in class. This means you should be prepared to spend up to 6 weekly hours outside of class working on assignments and going over material.

Electronic devices are not permitted during lectures, unless explicitly allowed by the instructor. Browsing the internet or social media will not only make you lose your focus; it will also harm your grade.

Assignments, Asynchronous learning and Class Posts:

Student work for this course consists of:

3 Assignments, broken-up into 9 assignment submissions

Asynchronous learning tasks

Class Posts

Evaluation:

Assignments 60

Assignments are graded for completeness, technical ability (using techniques described in lecture) and creativity

Asynchronous learning 20

May include music listening, learning modules or preparation for a class meeting. Assessed for completeness and critical thinking. Lowest three grades will be dropped before averaging. Asynchronous items become unavailable after their deadline.

Class posts 10

Posts or activities assigned (and often completed) during class time, assessed for exploratory spirit and technical execution.

Lowest three grades will be dropped before averaging. Class posts become unavailable at midnight of the day they are assigned.

Attendance, participation & professionalism 10

Always come to class, be active & make questions. We will be going to the Computer Lab Recording Studio a few times during the semester. A strong sense for organization and respect for the equipment is a must in any recording studio. Working collaboratively to keep the space alive but organized is a sign of professionalism.

Policies:

Participation and attendance:

Do not use computers, phones, or other electronic devices for non class-related activities (social media, shopping, work for other classes, etc.) during class meetings.

More than 2 absences will affect your participation grade.

Late work:

Late work will be accepted at 50% only until one week after the deadline.

OneDrive:

This class will have a OneDrive folder. Each student will create their own subfolder where all their work should be uploaded. An organized OneDrive folder is essential for a successful completion of the course. More details will be given by the instructor.

Communication and submissions:

All assignment submissions must have at least these two elements:

- an .mp3 file posted on the corresponding Canvas discussion
- all files pertaining to that project in the corresponding OneDrive subfolder.

Materials:

- We will use Laptops with headphones, with the necessary software that are provided by the College of Music — feel free to bring you own
- For work outside of class time, use the [Computer Lab](#)

Schedule:

I. Basics of Digital Audio Workstations

Monday, August 18th – meeting 1

Introduction to the course

Introduction to the course and instructor. Why learn DAW's?

Work:

Class Post - 01

Asynchronous Learning 1a. Listening: Tune-Yards

Wednesday, August 20th – meeting 2

Basics of Digital Audio Workstations — Ableton demo

Topics:

Introduction to Ableton Live. DAW flow (tracks and Master). Faders. Windows / views, tracks, tools. Tracks at a glance. MIDI, Audio, Instrument. Audio loops. Basic selecting & Zooming Audio Tracks. Selecting area to export. Exporting audio (mp3 and wav / aiff options).

[Basics of DAW's](#)

Work:

Class Post - 02. Creating with drag and drop in Ableton

Friday, August 22nd – meeting 3

Basics of Digital Audio Workstations — Logic demo

Introduction to Logic Pro. DAW flow (tracks and Master). Faders. Windows / views, tracks, tools. Tracks at a glance. MIDI, Audio, Instrument. Audio loops. Basic selecting & Zooming Audio Tracks. Selecting area to export. Exporting audio (mp3 and wav / aiff options).

[Basics of DAW's](#)

Work:

Class Post - 03. Creating with loops in Logic

LAST DAY TO ADD A CLASS OR SWAP SECTIONS

Monday, August 25th – meeting 4

Digital audio basics. Audio recording & settings.

Project Session Settings, Sample Rate, Buffer Size. Basic recording with laptop built-in mic. Basic I/O. Using different Buffer Sizes for recording and mixing.

[Digital audio basics. Audio recording & settings.](#)

Work:

Class Post - 04. Simple recording and buffer size experimentation

Wednesday, August 27th – meeting 5

Project structure, file management and cloud

File types. Session / Project files. Folder structure. Logic: folder vs package. Creating New Projects, Finding files Saving: Save vs. export. Backing-up, saving older versions. Using a cloud service: OneDrive. Sharing projects. Importing stems. Checking that stems are not Warped / Flexed.

[Project structure & file management \(slides\)](#)

[File management and cloud](#) (doc)

Work:

Class Post - 05. OneDrive folder, stem import and simple mix

Asynchronous learning 2a. Into to MIDI and drum beats

Assignment #1a. Import stems and bounce .mp3 w/ no vocals

Assignment #1b. Importing missing stems from someone else's assignment

Resources

[AFFORDABLE SOFTWARE FOR PRODUCERS AND MUSICIANS](#)

[Mike Senior's Multi-track library](#)

[How to share projects](#) – further reading re: Ableton Live folder structure

[Ableton's article: Saving projects](#)

II. Time and beats

Assignment #2. Create a beat and two variations (Submit by Thursday, September 11th 11:59pm)

Friday, August 29th – meeting 6

Intro to MIDI and drum beats

Pulse, meter, Beat division and quantization.

MIDI, Grids. MIDI Overdub.

Four on the floor & basic patterns.

[MIDI, Grids, Beat division and Quantization](#)

Work:

Class Post - 06. Basic beat

Asynchronous learning 2b. Classic Drum Patterns

LAST DAY TO DROP A CLASS SECTION WITHOUT A W

Monday, September 1st – NO MEETING, LABOR DAY

Wednesday, September 3rd – meeting 7

Classic drum patterns

Son Clave. Variations of Rock and Soul / Funk patterns.

Contemporary Hip Hop Drum beat (Kendrick Lamar “Alright”)

Work:

Class Post - 07. Transcribe a pattern

Asynchronous learning 2c. Deviating from the grid

Friday, Friday September 5th – meeting 8

Deviating from the grid

Music: L-Gante: Bzrp Music Sessions, Vol 38

Feel & Grooves. Ableton’s groove pool.

Extracting groove patterns from audio.

Work:

Class post - 08. Deviating from the grid

Asynchronous learning - 2d. Sequencers

Monday, September 8th – meeting 9

Sequencers

Drum sequencers. The Mono Sequencer. Using sequencers for: melody, harmony, drums. Chance and Probability. Recording the MIDI output of an improvisation with sequencers. Drums sound design.

[Drum machines, sequencers and samplers](#)

Work:

Class post - 09. Creating with Sequencers

Asynchronous learning 3a. Acoustic and into to synthesis

Wednesday, September 10th – meeting 10

Sequencers cont.

Resources

[Melvin Bliss - Synthetic Substitution \(Drum Break - Loop\)](#) - sampled in Public Enemy's "Don't Believe the Hype"
[Principles of Basic Drum Beats for Rock. Part 1](#)
[The Ultimate Guide To Soul And Funk Drumming](#)
[22 Essential Soul Beats For Drummers - DRUM! Magazine](#)

Using Grooves and the Groove pool in Ableton.
[Step by step instructions](#)

[Eric Harland: Playing behind/on/ahead of the beat](#)

III. Synthesis

Assignment #3. Arrange beat into a song form and add synths (Submit by Tuesday, September 23th 11:59pm)

Friday, September 12th – meeting 11
Acoustics and Intro to Subtractive Synthesis

Intro to Acoustics. Timbre and the harmonic series. Introduction to Subtractive Synthesis. Automating the filter.
[Introduction to Acoustics & Synthesis lecture](#)
[Filters and automation](#)

Work:
Class post - 11. Filter Sweep
Asynchronous learning 3b. Oscillators, Envelopes and Modulation

Monday, September 15th – meeting 12
Oscillators, Envelopes and Modulation
Modulation with envelopes and LFO's. Pitch, filter cutoff and pulse-width modulation.
Creating a synthesized kick drum from scratch.

Work:
Class post - 12. Modulation
Asynchronous learning 3c. Exploring synthesized sounds

Wednesday, September 17th – meeting 13
Exploring synthesized sounds
Exploring iconic synthesizer patches.

Work:
Class post - 13. Iconic synth sounds
Asynchronous learning 3d. Re-making a 2010's hit synth

Friday, September 19th – meeting 14
Re-making a 2010's hit
Re-making Taylor Swift's "Don't blame me" synths. And how to sample anything from your laptop using Blackhole and multi-output.

Class post - 14. Taylor Swift re-make
Asynchronous learning 3e. Other types of synthesis

Monday, September 22nd – meeting 15

Other types of synthesis

Other types of synthesis: Wavetable, granular, FM

Work:

Class post - 15. Granular and Wavetable synthesis

Asynchronous learning 4a. The cultural impact of breakbeats. Ethics of sampling

Resources

[An Overview Of Logic Pro X's Powerful Synths](#)

[VCV Rack](#) – learn modular synthesis with free software

[What is Wavetable synthesis?](#)

[Wavetable Synthesizer Manual](#)

[Wavetable Synthesizer](#)

Ableton tutorials on Wavetable: [overview](#), [modulation matrix](#), [unison](#), [oscillator effects](#)

[Creating a Wavetable synthesizer sound from scratch](#)

Granular Synthesis:

What are the basics of granular synthesis? 3 articles: [Sound on Sound](#), [Wikipedia](#), [Soundfly](#), [Granulator II](#)

[Virtual Audio Cable \(VAC\)](#)

IV. Sampling

Assignment #4. Add samples to previous work by someone else in the class (Submit by Thursday, October 2nd 11:59pm)

Wednesday, September 24th – meeting 16

The cultural impact of breakbeats. Ethics of sampling.

Breakbeats and Sampling and their lasting impact on popular music.

Ethics of sampling. Genealogy of samples. WhoSampled.

[The cultural impact of breakbeats](#) ???

Work:

Class Post - 16. Sampling: Genealogy of a sample

Asynchronous learning 4b. Chopping (aka slicing) samples

Friday, September 26th – meeting 17

Chopping (aka slicing) samples

Basics of a Sampler Instrument. Modes: transposing, slicing, one-shot. Built-in filters. Slicing samples to create a drum beat.

Work:

Class Post - 17 - Sampling: Chopped drumbreak

Asynchronous learning 4c Diggin' the crates

LAST DAY TO CHANGE TO PASS/NO PASS GRADE OPTION

Monday, September 29th – meeting 18

Diggin' the crates

Warp modes, transposition. Aesthetics of sampling vocals and other instruments.

Work:

Class Post - 18. Sampling: sound design with samples

Asynchronous learning 4d. Making a beat with everyday sounds

****LAST CHANCE TO CHANGE TO PASS/NO PASS GRADE OPTION****

Wednesday, October 1st – meeting 19

Making a beat with everyday sounds

Sampling everyday sounds

[Creating a percussive beat with everyday sounds](#)

Work:

Class Post - 19. Sampling: everyday object

Asynchronous learning 5a. Equalizers

Resources

[Alan Lomax](#), [his field recordings](#)

Sources for samples:

[Vocal Downloads](#), [Sample Swap](#), [Cymatics](#), [Beat Academy](#)

[Two methods for slicing samples](#)

[More Simpler techniques](#)

Sampling: fair use, rights of use.

[Legal issues surrounding sampling in music](#)

[Drake's lawsuit](#)

[How Music Copyright Works: Sampling, Covers, Mixtapes & Fair Use](#)

[When You Need Permission to Sample Others' Music, from Nolo, a legal firm](#)

[A Tribe Called Quest say Lou Reed got all the money from 'Can I Kick It?'](#)

V. Effects (aka Signal Processing)

Assignment #5. Create a remix of an assignment #4 submission (Submit by Thurs October 16th 11:59pm)

Friday, October 3rd – meeting 20

Equalizers

Parameters of EQ. Relationship with filter. Demo of class activity. Intro to EQ's.

[Introduction to Equalizers](#)

Work:

Class Post - 20. Slum Village re-make

Asynchronous learning 5b. Delays

Monday, October 6th – meeting 21

Equalizers cont.

Wednesday, October 8th – meeting 22

Delays

Parameters of delays. Slapback delay and other iconic delay usages. Experimental uses of delays.

[Introductions to Delays](#)

Work:

Class Post - 22. Experimental delays

Asynchronous learning 5b. Reverbs

Friday, October 10th – meeting 23

Reverbs

Intro to reverb parameters and uses of reverb.

[Introduction to Reverbs](#)

Work:

Class Post - 23. Experimental Reverbs

Asynchronous learning 5d. Creative FX

Monday, October 13th – meeting 24

Creative FX's. Dub & the mixer as an instrument

Creative combination of effects. Parallel and serial processing. Effect racks. Effect morphing. Multi-band effects. Creating a Wet / Dry.

Work:

Class Post - 24. Dub Excellence remake

Wednesday, October 15th – meeting 25

Creative FX's. Dub & the mixer as an instrument cont.

Friday, October 17th – meeting 26

Listening party

Mandatory attendance

Work:

Class Post - 26. Feedback to three classmates

Asynchronous learning 6a. Group creation & group work

Resources

- compare [The Serial Loop and The Parallel loop](#), also [here](#).

[Creating a Wet / Dry with an Audio Rack effect](#). — [how to wet/dry anything in Ableton](#) – [saving this as a Template](#)

Using zones to morph between effects – [how to create a morphing multi FX](#)

Using Multi-band Effects Processing – Kadenze's course [Sound Production in Ableton Live for Musicians and Artists](#)

Meeting 8, number 8

VI. Introduction to Post-production and Mixing

Assignment #6: Work on a mix of an Assignment #4 or a Mike Senior Multitrack (Submit by Thursday, November 20th 11:59pm)

Assignment #7a: (submit by Sunday, November 9th 11:59pm)

Monday, October 20th – meeting 27

Group work

Groups are created for collective songwriting and production through the rest of the semester.

Work:

Class Post - 27. Brainstorming & Schedule

Asynchronous learning 6b. Into to Pro Tools - ON HOLD

Wednesday, October 22nd – meeting 28

Introduction to Pro Tools

Pro Tools overview, tools, inserts, editing tools

Work:

Class Post - 28. Pro Tools

Asynchronous learning 6c. Stem management - ON HOLD

Friday, October 24th – meeting 29

Stem management

Group work. Importing stems, best practices (aka: what to do with the FX!)

Work:

Class Post - 29. Stem import

Asynchronous learning 6d. Introduction to mixing

Monday, October 27th – meeting 30

Introduction to Mixing

Mixing. Introduction to Audio Engineering & mixing. Listening tests. Listening and critique (A/B listening). Mix overview and Groundwork.

[Lecture: Mixing](#)

[Hearing test online](#), [Loudness](#), [Decibels, loudness, phones and sones](#)

Work:

Class Post - 30. Select a project to Mix + Groundwork

Asynchronous learning 6e. Balance, panorama & frequencies

Wednesday, October 29th – meeting 31

Mixing – balance, panorama & frequency

Work:

Class Post - 31. In-class work update

Asynchronous learning 6f. Dimension

Friday, October 31st – meeting 32

Mixing – dimension

Work:

Class Post - 32. Mix progress II

Asynchronous learning 7a. Hardware

Resources

[Mixing: Frequency + "Fragile Thoughts" mix comparison. Worksheet.](#)

[Mixing: Frequency. Worksheet.](#) based on Owsinski, Bobby. ["The Mixing Engineer's Handbook"](#)

[Sound Gym](#)

[The Ear Training Guide for Audio Producers – NPR](#)

VII. Recording

Monday, November 3rd – meeting 33

Recording Hardware

Audio interfaces, Mics, types of signal and cables.

[Audio Interfaces](#), [Microphones and mic techniques](#)

Work:

Class Post - 33. Audio hardware lecture

Asynchronous learning 7b. Approaches & techniques

Wednesday, November 5th – meeting 34

Approaches & Techniques + Pre-production

Discussion: approaches to recording: live recording vs. multi-tracking (overdubbing).

Recording techniques for various sources and instruments, Recording vocals

Setting up recording in DAW, Recording session planning, I/O, Sends / Returns, Musicians mixes

Work:

Class Post - 34. Sign-up for a consultation date

Asynchronous learning 7c. Pre-production and comping

Friday, November 7th – meeting 35

Comping

Assignment #7b. All recordings, edit and optional instrument design & creative effects (Submit by November 21st 11:59pm)

Comping

Work:

Class Post - 35. Comping

Asynchronous learning 6g. Compression

LAST CHANCE TO DROP A COURSE WITH A GRADE OF W

Monday, November 10th – meeting 36

Instructor listening and feedback (Ass 7a – demo)

Resources

[Comparison of different microphone positions for orchestra instruments](#)

[How To Record Drums For 5 Genres](#)

VI. (continued) Mixing

Wednesday, November 12th – meeting 37

Mixing – Compression

Listening to Compression. Extreme example: a long guitar note. Phat snare. Parameters and typical applications.

[Theory and parameters.](#)

Drawbacks: [the Loudness War](#)

Work:

Class post - 37. Compression

Asynchronous learning 6h. Focal points, bussing, automation

Friday, November 14th – meeting 38

Student listening and feedback

Work:

Class post - 38. Feedback on 7a

Monday, November 17th – meeting 39

Mixing – Bussing for submixes and focal points

The importance of sub-groups (aka buses) in mixing. Using volume and compression automation to create focus.

Work:

Class Post - 39. Bussing for submixes and focal points

Asynchronous learning 6i. Mastering

Wednesday, November 19th – meeting 40

Introduction to Mastering

Introduction to [Mastering](#).

Why Master? Reference listening. Opening exports in Audacity.

Work:

Class Post - 40. Mastering

Friday, November 21st – meeting 41

Group work

Work:

Class Post - 41. Mixing goals

Resources:

[When to use different Compressor Types?](#)

[Mastering 2-Bus Compression To Improve Your Mixes | Production Expert](#)

VIII. Final projects

Assignment #7c. Final Mixdown (Submit by Tuesday, December 2nd 11:59pm)

Monday, December 1st – meeting 42

Careers in production/last minute final guidance

Work:

Class Post - 42. Careers in production, wrap up

Wednesday, December 3rd – meeting 43

Listening party!

ACADEMIC INTEGRITY

Students caught cheating or plagiarizing will receive a "0" for that particular assignment or exam [or specify alternative sanction, such as course failure]. Additionally, the incident will be reported to the Dean of Students (Office of Academic Integrity), who may impose further penalty. According to the UNT catalog, the term "cheating" includes, but is not limited to: a. use of any unauthorized assistance in taking quizzes, tests, or examinations; b. dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; c. the acquisition, without permission, of tests or other academic material belonging to a faculty or staff member of the university; d. dual submission of a paper or project, or resubmission of a paper or project to a different class without express permission from the instructor(s); or e. any other act designed to give a student an unfair advantage. The term "plagiarism" includes, but is not limited to: a. the knowing or negligent use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment; and b. the knowing or negligent unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

See: [Academic Integrity](#)

LINK: <https://policy.unt.edu/policy/06-003>

STUDENT BEHAVIOR

Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classrooms, labs, discussion groups, field trips, etc.

See: [Student Code of Conduct](#)

ODA STATEMENT

The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter. You can now request your Letters of Accommodation ONLINE and ODA will mail your Letters of Accommodation to your instructors. You may wish to begin a private discussion with your professors regarding your specific needs in a course. Note that students must obtain a new letter of accommodation for every semester. For additional information see the Office of Disability Access.

See: [ODA](#)

LINK: disability.unt.edu. (Phone: (940) 565-4323)

UNT Policy Statement on Diversity

UNT values diversity and individuality as part of advancing ideals of human worth, dignity and academic excellence. Diverse viewpoints enrich open discussion, foster the examination of values and exposure of biases,

help educate people in rational conflict resolution and responsive leadership, and prepare us for the complexities of a pluralistic society. As such, UNT is committed to maintaining an open, welcoming atmosphere that attracts qualified students, staff, and faculty from all groups to support their success. UNT does not discriminate on the basis of race, color, national origin, religion, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, or veteran status in its application and admission process, educational programs and activities, employment policies and use of university facilities.

See: [Diversity and Inclusion](#)

Final Exam Schedule, Spring 2023

See: [Fall 2024 Final Exam Schedule](#)

Link: <https://registrar.unt.edu/exams/final-exam-schedule/fall.html>

Financial Aid and Satisfactory Academic Progress

Undergraduates

A student must maintain Satisfactory Academic Progress (SAP) to continue to receive financial aid. Students must maintain a minimum 2.0 cumulative GPA in addition to successfully completing a required number of credit hours based on total hours registered. Students cannot exceed attempted credit hours above 150% of their required degree plan. If a student does not maintain the required standards, the student may lose their financial aid eligibility.

Students holding music scholarships must maintain a minimum 2.5 overall cumulative GPA and 3.0 cumulative GPA in music courses.

If at any point you consider dropping this or any other course, please be advised that the decision to do so may have the potential to affect your current and future financial aid eligibility. It is recommended that you to schedule a meeting with an academic advisor in your college or visit the Student Financial Aid and Scholarships office to discuss dropping a course before doing so.

See: [Financial Aid](#)

LINK: <http://financialaid.unt.edu/sap>

Graduates

A student must maintain Satisfactory Academic Progress (SAP) to continue to receive financial aid. Students must maintain a minimum 3.0 cumulative GPA in addition to successfully completing a required number of credit hours based on total registered hours per term. Music scholarships require a 3.5 cumulative GPA. Students cannot

exceed maximum timeframes established based on the published length of the graduate program. If a student does not maintain the required standards, the student may lose their financial aid eligibility.

If at any point you consider dropping this or any other course, please be advised that the decision to do so may have the potential to affect your current and future financial aid eligibility. It is recommended you schedule a meeting with an academic advisor in your college, an advisor in UNT-International or visit the Student Financial Aid and Scholarships office to discuss dropping a course.

See: [Financial Aid](#)

LINK: <http://financialaid.unt.edu/sap>

RETENTION OF STUDENT RECORDS

Student records pertaining to this course are maintained in a secure location by the instructor of record. All records such as exams, answer sheets (with keys), and written papers submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via the Canvas online system, including grading information and comments, is also stored in a safe electronic environment for one year. You have a right to view your individual record; however, information about your records will not be divulged to other individuals without the proper written consent. You are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the university's policy in accordance with those mandates.

See: [FERPA](#)

Link: <http://ferpa.unt.edu/>

COUNSELING AND TESTING

UNT's Center for Counseling and Testing has an available counselor whose position includes 16 hours per week of dedicated service to students in the College of Music and the College of Visual Arts and Design. Please visit the Center's website for further information:

See: [Counseling and Testing](#)

Link: <http://studentaffairs.unt.edu/counseling-and-testing-services>.

For more information on mental health issues, please visit:

See: [Mental Health Issues](#)

Link: <https://speakout.unt.edu>.

The counselor for music students is:

Myriam Reynolds

Chestnut Hall, Suite 311

(940) 565-2741

Myriam.reynolds@unt.edu

ADD/DROP POLICY

Please be reminded that dropping classes or failing to complete and pass registered hours may make you ineligible for financial aid. In addition, if you drop below half-time enrollment you may be required to begin paying back your student loans. After the 12th class day, students may drop a class up until the deadline through their my.unt portal. The last day for a student to drop a class in Spring 2023 is April 7. See Academic Calendar (listed above) for additional add/drop Information.

Drop Instructions: <https://registrar.unt.edu/dropping-courses>

STUDENT RESOURCES

The University of North Texas has many resources available to students. For a complete list, go to:

See: [Student Resources](#)

Link: <https://success.unt.edu/aa-sa-resources>

(Note: A printer-friendly PDF version is available by clicking the green button on the home page)

CARE TEAM

The Care Team is a collaborative interdisciplinary committee of university officials that meets regularly to provide a response to student, staff, and faculty whose behavior could be harmful to themselves or others.

See: [Care Team](#)

Link: <https://studentaffairs.unt.edu/care-team>
