What You'll Be Learning

Course Description: Lower-Level Applied Music (Classical Guitar)

Structure: 13 One-on-One private lessons, 25 minutes in length.

Learning Objectives:

Applied study in the classical guitar is designed to:

1. Develop a strong foundation in classical guitar technique, focusing on an exploration of an ergonomic, natural and personalized approach to the instrument that facilitates good tone production, comfort and ease when performing.
2. Explore musical and technical possibilities in passages that can provide the student with experience and tools to confront musical challenges from different musical periods and styles.
3. Develop personal musicianship by preparing repertoire, performing regularly and attending actively to studio activities, gaining professional experience, networking and good professional habits.

How We'll Learn Together

Please join me in creating an inclusive learning environment where we will learn together and from each other. I believe that applied lessons are one of the biggest learning experiences we can

have as musicians. This is a fantastic space to cross all musical barriers, bring challenges, learn different paths to find a solution, and become the musician that we all want to be.

During our lessons, I'll do everything I can to help you succeed. In return, I ask that you come prepared, practice with intention, stay curious, and be willing to experiment and ask questions.

The more effort you put into your learning, the more I can help you grow. My goal is to tailor our lessons to your strengths, challenges, and personal musical goals.

Required/Recommended Materials:

- A nylon-string classical guitar, subject to the approval of the instructor.
- A footstool, guitar support or similar device.
- Students must supply sheet music for their own repertoire. Check the University Library as many pieces can be found through the university or an interlibrary loan.
- Practice journal: Keep a journal documenting your weekly practice tasks, session time and goals.
- I recommend having a digital tuner or app that can assist you to tune the guitar before lessons and practicing. Along with a metronome app such as *Soundbrenner*.

Course Policies

Attendance, Tardiness, Rescheduling:

- Attendance is required at all lessons. 2 unexcused absences will lower the grade by one letter grade (i.e. "A" to "B"). More than three unexcused absences will result in an automatic drop.
- Punctual arrival is required: If you are late for your lesson more than 3 times, your grade will be lowered by one letter grade for every following instance of tardiness. I recommend scheduling a time for the lesson where you can guarantee having some minutes of practice earlier in the day as well as being able to arrive at the office a few minutes ahead of your scheduled lesson time so that you can relax and concentrate just on playing guitar. Bear in mind that the lessons are just 25 minutes long and they are scheduled back-to-back, so I will not be able to stay longer for the lesson if you are late.

- There will be no makeup lessons for missed sessions on behalf of the student. On the rare occasion of my absence, I will let you know in advance and we will reschedule for a time that works for us both.
- Attendance at weekly departmental meetings is highly encouraged but not mandatory for MUAS students.
- Attendance is required at all guitar concerts (student recitals, chamber music recitals, and guest artist performances), masterclasses, and events on campus. Unexcused absence at any of these events will result in your private lesson grade being lowered by one letter grade.

Lesson Grading and Expectations:

- Students will be asked by the instructor to practice a required amount of time per week and will assign them weekly goals. The practice time is generally 1 hour of practice per credit hour.
- At the beginning of every lesson, the student will share how their practice sessions went, the goals, challenges, strategies, and solutions they implemented. This should be recorded in the students' journal and demonstrated with examples of any challenge they had during their practice. Documentation of practice is worth 15% of the grade.
- Students are required to attend and be prepared for every lesson. Lesson Preparation and Progress (70%) is evaluated through weekly growth, completion of assignments, responsiveness to instruction and overall professionalism. Failure to consistently demonstrate progress toward instructional goals may negatively affect the Lesson Preparation and Progress portion of the final grade.
- Juries take place a week before final exams each semester and are required for all students. You will be exempted from juries if you are having a recital this semester. You will be required to perform new works learned this semester. Sightreading may also be included in all juries.
- Juries will be worth 15% of your final grade.
