Instructor: Johnnie Stark, Associate Professor, ART 256B
Office Hours: T/TH 10:00-10:30 a.m.; 12:30 – 1:00 p.m., 3:00 – 3:30 p.m., or by appointment
Email: Johnnie.Stark@unt.edu

Lecture/001: T/TH 9:00 - 9:50 a.m. ART 280
Lab/501: T/TH 10:30 - 12:20 p.m. ART 260
Lab/502: T/TH 1:30 - 3:20 p.m. ART 260

REQUIRED TEXTS

SUPPORTING TEXTS (from previous courses; available through INTD resource library and UNT Library Reserves)
- Sustainable commercial interiors, 2nd Ed. (P. Bonda & K. Sosnowchik)
- The codes guidebook and study guide for interiors, 5th ed., 6th ed. or 7th ed. (S.K. Harmon & K.E. Kennon)*
- Interior design and graphic standards (S.C. Reznikoff)*
- The graphic standard guide to architectural finishes (ARCOM, AIA)*
- Interior graphic standards, (M. McGowan & K. Kruse)
- BuildingGreen database (UNT Library e-sources)

COURSE DESCRIPTION
Interior Design: Space Planning IV. 3 hours (2; 4) Design of public/non-residential spaces: concept development, code analysis, systems furniture, ergonomics, lighting and building systems. Preparation of design presentation materials, design development and contract documentation. Prerequisites: ADES 3620, 3630, 3635 and 3645.

This comprehensive space planning studio simulates a commercial project design sequence through contract documentation. The purpose of the project activity is to synthesize knowledge gained through the academic program to this point, contribute to portfolio development, and prepare the student for advanced work. Course work will enhance and be enhanced by your internship experience. The physical parameters of the project will be provided, but each student will select a client and complete the required information gathering and programming.

A fundamental level of interior design skills competency is assumed to allow you to explore in-depth concept development and creative solutions on a large scale. The following topics will be addressed:

1. Data collection and analysis including site inventory of existing conditions
2. Concept and program development
3. User needs, functional relationships and space allocation (space planning)
4. Exposure to professional design studio through A&D mentor
5. Concept/design presentation
6. Sustainable design principles, strategies and best practices
7. Design documentation utilizing schedules, specifications, contract documents
8. Building codes, ADA and TAS compliance
9. Building systems coordination
10. Finishes and furnishings selection and specification
11. Time management and project organization
12. Preparation of an integrated set of contract documents

COURSE OBJECTIVES

1. In the context of a commercial space planning project, students will demonstrate the ability to prepare comprehensive documentation representing the programming, schematic, design development and documentation phases of the design process.
2. Through project work, students will demonstrate graphic, written and verbal communication skill competency.
3. Utilizing the prepared program and individual information gathering, students will analyze and extract information in order to formulate workspace planning, functional and aesthetic requirements.

4. Using information provided and individual information gathering, students will prepare a program report.

5. Through the completion of the project, students will demonstrate an understanding of organizing, analyzing & synthesizing information in the context of design concept development and problem-solving.

6. In the context of the class project, students will demonstrate an understanding of building codes, fire and life safety requirements, barrier-free design, and sustainable design issues.

7. In the context of the class project, students will demonstrate an understanding of LEED CI and WELL categories with an emphasis on Materials and Resources and Indoor Environmental Quality through the coordination of client selection, concept development, presentations, specifications, references, resources and working drawing content.

COURSE STRUCTURE
This studio course is offered with a lecture and lab component incorporated into 6 contact hours per week. This class also has an accompanying Canvas site for access to course information including handouts and drawing files. The coursework consists of one full-semester design project to be completed in 5 phases. Intermediate checkpoints are scheduled to assist you in meeting deadlines. A detailed project outline, production schedule and itemized list of required submittal materials will be provided.

Class will meet at the specified days and times including critiques, guest speakers, and field trips. Students will work in studio and participate in critiques/reviews during class hours. Students may be asked to work in small teams to present specialized information to the rest of the class. Critiques are an essential component of design studio. Participation in critiques, guest lectures, and field trips is essential. Students must be present for all presentations. The final working drawing submittal must be prepared in AutoCAD or Revit. The use of the CVAD Computer Lab is available for work outside of scheduled class time. Assignments will be submitted in digital form. If a student elects to print their construction drawings, the CVAD Computer Lab is available or, the retail cost is $75.00-100.00 for a hard copy set.

EVALUATION
A score sheet and evaluation checklist will be provided for each project phase sequence. Each sequence will be evaluated after the announced due date. Quizzes and exercises supporting project phases will be included throughout the semester. Total scores will be averaged and converted into a Final Letter Grade. Your grade will be determined based on the evaluation of the following assignment categories as follows:

| Phases 1,2,3 | Preliminary Presentation | 25% |
| Phase 4     | Design Development Presentation | 45% |
| Phase 5     | Contract Documents         | 25% |
| Quizzes/Exercises | Across all phases | 5% |

There is no final exam (see Schedule for Final Consultation times). The grading scale for this course is:

A = 100-90 (excellent)  D = 69-60 (poor; no credit for Interior Design major)
B = 89-80 (good)        F = 59-0 (failure; no credit for Interior Design major)
C = 79-70 (average)

Read all syllabus documents carefully – in print, on Canvas, in emails, etc. - prior to signing the form provided for the class. The form must be signed by September 1, 2022.
CIDA STANDARDS applicable to this course (Council for Interior Design Accreditation, [https://accredit-id.org/](https://accredit-id.org/))

**Standard 5. Collaboration**

*Interior designers collaborate and also participate in interdisciplinary teams.*

Students have **awareness** of:

a) the nature and value of integrated design practices.
b) the terminology and language necessary to communicate effectively with members of allied disciplines.

**Standard 7. Human-Centered Design**

*Interior designers apply knowledge of human experience and behavior to designing the built environment.*

Student work demonstrates **understanding** of:

a) the impact of the built environment on human experience, behavior, and performance.

Student work demonstrates the **ability** to:

e) apply human factors, ergonomics, and universal design principles to design solutions.

**Standard 13. Products and Materials**

*Interior designers complete design solutions that integrate furnishings, products, materials, and finishes.*

a) Students are **aware** of the influence of furnishings, objects, materials, and finishes on human wellbeing.

Student work demonstrates **understanding** of:

b) how furnishings, objects, materials, and finishes work together to support the design intent.
c) typical fabrication, installation methods, and maintenance requirements.
d) appropriate design or specification of products and materials in relation to project criteria and human wellbeing.
e) Students select and **apply** products and materials on the basis of their properties and performance criteria, including ergonomics, environmental attributes, life safety, and life cycle cost.
f) Students are **able** to lay out, design, and specify a broad range of appropriate products, materials, objects, and elements in support of the design intent.

**Standard 14. Environmental Systems and Comfort**

*Interior designers use the principles of acoustics, thermal comfort, and indoor air quality in relation to environmental impact and human wellbeing.*

a) Students are **aware** that design decisions relating to acoustics, thermal comfort, and indoor air quality have an environmental impact.

Students **understand**:

b) the principles of acoustical design.
c) appropriate strategies for acoustical control.

Students **understand**:

d) the principles of thermal design.
e) how active and passive thermal systems and components impact interior design solutions.
ADES 4630 – INTD: Space Planning IV

Students understand:

f)  the principles of indoor air quality.
g)  how the selection and application of products and systems impact indoor air quality.

Standard 15. Construction

Interior designers understand interior construction and its interrelationship with base building construction and systems.

a) Students have awareness of the environmental impact of construction.

Student work demonstrates understanding that design solutions affect and are impacted by:

b)  base-building structural systems and construction methods.
c)  interior systems, construction, and installation methods.
d)  detailing and specification of interior construction materials, products, and finishes.
e)  the integration of building systems including power, mechanical, HVAC, data/voice telecommunications, and plumbing.
f)  monitoring systems including energy, security, and building controls systems.
g)  vertical and horizontal systems of transport and circulation including stairs, elevators, and escalators.
h)  Students understand the formats, components, and accepted standards for an integrated and comprehensive set of interior construction documents.

Students are able to:

i)  read and interpret base-building construction documents.
j)  contribute to the production of interior contract documents including drawings, detailing, schedules, and specifications appropriate to project size and scope.

Standard 16. Regulations and Guidelines

Interior designers apply laws, codes, standards, and guidelines that impact human experience of interior spaces.

a) Students have awareness of the origins and intent of laws, codes, and standards.

Student work demonstrates understanding of laws, codes, and standards that impact health, wellness, security, and fire and life safety, including:

b)  sustainable environment guidelines.
c)  compartmentalization: fire separation and smoke containment.
d)  movement: access to the means of egress including stairwells, corridors, exitways.
e)  detection: active devices that alert occupants including smoke/heat detectors and alarm systems.
f)  suppression: devices used to extinguish flames including sprinklers, standpipes, fire hose cabinets, extinguishers, etc.

Students apply:

g)  industry-specific regulations and guidelines related to construction.
h)  industry-specific regulations and guidelines related to products and materials.
i)  federal, state/provincial, and local codes and guidelines.
j)  barrier-free and accessibility regulations and guidelines.

CLASSROOM PROCEDURES AND ACADEMIC POLICIES

FACULTY/STUDENT COMMUNICATION

All online communication between faculty and students must use the student’s my.unt.edu email account address. The class CANVAS site and email will be used extensively for communication. Faculty may not use a student’s personal email account to distribute information, but students may elect to forward email received through my.unt.edu to their personal email. Students are responsible for checking/Managing their my.unt.edu email to keep current on course
DESCRIPTION
The instructor retains the right to change the course syllabus and schedule without notice.

CORONAVIRUS UPDATES
Current and updated information can be found at http://healthalerts.unt.edu. Current information from the UNT site will supersede information printed in this document.

ATTENDANCE POLICY
Attendance is mandatory and applies to both lecture sessions and individual consultations. The instructor and class members can offer constructive criticism only if you are present and receptive. Also, changes may occur in content or scheduling during the semester. If you are not present when information is discussed, you will not be able to make the necessary revisions.

Students are responsible for communicating with the instructor regarding attendance, tracking their absences, and obtaining any missed material. The instructor will not use class time to repeat information missed due to absence. On consultation days, failure to attend your assigned appointment will constitute an absence. No make-up opportunities will be given to any student unless that student presents the professor with documentation of a doctor's appointment, health test result, etc. Please contact the instructor via email in the event of extenuating circumstances.

As per University policy regarding food, drink, and smoking: there is to be none of the above in the classrooms and associated spaces. In consideration of the group, please do not use cell phones (including texting), during class.

Laptops are to be used for class-supportive activity only. You are also expected to keep all work areas clean and all University equipment in good order.

ACCEPTABLE STUDENT BEHAVIOR
Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at http://deanofstudents.unt.edu/conduct.

ACADEMIC DISHONESTY AND PLAGIARISM POLICY
Academic dishonesty includes cheating, fabricating or falsifying information or sources, improper collaboration, or submitting the same paper/work for different classes without permission. Plagiarism occurs when you deliberately or unintentionally use another person's language, ideas, design or materials and present them as your own work without properly acknowledging and citing the source. The University of North Texas considers plagiarism a serious form of academic dishonesty. Avoid plagiarism by carefully and correctly citing your sources whenever you use someone else's words, equations, graphics, or ideas. Cite sources carefully, completely, and meticulously; when in doubt, cite. For the university's policy on Academic Integrity, please refer to https://facultysuccess.unt.edu/academic-integrity. Any act of academic dishonesty including unauthorized assistance in taking quizzes, tests; dependence upon aid of sources beyond those authorized by the instructor; a dual submission of a paper or project; or any other act designed to give a student an unfair advantage in this class will receive an F on the assignment/project/test, possible dismissal from the class with a final grade of F, and will be reported to the Dean of Students (Office of Academic Integrity), who may impose further penalty depending upon the severity of the violation.

CLASS RECORDINGS
Any (live) sessions in this course that are recorded, e.g., guest speakers, etc., are for students enrolled in this class. Class recordings are the intellectual property of the university or instructor and are reserved for use only by students in this class and only for educational purposes. Students may not post or otherwise share the recordings outside the
class, or outside the Canvas Learning Management System, in any form. Failing to follow this restriction is a violation of the UNT Code of Student Conduct and could lead to disciplinary action.

CONFIDENTIALITY STATEMENT
Programmatic information, base building drawing and documentation, electronic files, and other support materials have been provided for this class by a professional design office. These materials are for instructional use only and may not be mass-produced or distributed for any purpose other than to fulfill course requirements for this class.

LATE WORK
All work is due in the classroom no later than the date/time specified on the project schedule. No work will be considered after the due date unless an absence form or doctor’s appointment/note has been submitted (see Attendance Policy). A project will not be considered for a passing evaluation if any project phase is incomplete or not submitted.

INCOMPLETE
An Incomplete Grade is a non-punitive grade given only during the last one fourth of the semester and only if the student is passing the course and has a justifiable reason, beyond the control of the individual student. Students may request an Incomplete per the Registrar guidelines, see http://registrar.unt.edu/grades/incompletes. The student must complete the unfinished work on or before the date specified by the instructor when the Incomplete is granted. Failure to complete the entire work assignment on or before the specified completion date will result in a final grade of an “F” with no consideration given to partially completed work. Please note than an Incomplete is reserved solely for extenuating circumstances and will be granted at the discretion of the instructor.

SATISFACTORY ACADEMIC PROGRESS AND FINANCIAL AID
A student must maintain Satisfactory Academic Progress (SAP) to continue to receive financial aid. If a student Does not maintain the required standards, the student may lose their financial aid eligibility.

A student must maintain a minimum 2.0 cumulative GPA in addition to successfully completing a required number of credit hours based on total hours registered. Students cannot exceed attempted credit hours above 150% of their required degree plan. If a student does not maintain the required standards, the student may lose their financial aid eligibility. If at any point you consider dropping this or any other course, please be advised that the decision to do so may affect your current and future financial aid eligibility. It may be wise for you to schedule a meeting with an academic advisor in your college or visit the Student Financial Aid and Scholarships office to discuss dropping a course before doing so.

Satisfactory Academic Progress | Financial Aid and Scholarships (unt.edu)
For this class, students will receive feedback on their grade status throughout the semester.

ADD/DROP POLICY
Please be reminded that dropping classes or failing to complete and pass registered hours may make you ineligible for financial aid. In addition, if you drop below half-time enrollment you may be required to begin paying back your student loans. After the 12th class day, students must first submit a completed “Request to Drop” form to the Registrar’s Office. The last day for a student to drop a class in Fall 2022 is November 18. Information about add/drop may be found at:
See Academic Calendar (listed above) and Syllabus Calendar

STUDENT PERCEPTIONS OF TEACHING (SPOT)
The SPOT evaluation is a requirement for all organized classes at UNT and an important part of your class participation. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. Student feedback is invaluable for instructors in the improvement of teaching methods.

STUDENT RIGHTS AND WELLBEING

CENTER FOR STUDENT RIGHTS AND RESPONSIBILITIES
Each University of North Texas student is entitled to certain rights associated with higher education institutions. See www.unt.edu/csrr for further information. Cases of academic dishonesty will be referred to University authorities. See UNT Policy 06.003 on Student Academic Integrity.
COURSE RISK FACTOR
This class has been assigned a level 2 Risk Rating, a course in which students are exposed to some significant hazards but are not likely to suffer bodily harm. With the extensive use of digital file management and presentation techniques, risks from presentation processes and materials that include but are not limited to spray adhesives, fixatives, x-acto knives, etc., are increasingly rare. Students will be informed of any potential health hazards or potential bodily injury connected with the use of any materials and/or processes and will be instructed how to proceed without danger to themselves or others.

ODA STATEMENT
The University of North Texas and CVAD makes reasonable academic accommodation for students with disabilities. In keeping with this commitment and in order to facilitate equality of educational access, faculty members in the College will make reasonable accommodations for qualified students with a disability, such as appropriate adjustments to the classroom environment and the teaching, testing, or learning methodologies when doing so does not fundamentally alter the course.

UNT makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide a student with an accommodation letter to be delivered to faculty to begin a private discussion regarding one’s specific course needs. Students may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester, and must meet with each faculty member prior to implementation in each class.

As a student, if you have a disability, it is your responsibility to obtain verifying information from the Office of Disability Accommodation (ODA) and to inform your instructor of your need for an accommodation. Requests for accommodation must be given to the instructor no later than the first week of classes for students registered with the ODA as of the beginning of the current semester. If you register with the ODA after the first week of classes, your accommodation requests will be considered after this deadline.

SEXUAL DISCRIMINATION, HARASSMENT, & ASSAULT
UNT is committed to providing an environment free of all forms of discrimination and sexual harassment, including sexual assault, domestic violence, dating violence, and stalking. If you (or someone you know) has experienced or experiences any of these acts of aggression, please know that you are not alone. The federal Title IX law makes it clear that violence and harassment based on sex and gender are Civil Rights offenses. UNT has staff members trained to support you in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, helping with legal protective orders, and more.

UNT’s Dean of Students’ website offers a range of on-campus and off-campus resources to help support survivors, depending on their unique needs: http://deanofstudents.unt.edu/resources. Survivor student advocate can be reached through e-mail at Survivor Advocate | Division of Student Affairs (unt.edu) or by calling the Dean of Students’ office at 940-565-2648. You are not alone. We are here to help.

CARE TEAM
The Care Team is a collaborative interdisciplinary committee of university officials that meets regularly to provide a response to student, staff, and faculty whose behavior could be harmful to themselves or others.
See: Care Team
Link: https://studentaffairs.unt.edu/care-team

UNT POLICY ON DIVERSITY
UNT values diversity and individuality as part of advancing ideals of human worth, dignity and academic excellence. Diverse viewpoints enrich open discussion, foster the examination of values and exposure of biases, help educate people in rational conflict resolution and responsive leadership, and prepare us for the complexities of a pluralistic society. As such, UNT is committed to maintaining an open, welcoming atmosphere that attracts qualified students, staff, and faculty from all groups to support their success. UNT does not discriminate on the basis of race, color, national origin, religion, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, or veteran status in its application and admission process, educational programs and activities, employment policies and use of university facilities.
See: Diversity and Inclusion
Link: https://idea.unt.edu/diversity-inclusion

EMERGENCY PROCEDURES

ACCESS TO INFORMATION – Eagle Connect. Students’ access point for business and academic services at UNT is located at my.unt.edu. All official communication from the University will be delivered to a student’s Eagle Connect account. For more information, please visit the website that explains Eagle Connect and how to forward e-mail: eagleconnect.unt.edu/

EMERGENCY NOTIFICATION & PROCEDURES
UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to Canvas for contingency plans for covering course materials.

In case of a building emergency (alarm will sound), please follow the building evacuation plans posted on each floor of your building and proceed to the nearest parking lot. In case of a tornado (campus sirens will sound) or other weather-related threat, please go to the nearest hallway or room on your floor without exterior windows and remain there until an all clear signal is sounded. Follow the instructions of your teachers and act accordingly.
RETENTION/REPRODUCTION OF STUDENT WORK

Student records pertaining to this course are maintained in a secure location by the instructor of record. All records such as exams, answer keys, written papers and projects submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via Canvas is also stored in a safe electronic environment for one year. Students have the right to view their individual records; however information about students’ record will not be divulged to other individuals without proper written consent. Students are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the University’s policy. See UNT Policy 10.10, Records Management and Retention for additional information. [http://ferpa.unt.edu/](http://ferpa.unt.edu/)

Some of the work produced for this class may be retained or copied for future use by the college, department or program. Students are required to read the policy and determine if they give permission for their work and personal image to be reproduced.

See the Permission to Use Student Work Form in your syllabus documents. A signature sheet will be provided.

Additional clarification: The Design Department has the right to retain any and all student work for NASAD (National Association of Schools and Design) and CIDA (Council for Interior Design Accreditation) accreditation reviews. It is the student’s responsibility to document their work for personal purposes. Students will be allowed to photograph their work prior to retention.

Read all syllabus documents carefully – in print, on Canvas, in emails, etc. - prior to signing the form provided for the class. The form must be signed by September 1, 2022.
