SYLLABUS AND COURSE REQUIREMENTS SUPPLEMENT
INSTRUCTOR - Professor Dizack Philip.Dizack@unt.edu

Spring 2021

Course Description: The Jazz Combo program provides students with the opportunity to rehearse and perform both new and established works in the repertory of Jazz and the American songbook. The techniques of jazz improvisation, jazz style characteristics, and elements of formal jazz structure will be studied. This course is open by audition with consent of the director and preference will be given to those who passed the ICE.

Course Objectives: The main objective of this course is to help each participant achieve the competencies necessary to become a well-rounded, career-minded musician. The goal of the Jazz Chamber Music program at UNT is to develop poised, independent musicians who demonstrate technical competence, an understanding of styles, and a working knowledge of the literature for the small ensemble. The student, upon successful completion of the required course of study, will have developed the skills to teach themselves or others these very concepts.

Course Requirements: The Jazz Combos will rehearse two hours per week with the coach, and one time without the coach. The Student Coordinator of the group will act as leader during these required rehearsals. The one un-coached rehearsal will also occur between the JCM hours of 4-5 on Mondays through Fridays and have been scheduled below.

Attendance: Active participation at all scheduled rehearsals, performances, and specified other events is required. Rehearsals missed without prior approval, or legitimate reason will affect your grade. If an illness occurs shortly before a rehearsal, the student must notify the Student Coordinator via phone or text. You are to find a sub to ensure the rehearsal session occurs. Keep in mind that subbing in a small group is quite different than within a Lab Band. You should always have written music in the case that you are sick, so please take concise notes for your potential sub.

Rehearsal Preparation: Be on time and warmed up for rehearsals and performances. Have with you all the music, necessary equipment, and a pencil for markings. Excellent preparation is expected.

Repertoire: The Jazz Combo will perform a variety of materials throughout the semester. These will include but not be limited to transcriptions, original works, student compositions, and standard repertoire for the ensemble.

Combo Makeup and Formation: Each grouping of students within Jazz Chamber Music will be comprised of a four-piece rhythm (piano, bass, guitar, drumset or percussion) and four-piece front line sections (brass, woodwinds, vocalists, strings, vibraphone). If there is not sufficient instrumental representation by enrollment to meet this standard, then alternative substitutions will be considered.

The full-time faculty who instruct the course will assign students to their Combos and make determinations of who the Student Coordinator will be as well as their mentor coaches. These decisions will be made in collaboration with studio faculty across the Division of Jazz Studies and will take lab band auditions into account. Performing in a Lab band is required to participate in Jazz Chamber Music. Only in rare cases will a student be cleared to participate in JCM without Lab Band participation. The student must petition the Division Chair and appropriate studio instructors for exceptional consideration.

Course Learning Goals and Expectations:

- The student will demonstrate the analytical and aural skills to actively and skillfully apply and perform the repertory of the ensemble.
- Students will demonstrate an understanding of the common elements and organizational patterns of music and their interaction by successfully working musical problems in performance.

- Students will demonstrate the technical skills requisite for artistic self-expression within the small jazz combo.
- Students will demonstrate the ability of self-directed learning through improved performance on ensemble music due to private practice.
- Students will demonstrate the knowledge and skills sufficient to work as a musically literate citizen in the role of a leader and collaboration with others.
- Students will demonstrate the professional ethics necessary to work in partnership with others in the ensemble.
- Students will demonstrate the ability to work professionally and collaboratively with diverse groups and individuals in the combo.
- An essential learning goal of the small jazz ensemble is to provide current and professionally accepted instruction in jazz performance and pedagogy using the medium of the “Small group or Jazz Combo.” Coaching focuses on Improvisation, musicality, and creativity.

Educational Outcomes: Students will demonstrate proper standards of rehearsal etiquette and successfully complete scheduled concerts throughout the semester.

Assessment: The following factors will be considered in awarding a final grade for each semester.

- Attendance at all rehearsals and performances
- Preparation of assigned music
- Attitude and communication

An unexcused absence from a required rehearsal will result in a lowering of the final grade.

An unexcused absence from a required performance will result in a grade of an F for the semester. No exceptions.

GRADES:

The grading scale is: A = 89.5-100; B = 79.5-89.4; C = 69.5-79.4; D = 59.5-69.4;

F = 59.4 and below

Performances: Each combo will participate in a recording session at the end of each semester with the goal to yield 30-45 minutes of music. The time spent in the studio will include the actual recording session and the mixing to provide a finished product representing the very best work possible. Recording session dates will occur the weekend of October 10, 11 for the first 8 week semester, and November 14 and 15 for the second 8 week semester.

The Instructor reserves the right to make changes to this syllabus with proper notification.
