Course Description for MGMT 5710

This course will give students an understanding of the strategic purposes of the firm as both an economic and social entity within society. Topics for the course include: ethics in business and ethical decision making, corporate social responsibility, and stakeholder management. An examination of the organization’s relationship to various stakeholders will include shareholders, employees, customers, and the environment. Ethical dilemmas related to each topic are identified and analyzed. Students should consider the course an exercise in applied philosophy, designed to increase critical thinking skills for the purpose of producing more ethical business practices.

Canvas & Technology

- You can access the course at https://unt.instructure.com
- Login using your EUID and Password
- Click “MGMT 5710” from the list of courses

Please note that Canvas relies exclusively on electronic technologies for online participation, and technology is not a 100% reliable. Students assume ALL responsibility for the operating condition of personal computers and the functionality of individual Internet connections. While the class is taught primarily in-person, students are expected to be able to navigate the Canvas course site to access information and submit assignments.

Please immediately report ALL Canvas problems to the UNT helpdesk at 940.565.2324. Be sure to ask for a ticket number and then email the ticket number to me along with the report from the helpdesk. Without a ticket number, I can’t follow up on the technical issue. Technical difficulties will be resolved as they appear on a case by case basis.

EUID ACCESS AND PASSWORDS:

Enterprise User Identification Numbers (EUID’s) and passwords are required by the University of North Texas to access this course. It is the student’s responsibility to maintain a current EUID number and password. You may reset your password at https://ams.unt.edu/acctreq.php.

Class Structure

This course is taught exclusively online, through Canvas, and it is the student’s responsibility to be able to access, and appropriately use, online materials and complete course requirements as assigned in the course schedule provided in the syllabus.

Students are expected to read all the assigned materials on time, per the course calendar in the syllabus. Lecture notes and other materials posted online are not a substitute for thorough reading of the chapter. Additional material, which may include video segments or articles may be assigned from time to time. Often, this material will reflect content that is newly identified as relevant to the course, and is therefore not specified on the syllabus.

Discussion posts and exams are made available on a scheduled basis throughout the semester. For the discussion forums to work effectively, you must have read, viewed and thought about all assigned material. A good rule of thumb is to spend as much time analyzing and preparing the material as you do reading it. Exams and quizzes will only be open for small periods of time, which will not change, and are published in the course at the beginning of the semester so students may plan ahead.

ASSIGNMENT SUMMARIES & DESCRIPTIONS

Reading Quizzes (7 @ 35 points each)

Students will take short quizzes (6-10 questions) that cover key concepts and themes from the reading each week. These quizzes are relatively low stake opportunities to focus on thematic takeaways from readings in business ethics. These will be high level questions about basic concepts, themes, and arguments presented in the text.

Discussion Boards (7 @ 50 points each)

Students will participate in a weekly discussion board with peers. The prompts for these forums will be based on discussion questions at the end of assigned chapters. These are opportunities to qualitatively reflect upon the material and for students to broaden the scope of their understanding about the material by engaging with peers.

CSR Presentation (100 points)

Students will record a presentation for the class on the need for reform in the business world toward greater corporate social responsibility. Topics may include environmental, social, or operational concerns. The presentations will be in the form of a Pecha Kucha, a brief, highly structured presentation format. This is an opportunity for students to use the material in the class to personally advocate for change in modern business practices in an area important to them. There are several models and a diversity of ideas around CSR in our text for students to pull from when selecting an area in which to advocate for change.

Personal Ethics Framework (100 points)

Students will create a personalized decision-making road map that highlights the ethical values that they will use in professional settings. Every great theory of ethics is explicated by hypothetical scenarios that highlight how values come into play, underlying beliefs about human nature, and what the end goal of ethical reasoning is. Students will use composites of different ethical theories covered in the course and combine them with their own values to create a personal framework for making ethical decisions. This framework will be explained through the use of scenarios in the professional world.

In Part II of the assignment, students will be tasked to apply their framework to an ethical dilemma in the business world. This scenario will not be released until students have formulated and submitted their ethical framework. The emphasis is here on operationalizing a set of ethical principles in a situation with complex stakeholder interests.

Final Exam (200 points)

The final exam will be a mix of multiple choice, true-false, matching, and open-ended short answer questions. Unlike the reading quizzes, the final exam does not focus on recall of facts from course material, but more application of course material. The final exam will be heavily scenario-based and task students to identify, apply, and understand course material in the context of modern business practices.

The Instructor reserves the right to make changes to this syllabus if needed. Notices will be delivered electronically in advance of changes being made.
ACADEMIC INTEGRITY

According to UNT Policy 06.003, Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to cheating, fabrication, facilitating academic dishonesty, forgery, plagiarism, and sabotage. A finding of academic dishonesty may result in a range of academic penalties or sanctions ranging from admonition to expulsion from the University. All violations of the Student Academic Integrity policy will be reported. Usage of cell phones, iPhones, cameras, or any other electronic device is not allowed during a test; nor is talking to other students, soliciting or giving help. Copying, photographing, or disseminating the questions in any form is prohibited. Remember, the exam questions are randomized so you will NOT see the same questions in the same order as your classmates. The course will utilize TurnItIn as a plagiarism checker.

DROPPING THE COURSE:

If you decide it is necessary to drop the course, please adhere to the Academic Calendar on the Registrar’s website: http://www.unt.edu/catalog/. Please note that Monday, November 4, 2020 is the last day for a student to drop a course. With regards to dropping the course, you will need to go to the following link: https://registrar.unt.edu/registration/dropping-class and click on Request to Drop Class form. If you have questions or need assistance you may go by the Department of Management in the Business Leadership Building – room 207.

EMERGENCY ALERTS:

The University of North Texas has an emergency Notification System, Eagle Alert (https://www.unt.edu/eaglealert/), which has the capability of calling or text messaging emergency notices. As a student, you may also register with Eagle Connect Alert to receive notification of any warnings or campus closings that are announced. Instructions for enrollment can be found at my.unt.edu. The University’s radio station, KNTU 88.1 FM and website http://www.unt.edu, will provide updated information during an emergency situation.

COLLEGE EMERGENCY EVACUATION PROCEDURES:

Severe Weather: In the event of severe weather, all building occupants should immediately seek shelter in the designated shelter-in-place area in the building. If unable to safely move to the designated shelter-in-place area, seek shelter in a windowless interior room or hallway on the lowest floor of the building. All building occupants should take shelter in rooms 055, 077, 090, and the restrooms on the basement level. In rooms 170, 155, and the restrooms on the first floor.

Bomb Threat/Fire: In the event of a bomb threat or fire in the building, all building occupants should immediately evacuate the building using the nearest exit. Once outside, proceed to the designated assembly area. If unable to safely move to the designated assembly area, contact one or more members of your department or unit to let them know you are safe and inform them of your whereabouts.

Persons with mobility impairments who are unable to safely exit the building should move to a designated area of refuge and await assistance from emergency responders. All building occupants should immediately evacuate the building and proceed to the south side of Crumley Hall in the grassy area, west of parking lot 24.

COURSE EVALUATIONS:

This semester, UNT will administer course evaluations online (the “SPOT” – Student Evaluation of Teaching). The evaluations are used to evaluate faculty performance and provide guidance on what can be improved (also tell us what you like!). These are very important to me as you are the reason I’m here. I truly value your feedback and very much appreciate you taking the time to complete the evaluations which will be administered towards the end of the semester. You will be notified on Canvas and via your UNT email once the evaluations open.
ASSIGNMENTS & DUE DATES POLICY:

I have a longstanding policy of not accepting late work, however, in light of the current upside down nature of society I am trading that in for a steep grade reduction policy on late work. Due dates are published well in advance and you are encouraged to submit early to avoid technical difficulties, which are your responsibility to resolve and not a justification for late work. If you have a legitimate reason under University policy you should (a) contact your professor in advance to provide notification/verification or (b) work with the Dean of Students Office after the fact to provide your faculty with verification. Late submissions not excused by University policy will be subject to 50% reduction for the first twenty-fours and then a 75% reduction thereafter.

DISABILITY ACCOMMODATION:

UNT makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide a student with an accommodation letter to be delivered to faculty to begin a private discussion regarding one’s specific course needs. Students may request accommodations at any time, however, ODA notices of accommodation should be provided to me within the first week of the semester. Note that students must obtain a new letter of accommodation for every semester. For additional information see the ODA website at http://disability.unt.edu.

ACCEPTABLE STUDENT BEHAVIOR:

Act professionally and respectful at all times. Student behavior that interferes with an instructor’s ability to conduct a class, or other students’ opportunity to learn, is unacceptable, disruptive, and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior may be referred to the Dean of Students to review whether the student’s conduct violated the Code of Student Conduct. The Code of Student Conduct can be found at https://conduct.unt.edu. Any person who believes that a violation of University policy has been committed by a student can go to https://report.unt.edu and report the allegation.
