

Welcome to BAAS 3000 – Pathways to Civic Engagement!

This is an **online** course. All coursework is delivered [asynchronously](#) in Canvas.

Instructor

Dr. Kara A. Fulton, *Clinical Professor*, Kara.Fulton@unt.edu

Connecting with each other in large classes, especially online, can be challenging. Please always feel free to reach out to me, even if it's just to say hi! 😊

Teaching Assistant (TA):

- Martha Espinoza, Martha.Espinoza@unt.edu

Office Hours are posted in Canvas. The purpose of office hours is to get help -- that can be with things from class you don't understand or are struggling with, topics you want to pursue in greater detail, or to talk about grad school/internships/research/etc.

Communication Expectations

Important: Only send email from your official UNT email address or using Canvas messages. Messages from other platforms are likely to go to the spam folder and may not be answered. **Please allow up to 48 hours for a response (excluding weekends).**

1. For **general questions** about the course or assignments, post to the Class Q & A discussion forum on Canvas so that it's beneficial to the whole class.
2. For questions about grades, contact your TA.
3. For **questions about anything else**, contact your professor.

It's completely okay to have questions - in fact, I expect you to have some! This is a college class, meaning **you're expected to learn new knowledge and how to do new things**. Some aspects of this course are challenging for many students. You are not alone in this learning process, and **we're all here to help support each other**.

Communication Resources

- [Online Communication Tips](#)
- [Advice for Emailing Professors](#)

I value the many perspectives students bring to our campus. Please work with me to create a classroom culture of open communication and mutual respect. All discussions should be respectful and civil. Although disagreements and debates are encouraged, personal attacks are unacceptable. Together, we can ensure a safe and welcoming classroom for all. If you ever feel like this is not the case, please let me know. **We are all learning together.**

Managing Life Crisis and Finding Support

I am not just your instructor, but also a fellow human being. I care about your well-being and want to support you outside this class if needed. Should you encounter an unexpected crisis during the semester (i.e., securing food or housing, addressing mental health concerns, managing a financial crisis, and/or dealing with a family emergency, etc.), I strongly encourage you to contact the Dean of Students by submitting a [CARE referral](#) for yourself or a peer in need of support. If you are uncomfortable doing so on your own, please know that I can submit a referral on your behalf – just email me or schedule a meeting with me. To learn more about the Dean of Students, please find their website [here](#).

Chosen Names and Pronouns

Chosen Names

A chosen name is a name that a person goes by that may or may not match their legal name. If you have a chosen name that is different from your legal name and would like that to be used in this class, please let me know. Below is a list of resources for updating your chosen name at UNT.

- [UNT Records](#)
- [UNT ID Card](#)
- [Legal Name](#)

Please note that UNT EUIDs cannot be changed at this time.

Pronouns

Pronouns (she/her, they/them, he/him, etc.) are a public way for people to address you, much like your name, and can be shared with a name when making an introduction, both virtually and in-person. Just as we ask and don't assume someone's name, we should also ask and not assume someone's pronouns. You can [add your pronouns to your Canvas account](#) so that they follow your name when posting to discussion boards, submitting assignments, etc.

Below is a list of additional resources regarding pronouns and their usage:

- [What are pronouns and why are they important?](#)
- [How do I use pronouns?](#)
- [How do I share my pronouns?](#)
- [How do I ask for another person's pronouns?](#)
- [How do I correct myself or others when the wrong pronoun is used?](#)

Course Description

Promotes understanding of self in relation to theory and practice of civic engagement. Topics include the history of civic engagement and civil society, earning and spending social capital, voluntary sector engagement, trends in civic engagement in the U.S. and social issues. This course has a service-learning requirement.

Additional Information

This course will examine the various ways that individuals engage in a democratic society during the 21st century. Students reflect on their involvement, and sense of responsibility to something beyond individual pursuits, and how they can make a difference within the various contexts of neighborhoods, communities, nationally, and globally. Exploration of relevant social problems, critical examination, and reflection on what it means to be a citizen within these various contexts, as well as an examination of personal values and assumptions, assist students in gaining a deeper understanding of themselves relative to the larger social context. This course also provides opportunities for the development of civic skills and values to enhance the student's capacity to positively impact their community.

Core category: Social and Behavioral Sciences

Course Objectives

Having completed this course, students will:

1. Evaluate and utilize diverse or contradictory points of view to address a social problem or issue.
(Critical Thinking)
2. Demonstrate effective written and oral communication skills during a civic engagement activity.
(Communication)
3. Effectively collaborate with others through tailoring strategies to express, listen, and adapt in order to enhance the team process.
(Teamwork)
4. Generate solutions to a social problem or issue; reflect on and evaluate outcomes.
(Innovation)

Required Materials

There is one required text, which is **available as an e-book for free through the library**. All other materials for this course will be available through Canvas. Course materials include, but are not limited to, e-books, websites, articles, and videos. If you're reading this sentence before the end of the first week of class, send me an email with the subject line "Water Bear, Don't Care"; in the body of the message include the name of this course and an image of a tardigrade. I will award you ten points extra credit as a thank you for reading the syllabus.

Being Successful in this Course

- Pay close attention to due dates, **deadlines are firm**.
- Cite sources, giving credit to where you obtain information.
- Collaborate respectfully with others.
- Commitment to spend at least 9 hours a week on the course. Some students may need more time than that to do well in the course.

Teaching Philosophy for BAAS 3000

This course will take a highly interactive and facilitative approach to teaching and learning in which learning opportunities are created, and students are expected to be actively engaged. The goals of utilizing these approaches include developing student competencies in the areas of collaboration, communication, and problem-solving, as well as gaining a deeper understanding of social problems. Students will be expected to actively participate in small group dialogues, group learning projects, and large class discussions.

Service-Learning

Service learning is integrated throughout this course, which means that you will be required to work with a community organization throughout the semester on a specific project with a specified output. Options for community engagement are provided on Canvas. Although there may be individual components, each service learning project will be completed collaboratively by a student team.

Service learning is not simply volunteering – it is “a teaching and learning strategy that integrates meaningful community service with instruction and reflection to enrich the learning experience, teach civic responsibility, and strengthen communities.” *In other words, service learning provides you an opportunity to apply course content in a real-world context while reflecting on the impact of this experience on yourself and the community.*

Assessment and Grading

Assessment Overview

This course provides various ways for students to learn, including discussions, quizzes, group projects, reflective writing, readings, and videos. **Students who fail to complete any assessment by the due date will receive a “0” – no late work is accepted.**

Discussion is essential to the course. You will be asked to share your ideas, opinions, and experiences with others in the class. While no one is forced to talk about issues that create discomfort, all students are expected to participate in the discussions by sharing ideas and comments that help the class consider the topics deeply.

Use of Canvas

Copies of the syllabus, assignments, grades, instructor contact information, calendar, and other important course documents can be found on the course Canvas site. Assignments will be submitted via Canvas. Written work may be submitted using a plagiarism detection software program. Look for details on how to submit those assignments on the Canvas class site.

Use of Artificial Intelligence (AI)

You may use AI programs (e.g., ChatGPT) to help generate ideas, brainstorm, and better understand course content. However, you should note that the material generated by these programs may be inaccurate, incomplete, or otherwise problematic. Beware that use of AI tools may also stifle your own independent thinking and creativity.

You may not submit any work generated by an AI program as your own. If you include material generated by an AI program, it should be cited like any other reference material (with due consideration for the quality of the reference, which may be poor), otherwise, it will be considered cheating and dealt with according to UNT policy.

If any part of this is confusing or you're uncertain whether you can use a source, please reach out to me for a conversation before submitting your work.

Course Assignments

Below is a brief overview of course assignments. See Canvas for specific details on due dates, requirements, and grading.

Assignment	Possible points	Approx. percent of grade
Getting Started Quiz	20	2%
Course Orientation Quiz	20	2%
Mod. Quizzes (best 11 out of 12 @ 20 pts each)	220	26%
Mod. Discussions (best 11 out of 12 @ 24 pts each)	264	31%
Social Issues Campaign	230	27%
Reflections (2 @ varying points each)	60	7%
Final Exam	40	5%
TOTAL	854	100%

You can take quizzes TWO times before the due date - Canvas will record the best attempt. The idea is that after taking the quiz the first time, you will go back to review the module content and then take the quiz again.

All quizzes and exams are timed, so it is essential that you study each module completely before beginning the assignment.

The **Social Issues Campaign** is a team-based service-learning project comprised of several assignments across the semester. See Canvas for assignment details and the timeline of the project.

Collaboration Policy

Let's be honest: despite our best efforts, sometimes teamwork *doesn't* make the dream work. If a member of your team is not contributing sufficiently to the work of the team, the other members have the right to:

- Notify the team member by writing a formal email to that person documenting the specific problems, **copying the professor and all other teammates on that email message (using UNT email addresses or Canvas)**.
 - The email must document the exact efforts the team has made to communicate the problems to the affected team members and what has been done to attempt to solve the problems.
- Give the team member 7 days to improve and update the professor on the status.
- If the contribution has not improved sufficiently, the team may choose to remove the member from the team which will result in a score of zero on all team assignments moving forward for the removed member. The team must notify the professor if they want a team member removed.

Note: *If you're removed from your team, you can still submit the Social Issues Campaign individually.*

Grading

Final grades will be determined using a point system. Students are expected to keep up with their grades and point totals by regularly reviewing them on Canvas.

Letter Grade Point Range

Total possible points = 854

Points	Percentage	Grade
854 - 769	100-90%	A
768 - 684	89-80%	B
683 - 598	79-70%	C
597 - 513	69-60%	D
512 - 0	59-0%	F

Grade Disputes

You are required to wait 24 hours before contacting me to dispute an assignment grade. Within that time, I expect that you will review the assignment details and reflect on the quality of work you turned in. If you would still like to meet, email me to set up a meeting (I cannot discuss grades over email). You should come to our scheduled meeting with specific examples that demonstrate you earned a higher grade than you received. **If you miss your scheduled meeting, you forfeit your right to a grade dispute. If you do not contact me to schedule a meeting within seven days of receiving your grade, you also forfeit your right to a grade dispute.**

Technical Requirements & Skills

Minimum Technology Requirements

- Computer
- Reliable internet access
- Speakers
- Microphone
- Webcam
- Microsoft Office Suite
- Web browser
- [Canvas Technical Requirements](#)

Computer Skills & Digital Literacy

- Using Canvas
- Sending and receiving email
- Downloading and installing software
- Creating, sending, and receiving Microsoft Word, PowerPoint, and Google Doc documents
- Posting to discussion boards
- Opening PDF files

Success in an Online Course

While the online classroom shares many similarities with the face-to-face classroom, success in online education requires certain skills and knowledge that any dedicated student can learn. See this website for tips and resources for successful online learning: [How to Succeed as an Online Student](#).

Netiquette

Netiquette, or online etiquette, refers to the way students are expected to interact with each other and with their instructors online. Here are some general guidelines:

- Treat your instructor and classmates with respect in email or any other communication.
- Always use your professors' proper title: Dr. or Prof. or, if in doubt, use Mr. or Ms.
- Unless specifically invited, don't refer to your instructor by their first name.
- Use clear and concise language.
- Remember that all college-level communication should have correct spelling and grammar (this includes discussion boards).
- Avoid slang terms, such as "wassup?" and texting abbreviations, such as "u" instead of "you."
- Use standard fonts, such as Ariel, Calibri, or Times New Roman, and use a size 10 or 12 pt. font.
- Avoid using the caps lock feature AS IT CAN BE INTERPRETED AS YELLING.
- Be cautious when using humor or sarcasm, as tone is sometimes lost in an email or discussion post and your message might be taken seriously or sound offensive.
- Be careful with personal information (both yours and others).
- Do not send confidential information via e-mail.

Getting Help (technology, personal, or academic)

Technical Assistance

Part of working in an online environment involves dealing with the inconveniences and frustration that can arise when technology breaks down or does not perform as expected. Here at UNT, we have a Student Help Desk that you can contact for help with Canvas or other technical issues.

UIT Help Desk

Email: helpdesk@unt.edu **Phone:** 940-565-2324 **In Person:** Sage Hall, Room 130

For additional support, visit [Canvas Technical Help](#).

For help with **TEAMMATES**, contact their support team at teammates@comp.nus.edu.sg

For help with **Google Docs**, access their Help Center at <https://support.google.com/docs>

Student Support Services

UNT provides mental health resources to students to ensure there are outlets to turn to that wholeheartedly care for and are there for students in need, regardless of the nature of an issue or its severity. Listed below are several resources on campus that can support your academic success and mental well-being:

- [Student Health and Wellness Center](#)
- [Counseling and Testing Services](#)
- [UNT Care Team](#)
- [UNT Psychiatric Services](#)
- [Individual Counseling](#)

Academic Support Services

Appendix 1: Course Policies

Attendance Policy

Much of the work in BAAS 3000 is collaborative in nature. As such, it is important that you are in class to work with your teammates. If you are unable to be there, it is your responsibility to touch base with your group (and me) ahead of time and get missed notes from a classmate.

While I do not deduct points for absences, you should note that excessive absences often result in missed assignments and extra credit opportunities, as well as lower team evaluation scores and test scores.

Assignment Policy

Copies of the syllabus, assignments, instructor contact information, the course calendar, other important documents, and grades can be found on Canvas. **Assignments will be submitted via Canvas unless otherwise noted.** Written work will be submitted using a plagiarism detection software program called *Turnitin*. Official due dates can be found on the course schedule, Canvas calendar, and Canvas modules. Assignments and assignment instructions can be found in Canvas. **Assignments should be submitted as .doc or .docx files unless otherwise noted.** For assignments in which *Turnitin* plagiarism software is used, you can check your Turnitin report ahead of time and resubmit if indicated to do so.

The university is committed to providing a reliable online course system to all users. However, in the event of any unexpected **university** server outage, the instructor will extend the time windows and provide an appropriate accommodation based on the situation. Any problems should be reported to the UNT Student Help Desk: helpdesk@unt.edu or 940.565.2324.

Individual technical issues are the responsibility of the student. Students are responsible for all devices (i.e., computers, printers, iPads, cell phones, scanners) and reliable internet connection during all required work in this class. **Late assignments, retakes, and/or make-ups will not be granted due to electronic malfunctions.** Plan ahead to ensure you have reliable internet service and addressed any Canvas compatibility issues.

Canvas Calendar

While the Canvas calendar with alerts is an additional organizational tool, it is not always accurate. **In other words, students should not rely solely on the Canvas calendar and/or alerts to complete assignments.** Rather, students are expected to meet deadlines according to the provided course schedule.

Extra Credit

If an opportunity for extra credit presents itself, it will be announced and available to the entire class at the discretion of the instructor. There will be no individual opportunities for extra credit.

Examination Policy

All exams and quizzes are timed and administered online via Canvas. *No make-up exams* will be given unless a university-approved excuse has been provided before the exam or an officially documented lack of ability to complete the exam is provided within one week of the student's return to class. Please note that computer and Internet functionality is the responsibility of the student. Computer and/or internet malfunction does not constitute a retake or make-up exam. Check all connectivity in advance and plan accordingly. All quizzes and exams are to be taken without assistance from anyone else.

Instructor Responsibilities and Feedback

The role of the instructor in this course is to provide opportunities for students to develop and use critical thinking and reasoning skills, improve written and oral communication, build collaboration skills both in class and in the community, and engage in creative problem-solving to address community problems. All assignment information, grading rubrics, quizzes, and exams are provided in Canvas. Written feedback on assignments will be provided through the grading rubrics in Canvas.

Late Work

I will not accept late work in this course. All work turned in after the deadline will receive a grade of “0” unless the student has a [university-excused absence](#) and provides documentation within 48 hours of the missed deadline.

Requests for an Incomplete

Students may request a grade of incomplete (“I”) only if he/she meets all of the following conditions:

- The request occurs on or after the date designated by the university for the given semester (see the “Important Dates” section of this syllabus);
- The student is passing the course;
- There is a justifiable and documented reason beyond the control of the student (i.e., serious illness or military service) for not completing the course on schedule; and
- The student has the approval of the instructor and the faculty director.

Students meeting these criteria must arrange with the instructor to finish the course at a later date (no longer than 12 months after the “I” grade was reported) by completing specific requirements outlined by the instructor. These requirements must be listed on a “Request for Grade of Incomplete” form signed by the instructor, student, and faculty director. More information on UNT’s incomplete grade policy is available at registrar.unt.edu/grades/incompletes.

Dropping the Class

I want you to succeed in this class and at UNT! If you are concerned about your progress in the course or believe you need to drop for other reasons, it is important that you contact me as soon as possible. I want to help you make sure that dropping the course is your best or only option. There are consequences to dropping classes that extend beyond losing your invested time, money, and effort. Dropping one or more classes may make you ineligible for financial aid. There are also limits on the number of courses you can drop. You can learn more about this at registrar.unt.edu/dropping-courses. If you absolutely must drop a course, you may do so through my.unt.edu.

Syllabus Change Policy

Due dates for assignments can be found in the course schedule and Canvas. In the rare case that a date is changed for an assignment or another syllabus change is made, the instructor will notify students through an announcement in Canvas.

Appendix 2: UNT Policies

Academic Integrity Policy

Academic integrity emanates from a culture that embraces the core values of trust and honesty necessary for full learning to occur. As a student-centered public research university, UNT promotes the integrity of the learning process by establishing and enforcing academic standards. Academic dishonesty breaches the mutual trust necessary in an academic environment and undermines all scholarship.

According to [UNT Policy 06.003](#), Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to, cheating, fabrication, facilitating academic dishonesty, forgery, **plagiarism (including the use of AI programs to pass off work as your own)**, and sabotage. A finding of academic dishonesty may result in a range of academic penalties or sanctions ranging from admonition to expulsion from the university.

ADA Policy

UNT makes reasonable academic accommodations for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide the student with an accommodation letter to be delivered to faculty to begin a private discussion regarding one's specific course needs. Students may request accommodations at any time; however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member before implementation in each class. For additional information see the [ODA website](#).

Emergency Notification & Procedures

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to Canvas for contingency plans for covering course materials.

Course Safety Procedures

Students enrolled in this course are required to use proper safety procedures and guidelines as outlined in UNT Policy 06.038 Safety in Instructional Activities. While working in laboratory sessions, students are expected and required to identify and use proper safety guidelines in all activities requiring lifting, climbing, walking on slippery surfaces, using equipment and tools, and handling chemical solutions and hot and cold products. Students should be aware that UNT is not liable for injuries incurred while students are participating in class activities. All students are encouraged to secure adequate insurance coverage in the event of accidental injury. Students who do not have insurance coverage should consider Standard Syllabus Statements Related Policy 06.049 Course Syllabi Requirements obtaining Student Health Insurance. Brochures for student insurance are available in the UNT Student Health and Wellness Center. Students who are injured during class activities may seek medical attention at the Student Health and Wellness Center at rates that are reduced compared to other medical facilities. If students have an insurance plan other than Student Health Insurance at UNT, they should be sure that the plan covers treatment at this facility. If students choose not to go to the UNT Student Health and Wellness Center, they may be transported to an emergency room at a local hospital. Students are responsible for expenses incurred there.

Retention of Student Records

Student records pertaining to this course are maintained in a secure location by the instructor of record. All records, such as exams, answer sheets (with keys), and written papers submitted during the duration of the course, are kept for at least one calendar year after course completion. Coursework completed via the Canvas online system, including grading information and comments, is also stored in a safe electronic environment for

one year. Students have the right to view their records; however, information about students' records will not be divulged to other individuals without proper written consent. Students are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the university's policy. See UNT Policy 10.10, Records Management and Retention for additional information.

Acceptable Student Behavior

Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classrooms, labs, discussion groups, field trips, etc. Visit UNT's [Code of Student Conduct](#) to learn more.

Access to Information - Eagle Connect

Students' access point for business and academic services at UNT is located at my.unt.edu. All official communication from the university will be delivered to a student's Eagle Connect account. For more information, please visit the website that explains Eagle Connect and how to forward e-mail to [Eagle Connect](#).

Student Evaluation Administration Dates

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey provides students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey, they will receive a confirmation email that the survey has been submitted. For additional information, please visit the [SPOT website](#) at or email spot@unt.edu.

Sexual Assault Prevention

UNT is committed to providing a safe learning environment free of all forms of sexual misconduct, including sexual harassment, sexual assault, domestic violence, dating violence, and stalking. Federal laws (Title IX and the Violence Against Women Act) and UNT policies prohibit discrimination based on sex and therefore prohibit sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking, and/or sexual assault, there are campus resources available to provide support and assistance. UNT's Survivor Advocates can assist a student who has been impacted by violence by filing protective orders, completing crime victims' compensation applications, contacting professors for absences related to an assault, working with housing to facilitate a room change where appropriate, and connecting students to other resources available both on and off campus. The Survivor Advocates can be reached at SurvivorAdvocate@unt.edu or by calling the Dean of Students Office at 940-565-2648. Additionally, alleged sexual misconduct can be non-confidentially reported to the Title IX Coordinator at oeo@unt.edu or at (940) 565-2759.

Use of Student Work

A student owns the copyright for all work (e.g. software, photographs, reports, presentations, and email postings) he or she creates within a class and the university is not entitled to use any student work without the student's permission unless all of the following criteria are met:

- The work is used only once
- The work is not used in its entirety
- Use of the work does not affect any potential profits from the work
- The student is not identified
- The work is identified as student work

If the use of the work does not meet all of the above criteria, then the university office or department using the

work must obtain the student's written permission. Download the UNT System Permission, Waiver, and Release Form found at https://dlit.untDallas.edu/sites/default/files/approval_form_permission_waiver_and_release.pdf

Campus Carry

By state law and UNT policy, students who are licensed may carry a concealed handgun on campus premises except in locations and at any function, event, and program prohibited by law or by this policy. Students may learn more about UNT's concealed handgun policy at <https://campuscarry.unt.edu>.

Important Dates

Important dates for the semester are available on UNT's Registration Guides: <https://registrar.unt.edu/registration-guides-by-semester>.
