Welcome to Clinical Teaching!

You have finally reached the point in your academic career where you will have the opportunity to apply all that you’ve learned over the last few years. Some of you may have thought this day would never come, but you have all persevered and worked hard to get to this point. The Clinical Practice Office is here to support you through your final push to becoming the teacher you’ve always wanted to be.

While some of the tasks before you may seem a little daunting, just remember that everything you will observe, experience, and do during this final semester is preparing you to officially join the most important profession in the world! Teachers impact the lives of students, families, and communities, and that is a huge responsibility.

So, take this opportunity to soak it all up, ask questions, observe, listen, get involved, and glean as much as you can from your cooperating teacher and field supervisor. You will have many experts to learn from—take advantage of this time!

If you have any questions or challenges, we are here to assist you. Please reach out to us at any time!

Best Regards,

Cindy Daniel, PhD
Director of Clinical Practice
### Spring 2023 Clinical Teaching Assignments

---

Spring 2023
FREQUENTLY USED TERMS

Cadre Coordinator (PDS): The UNT employee responsible for facilitating the EC-6 and 4-8 ELAR/Social Studies PDS clinical experience. The Cadre Coordinator’s responsibilities include:
1) facilitating open communication among the interns, supervisors, mentors, and UNT faculty,
2) mediating any concerns or problems during clinical practice.

Clinical Practice Office: UNT office responsible for the coordination of all clinical field experiences related to initial teacher certification.

Clinical Teacher: A teacher candidate who is in their final semester completing clinical student teaching.

Cooperating Teacher: A certified teacher with at least three years of teaching experience in a partner district who is hosting a teacher candidate during Early Field Experience/PDS1 or Clinical Student Teaching. CTs teach, support, and monitor a clinical teacher’s growth into the teaching profession.

Director of Clinical Practice (Dr. Cindy Daniel, COE-ClinicalPractice@unt.edu): UNT employee responsible for coordinating UNT clinical experiences with partner districts.

DIFT-C (Disposition Inventory for Teachers-Candidates): An assessment tool used to evaluate the teacher candidate’s professional disposition throughout their program.

Field Supervisor: UNT employee assigned to each clinical teacher, responsible for on-site monitoring, mentoring, and evaluation during the clinical teaching semester.

Foliotek: An online data management system used to collect and store the assessments used to evaluate candidates’ knowledge, skills, and dispositions relevant to program standards and objectives, and to collect and store TEA-required documentation.

Growth Plan: A Growth Plan is a written form initiated by university or district personnel when a teacher candidate displays a lack of progress that documents expectations that must be demonstrated by a teacher candidate to succeed in clinical teaching and be recommended to TEA for certification.

Intern: A graduate-level (Post-Bacc) candidate on a TEA-issued Intern or Probationary Certificate. Serves as the Teacher of Record while completing Practicum. This option is not available to Undergraduate students per TAC rule.

Partner Districts: Districts and campuses that host teacher candidates and collaborate with UNT’s Educator Preparation Program

“Post-Bacc”: (Post-baccalaureate). The Post-Bacc teacher education program is only available to candidates with an earned bachelor’s degree.

Practicum: Candidates who have a Texas Education Agency Intern or Probationary Certificate do not clinical teach, they complete a full-year practicum as the teacher of record in a school district.

Professional Development Sequence/School (PDS) Cadre (The PDS Model is for EC-6 and 4-8 ELAR and Social Studies teacher candidates.): Core group of preservice teachers assigned to a specific UNT partner school district for PDS 1/Block B (observation hours) and PDS 2/Block C (clinical teaching). Cadre members are pre-service teacher candidates, cooperating teachers, a Cadre Coordinator, and UNT field supervisors.

PDS 1/Block B: First semester of intensive clinical practice (2 full days/14 weeks) for all undergraduate candidates in the EC-6/4-8 programs.

PDS 2/Block C: Also called “Clinical Teaching” Six (6) Semester credit hours. For undergraduate EC-6 and 4-8 ELAR/SS candidates. Last semester before graduation. Clinical teachers are placed in school district classrooms for no fewer than 14 weeks, 5 days/week for 100% of the district’s designated school day.

Student Advising Office (SAO): UNT office responsible for advising undergraduate EC-6, 4-8 ELAR/SS, and All-Level teacher education candidates (except music & art who are advised in their home college).

Texas Education Agency (TEA): State Agency external to UNT that issues teaching certificates to eligible completers of UNT’s Educator Preparation Program.

TEExS Success Office (TSO): UNT office responsible for the following tasks:
1) Disseminating information about TEExS state certification exams
2) Administering TEExS practice tests to candidates
3) Documenting and reporting TEExS results.

Texas-Teacher Evaluation Support System (T-TESS): TEA required formal evaluation of clinical teachers completed by UNT field supervisors at least three times during clinical teaching. Failure to achieve a score of Developing or Higher on each domain on the final evaluation will result in a grade of NP for one or both clinical teaching courses.

UNT Common Lesson Plan: UNT requires that all lesson plans used for formal T-TESS evaluations be submitted using the using the UNT Common Lesson Plan format. Clinical Teachers and Practicum students will submit to UNT Field Supervisor at least 3 days prior to the scheduled evaluation date. Each CLP must be approved by the field supervisor before the lesson conducted.
The successful teacher candidate will consistently meet the following objectives:

### I. Teacher Dispositions
1. Demonstrate the values, attitudes, and dispositions consistent with those expected of a professional educator.
2. Demonstrate a level of integrity and respect that honors the dignity of self, others, and the education profession.
3. Know, and at all times act, in accordance with professional, ethical, and legal standards as defined in all relevant guidelines, policies, and statutes, including FERPA, COPPA, and other applicable federal laws.
4. Speak and act in a manner that reflects genuine concern for the safety and well-being of self and of all members of the educational context in which he/she/they work.
5. Demonstrate an eagerness to acquire, understand, respect, and consider the cultural backgrounds and contexts of individual learners, the classroom, the school, and the greater community, and use this information to adapt and differentiate instruction that meets the needs of all learners.

### II. Planning & Instruction
1. Develop, at minimum, beginning teacher competence in the full range of teaching skills and functions of a classroom teacher.
2. Demonstrate increasing degrees of competence in planning lessons and instruction aligned with appropriate standards and with learners’ developmental levels, skills, and strengths.
3. Demonstrate increasing degrees of competence in implementing engaging flexible lessons that encourage maximum learning.
4. Present subject matter content accurately and in ways that demonstrate an understanding of the major concepts, discipline-specific vocabulary, conceptual structure, and processes of inquiry specific to the discipline.
5. Increase his/her/their understanding of common learner misconceptions in the subject being taught and demonstrate effective approaches to both assess and guide learners to accurate understanding.
6. Make informed and purposeful choices to integrate technology in significant and effective ways to improve communication and learning.

### III. Professionalism
1. Communicate, collaborate, and consult with teachers, students, administrators, parents, and other stakeholders within the clinical teaching context in ways that demonstrate respect, professionalism, and promote positive improvement for all.
2. Use the expected conventions of professional communication in all verbal, written and digital contexts.
3. Seek out, be receptive to, and respond to substantive feedback from all program faculty.
4. Display a commitment to and engage in ongoing reflection and self-assessment of his/her/their current teaching practice for the purpose of continuous improvement.

### IV. Assessment & Technology Use
1. Demonstrate an awareness of and an increasing ability over time to select and use instructional methods and strategies that respond to content demands and learners’ needs.
2. Select, create (as needed), and apply assessment strategies and tools in ways that indicate understanding of the role of both formative and summative assessment in informing the Learning Cycle.
3. Use information and data from assessments to inform and adapt instruction.
Role, Responsibilities, and Expectations of the Clinical Teacher

- You are still a student and a learner, but you will be expected to always act as a beginning professional educator.
- As a guest in your host school (either in virtual or actual learning spaces) act accordingly.
- Every clinical teaching experience is unique; stay curious and be open to all available learnings.

Responsibility to your students:
- Your first responsibility is to your students. Their safety, health, social and emotional well-being, and academic achievement should guide your decision-making every day.
- Learn students’ names, how to pronounce them, and pronounce them correctly. If uncertain, ask the student to help you.
- You are a model for your students. Everything you say and do conveys a message about who you are, what is important to you, and what you expect from them.
- Create and maintain a positive classroom culture and community geared toward student success.
- Establish relationships based on mutual respect; when a student acts in unexpected ways, respond—don’t react.
- Teach the whole student; recognize and be responsive to their social-emotional needs.
- Maintain a professional relationship with each student. The use of social media must be approved by your cooperating teacher and be for instructional purposes only.
- Schedule dedicated time with your cooperating teacher to ask questions, plan for instruction, and request feedback on your growth and progress.
- When you are scheduled to teach, you must have written lesson plans in the expected format that have been approved by your cooperating teacher in advance of teaching. You must use the UNT Common Lesson Plan format for each of your formal T-TESS evaluated observations.
- Be prepared. Know your content, have a plan, and teach to the best of your ability every day.
- Be proactive about addressing your concerns and goals.

Responsibility to Your Professional Colleagues and the School Community:
- Ask for copies, read, clarify, and act in accordance with all district and school policies and procedures.
- Follow the same daily schedule as your cooperating teacher/mentor. Report to school at the appointed time and remain on campus until you are excused by your cooperating teacher.
- Notify the school office, your cooperating teacher, and your field supervisor immediately when you know that you will be late or absent for any reason. Wear appropriate professional attire in compliance with school policy dress code.
- Establish professional relationships with school personnel (administrators, faculty, support staff), students and parents.
- Be discreet with any confidential information you are privileged to. Know all FERPA and COPPA laws.
- Along with meeting legal and policy guidelines for privacy, before you share any information, check your motivation for sharing. THINK about what you plan to say:
  - Is it True?
  - Is it Helpful?
  - Is it Important?
  - Is it Necessary?
  - Is it Kind?
  - If your honest answer to any of these is “no”, the information shouldn’t be shared.

- Observe cell phone etiquette and use that is appropriate to the context (classroom, public areas, teacher workroom, etc.) and aligned with district policies. Your cell phone should be off and out of sight during class unless it is being used for instruction-related purposes.
- Food and drinks (other than water) should not be consumed in the classroom unless part of a class activity.
- Establish professional relationships with school personnel (administrators, faculty, support staff), students, and parents.
- Participate in school-wide professional and community events such as professional development sessions, faculty meetings, student development meetings (with your cooperating teacher’s approval), sports events, club meetings, etc.

Responsibility to your university field supervisor (and, if you are a PDS 2/Block C student, to your Cadre Coordinator)
- Your UNT field supervisor and/or PDS 2/Block C cadre coordinator are your first point/s of contact if you have concerns related to your placement.
- Submit your weekly teaching schedule by agreed-upon means, before or by each Friday at midnight. Your weekly schedule must show when and where you and your cooperating teacher have agreed you will be teaching the following week.
- Notify your university field supervisor (and cadre coordinator for PDS2/Block C) immediately when changes occur to this schedule.
- Notify your cooperating teacher, university field supervisor, and cadre coordinator (if PDS 2/Block C) if absence due to illness is necessary.
- Welcome constructive suggestions and feedback and show evidence of incorporating it into subsequent lessons and daily actions.

Assessment, Evaluation, and Grades.
- Clinical Teachers must enroll in two course sections of clinical teaching (6 SCH). Each clinical teaching course is graded as Pass (P) or No Pass (NP). You must pass both sections to be recommended to the TEA for a teaching certificate. [Practicum students are enrolled in Practicum I during their first semester and Practicum II in the subsequent semester. Each practicum is graded P/NP.]
- Submit all assignments, assessments, and required forms before or by the due date to be eligible for full credit.
- Grades are assigned by the UNT field supervisor and based on successful achievement of all goals, objectives, expectations, and completion of all required assignments, assessments & tasks.
- In accordance with the ruling of the State Board of Educator Preparation for clinical teaching or practicum, at the conclusion of your Clinical Teaching/Practicum, your UNT field supervisor and cooperating teacher/s is/are asked to respond “yes” or “no” to the statement, “I would recommend this clinical teacher for certification”.
- A grade of “NP” (No Pass) in one or both of your clinical teaching courses will result in having to repeat one or both clinical teaching courses during the subsequent long semester or in dismissal from the program.
Evaluations and Assignments

**This table does NOT include non-clinical course-related assignments or seminar attendance (if required). The chart below lists the items that must be completed & submitted ON TIME by the due date. All assignments must be uploaded to Foliotek for credit. Some assignments are recurring assignments. Due dates and deadlines are listed for both Clinical Teachers and Practicum students on the Assignments Due Date pages in this handbook.**

Spring 2023
**UNT EC-6 CLINICAL TEACHING SUGGESTED PACING GUIDE**

Note: *This is a suggestion.* It can be changed to meet individual needs.

<table>
<thead>
<tr>
<th>WEEK</th>
<th>RESPONSIBILITIES</th>
</tr>
</thead>
</table>
| 1    | **Actively Observe and Assist as needed.**  
    Most of the time is focused on learning classroom routines, actively observing students and the cooperating teacher, and assisting as possible. |
| 2    | **Co-plan and teach 1-2 subjects/periods per day**  
    Gradually add responsibilities so that the clinical teacher has experience planning and teaching each subject/period before full responsibility begins. |
| 3    | **Co-plan and teach 2-3 subjects/periods per day**  
    Gradually add responsibilities so that the clinical teacher has experience planning and teaching each subject/period before full responsibility begins. |
| 4    | **Independently plan teach 2-3 subjects/periods per day**  
    As the clinical teacher assumes teaching of new subjects/periods, teaching responsibilities for subjects/periods they have taught the longest may be dropped. This assures that the clinical teacher will teach at most 3 subjects/periods per day. By the end of week 5, the clinical teacher should have taught all subjects/periods. |
| 5-7  | **Full Responsibility**  
    Full instructional responsibility requires pre-planning and collegial preparation by both the clinical teacher and cooperating teacher. *For a minimum of 10 consecutive days,* the clinical teacher should have the full responsibility of planning and teaching the whole school day as if he/she/they were the regular classroom teacher. All other responsibilities that the teacher has during this time will also be assumed by the clinical teacher. The determination of full responsibility is at the discretion of the cooperating teacher. |
| 8    | **Actively Observe and Assist as needed.**  
    Most of the time is focused on learning classroom routines, actively observing students and the cooperating teacher, and assisting as possible. |
| 9    | **Co-plan and teach 1-2 subjects/periods per day**  
    Gradually add responsibilities so that the clinical teacher has experience planning and teaching each subject/period before full responsibility begins. |
| 10   | **Co-plan and teach 2-3 subjects/periods per day**  
    Gradually add responsibilities so that the clinical teacher has experience planning and teaching each subject/period before full responsibility begins. |
| 11   | **Independently plan and teach 2-3 subjects/periods per day**  
    As the clinical teacher assumes teaching of new subjects/periods, teaching responsibilities for subjects/periods they have taught the longest may be dropped. This assures that the clinical teacher will teach at most 3 subjects/periods per day. By the end of week 5, the student teacher should have taught all subjects/periods. |
| 12-14| **Full Responsibility**  
    Full instructional responsibility requires pre-planning and collegial preparation by both the clinical teacher and cooperating teacher. *For a minimum of 10 consecutive days,* the clinical teacher should have the full responsibility of planning and teaching the whole school day as if he/she/they were the regular classroom teacher. All other responsibilities that the teacher has during this time will also be assumed by the clinical teacher. The determination of full responsibility is at the discretion of the cooperating teacher. |

Note: This is a suggestion. It can be changed to meet individual needs.

<table>
<thead>
<tr>
<th>WEEK</th>
<th>RESPONSIBILITIES</th>
</tr>
</thead>
</table>
| 1    | **Actively Observe and Assist as needed.**  
Most of the time is focused on learning classroom routines, actively observing students and the cooperating teacher, and assisting as possible. |
| 2    | **Team Teaching**  
To initiate the teaching experience in the class, the clinical teacher may begin by co-planning and co-teaching a selected lesson. This may be done in any number of ways. Some examples:  
- Divide the class into two groups with the cooperating teacher and clinical teacher each taking a group for instruction.  
- Divide the instructional time – one person does the introduction and presentation of skills, while the other person carries out the independent practice and evaluation segments of the lesson.  
- One person may present the lesson content while the other one supervises the cooperative group work |
| 3    | **Co-plan and teach 1-2 classes**  
This should be a lesson that the cooperating teacher has modeled on the previous day or class. This will give the student teacher the opportunity to plan with the cooperating teacher and observe the lesson being taught. |
| 4    | **Co-plan and teach 1-2 classes**  
This should be a lesson that the cooperating teacher has modeled on the previous day or class. This will give the student teacher the opportunity to plan with the cooperating teacher and observe the lesson being taught. |
| 5    | **Independently plan and teach 1-3 classes** |
| 6    | **Independently plan and teach 1-3 classes** |
| 7-9  | **Full Responsibility for the first set of classes**  
Full instructional responsibility demands total commitment on the part of both the clinical teacher and cooperating teacher. **For a minimum of 10 consecutive days**, the clinical teacher should have the full responsibility of planning and teaching the first set of courses as if he/she/they were the regular classroom teacher. All other responsibilities that the teacher has during this time will also be assumed by the clinical teacher. The determination of full responsibility is at the discretion of the cooperating teacher. |
| 10-12| **Plan and teach 2-3 additional classes**  
Progressively add periods that build toward full responsibility for the Cooperating Teacher’s Schedule. |
| 13-14| **Full Responsibility for all classes**  
Full instructional responsibility demands total commitment on the part of both the clinical teacher and cooperating teacher. **For a minimum of 10 consecutive days**, the clinical teacher should have the full responsibility of planning and teaching the whole school day as if he/she/they were the regular classroom teacher. All other responsibilities that the teacher has during this time will also be assumed by the clinical teacher. The determination of full responsibility is at the discretion of the cooperating teacher. |
Role, Responsibilities, and Expectations of the Cooperating Teacher

As a Cooperating Teacher:

- Your service in hosting a clinical teacher is critical to their success and the future of the teaching profession; it is invaluable and greatly appreciated!
- You play a pivotal role in helping the clinical teacher navigate their dual roles of university student and clinical beginning teacher.
- Your primary role is to support your candidate to become independent at all aspects of a teacher’s role.

★ The clinical teacher is expected to ultimately assume all responsibility for planning, teaching, and classroom management for a minimum of 10 consecutive days.

RESPONSIBILITY TO THE SUPERVISOR/CADRE COORDINATOR

- Communicate with the university field supervisor on a regular basis. Quick email, text, phone calls, etc. can keep communication timely.
- Barriers to successful teaching should be identified and discussed as early as possible
- Unresolved performance problems may require a Growth Plan (Appendix H) to encourage timely and effective change.
- Contact the university supervisor/cadre coordinator at any time with questions or concerns.

RESPONSIBILITY FOR DOCUMENTATION, ASSESSMENT, AND EVALUATION:

1. Please consult the Evaluations and Assignments Chart on p. 10 of this handbook for a list of assessments and documentation required for program compliance.

2. All documents must be completed and submitted by the last week of the teacher candidate’s placement in your classroom unless otherwise noted.

3. Submit the UNT Final Clinical Teacher Evaluation - Cooperating Teacher for your clinical teacher online through Foliotek. Contact Alyssa.Strong@unt.edu with Foliotek questions and concerns.

4. The Clinical Teaching Time Record and weekly Collaborative Progress Logs will be provided by your clinical teacher.
# Checklist to Prepare for and Work with Your Clinical Teacher

## Before Arrival: Preparing for Your Clinical Teacher

- Confirm his/her/their arrival date and time with principal and/or HR
- Make contact and exchange important phone numbers, email addresses, and preferred communication modes
- Prepare a dedicated workspace for your clinical teacher
- Prepare your students to receive the clinical teacher as a professional co-worker
- Duplicate/arrange for electronic access to class rosters, seating charts, course syllabi, and classroom management plan
- Prepare copies/arrange for electronic access to your daily schedule, calendar of special school/district events, professional days, conference dates, and dates for school closings/holidays, map of the building/s and facilities
- Add clinical teacher’s email address to the building email if appropriate
- Make a list of your Non-Instructional Responsibilities:
  - Events such as family nights, parent-teacher conferences, open houses, faculty meetings, department meetings, committee meetings
  - Duties (bus, hallway supervision, lunch supervision)

## Week 1: Orientation/Active Observation. Modeling, Explaining, and Reviewing:

### First Day:

- Ensure clinical teacher has district/campus ID badge
- Review class and school emergency and drill procedures
- Specific health/participation restrictions of any students (allergies, diabetes, etc.)
- Share a copy of your district, school, and team guidelines and any faculty-specific regulations
- Introduce your clinical teacher to office staff, administrators, colleagues, the school counselor, SRO, etc.
- Outline expectations regarding:
  - FERPA, confidentiality of information and student records
  - Expected district-approved arrival and departure times
  - Procedures to follow in case of absence due to illness
  - Use of school and individual property

## Clarify Classroom Policies

- Classroom rules and management plan
- Recording absent and tardy students
- Discipline referral procedures and when their use is warranted

## Provide Copies of or Electronic Access to School and District Policies and Procedures

- Student Handbook & Teacher handbook (classroom policies regarding discipline, attendance, grading, passes, emergency procedures, etc.)

## Show Where to Find Instructional Resources

- Media center, computer labs, and technology coordinators
- Computer/technology use expectations
- District and school websites
- TEKS for course or grade level
- Appropriate instructional materials
- Lesson plan expectations
- Community resources to enhance instruction
- District Curriculum
Describe the Culture and Community of district, school, and your classroom
- General socioeconomic and cultural background of student population
- Responsibilities to students with special needs
- After school activities and opportunities for Clinical Teacher involvement
- Parent/family/community involvement opportunities in the school
- Expectations to communicate and work with parents and families

Provide an Overview of the process you use for Planning and Teaching
- How do you consider classroom culture and student characteristics in your planning and instructional approach and assessment?
- What specific techniques and procedures do you use to create classroom community, convey expectations, and hold students responsible for themselves to maintain student engagement, motivation to learn, and appropriate behavior?
- How do you include unique characteristics of individual students that are relevant to differentiating planning, the learning environment, instruction, and/or assessment?
- What technology and digital resources do you use regularly?
- Explain the “teacher-thinking” you use during instructional decision-making. How do you determine why a particular grouping structure, instructional strategy, etc. Is best?
- Explain your method of assessment, grading, record-keeping, and documentation
- Together, discuss and complete the weekly Collaborative Progress Log (CPL) on Friday.

Week 2: Shadow and Assist
- Review learning objectives and lesson plans for the day, week, and long-term.
- Provide a gradual induction to the teaching process by modeling both planning and teaching. After the cooperating teacher models the preparation for and teaching of the lesson plans, the clinical teacher will assume some of the responsibility for planning and teaching.
- Identify opportunities for the clinical teacher to assist with daily classroom procedures and supporting student learning.
  - Monitor student independent work and provide assistance as appropriate.
  - Prepare and distribute materials and resources
  - Check attendance and learn students’ names
  - Assist students with make-up work/tutorials
  - Grade papers
- Provide your clinical teacher with ongoing guidance and informal feedback; share suggestions to improve their understanding of effective communication, giving students directions, scaffolding students’ understanding
- Debrief with your clinical teacher; share your thought processes and “unpack” aspects of your decision-making that may not be apparent to them
- Discuss and complete together the weekly Collaborative Progress Log (CPL) on Friday.

Week 3 and beyond: From Co-Teaching to Full Responsibility
NOTE: Refer to the suggested Pacing Guide for ideas about gradual release of responsibility.
- Increase daily responsibilities with the goal of the clinical teacher assuming full responsibility as soon as feasible.
- Develop a weekly implementation plan to clarify what the clinical teacher will be responsible for.
- Mentor, guide, monitor, and provide necessary supports
- Provide continual and increase substantive and specific feedback on performance
- Complete together the Collaborative Progress Log every Friday to document progress and to establish goals for continuous improvement.
Roles, Responsibilities, and Expectations of the University Field Supervisor

- The University Field Supervisor (UNT FS) is a liaison between the placement site and the Clinical Practice Office.
- The UNT FS is responsible for ensuring clarity of expectations during clinical placement for both the Clinical Teacher and the Cooperating Teacher.
- The UNT FS is the instructor of record for the clinical teaching or practicum course/s, assigns the final grade of P/NP, and makes a recommendation for certification decision at the end of the semester.
- Helps to ensure timely submission of all required assessments and documentation before or on the due date.

Immediate and Ongoing Responsibilities:
1. Conduct a meeting with your clinical teachers immediately following the UNT Clinical Teacher Orientation:
   a. Explain, clarify, and review your expectations and university expectations for clinical teachers.
   b. Review the Clinical Teaching Handbook, assignment expectations, due dates, and establish informal and formal communication protocols.
   c. Review, discuss, and answer questions about the Code of Ethics and Standard Practices for Texas Educators which your students have agreed to and signed.
2. Schedule a face-to-face or virtual meeting during the first week of the candidate’s placement:
   a. Introduce yourself to the cooperating teacher/s and establish communication preferences.
   b. Review, explain, and answer any questions about the cooperating teacher’s role and responsibilities contained in the Clinical Teaching Handbook.
   c. Point out the Contact Information provided in the Clinical Teaching Handbook and the URL for the Educator Preparation website.
   d. Understand and be able to explain all policies, expectations, and administrative tasks of the clinical teaching experience.
   e. Request information about relevant campus and district policies, protocols, and guidelines for campus visitors, parking, and emergency situations.
   f. Schedule the first T-TESS Formal Evaluation
3. Formally observe, assess, and evaluate each clinical teacher according to UNT EPP Guidelines a minimum of 4 times using the T-TESS Formal Evaluation and the POP (Pre-observation, Observation, and Post-Observation Conference) Cycle structure.
4. Meet (virtually or in-person) with the cooperating teacher between each T-TESS observation and otherwise as needed. This meeting should not be held during the Post-observation conference which is for the UNT FS and candidate only.

Responsibility to the Cooperating Teacher/Host Campus
1. Learn and follow all school procedures and district guidelines regarding visitors on each campus. (Parking, entry to the building, exit from the building, sign-in, sign-out, identification requirements, etc.)
2. Communicate frequently with the cooperating teacher about the clinical teacher’s progress and address any concerns immediately.
3. Collaborate with the cooperating teacher to support, enhance, and evaluate all aspects of the clinical teaching experience.

4. Develop a collaborative approach with campus administrators to support the clinical teaching experience.

Responsibility to UNT/The Clinical Practice Office

1. Go to http://my.unt.edu to verify attendance, approve, and submit the UNT Audit Roll (usually the 12th class day).

2. Timely complete all required forms, assessments, and formal evaluations in Foliotek.

3. Communicate regularly with the Director of Clinical Practice about areas of concern and/or to make suggestions for programmatic changes.

4. Continue professional development through attendance and participation in supervisor meetings each semester.

5. Request support, additional information, and guidance when you need them

6. Serve as a mentor to a new Clinical Teacher supervisor, if requested.

7. Go to http://my.UNT.edu to complete, approve, and submit final grades for your clinical teachers before or by the deadline.

Ways to Support your Candidate:

- Model professional standards of communication and interaction for and with your clinical teachers.

- Share your relevant expertise and experience about what a beginning teacher should know, understand, and be able to do.

- Provide guidance and support both verbally and in writing/informally and formally to enhance the growth and development of your clinical teachers as they transition from their role as student to that of a beginning teacher.

- Share helpful resources such as professional materials, professional organizations, teaching websites, etc. Some field supervisors choose to create a dedicated Facebook page for their clinical teachers.

- Conduct observations at a variety of times to include a range of classroom contexts/subjects which the clinical teacher is responsible for teaching.

- Guide the clinical teacher’s understanding of the importance of self-assessment and reflection on practice to his/her/their continuous improvement as an educator. Think-Alouds, journals, and self-questioning are helpful vehicles for building this critical skill.

- Complete recommendation letters for clinical teachers who are applying for teaching positions.
Clinical Teaching Policies and Rules

PERSONAL LIABILITY INSURANCE REQUIREMENT
Candidates must provide proof of liability insurance for a minimum amount of $500,000 per incident to be allowed to begin clinical teaching. You may not report to your campus until you have shown proof of insurance. Cost-free professional liability insurance is available with a free student teacher membership in the Association of Texas Professional Educators. Go here to register for your free ATPE membership and obtain proof of liability insurance. You may also use other vendors to purchase this insurance; however, you must show proof of insurance prior to being allowed to begin clinical student teaching or internship/practicum.

LENGTH OF THE CLINICAL TEACHING EXPERIENCE
Clinical Teachers: To be recommended to the Texas Education Agency for certification, a clinical teacher must successfully complete the full number of days prescribed by the UNT Educator Preparation Program. A full day is defined as 100% of the district-designated school day. This typically consists of one classroom placement for the complete clinical teaching period or two 7-8 week placements, depending on the requirements of the candidate’s certification plan.

Practicum Students: To be recommended to the Texas Education Agency for certification, a practicum student employed as teacher of record on an intern or probationary certificate must successfully complete two full semesters of their employing district’s designated school year (Fall-Spring/Spring-Fall only).

ATTENDANCE
Clinical teachers must arrive before or by the designated time every day of the clinical teaching experience and remain for 100% of the school day. You are expected to participate in any duties expected of the cooperating teacher (i.e., arrival, cafeteria, bus, dismissal, recess, etc.).

Leaving the school campus during the school day is not permitted without prior approval from your UNT field supervisor and cooperating teacher. If you are teaching in a virtual learning environment, you must be present any time the teacher is on duty.

★ Any missed days that cause a candidate to NOT meet the TEA-required number of days and/or the # of days required by UNT MUST be made up after the scheduled end date of clinical teaching. The make-up dates will be determined by the cooperating teacher, UNT Field Supervisor, and the Director of Clinical Practice.

SEMINAR/MEETING ATTENDANCE
Depending on which certification program a candidate is enrolled in, they may have required ungraded seminars as part of the clinical teaching/practicum experience. Attendance at UNT seminars and meetings conducted by university supervisors and/or cadre coordinators is mandatory. Every effort will be made to notify you of scheduled meetings; however, the field supervisor/cadre coordinator is permitted to call ad hoc meetings as deemed necessary.

DISTRICT PROFESSIONAL DEVELOPMENT DAYS
Clinical teachers are expected to attend their district’s professional development days (if allowed under district policy) and to participate in any professional development programs unless prohibited from attendance by district or campus policies.
ABSENCES
If it is necessary for the candidate to be absent for one or more days during the clinical teaching experience, it is the responsibility of the candidate to do the following:

1. Contact your cooperating teacher, university supervisor/cadre coordinator, and the school office as soon as you know you will be absent, no later than the beginning of the school day which will be missed.
2. In emergency cases, the rule of prudent judgment should apply in terms of when you inform others of your absence, including emergencies that may occur during the school day.
3. Documentation from a medical professional is required for all health-related absences of 2 or more consecutive days.
   o Health-related absences are not considered excused absences. The Texas Education Agency establishes the required number of days for clinical teaching that MUST be completed for a candidate to be recommended for a teaching certificate.
   o Excessive absences may result in having to repeat clinical teaching/practicum, earning a failing grade for clinical teaching/practicum, and/or being dismissed from clinical teaching/the UNT Educator Preparation Program.

HOLIDAYS
Candidates follow their assigned district’s calendar for all holidays, regardless of the scheduled University of North Texas holidays. For example, during the spring semester, take your spring break when the district does, not when UNT does. In a fall semester, your winter break coincides with your district’s winter break, not UNT’s.

CAREER/PROFESSIONAL DAY EXCUSED ABSENCE
A one-day absence is excused for the purpose of professional interviews or the UNT/TWU Education Career Fair. In Fall semesters, the career fair is at TWU. In Spring semesters the career fair is at UNT. Check the Career Center website for exact dates/times. If you plan to take advantage of the Professional Day, you must notify your university supervisor and your cooperating teacher in advance. Keep a written or electronic record of both your request for permission to be absent and the approval to do so. You must pre-register for the Career Fair. Consult the UNT Career Center website, https://careercenter.unt.edu for specific details.

CONDUCT REGARDING SOCIAL INTERACTIONS WITH STUDENTS
Clinical teachers and Practicum candidates must recognize their position as a responsible adult and role model for all students. Clinical Teachers are held to the same standards of behavior regarding social interactions as a certified teacher.

- It is not appropriate to be present in non-school related contexts with students.
- It is not appropriate to be present in school-related, non-classroom or school-based activities (field trips, etc.) without the presence of the cooperating teacher or other appropriate certified district personnel.

Read the following excerpt from the Texas Administrative Code provides for further guidance. The Texas Education Agency has established legal criteria for appropriate educator-student relationships which include, but are not limited to the use of social media and electronic communications:
• The educator shall maintain appropriate professional educator-student relationships and boundaries based on a reasonably prudent educator standard. [(H) Standard 3.8]
• The educator shall refrain from inappropriate communication with a student or minor, including, but not limited to, electronic communication such as cell phone, text messaging, email, instant messaging, blogging, or other social network communication. Factors that may be considered in assessing whether the communication is inappropriate include, but are not limited to:
  (i) the nature, purpose, timing, and amount of the communication;
  (ii) the subject matter of the communication;
  (iii) whether the communication was made openly or the educator attempted to conceal the communication;
  (iv) whether the communication could be reasonably interpreted as soliciting sexual contact or a romantic relationship;
  (v) whether the communication was sexually explicit; and
  (vi) whether the communication involved discussion(s) of the physical or sexual attractiveness or the sexual history, activities, preferences, or fantasies of either the educator or the student. [(I) Standard 3.9.]

**CLINICAL TEACHER COMPENSATION**

**Under the Texas Administrative Code**, clinical teachers are not permitted to receive compensation from the school district to which they are assigned. Compensation is not permitted for jobs which include (but are not limited to) substitute teacher, tutor, coach, ensemble leader, athletic trainer, and/or club sponsor.

**CLINICAL TEACHERS ACTING AS SUBSTITUTES**

UNT Clinical Teachers are not permitted to act as paid or unpaid substitute teachers.

**EMPLOYMENT DURING CLINICAL TEACHING**

A clinical teacher may NOT be employed during the official school hours adopted by their placement district.

**TAKING OF ADDITIONAL COURSES**

Clinical teaching is considered a full academic load. Additional coursework beyond what is required during clinical teaching is not allowed without prior approval from the Department of Teacher Education & Administration Admission, Retention & Review (ARR) Committee.

**CORPORAL PUNISHMENT**

If the board of trustees of an independent school district adopts a policy under Section 37.001(a)(8) of the Texas Administrative Code under which corporal punishment is permitted as a method of student discipline, a district-employed educator may use corporal punishment to discipline a student, unless the student’s parent or guardian or other person having lawful control over the student has previously provided a written, signed statement prohibiting the use of corporal punishment as a method of student discipline. **UNT clinical teachers may not under any circumstances, administer corporal punishment.**

**FOLIOTEK**

Foliotek is a cost-free software data management system (DMS) used in the assessment of students’ knowledge, skills, and dispositions relevant to program standards and objectives. Foliotek is also used for record retention and documents storage. All assignments, documents, and forms will be uploaded to Foliotek unless otherwise indicated. The College of Education will track candidate progress in your program through this data to verify that you have successfully met the competencies required.
UNT EPP Stages of Intervention

The clinical teacher, cooperating teacher and field supervisor should work collaboratively and be involved in the stages of intervention. Part of learning is being given an opportunity to work out the solution to correct one’s own mistakes without overreacting. However, concerns and problems begin to persist or form a pattern, respond sooner rather than later. Documentation, even before determining the most appropriate response is important. Record specific observed behaviors that indicate a cause for concern, especially about a candidate’s potential for program completion and/or success as a teacher. It may be difficult to recall the specifics later. Infractions of school, district, university, or Texas Education Agency policies/guidelines or applicable laws may warrant the skipping of certain Stages of Intervention.

Stage One Intervention: Informal

- The first step should be to meet privately with the candidate to address the issue honestly.
- Be specific about naming the observed behavior/s and explaining your concerns about how the behavior may/does impact the clinical teacher’s potential to be successful.
- Listen to understand the clinical teacher’s perspective.
- Suggest solutions and specific steps, strategies, behaviors he/she/they can take to improve.
- Follow up to discuss progress.
- Document the concerns, suggestions made, and observed progress.

Stage Two Intervention: Growth Plan

- If problems persist, a written Growth Plan should be completed. If a Growth Plan is warranted, contact the UNT Director of Clinical Practice to initiate and implement the Growth Plan.
- Prior to the Growth Plan being initiated, the cooperating teacher and field supervisor should have completed and submitted at least one DIFT-C.
- Once the Growth Plan is complete, the Director of Clinical Practice will schedule a meeting with the candidate to review the Growth Plan and obtain necessary signatures.
- Copies should be provided for the clinical teacher, the cooperating teacher, the field supervisor.
- Meet again on the designated date/s to review progress.

Stage Three Intervention: Probation Contract

- In situations where no resolution to issues is reached, and/or the clinical teacher fails to respond to the Growth Plan, a Probation Contract may be required.
- A Probation Contract cannot be initiated or implemented without the involvement of the Director of Clinical Practice.
- Contact the Director of Clinical Practice and provide all written documentation. The Director of Clinical Practice will then initiate the Probation Contract process.
Stage Four Intervention: Suspension of or Termination from Clinical Practice

CAUSES FOR SUSPENSION FROM AND/OR TERMINATION OF CLINICAL TEACHING PLACEMENT

★ If a student is removed for reasons other than self-initiated termination of participation in clinical practice, he/she/they will automatically receive a grade of “NP” (No Pass) for one or both clinical teaching courses. A candidate may or may not be permitted to repeat a failed course.

- In addition to all UNT policies and codes governing students, UNT teacher candidates are held to all policies and rules in the Clinical Teaching Handbook and to the Code of Ethics and Standard Practices for Texas Educators as printed in the Texas Administrative Code.
- Clinical Teachers/Teacher Candidate shall also comply with state regulations, written local school board policies, and other applicable state and federal laws. The College of Education will remove students from their field placement assignments if the university determines that the student has violated such policies and procedures.
- A clinical teacher may also be removed at the request of the school district. A School District representative will notify UNT of any teacher candidate conduct that violates the policies of the School District or the Code of Ethics and Standard Practices for Texas Educators. In the event a teacher candidate is to be suspended or dismissed from any placement, the School District will follow the Procedures for Suspension and termination in this Handbook and consult with UNT before finalizing such action, unless immediate removal is required by law.
- The candidate may also request termination of the Clinical Practice experience for medical or personal reasons. In these instances, the Change in Status Agreement Form is not considered a disciplinary measure.
- Other than the clinical teacher, only the Director of Clinical Practice or the Associate Dean for Educator Preparation can initiate a Suspension or Change in Status Agreement.
PROCEDURES FOR SUSPENSION OF or TERMINATION FROM CLINICAL TEACHING

The Clinical Teaching program is a cooperative relationship between the University of North Texas, cooperating school districts, cooperating teachers, and the clinical teacher. The expected outcome of clinical teaching is that the clinical teacher demonstrates the expected knowledge, skills, and dispositions required to be recommended for certification. Occasionally, there are circumstances that warrant the termination of the clinical teaching experience.

Termination may be initiated by the clinical teacher, the school district, or the University of North Texas. When such action is deemed necessary, reasons may include, but are not limited to any of the following:

REASONS FOR TERMINATION

1. Mutual consent and agreement for termination by the clinical teacher, cooperating teacher, and/or university supervisor for reasons of illness, injury, or other unforeseen factors.
2. Failure by the clinical teacher to demonstrate/provide required evidence of potential for success as a teacher.
3. Failure by the clinical teacher to abide by the policies of: The Code of Ethics and Standard Practices for Texas Educators, the Texas Education Agency, the State Board for Educator Certification, the University of North Texas, the cooperating school, and/or the cooperating school district, rules governing educator preparation, UNT, policies the cooperating school, or cooperating school district.
4. Unprofessional conduct towards the host school faculty/administration and/or students/parents.

PROCEDURES FOR TERMINATION (for Reasons 2–4 above)

The following procedures are required for termination of the clinical teaching assignment:

1. The clinical teacher shall be timely informed by the cooperating teacher and/or university supervisor/cadre coordinator of any unsatisfactory performance. (See Stage One Intervention.) This shall be done through a written evaluation from the university supervisor, a joint conference between all three, and/or written documentation of any infractions of performance, school policy or professionalism. Verbal suggestions should be documented in writing.
2. When it is evident that a clinical teacher does not follow through with prescribed verbal and written suggestions for improvement, a formal Growth Plan shall be initiated by the Director of Clinical Practice in coordination with the university supervisor/cadre coordinator and/or cooperating teacher and discussed in a conference with the candidate. The Growth Plan must be signed by the candidate, the university supervisor/cadre coordinator and/or the Director of Clinical Practice or the Associate Dean for Educator preparation.
3. Within one week following the Growth Plan conference, the clinical teacher, cooperating teacher, university supervisor/cadre coordinator, and/or Director of Clinical Practice will confer regarding candidate progress. Scheduled follow-up meetings with the candidate will be conducted.
4. If expected progress has not been demonstrated, a formal Probation Contract may then be executed, with a clear time limit for compliance. A copy will be submitted to the
candidate, the school principal, and to the Admission, Review, and Retention (ARR) Committee by the Director of Clinical Practice.

5. The university supervisor/cadre coordinator, ARR Chair, or student may request that the Director of Clinical Practice conduct an observation and evaluation. A conference of all parties will follow.

6. When the clinical teacher is placed on a probation contract and re-evaluation indicates unfavorable progress, the clinical teacher will meet with the Director of Clinical Practice and/or the ARR Chair and/or the Associate Dean for Educator Preparation to discuss possible options. Options are considered on a case-by-case basis. Some options that may be considered include the following:
   a. Withdrawal from clinical teaching, with the option to reapply for clinical teaching.
   b. Withdrawal from clinical teaching, with the decision to transfer to another college within the University to pursue a different degree. (Withdrawal will be allowed only if it is prior to the end of the drop date for the semester.)
   c. Termination of clinical teaching with a failing grade. The final termination decision is made by the appropriate ARR Committee following official ARR procedures/policies.

7. If the clinical teacher is to be terminated from the Clinical Teaching assignment, he/she/they will be given a letter stating the decision, the reasons for the termination, and whether or not an opportunity to reapply for clinical teaching at a later date will be permitted. This letter is generated by the Director of Clinical Practice and approved by the Associate Dean for Educator Preparation before dissemination.

8. The final decision to terminate a clinical teacher is the responsibility of the ARR Committee and/or Associate Dean for Educator Preparation. This decision will be based upon documentation from the school principal, cooperating teacher, university supervisor/cadre coordinator, and/or the clinical teacher.

**APPEAL PROCEDURE**

If a candidate wishes to contest the decision to terminate his/her/their participation in the placement and/or the UNT Educator Preparation Program, the following procedures are required:

1. The clinical teacher must submit a written appeal to the College of Education Admission, Review, and Retention (ARR) Committee.
2. The ARR chairperson will convene the committee to process the appeal.
3. The committee will review the case consisting of written evaluations, growth and probation contracts, written documentation of clinical teacher infractions, the procedures followed by the university supervisor/cadre coordinator and cooperating teacher, and the appeal letter from the clinical teacher.
4. The committee will vote to accept or reject the appeal. The Director of Clinical Practice will meet with the clinical teacher to inform him/her of the decision and recommendation of the committee. A written copy of the decision will be given to the clinical teacher and the Associate Dean for Educator Preparation.
5. The decision may be appealed to the Associate Dean for Educator Preparation.
UNT General Policies

RELIGIOUS HOLY DAYS
In accordance with UNT Policy, a student may be excused from attending classes or other activities, including examinations, for observance of a religious holy day, including travel for that purpose. The clinical teacher should make every effort to notify his/her /their university supervisor of anticipated absence to observe religious holy days as early in the semester as possible. An excused student may not be penalized for the absence and must be allowed to complete any examination or assignment missed during the absence within a reasonable period after the absence.

ACCOMMODATION AND ACCESS
ADA Accommodation Statement. UNT makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide a student with an accommodation letter to be delivered to faculty to begin a private discussion regarding one’s specific course needs. Students may request accommodations at any time; however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. The Office of Disability Access is located in Sage Hall, 1167 Union Circle Suite 167, Ph. 940.565.4323. Copies of the College of Education ADA Compliance Document are available in the Dean’s Office, Matthews Hall 117. Dr. Dan Krutka, Department Chair, Teacher Education and Administration (TE&A), is the contact person in TE&A.

PROHIBITION OF SEXUAL MISCONDUCT, INCLUDING SEXUAL HARASSMENT, SEXUAL ASSAULT, SEXUAL COERCION, SEXUAL EXPLOITATION, DATING VIOLENCE, DOMESTIC VIOLENCE, STALKING, FAILURE TO REPORT, AND RETALIATION
It is the policy of the University of North Texas to maintain a safe and respectful work and educational environment that is free from sex discrimination, sexual harassment, sexual assault, sexual coercion, sexual exploitation, dating violence, domestic violence, and stalking and allows all individuals to fully participate in the benefits and privileges the University has to offer. Therefore, in accordance with federal and state law, the University prohibits discrimination on the basis of sex and prohibits sexual misconduct (including sexual harassment, sexual assault, sexual coercion, sexual exploitation, dating violence, domestic violence, and stalking) at any of its locations, programs, or other associated activities. See full policy here: https://policy.unt.edu/policy/16-005

SEXUAL ASSAULT PREVENTION RESOURCES
UNT is committed to providing a safe learning environment free of all forms of sexual misconduct. Federal laws and UNT policies prohibit discrimination on the basis of sex as well as sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking and/or sexual assault, there are campus resources available to provide support and assistance. The Survivor Advocates can be reached at SurvivorAdvocate@unt.edu or by calling the Dean of Students Office at 940-565-2648.

UNT CODE OF STUDENT CONDUCT
Policy Statement. The University of North Texas is deeply committed to advancing educational excellence and preparing students to become thoughtful, engaged citizens of a diverse, global community. The University has established the Code of Student Conduct to promote the well-being, honor and dignity of all who live, learn, and work in our educational community.

Application of Policy. The Code of Student Conduct (“the Code”) applies to all students and to conduct that occurs on–campus, at University activities and off-campus when the conduct could adversely affect the University community, the pursuit of the University’s educational mission, or could create a hostile
environment for a student on campus. The Dean of Students (DOS) will decide whether the Code will apply to student off-campus conduct on a case-by-case basis.

Students are responsible for their conduct from the time of application for admission to the University through the award of a degree. The Code continues to apply even if a student withdraws from the University during the conduct process or is not otherwise enrolled. Applicants also are responsible for their conduct prior to admission or re-enrollment. Sanctions for violation of the UNT Code of Student Conduct include, but are not limited to a warning, suspension, and expulsion from the university. See full policy here: https://policy.unt.edu/policy/07-012

CHEATING AND PLAGIARISM POLICY
The UNT Code of Student Conduct provides penalties for misconduct by students, including academic dishonesty. Academic dishonesty includes cheating and plagiarism. The term “cheating” includes, but is not limited to, (1) use of any unauthorized assistance in taking quizzes, tests, or examinations; (2) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; and (3) the acquisition, without permission, of tests or academic material belonging to a faculty or staff member of the university. The term “Plagiarism” means use of another’s thoughts or words without proper attribution in any academic exercise, regardless of the student’s intent, including but not limited to: the use of the published or unpublished work of another person, by paraphrase or direct quotation, without full and clear acknowledgement. It also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials. The following academic penalties and sanctions for misconduct may be assessed upon determination that academic dishonesty has occurred: A. Admonition. B. Assignment of Educational Coursework. C. Partial or No Credit for an Assignment or Assessment. D. Course Failure. E. Probation Extending for Up to Two (2) Long Semesters. F. Suspension for Up to One Year. G. Expulsion from the University. H. Revocation of Degree. In addition, the case will be referred to the Dean of Students for appropriate disciplinary action. Procedures delineated in the UNT Policy on Academic Integrity will be followed in response to any violations.

SPOT
The Student Perceptions of Teaching (SPOT) is a requirement for all organized classes at UNT. This brief survey will be made available at the end of the semester. It provides a chance to comment on the effectiveness of the university supervisor. The College of Education is very interested in the feedback it gets from students, as we work to continually improve instruction. The SPOT is an important part of your participation in the clinical teaching class.

UNT CARE TEAM: CARE Team
The mission of the CARE Team is to:

- Assist in protecting the health, safety, and welfare of the students and members of the UNT community.
- Support student success.
- Provide a comprehensive response to students whose behavior could be harmful to themselves or others.

The CARE Team is one of several resources available to the campus community to address these concerns. To refer a student to the CARE Team, please go to report.unt.edu. After submitting a report, a UNT staff member will reach out to the student within the next business day. A crisis or emergency involving a UNT student should be reported to the UNT Police Department by calling 911 or (940) 565-3000. If you ever have any questions or concerns, don’t hesitate to contact us at CAREteam@unt.edu or (940) 565-4373.

Feedback Acknowledgement Form

- **Instructions:**
  - Complete your Feedback Acknowledgement Form.
  - Please check "Yes" or "No" that your supervisor made initial contact with you.
  - Type your name and enter the date after receiving feedback for each of your classroom observations.
  - After your last observation feedback is entered, click to submit your work.

---

***Assignments and forms are included in the Appendices for reference only. All forms and assignments are accessed and submitted through Foliotek.
**Collaborative Progress Log (CPL)**

**Purpose:** This assignment is designed to help developing teachers develop the habit of ongoing reflection and solution-finding related to their growth as educators.

**Directions:**
1. Candidate completes Items #1 and #2 independently.
2. Candidate meets with cooperating teacher to discuss #1 and #2 and define a reasonable goal (#3) to support the candidate’s growth and progress. Share ideas and suggestions, teaching techniques and strategies for success at achieving the desired outcome.
3. Complete and sign form.

<table>
<thead>
<tr>

Appendix C:

**UNT T-TESS Formal Evaluations**

- Clinical teachers must be formally observed and evaluated by the university field supervisor a minimum of three times during clinical teaching.
- MUED and KINE are observed four times.
- Practicum students’ required observations differ depending on whether a candidate is in Practicum I or II. (See p. 4)
- Observations are conducted during the first, second, and third 4-week periods during the semester.
- All formal evaluations must use the **UNT T-TESS Formal Evaluation** approved by the UNT Educator Preparation Office. See Appendix O to review the T-Tess Clinical Teaching Rubric which describes levels of accomplishment.
- Formal evaluations use the “POP” Cycle structure.

★ Lesson plans for T-TESS formal observations must be written using the **UNT Common Lesson Plan**. All other lesson plans can use the district-approved format.

The steps to the POP Cycle are as follows:

1. **Pre-Observation Conference.** To receive feedback before you teach the lesson that will be observed, fill in the **Pre-Observation Conference Form**. Then, complete the **UNT Common Lesson Plan** (Appendix E) for your lesson. Upload BOTH to Foliotek at least 3 days before you are scheduled to teach. Your field supervisor will review your submission and provide feedback and suggestions before you teach. If substantial revisions are needed, your observation will be rescheduled.

2. **Observation.** At a pre-scheduled date and time, the field supervisor will observe you teaching the lesson. Observations will occur face-to-face in the actual physical classroom.

3. **Post-Observation Conference.** As immediately as possible (no longer than 24 hours) after you teach, you will meet either face-to-face or in a virtual meeting space (Teams, Zoom, Face Time, etc.) with your field supervisor to review the **UNT T-TESS Formal Evaluation**. The candidate will receive verbal and written feedback. This is a time for feedback and questions to help candidates improve their teaching craft and to receive specific strategies to do so.

★ Email can supplement the Post-Observation Conference, but it cannot replace it.

4. After your post-observation conference, go into Foliotek and electronically sign the **Feedback Acknowledgement Form** to verify that your post-observation conference with your supervisor has occurred.

5. Clinical Teachers must provide a copy of each **UNT T-TESS Formal Evaluation** to their cooperating teacher. Practicum Interns must provide a copy of each **UNT T-TESS Formal Evaluation** to the campus principal.
Pre-Observation Conference Form

Prior to the Pre-Observation Conference, complete this form in Foliotek. Attach your detailed UNT Common Lesson Plan, assessments, and other applicable documents.

**Pre-Observation Conference**

Students will complete this form and attach the lesson plan in Foliotek a minimum of three days prior to the lesson to be observed. The evaluator will comment and return feedback in the assessment tab a minimum of one day prior to the lesson to be observed.

Prior to the Pre-Observation Conference, complete this form in Foliotek. You will attach your detailed lesson plan, assessments, and other applicable documents to the area of Foliotek in which this form lives.

1. What should your students know and be able to do by the end of the lesson?

2. What learning experiences will you and your students engage in to achieve the objectives?

3. What challenges do you anticipate and how will you address them?

4. In what ways will you verify whether your students have mastered the objective?
UNT T-TESS Evaluation Summary Form

UNT Final Clinical Teacher Evaluation - Cooperating Teacher
Based on the Texas Teacher Evaluation System (T-TESS)

Clinical Teacher: ____________________________
Clinical Teacher TEA ID: _____________________

Semester & Year: ____________________________
District: _________________________________

Appendix D:

**First 15 Days of School**

**Instructions:**

**Option 1.** Following the first 15 days of instruction that are not professional development, use the questions below to interact thoughtfully with what you have observed.

**Option 2.** (Choose option 2 if you are a Spring clinical teacher or an intern.) Watch the video “The First 15 Days of School Interview” (link to video can be found in Foliotek). Interview your cooperating teacher, using similar questions asked in the video. Based on the video, teacher interview, and any relevant field experience, complete the **First 15 Days of School Documentation form**.

---

**UNT Clinical Teaching**  
**First 15 Days of School**

**Instructions:**  
After watching the video provided in the Foliotek assignment area, interview your cooperating teacher using similar questions asked in the video. Based on the video, teacher interview, and any field experience, complete the First 15 Days of School Documentation questions below.

**Questions:**

1. Describe what you have observed and learned about the first days of school based on the video and teacher interview. Include the perspective of both the teacher and students.

2. Explain how this knowledge will prepare and impact what you do to get ready and be successful during your own first 15 days of school as an in-service teacher.

3. Did you learn anything surprising about yourself through this experience?

4. Did you identify any personal strengths or areas for growth connected to being prepared for your first days of school as a new teacher with your own classroom?

5. Describe the connection, if any, between your understanding of the first days of school and your coursework.

6. Did the experience bring up any feelings/emotions for you? What were they and why? Describe how you felt about the experience.

7. Did you notice any changes in your perspective about the first days of school after viewing the video, teacher interview, and/or personal experience?
Appendix E:

**UNT COMMON LESSON PLAN ***

1. Must be completed and submitted for review by the candidate before every formal T-TESS Evaluation to the university field supervisor.
2. The Clinical Teacher will submit a completed copy of the Common Lesson Plan (CLP) for review and approval three (3) days prior to the scheduled observation to both your university field supervisor (upload to Foliotek) and your cooperating teacher.
3. Lesson plans for formal T-TESS Evaluation observations must use this format.

**INTRODUCTION TO THE ASSIGNMENT**

Why do teachers write lesson plans? The truth is that not all experienced teachers still do, at least not with the extensive detail you will be required to provide as you complete this lesson plan. Expert teachers definitely still plan the learning experiences for their learners, but as they progress along the continuum from “novice” to “expert”, the years of practicing their craft, of learning what worked well and what needed improvement, their teacher-thinking skills and instructional-decision making abilities become more natural and internal. As a novice, you will write a detailed plan to help you process what you intend to do and to allow for feedback from others prior to teaching.

An analogous experience would be learning to drive. At first, you studied the Driver’s Manual, learned the signs and the terms, passed the written test, and got your permit. Then, you hit the road. As with any new experience, it may have felt awkward, unnatural. And your brain was in high gear-noticing (even narrating!) every action: “There’s a stop sign ahead; I need to start braking... don’t press too hard... ease up... it’s a 4-way... who got here first? Do I go...? Does he go...? and so on. When you compare those first hesitant drives with driving today, there’s a noticeable difference. You pull into your driveway, and unless something novel happened on the way, you didn’t consciously think about your driving at all. That’s because you have had the practice and experience to develop your “Driver Thinking Skills”.

Writing lesson plans is an important way of showing and developing your “Teacher Thinking Skills.” The final lesson plan is a product, but more importantly, it is evidence of where you are now with your instructional decision-making skills on the continuum from novice to expert, and where you need to go next. Lesson planning may feel awkward at first. Just like driving, there are many things to consider at the same time.

But also, like driving, you had “an experienced driver over the age of 18” sitting in the passenger seat giving you feedback and input. The goal of good planning is to get your learners to the desired destination. By writing out your thinking in this formal way, we can see where you are now, and help you along the way.

*The clinical teacher/practicum candidate is permitted to use a lesson plan format provided by the cooperating teacher, campus, or district for daily planning. However, the clinical teacher/practicum candidate will complete a lesson using the UNT Common Lesson Plan for each formal **T-TESS Evaluation** the UNT supervisor observes.
## UNT COMMON LESSON PLAN  Description & Instructions

**Teacher Candidate:**

**Grade Level and or Subject:**

**Date:**

**Unit Topic (if applicable):**

### PART I. DEFINE THE GOALS/S FOR THE LESSON

<table>
<thead>
<tr>
<th>What is the focus of this lesson?</th>
<th>In your own words, explain in general terms the topic, skills, or process this lesson is about.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>National / State Learning Standard/s:</strong></td>
<td>Identify the relevant grade-level and/or subject-specific standard(s) that will be addressed in this lesson. Write them here, including the strand, cluster, and standard(s) by number and its text.</td>
</tr>
<tr>
<td><strong>Find the TEKS, ELPS, and CCRS standards at this link:</strong></td>
<td><a href="http://www.teksresourcesystem.net/module/standards/Tools/Search">http://www.teksresourcesystem.net/module/standards/Tools/Search</a></td>
</tr>
<tr>
<td><strong>Broad goal/s of the lesson</strong></td>
<td>In your own words, write the answer to the question: What do I want my students to know, understand, and/or be able to do at the end of this lesson?</td>
</tr>
</tbody>
</table>

### PART II: WRITE THE OBJECTIVE/S FOR THE LESSON

**Specific learning target(s) / objectives:**

*** Objectives have a formal structure and differ in that way from the Goals you stated above.

**For example:**

"After viewing the video Bill Nye: Doin' Science with the whole class, the learner will independently list in writing the 6 steps of the Scientific Inquiry Method accurately and in the correct order"

Using the format prescribed by your instructor, write the objectives for this lesson.

- **Your objective/s must include 4 elements; use the ABCD acronym to ensure you have addressed them:**
  - **A = Audience** Who is to exhibit the learning? “The learner will...”
  - **B = Behavior** What observable outcomes is the learner to exhibit if the lesson succeeds? Choosing your verbs thoughtfully helps you establish clearly what the actual outcomes of the lesson should be. “...independently list in writing the 6 steps of the Scientific Inquiry Method...”
  - **C = Conditions/Context:** What conditions/context are provided for the learner’s success? “…After viewing the video Bill Nye: Doin’ Science with the whole class...”
  - **D = Degree:** What is an acceptable indicator of success for the learner? “…accurately and in the correct order”

As an added check, are your objectives also “SMART”?  
**Specific.** Is the verb precise? Does it reflect what you have in mind for the learning outcome?  
**Measurable.** Can the performance of the objective/s be measured?  
**Achievable.** In light of the content and the learners you actually have, is the objective achievable?  
**Relevant.** Is the objective relevant to the curriculum, to your learners? Is it important and worthwhile?  
**Time-sensitive.** Does the scope of the objective match reasonably well the time you can commit to achieving it?
**PART III TEACHING THE LESSON**
This is the body of the lesson plan. Explain in detail the instructional and learning activities/actions that will best ensure all learners will achieve appropriate proficiency for each of your lesson objective/s.

<table>
<thead>
<tr>
<th>You must address components A-F:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>A. Opening/Introduction</strong></td>
</tr>
<tr>
<td>Prior knowledge: <strong>Explain how you will assess, activate, and/or add to the Prior Knowledge necessary for learners to be successful in the lesson.</strong></td>
</tr>
<tr>
<td>Anticipatory Set: <strong>Identify how you will gain the students’ attention and engage them with the lesson content. How will you make this lesson meaningful to students in terms of personal or academic connections?</strong></td>
</tr>
</tbody>
</table>

**B. Procedures**  
**Include enough detail so that someone else could replicate your lesson. Unless your instructor directs you otherwise, this section should read almost like a script.**

1. List in sequence the steps of the lesson.
2. Include any modeling, guided practice, or independent practice necessary to scaffold students’ progress toward the objective/s.
   - What will the teacher do and say?
   - What will the students do?
   - If a step includes a specific resource, name it “Students will annotate their copy of The Giver (not just “a book”)”

**C. Formative assessment methods/tools:**
Tell specifically how you will measure the learners’ progress toward achieving the lesson objective/s. What tools and/or techniques will you use at critical points in the lesson to determine whether or not students are ready to continue with the lesson?

**D. Grouping structure/s:**
Tell how the students will be organized throughout the lesson: independent work, pairs, small groups, who class. Use purposeful grouping based on the needs of the learners.

**E. Accommodations/Modifications**
Describe any accommodations or modifications you will make for students with 504 plans, students with disabilities and IEP’s and/or BIP’s, ELL’s, gifted, or other exceptional learners.

- **Accommodations** change HOW the content is taught; not the content itself, the standard/s, or the objective/s
- **Modifications** change HOW, but also WHAT a learner is expected to master. A smaller amount of the content; a select standard instead of all of them, one objective vs. two, etc.

**F. Instructional Materials, Equipment and Technology:**
List ALL materials, equipment, and technology the teacher and students will use during the lesson. Add or attach copies of ALL printed and online materials at the end of this template.

**IV. SUMMATIVE (FINAL) ASSESSMENT**
THINK: **HOW WILL I ENSURE THE LEARNERS HAVE MET THE OBJECTIVE/S FOR THE LESSON?**

<table>
<thead>
<tr>
<th>Summative (final) Assessment:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Include details of any summative assessment as applicable and attach a copy of what you use. Include an answer key, if applicable. Explain how the summative assessment measures the learning target(s)/objectives. If you do not include a summative assessment, identify how you will measure students’ proficiency in the learning target(s)/objectives.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Accommodations &amp; Modifications to Assessments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Describe how you will adapt your assessment/s to align with any accommodations or modifications made in the lesson for students with 504 plans, students with disabilities and IEPs and/or BIPs, ELLs, and students with exceptionalities.</td>
</tr>
</tbody>
</table>
## V. REFLECTION ON THE EXPERIENCE

| Reflection | Write a brief reflection on what worked in the lesson and what you could improve upon for the next lesson. Reflect on your planning experience. What challenged you? What do you still need to know? How could you find out? |

**TEKS:** Texas Essential Knowledge and Skills  
**ELPS:** English Language Proficiency Standards  
**CCRS:** College Career and Readiness Standards  
**IEP:** Individualized Education Plan  
**BIP:** Behavior Intervention Plan  
**ELL:** English Language Learner
<table>
<thead>
<tr>
<th>Competency</th>

Spring 2023
connecting it to individual learners’ interests, background knowledge, and need for real-world application.

**InTASC 7c** The teacher structures time in the plan to work with learners to build prerequisite skills

**InTASC 7d** The teacher identifies and accurately assesses the learners’ readiness for the lesson (content, skills, experiences)

| Anticipatory Set | Identify how you will gain the students’ attention and engage them with the lesson content. How this lesson is meaningful to the students and connects to their lives.

**InTASC 7(a)** The teacher selects and creates learning experiences that are appropriate for curriculum goals and content standards, and are relevant to learners

**INTASC 4d; 4r** The teacher links new concepts to familiar concepts and helps learners see them in connection to their prior experiences.

**InTASC 4(m)** The teacher knows how to integrate culturally relevant content to build on learners’ background knowledge

| Procedures | InTASC: 7(c) The teacher develops appropriate sequencing of learning experiences and provides multiple ways to demonstrate knowledge and skill.

**InTASC 1(d)** The teacher understands how learning occurs-- how learners construct knowledge, acquire skills, and develop disciplined thinking processes-- and knows how to use instructional strategies that promote student learning

**InTASC 8(h)** The teacher uses a variety of instructional strategies to support and expand learners’ communication through speaking, listening, reading, writing, and other modes;

**InTASC 1(b)** The teacher creates developmentally appropriate instruction that takes into account individual learners’ strengths, interests, and needs and that enables each learner to advance and accelerate his/her learning

**InTASC 7a; 7c; 7k** The teacher plans and sequences common learning experiences and performance tasks linked to the learning objectives, and makes content

| | A process for lesson introduction is limited or missing.
| | The lesson is introduced by stating the instructional objective/s and/or goals.
| | The lesson introduction is specifically described.
| | The lesson includes a connection to prior learning, or a connection to objectives/standards.
| | The lesson includes a motivational device
| | An engaging process for introducing the lesson is specifically described
| | The lesson includes a connection to prior learning, or a connection to objectives/standards; and
| | The lesson reflects sensitivity to diversity of target audience
| | Elements are present.
| | Elements proceed in a logical progression to achieve objective/s.
| | Instructional activities are linked to learning objective/s and standards.
| | Instructional activities are varied.
| | Instructional activities are developmentally appropriate for target audience.
| | The Teacher poses questions appropriate to the objective/s and lesson goals
| | All required elements are present.
| | All required elements are present.
| | All required elements are present.
| | All required elements are present.
| | Elements proceed in a logical progression to achieve objective/s.
| | Instructional activities are linked to learning objective/s and standards.
| | Instructional activities are varied in ways that make objective/s explicit and understandable to learners.
| | Instructional activities are developmentally, culturally, and linguistically appropriate for target audience.
| | The Teacher poses questions that elicit learner thinking about information and concepts.
| | The Teacher accurately and effectively communicates concepts, processes and knowledge in the discipline.
| | The Teacher poses questions that elicit learner thinking about information and concepts.
| | The Teacher models questioning skills related to content discipline (e.g., generating hypotheses, taking multiple perspectives, using metacognitive processes) and engages learners in activities that develop these skills.

| | Procedural elements are missing or incomplete, and/or learning activities do not support the objective/s and or lack a logical progression.
| | All required elements are present.
| | All required elements are present.
| | Instructional activities are varied in ways that make objective/s explicit and understandable to learners.
| | Instructional activities are developmentally, culturally, and linguistically appropriate for target audience.
| | Instructional activities are varied in ways that make objective/s explicit and understandable to learners.
| | Instructional activities are varied in ways that make objective/s explicit and understandable to learners.
| | The teacher poses questions that elicit learner thinking about information and concepts.

| | to potential learner needs based on cultural and linguistic diversity in the target audience.
relevant to learners. **InTASC 7k**. The teacher directs students’ learning experiences through instructional strategies linked to learning objectives and content standards. **InTASC 8a; 8e; 8m**. The teacher makes the learning objective(s) explicit and understandable to learners, providing a variety of graphic organizers, models, and representations for their learning. **InTASC 8k**. The teacher knows how to apply a range of developmentally, culturally, and linguistically appropriate instructional strategies to achieve learning goals.  
**InTASC 8f; 8g; 8q**. The teacher poses questions that elicit learner thinking about information and concepts in the content areas as well as learner application of critical thinking skills such as inference making, comparing, and contrasting.  
**InTASC 4(l)**. The teacher knows and uses the language of the discipline and knows how to make it accessible to learners.  
**Formative assessment methods/tools:**  
Tell specifically how you will measure the learners’ progress toward achieving the lesson objective/s. What tools and/or techniques will you use at critical points in the lesson to determine whether or not students are ready to continue with the lesson?  
**InTASC 6(j)**. The teacher understands the differences between formative and summative applications of assessment and knows how and when to use each.  
**InTASC 6(b)**. The teacher designs assessments that match learning objectives with assessment methods and minimizes sources of bias that can distort assessment results. **InTASC 6a; 6b; 6j; 6k; 6r; 6t**. The teacher uses, designs or adapts a variety of classroom formative assessments, matching the method with the type of learning objective. **InTASC 4e; 7p**. The teacher anticipates specific needs or misconceptions and addresses them by planning scaffolds and/or differentiated instruction.  
**InTASC 4(k)**. The teacher understands common misconceptions in learning the discipline.

</tbody>
</table>
differentiate instruction and engage all learners in complex thinking and meaningful tasks.

**InTASC 8(m)** The teacher understands how multiple forms of communication (oral, written, nonverbal, digital, visual) convey ideas.

**InTASC 5(n)** The teacher understands communication modes and skills as vehicles for learning.

### Modifications

Describe any modifications you will make for students with learning differences or specific needs.

**InTASC 2a; 2d; 2g; 2h; 2m; 2n; 3r**
The teacher responds to student learning cues by pacing and adjusting instruction, enhancing access to challenging learning experiences, and making timely provisions (e.g., task demands, communication, assessment, and response modes) for individual learners with particular learning differences or needs.

**InTASC 2(h)** The teacher understands students with exceptional needs, including those associated with disabilities and giftedness.

**InTASC 2(h)** The teacher understands students with exceptional needs, including those associated with disabilities and giftedness, and knows how to use strategies and resources to address these needs.

### Instructional Materials, Equipment and/or Technology:

**List ALL materials, equipment and technology the teacher and students will use during the lesson.**

**Add or attach copies of ALL printed and online materials at the end of this template.**

**InTASC (7k; 7m; 8o; 8r)**
The teacher integrates technology resources into instructional plans.

**InTASC 8(g)** The teacher engages learners in using a range of learning skills and technology tools to access, interpret, evaluate, and apply information.

**InTASC 8(n)** The teacher knows how to use a wide variety of resources, including human and technological, to engage students in learning.

</tbody>
</table>

**Assessment Accommodations & Modifications**

**Describe how you will provide accommodations or modifications for students with 504 plans, students with disabilities and IEP's and/or BIP's, ELL's, and students with exceptionalities.**

- **InTASC 6a; 6b; 6e; 6g; 6i; 6j; 6o; 6t** The teacher provides learners with multiple ways to demonstrate performance using contemporary tools and resources.
- **InTASC 6u** The teacher is committed to making accommodations in assessments and testing conditions, especially for learners with disabilities and language learning needs.
- **InTASC 2(a)** The teacher designs, adapts, and delivers instruction to address each student’s diverse learning strengths and needs and creates opportunities for students to demonstrate their learning in different ways.
- **Assessment and/or accommodations in assessments and testing conditions indicate a basic understanding of how to adapt assessment for learners with disabilities and language learning needs.**
- **And, how to create assessments that respond to learner strengths.**
V. REFLECTION ON THE EXPERIENCE

| Write a brief reflection on what worked in the lesson and what you could improve upon for the next lesson. (**If you did not actually get to teach it, reflect on your planning experience. What challenged you? What do you still need to know? How could you find out?) | No reflection on planning experience and/or teaching experience is included. | Reflection on planning experience and/or teaching experience is included. Reflection is superficial and/or is mostly a summary of the experience. | Reflection on planning experience and/or teaching experience is included. Reflection includes teacher’s opinions of and feelings about the effectiveness of the experience. | Reflection on planning experience and/or teaching experience is included. Reflection includes teacher’s opinions of and feelings about the effectiveness of the experience. Reflection is analytical and suggests changes or suggestions for improvement. |

InTASC 7a The Teacher examines his or her practice to see how well it addresses individual learner needs
InTASC 7q The teacher believes that plans must always be open to adjustment and revision based on learner needs and changing circumstances.

ACKNOWLEDGEMENT OF CLINICAL TEACHING HANDBOOK

LIABILITY INSURANCE AND WAIVER OF LIABILITY FOR CLINICAL TEACHERS

Note: Clinical Teacher must sign and submit this form before Clinical Teacher Orientation

Legal Name: ___________________________ UNT 8-Digit Student ID# ________________

By my actual or electronic signature below, I acknowledge that:

1. I have read, understood, and agree to abide by the standards, policies and procedures set forth or referenced in the University of North Texas Clinical Teaching Handbook.
2. I have read, understood, and agree to abide by The UNT Code of Student Conduct during the entirety of my clinical teaching semester/s; and that my failure to do so may result in any or all sanctions allowed by that policy, including but not limited to, loss of Student Good Conduct Standing.
3. I have read, understood, and agree to abide by the Texas Educators' Code of Ethics as set forth in Texas Administrative Title 19; Part 7; Chapter 247; and that my failure to do so may result in disciplinary action, including but not limited to, dismissal from my placement and/or non-recommendation for certification.
4. I understand that I am obliged to inform my university field supervisor of any changes in my information, such as name, phone number, email address, etc. I also accept responsibility for contacting my supervisor if I have questions, concerns, or need further explanation.

PROFESSIONAL LIABILITY INSURANCE

Clinical Teaching at the University of North Texas is not covered by professional liability insurance through UNT or the public school district. Liability insurance is available through membership in the student branches of the (Texas Classroom Teachers Association at 888-879-8292, or the Association of Texas Professional Educators https://www.atpe.org/en/My-Account/Join. Membership is mandatory and offered to clinical teachers at no charge.

WAIVER OF LIABILITY

By my signature below, I understand and accept the condition that the College of Education at the University of North Texas and the assigned public school district are released from any liability related to accidents or any other unexpected events which may occur in conjunction with my participation in required or voluntary activities during clinical teaching. I acknowledge that it is the recommendation of the College of Education that I obtain general medical/health insurance if I am not already covered.

NOTE: Your signature on this document is required for admission to clinical teaching. This document is located at: https://unt.az1.qualtrics.com/jfe/form/SV_0lImKtNMOW9Vbet

UNT FERPA Consent to Release Educational Records and Information for Clinical Teachers

Note: Clinical Teacher must sign and submit this form through Qualtrics before Clinical Teacher Orientation

This release represents your written consent to permit the University of North Texas Educator Preparation Program to disclose educational records and any information contained therein to the specific individual(s) identified below. Please read this document carefully and fill in all blanks.

I, ______________________________________________________ [print full legal name as it appears on your driver’s license] am a teacher candidate at the University of North Texas and hereby give my voluntary consent to officials:

A. To disclose the following records:
   - Records relating to any of my field-based experiences
   - Records relating to my performance in the field
   - TExES Exam Results

B. To the following person(s):
   - School districts or other agencies associated with field-based experiences
   - School-based/Agency-based administrators
   - School-based/Agency-based cooperating teachers/mentors
   - Program faculty and administrators

C. These records are being released for the purpose of:
   - Conversing and reviewing performance
   - Acquiring feedback
   - Procuring required signatures

I understand that under the Family Educational Rights and Privacy Act of 1974 (“FERPA” 20 USC 123g; 34 CFR §99 (commonly known as the “Buckley Amendment”) no disclosure of my records can be made without my written consent unless otherwise provided for in legal statutes and judicial decisions. I also understand that I may revoke this consent at any time (via written request to the educator preparation program), except to the extent that action has already been taken upon this release. Further, without such a release, I am unable to participate in any field-based experiences including 30 clock hours of observation, Clinical Teaching, or internship.

NOTE: Your signature on this document is required for admission to clinical teaching. This document is located at: https://unt.az1.qualtrics.com/jfe/form/SV_4URsdJLHI859j
Appendix L

CLINICAL TEACHER AGREEMENT TO ABIDE BY THE CODE OF ETHICS AND STANDARD PRACTICES FOR TEXAS EDUCATORS

Note: Clinical Teacher must sign and submit this form through Qualtrics before Clinical Teacher Orientation

TExAS ADMINISTRATIVE CODE - TITLE 19 EDUCATION PART 7 STATE BOARD FOR EDUCATOR CERTIFICATION

STATEMENT OF PURPOSE

- The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom.
- The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character.
- The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession.
- The Texas educator, in accepting a position of public trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen.
- The Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. This chapter shall apply to educators and candidates for certification.
- The SBEC is solely responsible for enforcing the Educators' Code of Ethics for purposes related to certification disciplinary proceedings. The Educators' Code of Ethics is enforced through the disciplinary procedure set forth in Chapter 249 of this title (relating to Disciplinary Proceedings, Sanctions, and Contested Cases) pursuant to the purposes stated therein.

As provided in §249.5 of this title (relating to Purpose), the primary goals the SBEC seeks to achieve in educator disciplinary matters are:

- to protect the safety and welfare of Texas school children and school personnel; to ensure that educators are morally fit and worthy to instruct and supervise the youth of the state; to fairly and efficiently resolve educator disciplinary proceedings at the least expense possible to the parties and the state.

Enforceable Standards:

(1) Professional Ethical Conduct, Practices and Performance.

(A) Standard 1.1. The educator shall not intentionally, knowingly, or recklessly engage in deceptive practices regarding official policies of the school district, educational institution, educator preparation program, the Texas Education Agency, or the State Board for Educator Certification (SBEC) and its certification process.

(B) Standard 1.2. The educator shall not intentionally, knowingly, or recklessly misappropriate, divert, or use monies, personnel, property, or equipment committed to his or her charge for personal gain or advantage.

(C) Standard 1.3. The educator shall not submit fraudulent requests for reimbursement, expenses, or pay.

(D) Standard 1.4. The educator shall not use institutional or professional privileges for personal or partisan advantage.

(E) Standard 1.5. The educator shall neither accept nor offer gratuities, gifts, or favors that impair professional judgment or that are used to obtain special advantage. This standard shall not restrict the acceptance of gifts or tokens offered and accepted openly from students, parents of students, or other persons or organizations in recognition or appreciation of service.

(F) Standard 1.6. The educator shall not falsify records, or direct or coerce others to do so.

(G) Standard 1.7. The educator shall comply with state regulations, written local school board policies, and other state and federal laws.
(H) Standard 1.8. The educator shall apply for, accept, offer, or assign a position or a responsibility on the basis of professional qualifications.

(I) Standard 1.9. The educator shall not make threats of violence against school district employees, school board members, students, or parents of students.

(J) Standard 1.10. The educator shall be of good moral character and be worthy to instruct or supervise the youth of this state.

(K) Standard 1.11. The educator shall not intentionally, knowingly, or recklessly misrepresent his or her employment history, criminal history, and/or disciplinary record when applying for subsequent employment.

(L) Standard 1.12. The educator shall refrain from the illegal use, abuse, or distribution of controlled substances, prescription drugs, and toxic inhalants.

(M) Standard 1.13. The educator shall not be under the influence of alcohol or consume alcoholic beverages on school property or during school activities when students are present.

(2) Ethical Conduct Toward Professional Colleagues.

(A) Standard 2.1. The educator shall not reveal confidential health or personnel information concerning colleagues unless disclosure serves lawful professional purposes or is required by law.

(B) Standard 2.2. The educator shall not harm others by knowingly making false statements about a colleague or the school system.

(C) Standard 2.3. The educator shall adhere to written local school board policies and state and federal laws regarding the hiring, evaluation, and dismissal of personnel.

(D) Standard 2.4. The educator shall not interfere with a colleague's exercise of political, professional, or citizenship rights and responsibilities.

(E) Standard 2.5. The educator shall not discriminate against or coerce a colleague on the basis of race, color, religion, national origin, age, gender, disability, family status, or sexual orientation.

(F) Standard 2.6. The educator shall not use coercive means or promise of special treatment in order to influence professional decisions or colleagues.

(G) Standard 2.7. The educator shall not retaliate against any individual who has filed a complaint with the SBEC or who provides information for a disciplinary investigation or proceeding under this chapter.

(H) Standard 2.8. The educator shall not intentionally or knowingly subject a colleague to sexual harassment.

(3) Ethical Conduct Toward Students.

(A) Standard 3.1. The educator shall not reveal confidential information concerning students unless disclosure serves lawful professional purposes or is required by law.

(B) Standard 3.2. The educator shall not intentionally, knowingly, or recklessly treat a student or minor in a manner that adversely affects or endangers the learning, physical health, mental health, or safety of the student or minor.

(C) Standard 3.3. The educator shall not intentionally, knowingly, or recklessly misrepresent facts regarding a student.

(D) Standard 3.4. The educator shall not exclude a student from participation in a program, deny benefits to a student, or grant an advantage to a student on the basis of race, color, gender, disability, national origin, religion, family status, or sexual orientation.

(E) Standard 3.5. The educator shall not intentionally, knowingly, or recklessly engage in physical mistreatment, neglect, or abuse of a student or minor.

(F) Standard 3.6. The educator shall not solicit or engage in sexual conduct or a romantic relationship with a student or minor.

(G) Standard 3.7. The educator shall not furnish alcohol or illegal/unauthorized drugs to any person under 21 years of age unless the educator is a parent or guardian of that child or knowingly allow any person under 21 years of age unless the educator is a parent or guardian of that child to consume alcohol or illegal/unauthorized drugs in the presence of the educator.

(H) Standard 3.8. The educator shall maintain appropriate professional educator-student relationships and boundaries based on a reasonably prudent educator standard.

(I) Standard 3.9. The educator shall refrain from inappropriate communication with a student or minor, including, but not limited to, electronic communication such as cell phone, text messaging, email, instant messaging, blogging, or
other social network communication. Factors that may be considered in assessing whether the communication is inappropriate include, but are not limited to:

(i) the nature, purpose, timing, and amount of the communication.
(ii) the subject matter of the communication.
(iii) whether the communication was made openly, or the educator attempted to conceal the communication.
(iv) whether the communication could be reasonably interpreted as soliciting sexual contact or a romantic relationship;
(v) whether the communication was sexually explicit; and
(vi) whether the communication involved discussion(s) of the physical or sexual attractiveness or the sexual history, activities, preferences, or fantasies of either the educator or the student.

**Source Note:** The provisions of this §247.2 adopted to be effective March 1, 1998, 23 TexReg 1022; amended to be effective August 22, 2002, 27 TexReg 7530; amended to be effective December 26, 2010, 35 TexReg 11242; amended to be effective December 27, 2016, 41 TexReg 10329; amended to be effective October 21, 2018, 43 TexReg 6839

Appendix M

“The Educator’s Guide to Student Data Privacy”

Please go to the link for additional explanations and helpful information!

Why should classroom teachers care about student data privacy?

There are legal and ethical restrictions that impact districts, school, and teachers.

Traditionally, student data consisted of things like attendance, grades, discipline records, and health records. Access to that data used to be restricted to the administrator, guidance counselor, teacher, or other school official who needed it to serve the educational needs of the child. With the use of technology in schools, traditional data is now often shared with companies that provide Student Information Systems (SIS), Learning Management Systems (LMS), and many other technologies. Parents, students, and others have raised concerns about what information is being collected or shared, and what use those companies might make of that data.

Teachers should be aware of Family Educational Rights and Privacy Act (FERPA) and applicable state laws, along with their district or school policies regarding the use of educational products and services from ed tech vendors. (More on FERPA and other laws below)

What constitutes student data?

Information that is tied to individual students is referred to as personally identifiable information, or PII, and is subject to additional restrictions in laws and regulations.

Student personal information includes any information about a student’s identity, academics, medical conditions, or anything else that is collected, stored, and communicated by schools or technology vendors on behalf of schools that is particular to that individual student. This includes a student’s name, address, names of parents or guardians, date of birth, grades, attendance, disciplinary records, eligibility for lunch programs, special needs, and other information necessary for basic administration and instruction. It also includes the data created or generated by the student or teacher in the use of technology—email accounts, online bulletin boards, work performed with an educational program or app, anything that is by or about the individual student in the educational setting. Some student personal information such as social security number, is highly sensitive and collection may be barred by state law.

What is an education record?

The federal law, FERPA protects educational records that contain information directly related to an individual student and which are maintained by an educational agency or institution or by a party acting for the agency or institution. However, new state student privacy laws protect all “student personal information” and data that is now collected and used via modern educational technology products and services.

What if I want to use an education app or tool and I don’t know if my school/district has vetted it? NOTE: Do NOT use any technology with your students without your cooperating teacher’s knowledge and approval:

Be familiar with your school’s policy or process for selecting new educational tools, if one exists.

If an app or service you want to use is not on the “approved” list, ask for it to be vetted and ask how long the vetting process takes. If the process is lengthy, you will want to redesign your lesson or project plan. Once the app is approved, you can certainly use it later. The list may also contain similar alternative apps you can use in the meantime.
What are the federal and state laws that we need to follow?

FERPA – Information in a student’s education record is governed by the Family Educational Rights and Privacy Act, a federal law enacted in 1974 that guarantees that parents have access to their child’s education record and restricts who can access and use student information.

FERPA protects the access to and sharing of a student’s education record, which is all information directly related to a particular student as part of his or her education. FERPA gives parents specific rights to their child’s education records and when a child turns 18, the rights belong directly to him or her.

COPPA – The Children’s Online Privacy Protection Act (COPPA) controls what information is collected from young children by companies operating websites, games, and mobile applications directed toward children under 13.

COPPA requires companies to have a clear privacy policy, provide direct notice to parents, and obtain parental consent before collecting information from children under 13. Teachers and other school officials are authorized to provide this consent on behalf of parents for use of an educational program, but only for use in the educational context. This means the company can only collect personal information from students for the specified educational purpose, and for no other commercial purpose. Some schools have policies that require school administrator approval before teachers can allow use of certain apps or services. When information is collected with the consent of a school official, the company may keep the information only as long as necessary to achieve the educational purposes.

PPRA – The Protection of Pupil Rights Amendment (PPRA) outlines restrictions for the process when students might be asked for information as part of federally funded surveys or evaluations. In order to administer such surveys, schools must be able to show parents any of the survey materials used, and provide parents with choices for any surveys that deal with certain sensitive categories.

Some questions to help you quickly evaluate whether an app, website, product, or service will protect your students’ information. NOTE: Do NOT use any technology with your students without your cooperating teacher’s knowledge and approval!

1. Does the product collect Personally Identifiable Information?
   FERPA, the federal privacy law applies to “education records” only, but many state laws cover ALL student personal information.

2. Does the vendor commit not to further share student information other than as needed to provide the educational product or service? (Such as third party cloud storage, or a subcontractor the vendor works with under contract.) The vendor should clearly promise never to sell data.

3. Does the vendor create a pro le of students, other than for the educational purposes specified? Vendors are not allowed to create a student pro le for any reason outside of the authorized educational purpose.

4. When you cancel the account or delete the app, will the vendor delete all the student data that has been provided or created?

5. Does the product show advertisements to student users?
   Ads are allowed, but many states ban ads targeted based on data about students or behavioral ads that are based on tracking a student across the web.

6. TIP: Look for a triangle symbol ( which is an industry label indicating that a site allows behaviorally targeted advertising). These are never acceptable for school use. This would be particularly important when evaluating non-education-specific sites or services.

7. Does the vendor allow parents to access data it holds about students or enable schools to access data so the school can provide the data to parents in compliance with FERPA?

8. Does the vendor promise that it pro- vides appropriate security for the data it collects?
   TIP: A particularly secure product will specify that it uses encryption when it stores or transmits student information. Encrypting the data adds a critical layer of protection for student information and indicates a higher level of security.
9. Does the vendor claim that it can change its privacy policy without notice at any time? This is a red flag—current FTC rules require that companies provide notice to users when their privacy policies change in a significant or “material” way, and get new consent for collection and use of their data.

10. Does the vendor say that if the company is sold, all bets are off? The policy should state that any sale or merger will require the new company to adhere to the same protections.

11. Do reviews or articles about the product or vendor raise any red flags that cause you concern?
To: EC-6 Post-Bacc Students

From: Dr. Leavell: Purpose of the Teacher Work Sample/Research Project

Dear Graduate Teacher Candidates,

I am writing today to provide some clarity and detail regarding the Teacher Work Sample/Teacher Research Project. As a graduate student at the University of North Texas, you are expected to complete what is called a capstone project. In other programs, this may be a thesis or an exam. In the Teacher Education Program, we use the Teacher Work Sample as the capstone for your certification/degree plan because our goal is to make the experience as useful and practical as possible to our future teachers. This capstone experience is also aligned to the Texas Teacher Standards and the inTASC education standards for teacher preparation.

The TWS is designed to provide a structure and sequence of the teaching and assessment activities all teachers perform as part of their planning and instruction every year. It supports you in understanding the context and community in which learning occurs, to assess students prior to instruction, identify learning goals, plan to help students achieve those goals, assess for understanding, and to reflect on that experience.

Dr. Dickson, your cadre coordinator, will guide you through the project and support you in embedding the steps into the context and curricular foci of your placement. The TWS is not designed to be an "extra" assignment external to your clinical teaching, rather (as stated before) a clear structure for what we know to be the elements of effective instruction. Your outcomes will provide for some excellent discussion with both your peer pre-service colleagues and your cooperating teachers.

Kind regards,

Alexandra G. Leavell, Ph.D
Associate Dean for Educator Preparation
Introduction

UNT’s Teacher Education Programs are designed based on the inTASC Standards for teacher preparation. The 10 CAEP inTASC standards are organized under seven components as follows:

Component 1: Contextual Factors

**Standard #1: Learner Development.** The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

**Standard #2: Learning Differences.** The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

**Standard #3: Learning Environments.** The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Component 2: Learning Goals

**Standard #4: Content Knowledge.** The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.

**Standard #5: Application of Content.** The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

Component 3: Assessment Plan

**Standard #6: Assessment.** The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learner’s decision making.

Component 4: Design for Instruction and Component 5: Instructional Decision Making

**Standard #7: Planning for Instruction.** The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

**Standard #8: Instructional Strategies.** The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

Component 6: Analysis of Student Learning

**Standard #6: Assessment.** The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learner’s decision making.
Component 7: Reflection and Self-Evaluation

**Standard #9: Professional Learning and Ethical Practice.** The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

**Standard #10: Leadership and Collaboration.** The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

**Instructions for the Development of the Teacher Work Sample**

**A Teacher Work Sample:** is a demonstration of excellent teaching performance that provides direct evidence of a teacher’s ability to apply the 10 INTASC Standards and related components during student teaching or internship.

You will plan and teach an instructional unit and assess student outcomes. Use of the seven components will help you identify your students, develop learning goals, decide how you will assess your instruction, plan instruction before teaching begins, make instructional decisions during teaching, monitor student progress as you go, and demonstrate how you have impacted your students’ learning outcomes.

Use the following pages as a template for your Teacher Work Sample. Ensure that all red text has been removed, your name is entered in footer, and all sections are complete.

Step 1: Create a cover page with your name, title of the work, school district, school, content area, grade level, dates

Step 2: Complete all tables with information related to Components 1-7

Step 3: Complete contextual factors, descriptions, analyses, and reflections for Components 2 - 7
### Component 1. Contextual Factors

**Standard #1: Learner Development.** The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

**Standard #2: Learning Differences.** The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

**Standard #3: Learning Environments.** The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

<td></td>
</tr>
<tr>
<td>3. Learning Objectives/Outcomes to be accomplished by students. (List each day’s objective, TEKS and ELPS.)</td>
<td></td>
</tr>
</tbody>
</table>

Day 1- **Objective**, TEKS and ELPS

Day 2- **Objective**, TEKS and ELPS

Day 3- **Objective**, TEKS and ELPS

Day 4- **Objective**, TEKS and ELPS

Day 5- **Objective**, TEKS and ELPS

**Component 3. Assessment Plan**

**Standard #6: Assessment.** The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learner’s decision making.

**Directions:**

Submit a copy of your Pre/Post Assessments to your Cadre Coordinator to preview **before** you give the Pre-Assessment to your students. Please include all scoring criteria (keys, rubrics, etc.).

Also, let your Cadre Coordinator know how you plan to assess each day’s instruction (i.e. Daily Formative & Summative assessments). You may want to include copies of these.
Component 4. Design for Instruction

Standard #7: Planning for Instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

Standard #8: Instructional Strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

1. Pre-Assessment Analysis - Provide a graphic representation of your pre-assessment data showing each student’s score by objective number and for each sub-group by objective number. Copy & paste all graphs into the Template for Component #4. Then answer the following questions.

2. What did you learn about the subgroups of students? Cite specific evidence from the assessment data that led you to these conclusions about the class and about the subgroups of students.

3. How did your analysis of the pre-assessment data influence how you designed the learning activities for your class as a whole?

4. Explain how you plan to adapt instruction for the needs of students with exceptionalities, bilingual, and English Language Learners.

Component 5. Instructional Decision Making

Standard #7: Planning for Instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

Standard #8: Instructional Strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

Answer the following questions:

1. Give at least two examples of times during the teaching of your unit that your assessment of student learning or the response of one or more students caused you to change your approach or to do something different than you planned.

2. Describe the result of your selected modification; (i.e. Explain how your instructional modification impacted student learning.)

Administer your post-assessment at the end of the unit.
Component 6. Analysis of Student Learning

**Standard #6: Assessment.** The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learner’s decision making.

**Comparison of Pre/Post Assessment**

*(Provide a comparison of the Pre/Post Assessments in graphic representation)*

1. Include a copy of either the Pre or Post-Assessment that you developed (Please include assessment Key or Rubric). Since the assessments are identical, you only need to include one, not both.

2. Display your pre and post assessment results in graphic form using **Graphmaker**
   Show graphic results by: **Student**, **Objective**, and **Sub-Groups**

Component 7. Reflection and Self-Evaluation

**Standard #9: Professional Learning and Ethical Practice.** The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

**Standard #10: Leadership and Collaboration.** The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

1. Write a reflection, summarizing your unit as a whole. Tell how it has deepened your understanding of assessment tools, teaching and learning, and how it will inform your own teaching in the future.

2. Highlight the learning goal/objective in which your students were the most successful, as well as the learning goal/objective in which your students were least successful. Explain why or what you think may have contributed to the results.

3. Discuss how you can use this information to develop further as a teacher. Discuss how you plan to capitalize on your strengths and improve any areas of weakness as you prepare for your own class.

### TEXAS TEACHING STANDARDS

The State Board for Educator Certification creates standards for beginning educators. These standards are focused upon the Texas Essential Knowledge and Skills, the required statewide public school curriculum. They reflect current research on the developmental stages and needs of children from Early Childhood (EC) through Grade 12. The Texas Teaching Standards are performance standards to be used to inform the training, appraisal, and professional development of teachers. UNT has implemented the Texas Teaching Standards through the implementation of **T-TESS** as its evaluation tool.

<table>
<thead>
<tr>
<th>Standard 1--Instructional Planning and Delivery. Teachers demonstrate their understanding of instructional planning and delivery by providing standards-based, data-driven, differentiated instruction that engages students, makes appropriate use of technology, and makes learning relevant for today's learners.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Teachers design clear, well organized, sequential lessons that build on students' prior knowledge.</td>
</tr>
<tr>
<td>(i) Teachers develop lessons that build coherently toward objectives based on course content, curriculum scope and sequence, and expected student outcomes.</td>
</tr>
<tr>
<td>(ii) Teachers effectively communicate goals, expectations, and objectives to help all students reach high levels of achievement.</td>
</tr>
<tr>
<td>(iii) Teachers connect students' prior understanding and real-world experiences to new content and contexts, maximizing learning opportunities.</td>
</tr>
</tbody>
</table>

| Teachers design developmentally appropriate, standards-driven lessons that reflect evidence-based best practices. |
| (i) Teachers plan instruction that is developmentally appropriate, is standards driven, and motivates students to learn. |
| (ii) Teachers use a range of instructional strategies, appropriate to the content area, to make subject matter accessible to all students. |
| (iii) Teachers use and adapt resources, technologies, and standards-aligned instructional materials to promote student success in meeting learning goals. |

| Teachers design lessons to meet the needs of diverse learners, adapting methods when appropriate. |
| (i) Teachers differentiate instruction, aligning methods and techniques to diverse student needs, including acceleration, remediation, and implementation of individual education plans. |
| (ii) Teachers plan student groupings, including pairings and individualized and small-group instruction, to facilitate student learning. |
| (iii) Teachers integrate the use of oral, written, graphic, kinesthetic, and/or tactile methods to teach key concepts. |

| Teachers communicate clearly and accurately and engage students in a manner that encourages students' persistence and best efforts. |
| (i) Teachers ensure that the learning environment features a high degree of student engagement by facilitating discussion and student-centered activities as well as leading direct instruction. |
| (ii) Teachers validate each student's comments and questions, utilizing them to advance learning for all students. |
| (iii) Teachers encourage all students to overcome obstacles and remain persistent in the face of challenges, providing them with support in achieving their goals. |

| Teachers promote complex, higher-order thinking, leading class discussions and activities that provide opportunities for deeper learning. |
| (i)Teachers set high expectations and create challenging learning experiences for students, encouraging them to apply disciplinary and cross-disciplinary knowledge to real-world problems. |
| (ii) Teachers provide opportunities for students to engage in individual and collaborative critical thinking and problem solving. |
| (iii) Teachers incorporate technology that allows students to interact with the curriculum in more significant and effective ways, helping them reach proficiency. |
Teachers consistently check for understanding, give immediate feedback, and make lesson adjustments as necessary.

(i) Teachers monitor and assess student progress to ensure that their lessons meet students' needs.
(ii) Teachers provide immediate feedback to students in order to reinforce their learning and ensure that they understand key concepts.
(iii) Teachers adjust content delivery in response to student progress through the use of developmentally appropriate strategies that maximize student engagement.

**Standard 2—Knowledge of Students and Student Learning.** Teachers work to ensure high levels of learning, social-emotional development, and achievement outcomes for all students, taking into consideration each student's educational and developmental backgrounds and focusing on each student's needs.

Teachers demonstrate the belief that all students have the potential to achieve at high levels and support all students in their pursuit of social-emotional learning and academic success.

(i) Teachers purposefully utilize learners' individual strengths as a basis for academic and social-emotional growth.
(ii) Teachers create a community of learners in an inclusive environment that views differences in learning and background as educational assets.
(iii) Teachers accept responsibility for the growth of all of their students, persisting in their efforts to ensure high levels of growth on the part of each learner.

Teachers acquire, analyze, and use background information (familial, cultural, educational, linguistic, and developmental characteristics) to engage students in learning.

(i) Teachers connect learning, content, and expectations to students' prior knowledge, life experiences, and interests in meaningful contexts.
(ii) Teachers understand the unique qualities of students with exceptional needs, including disabilities and giftedness, and know how to effectively address these needs through instructional strategies and resources.
(iii) Teachers understand the role of language and culture in learning and know how to modify their practices to support language acquisition so that language is comprehensible, and instruction is fully accessible.

Teachers facilitate each student's learning by employing evidence-based practices and concepts related to learning and social-emotional development.

(i) Teachers understand how learning occurs and how learners develop, construct meaning, and acquire knowledge and skills.
(ii) Teachers identify readiness for learning and understand how development in one area may affect students' performance in other areas.
(iii) Teachers apply evidence-based strategies to address individual student learning needs and differences, adjust their instruction, and support the learning needs of each student.

**Standard 3 – Content Knowledge and Expertise.** Teachers exhibit a comprehensive understanding of their content, discipline, and related pedagogy as demonstrated through the quality of the design and execution of lessons and their ability to match objectives and activities to relevant state standards.

Teachers understand the major concepts, key themes, multiple perspectives, assumptions, processes of inquiry, structure, and real-world applications of their grade-level and subject-area content.
(i) Teachers have expertise in how their content vertically and horizontally aligns with the grade-level/subject-area continuum, leading to an integrated curriculum across grade levels and content areas.
(ii) Teachers identify gaps in students' knowledge of subject matter and communicate with their leaders and colleagues to ensure that these gaps are adequately addressed across grade levels and subject areas.
(iii) Teachers keep current with developments, new content, new approaches, and changing methods of instructional delivery within their discipline.

Teachers design and execute quality lessons that are consistent with the concepts of their specific discipline, are aligned to state standards, and demonstrate their content expertise.
(i) Teachers organize curriculum to facilitate student understanding of the subject matter.
(ii) Teachers understand, actively anticipate, and adapt instruction to address common misunderstandings and preconceptions.
(iii) Teachers promote literacy and the academic language within the discipline and make discipline-specific language accessible to all learners.

Teachers demonstrate content-specific pedagogy that meets the needs of diverse learners, utilizing engaging instructional materials to connect prior content knowledge to new learning.
(i) Teachers teach both the key content knowledge and the key skills of the discipline.
(ii) Teachers make appropriate and authentic connections across disciplines, subjects, and students' real-world experiences.

Standard 4--Learning Environment. Teachers interact with students in respectful ways at all times, maintaining a physically and emotionally safe, supportive learning environment that is characterized by efficient and effective routines, clear expectations for student behavior, and organization that maximizes student learning.

Teachers create a mutually respectful, collaborative, and safe community of learners by using knowledge of students' development and backgrounds.
(i) Teachers embrace students' backgrounds and experiences as an asset in their learning environment.
(ii) Teachers maintain and facilitate respectful, supportive, positive, and productive interactions with and among students.
(iii) Teachers establish and sustain learning environments that are developmentally appropriate and respond to students' needs, strengths, and personal experiences.

Teachers organize their classrooms in a safe and accessible manner that maximizes learning.
(i) Teachers arrange the physical environment to maximize student learning and to ensure that all students have access to resources.
(ii) Teachers create a physical classroom set-up that is flexible and accommodates the different learning needs of students.

Teachers establish, implement, and communicate consistent routines for effective classroom management, including clear expectations for student behavior.
(i) Teachers implement behavior management systems to maintain an environment where all students can learn effectively.
(ii) Teachers maintain a strong culture of individual and group accountability for class expectations.
(iii) Teachers cultivate student ownership in developing classroom culture and norms.

Teachers lead and maintain classrooms where students are actively engaged in learning as indicated by their level of motivation and on-task behavior.
(i) Teachers maintain a culture that is based on high expectations for student performance and encourages students to be self-motivated, taking responsibility for their own learning.
(ii) Teachers maximize instructional time, including managing transitions.
(iii) Teachers manage and facilitate groupings in order to maximize student collaboration, participation, and achievement.
(iv) Teachers communicate regularly, clearly, and appropriately with parents and families about student progress, providing detailed and constructive feedback and partnering with families in furthering their students' achievement goals.

Standard 5—Data-Driven Practice. Teachers use formal and informal methods to assess student growth aligned to instructional goals and course objectives and regularly review and analyze multiple sources of data to measure student progress and adjust instructional strategies and content delivery as needed.

Teachers implement both formal and informal methods of measuring student progress.
(i) Teachers gauge student progress and ensure student proficiency in content knowledge and skills by providing assessments aligned to instructional objectives and outcomes that are accurate measures of student learning.
(ii) Teachers vary methods of assessing learning to accommodate students' learning needs, linguistic differences, and/or varying levels of background knowledge.

Teachers set individual and group learning goals for students by using preliminary data and communicate these goals with students and families to ensure mutual understanding of expectations.
(i) Teachers develop learning plans and set academic as well as social-emotional learning goals for each student in response to previous outcomes from formal and informal assessments.
(ii) Teachers involve all students in self-assessment, goal setting, and monitoring progress.
(iii) Teachers communicate with students and families regularly about the importance of collecting data and monitoring progress of student outcomes, sharing timely and comprehensible feedback so they understand students' goals and progress.

Teachers regularly collect, review, and analyze data to monitor student progress.
(i) Teachers analyze and review data in a timely, thorough, accurate, and appropriate manner, both individually and with colleagues, to monitor student learning.
(ii) Teachers combine results from different measures to develop a holistic picture of students' strengths and learning needs.

Teachers utilize the data they collect and analyze to inform their instructional strategies and adjust short- and long-term plans accordingly.
(i) Teachers design instruction, change strategies, and differentiate their teaching practices to improve student learning based on assessment outcomes.
(ii) Teachers regularly compare their curriculum scope and sequence with student data to ensure they are on track and make adjustments as needed.

Standard 6—Professional Practices and Responsibilities. Teachers consistently hold themselves to a high standard for individual development, pursue leadership opportunities, collaborate with other educational professionals, communicate regularly with stakeholders, maintain professional relationships, comply with all campus and school district policies, and conduct themselves ethically and with integrity.

Teachers reflect on their teaching practice to improve their instructional effectiveness and engage in continuous professional learning to gain knowledge and skills and refine professional judgment.
(i) Teachers reflect on their own strengths and professional learning needs, using this information to develop action plans for improvement.
(ii) Teachers establish and strive to achieve professional goals to strengthen their instructional effectiveness and better meet students' needs.
(iii) Teachers engage in relevant, targeted professional learning opportunities that align with their professional growth goals and their students' academic and social-emotional needs.

Teachers collaborate with their colleagues, are self-aware in their interpersonal interactions, and are open to constructive feedback from peers and administrators.

### Dimension 4.3
**Professional Development**
The teacher enhances the professional community.

**Texas Teacher Standards:**
3.1, 6.1, 6.2, 6.3

**InTASC:**
9(c), 9(d), 10(b), 10(d)

**Sources of Evidence:**
Professional Development Plan or Improvement Plan, Pre-Conference, Post-Conference, Daily interaction with others

**The Teacher:**
- Leads colleagues collaboratively on campus to identify professional development needs through self-reflection.
- Fosters faculty knowledge and skills in support of the school improvement plan through professional learning communities, grade- or subject-level team leadership, committee membership or other opportunities beyond the campus.

#### Sources of Evidence:
- Professional Development Plan or Improvement Plan
- Pre-Conference
- Post-Conference
- Daily interaction with others

### Dimension 4.4
**School Community Involvement**
The teacher demonstrates leadership with students, colleagues, and community members in the school, district and community through effective communication and outreach.

**Texas Teacher Standards:**
2.1, 2.2, 4.1, 4.4, 5.2, 6.2, 6.3, 6.4

**InTASC:**
9(b), 9(k), 10(f)

**Sources of Evidence:**
Professional Development Plan or Improvement Plan, Pre-Conference, Post-Conference, Daily interaction with others

**The Teacher:**
- Clearly communicates the mission, vision, and goals of the school to students, colleagues, parents and families, and other community members.
- Systematically contacts parents/guardians regarding students’ academic and social/emotional growth through various media.
- Joins colleagues in collaborative efforts that enhance student learning and welfare and inspire trust and understanding in the school community.

#### Sources of Evidence:
- Professional Development Plan or Improvement Plan
- Pre-Conference
- Post-Conference
- Daily interaction with others

---

**The Teacher:**
- Leads colleagues collaboratively on campus to identify professional development needs through self-reflection.
- Fosters faculty knowledge and skills in support of the school improvement plan through professional learning communities, grade- or subject-level team leadership, committee membership or other opportunities beyond the campus.

- Communicates the mission, vision, and goals of the school to students, colleagues, parents and families.
- Contacts parents/guardians regularly regarding students’ academic and social/emotional growth.
- Actively participates in all school outreach activities.

- Communicates school goals to students, parents, and families.
- Contacts parents/guardians in accordance with campus policy.
- Attends most required school outreach activities.

- Communicates school goals to students, parents, and families.
- Contacts parents/guardians in accordance with campus policy.
- Attends few required school outreach activities.

- Does not contact parents about disciplinary matters.
- Does not attend required school outreach activities.
