Attendance and Participation

The instructor reserves the right to request of the Registrar that a student be dropped from the course (W or WF) due to unsatisfactory progress. All students are expected to fully participate in all class activities. Full participation includes web-based activities. If there is an issue, questions, or concern about participation in the LTEC course, it is the students’ responsibility to contact the instructor and communicate these issues directly with the instructor of the LTEC course. If a student has not participated in a discussion or submitted and assignment before the Census Day (September 12, 2016 for Fall 2016 classes) outlined by the UNT Academic Fall 2016 Calendar, they may be dropped for non-attendance. Additionally, if assignments are missed for two or more modules without contacting the instructor, the student will be dropped for non-participation.

University Policy of Absence for Religious Holidays

In accordance with state law, students absent due to the observance of a religious holiday may take examinations or complete assignments scheduled for the day missed within a reasonable time after the absence if the student has notified the instructor of each class of the date of the absence within the first 15 days of the semester. Notification must be in writing, either personally delivered with receipt of the notification acknowledged and dated by the instructor, or by certified mail, return receipt requested. Only holidays or holy days observed by a religion whose place of worship is exempt from property taxation under Section 11.20 of the Tax Code may be included. A student who is excused under this provision may not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination.

COURSE ASSIGNMENTS

There are NO mandatory online class meetings for this course for Fall 2016. Optional, online course meetings might be scheduled; however all meetings will be recorded and posted to the course site. All course information and materials will be maintained in UNT Blackboard Learn. Every assignment must include student name, course and SECTION, module number and assignment title. Every assignment should include the student name in the file name/document title (e.g., PasquiniL_Resume). The UNT Blackboard system attempts to include the dates and deadlines for the LTEC 3010 class in the Calendar section. Please review this calendar, each module assignment AND the course syllabus when verifying dates and deadlines for required work.

Submit all work as specified by on the course calendar and as specified by the instructor. Organize your calendar with the course calendar and syllabus deadlines so you are always aware when an assignment is due. Students are responsible for all course deadlines and must keep a copy of all assignments. All assignments must be turned in by or before the “designated due dates” which can be found on the Blackboard Learn calendar and on the assignment tool.

NOTE: The syllabus and course due dates are subject to revision by the instructor throughout the semester. Students will be notified promptly of any changes, or contact the instructor if you have questions about a deadline IN ADVANCE.

Late Assignment Policy

Late work is not accepted and will receive a zero (0) grade. It is suggested that you plan on completing your work the day prior to the due date. Then unexpected problems will not result in your work being late.

ALL assignments must be submitted by 11:59 pm CST on the date it is due via the Blackboard Learn Assignment Tool. Do NOT submit assignments via e-mail or to the discussion board. ALWAYS be sure to check the course syllabus for deadlines – please let me know if there are any discrepancies between the Learning Modules deadlines on the syllabus.
Discussions Board Postings

Discussion posts will be provided for EACH learning module. Based on the course purpose and size, these will all be OPTIONAL and taken in consideration for active participation in the LTEC 3010 course ONLY if there are questions about student active enrollment. The course discussion topics are in parallel to each learning module topic and directly related to the assignments. It would be a great space for students to ask questions, seek support, and share resources for the topics and areas. These discussion threads will NOT be evaluated for a final grade; however they have been known to increase students’ progress and success in online courses through peer support and interaction. Do NOT put attachments in the discussion board area. Do NOT submit assignments to the discussion board. The instructor or teaching assistants (TAs) will not grade assignments posted in the discussion area.

The discussion area is not the venue to ask the instructor questions of a personal nature (i.e., grades, missed assignments, etc.). Please send the instructor an email with these types of questions. A special discussion thread entitled “Peer-to-Peer Help Forum” has been created for general questions related to the course and assignments for ALL in the class to review and respond to. The instructor and TAs will infrequently check this discussion forum; however I you have any urgent questions, please send these inquiries BY EMAIL directly to the instructor.

MEDICAL/HEALTH EMERGENCIES

If you have a medical emergency that will prevent you from completing the course as scheduled, you MUST notify your instructor at the time of your medical problem or related family health/life circumstances. Doctor’s notes must be received during week 1 or 2 of the medical/health emergency, and documentation is required for any death in the family. Those submitted at the end or once it is over will not be accepted.

Requests for an Incomplete (I) or to drop the course must come at the time of the medical emergency and must be supported by a letter from your physician and must specifically state that your medical situation will NOT permit you to work online or prevent you from submitting assignments as scheduled. Requests for an Incomplete or to DROP this course based on a medical emergency CAN NOT be granted after the medical emergency. Of course all requests must meet standard university policy.

If you have a an other extenuating health or life circumstances, it is critical that you COMMUNICATE this with your professor in writing early and often. The preferred method for notification and inquiry will be in writing via EMAIL to include the relevant documentation. Send all messages directly to your professor at the time of the medical/health incident to the following email: Laura.Pasquini@unt.edu

Student Support Online

The UNT Helpdesk is a student technical support team dedicated to deal with issues or technical needs (e.g. Blackboard Learn) if you should encounter any issues online at ANY point during the duration of this course. Emails sent to the instructor or TA the night of the technical issue will probably not be read, and your assignment WILL be considered LATE and not evaluated (per the policy on page 3 of this syllabus).
Please be sure to CONTACT the UNT Helpdesk support team for any student technical support issues and questions:

**Academic Advising and Personal Support**

There are a number of academic resources and support areas at UNT to support your academic success. Please be sure to seek our or ask for the support you need **IN ADVANCE, and/or IMMEDIATELY** after any medical, personal, or academic situation.

**Writing Skills**

Students will compose grammatically correct sentences, write well-developed paragraphs, and express ideas in a well-organized, coherent matter. Submissions must have complete sentences, correct punctuation, and capitalization. Avoid using abbreviations and acronyms without appropriate clarification. Consider getting support for this course with your writing at the UNT Writing Lab ([http://writinglab.unt.edu/](http://writinglab.unt.edu/)) and/or UNT Career Center ([http://studentaffairs.unt.edu/career-center](http://studentaffairs.unt.edu/career-center)).

Student Course Evaluations
All students are expected to complete the end-of-semester evaluation for this course.

Netiquette & Discussion Expectations
Students should be cognizant of the limitations of an online environment and exercise caution when interacting with others through the discussion board and/or messages. The purpose of our interactions is the exchange of knowledge and best practices as well as clarification of concepts. In an online environment, comments can be unintentionally misinterpreted or misrepresented. Students should observe the following guidelines:

• Students should be respectful of peers' opinions.
• Students should avoid using language that may be viewed as offensive.
• Students should avoid writing in all capital letters.
• Students should reread messages/postings as necessary before responding to avoid misunderstanding and should seek clarification as necessary.

Academic Integrity
The UNT Code of Student Conduct and Discipline provides penalties for misconduct by students, including academic dishonesty. Academic dishonesty includes cheating and plagiarism. The Code of Student Conduct can be found at https://deanofstudents.unt.edu/conduct.

Students must complete all assignments independently unless otherwise instructed. Failure to do so will result in a grade of zero (0). Other possible consequences of breaching academic integrity include a failing grade on the assignment, a full letter grade drop for the course, or a failing grade in the course. If a student engages in academic dishonesty related to this class, the case will be referred to the Dean of Students for appropriate disciplinary action.

Cheating and Plagiarism
Students caught cheating or plagiarizing will receive a "0" for that particular assignment or exam. Additionally, the incident will be reported to the Office of Student Rights and Responsibilities for further penalty.

According to the UNT catalog, the term "cheating" includes, but is not limited to:

1. use of any unauthorized assistance in taking quizzes, tests, or examinations;
2. dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments;
3. the acquisition, without permission, of tests or other academic material belonging to a faculty or staff member of the university;
4. dual submission of a paper or project, or resubmission of a paper or project to a different class without express permission from the instructor(s); and/or
5. any other act designed to give a student an unfair advantage.
The term "plagiarism" includes, but is not limited to:

1. the knowing or negligent use of the published or unpublished work of another person, by paraphrase or direct quotation, without full and clear acknowledgement; and/or
2. It also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

Required Software and Hardware

Knowledge of personal computer operation is prerequisite to registering for and successfully completing this online course. Students taking the course should be proficient in the following software as well: Microsoft Word, Microsoft PowerPoint, Microsoft Excel, and Microsoft Access.

The acquisition of these skills is the responsibility of student and can be obtained through prior coursework and/or personal experience. A student who is not proficient in these programs should not register for this course. Blackboard is fully supported for both computers using Windows and Apple computers. This includes the programs noted above. Purchase and installation of the programs in a current and compatible version is the responsibility of the student. For personally owned computers, the UNT Bookstore offers software for both systems with student pricing.

In addition, upon starting this or any LTEC Blackboard course, students should review the “Check Browser” link in Blackboard and install the appropriate browser and plug-ins and update their browser to the appropriate settings.

LTEC COURSE POLICIES

Student Responsibilities for Distributed Learning Courses:

- Access course web page & initiate contact within 1st week of the semester
- Be able to work independently on course objectives, given the format for interaction with faculty and students will be non-traditional.
- Verify appropriate hardware and software as described in the course description.
- Provide instructor with access to a working email account.
- Contact instructor or instructor’s assistant within two days if any problems develop with regard to accessing the course.
- Adhere to communication parameters of course (i.e., email, discussion, chat).
- Complete UNT Student Tutorial prior to taking the first Blackboard course.
- Comply with appropriate electronic etiquette and abbreviations.
- Acquire all necessary software and books.
- Complete all course requirements by posted deadlines.

"All students should activate and regularly check their e-mail account used for official communication from UNT to students. Many important announcements for the University and College are sent to students via the assigned e-mail account. Please be sure to FORWARD this email to another account, if it is not where you view your messages: http://www.unt.edu/helpdesk/faq/"
University Policy of Disability Accommodations

The University of North Texas is on record as being committed to both the spirit and letter of federal equal opportunity legislation; reference Public Law 92-112 – The Rehabilitation Act of 1973 as amended. With the passage of new federal legislation entitled Americans with Disabilities Act (ADA), pursuant to section 504 of the Rehabilitation Act, there is renewed focus on providing this population with the same opportunities enjoyed by all citizens.

Whenever a special accommodation or auxiliary aid is necessary in order to ensure access to and full participation by students with disabilities in University programs or services, the department or agency responsible for the program or service to which the individual requires access will work with the Office of Disability Accommodation and appropriate federal and state agencies to ensure that reasonable accommodations are made. The student requiring special accommodation or auxiliary aids must make application for such assistance through the Office of Disability Accommodation. Proof of disability from a competent authority will be required, as well as information regarding specific limitations for which accommodation is requested.

The University assumes no responsibility for personal assistance necessary for independent living or for specialized medical care. Students requiring personal attendants or mobility assistants must employ such persons at their own expense before completion of registration. Students requiring specialized medical care above and beyond that ordinarily offered through the Student Health Center should be prepared to bear the expense of this care through a general hospital or a private physician/clinic of their choice.

Changes may be made as long as it does not compromise the quality of education. Cooperation of faculty, staff, and students is needed to help with physical access and to meet academic requirements. For example, giving extra time on tests or assignments, substituting courses, or adapting classroom presentations (like allowing tape recorders, note takers, or asking a professor to face the class when speaking to allow students to lip read) may be done.

ADA Statement: The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. Please Contact the UNT Office of Disability Accommodation (https://disability.unt.edu/) for questions, concerns, or support you may contact the ODA office by phone at 940.565.4323 or in person (SAGE 167).
