Course Descriptions

3310: Introduction to concepts and techniques of intaglio printmaking, including various grounds, aquatint, line etching and stage biting. Black and white and color. Prerequisites: ART 1440, 1450, 1500 and 1510. 3 credit hours (2:4).

4310: Exploration of concepts and techniques of intaglio printmaking, including classic and experimental techniques. Prerequisite(s): ASTU 3310; selection into the printmaking program through the mid-point review process. May be repeated for credit. 3 credit hours (2:4).

5900: Advanced students capable of doing independent work under the direction of the instructor. 1 – 3 credit hours.

Course Content and Objectives

*Print Etching/Advanced Etching/Special Problems* explore intaglio printmaking as a primary form of expression. They cover the essential processes, aesthetic characteristics, and expressive potential of the medium. Low-toxicity techniques will be emphasized and no hazardous materials will be used without prior permission from the instructor.

These courses combine presentations, demonstrations, critiques and projects in a studio format to help you achieve the following:

- to produce a body of work on paper,
- to gain technical proficiency in a variety of intaglio processes,
- to work successfully in a shared space,
- to develop and record your ideas by maintaining a sketchbook and writing a statement of intent,
- to identify the work of traditional and contemporary graphic artists while discussing issues related to the changing role of printed media and works on paper.

*Advanced Etching and Special Problems* students will be expected to complete more ambitious projects than 3310. Additionally, they will be required to articulate and to pursue a unique and individual direction in their work from an early point in the semester. Occasionally, they will be asked to assist with demos, to interact with visiting artists, or to engage with other professional opportunities.
Course Structure and Evaluation

Your final course grade will be based on three portfolio reviews, plus a final portfolio in which you will revise select previous works and submit the rest. The average of these portfolios is a baseline that will be lowered in the case of excessive absences, failure to attend final clean-up or observe shop policies, etc.

Work must be presented as described in the “Presentation Requirements” and “Collation” handouts; observe “Requirements” listed on each project sheet, too. All prints must be dry, clean, undamaged, collated and signed. Special Problems students are required to document their work and submit a web of high-quality digital images with their final portfolios.

The criteria are as follows:

- **Conceptual Approach = 15%**
  What ideas are evident in your work? Are they original and engaging?

- **Aesthetic Qualities = 15%**
  Do the formal qualities of your work support the conceptual approach?

- **Technique = 15%**
  Does your technical approach complement the concept and form?

- **Craft/Presentation = 15%**
  Does your portfolio meet all presentation criteria? Are your prints dry, clean, undamaged, collated and signed, with slipsheets? Do you take pride in presenting your work and care for how it is displayed?

- **Process = 15%**
  The scope and depth of your research and preparatory work as evidenced by a sketchbook or idea book. Also: did you make good use of class time and keep up with the assignment? Did you budget your time effectively? How did you respond to setbacks?
  As part of your process grade, you will be required to attend (and to sign in at) two printmaking-related events (*) as listed on the class day schedule. Only events taking place outside of our class time qualify. Most events are free, but a few require fees. Know of a print-related event that isn’t listed? Please suggest it.

- **Critique(s) = 15%**
  Effective participation in critiques is evidenced by the quality of work that you bring, the professionalism of your presentation, your willingness to listen to constructive criticism and the feedback that you provide to peers. Take notes. We will have pre-scheduled and impromptu critiques. They count equally as follows:
  \n  + = 100% or A = fulfills above requirements in exemplary way
  √ = 75% or C = work incomplete or unfinished, student actively participated
  − = 50% or F = work missing, student actively participated
  ø = 0% or o = work missing, student did not participate

- **Shared Studio Space = 10%**
  This grade is based on the ongoing condition of the shop and is typically the same for all students in the class.
  It is meant to encourage individual responsibility combined with a professional, cooperative and courteous work ethic. Be considerate of shared spaces and tools, and be proactive if a student abuses resources. Tell your instructor if something needs to be fixed or replenished. The last ten minutes of every class will consist of a mandatory studio clean-up with a sign-out. Failure to participate will reduce your studio space grade.

- **Your score is translated to a letter as follows: 0 – 59% = F, 60 – 69% = D, 70 – 79% = C, 80 – 89% = B, 90 – 100% = A**

- **Your final course grade will be lowered by excessive absences (see “Attendance”).**

Unless otherwise specified, assignments are due at the beginning of class. Late work will not be accepted unless an absence is excused (see “Attendance”). Missed demos, critiques and other class activities cannot be made up.

Occasionally, projects may be retained temporarily for cvad exhibitions or documentation.

Final grades are not posted. The Office of the Registrar will provide you with your final grade.
Texts/Readings

Required readings will be provided as handouts. Unless an alternate deadline is specified, readings must be completed one class session after they are distributed.

While no textbook is required for this course, the following reading materials are highly recommended:

Adam, Robert and Carol Robertson. *Intaglio: The Complete Safety-First System for Creative Printmaking*. Thames & Hudson

Howard, Keith. *Non-Toxic Intaglio Printmaking*. Printmaking Resources

Noyce, Richard. *Printmaking at the Edge: 45 Artists: 16 Countries* and *Critical Mass: Printmaking Beyond the Edge*, both A&C Black

There’s also a bevy of journals about printmaking, including *Contemporary Impressions* (American Print Alliance), *Graphic Impressions* (SGCI) and *The Mid America Print Council Journal*, et cetera; and a host of wonderful exhibition catalogues, such as the Delta National Small Print.
Students: Complete the waiver by the twelfth class day and keep this copy for your records. A parent or legal guardian must sign for persons under age 18. Your contact information is for emergencies only and will not be shared.

Final Clean-Up

F 5/4  8 am – noon
Students must spend one hour working on the group clean-up. Students who cannot make the date must pre-arrange alternates to contribute to the group effort. Failing to attend the clean-up period will reduce your final semester grade by one full letter.

“Final Exam”

W 5/9  8 am – 10 am
No final exam is planned for this class. Please pick up your work at this time. Work left after this time may be discarded.
