MEEN 3230 System Dynamics & Control

Instructor Contact

Name: Dr. Mark Wasikowski  
Office Hours: MW 4:30 - 6:20 PM  
Email: mark.wasikowski@unt.edu

Course Description

Course Structure

This course takes place 100% online. We will have a regular synchronous video conferences using Zoom throughout the semester for recitations if you have questions. Other than that, your interaction with me and with your fellow students will take place in Canvas. There are 10 weeks of content that you will move through. I will open new modules each week.

Course Prerequisites or Other Restrictions

Pass with C or better:

1. MEEN 2302: Mechanics II: kinematics and dynamics of moving bodies
2. MATH 2700: Linear Algebra and Vector Geometry: matrices, eigenvalues
3. MATH 3410 or 3310: Differential Equations: 1st and 2nd order equations
4. MEEN 2240: MATLAB programming recommended, but not required

Course Objectives

Upon successful completion of this course, learners will be able to identify, formulate, and solve a complex engineering problem by applying principles of engineering science and mathematics.

1. Exhibit ability to model mechanical and electrical systems
2. Show ability to determine transfer functions
3. Learn to develop state-space models of mechanical systems
4. Demonstrate capability to perform computer simulations of control systems
5. Perform stability analysis and root locus techniques

Required Materials

Required Materials

- MATLAB for Engineers, 5th, Moore, Pearson, 9780134589640
- MATLAB for Controls Engineers, Ogata, Pearson, 9780136150770

Course Requirements

Regular Module Activities (100 points each, 20 @ 2% each, or 40% of total) 2 per week.

Weekly Quizzes (100 points each, 10 @6% each, 60% of total) on Thursday evenings 8-9 pm.

</tbody>
</table>

Grading

A standard grading scale of 90/80/70/60 scale used, weighted as above

- A: 90-100% (Outstanding, excellent work. student performs well above minimum criteria.)
- B: 80-89% (Good, impressive work. student performs above the minimum criteria.)
- C: 70-79% (Solid, college-level work. student meets the criteria of the assignment.)
- D: 60-69% (Below average work. student fails to meet the minimum criteria.)
- F: 59 and below (Sub-par work. student fails to complete the assignment.)

Extra Credit

There are no extra credit opportunities in this course.

Assignment Policy

All assignment due dates posted to CANVAS. Modules due on Mondays and Wednesdays each week online via CANVAS. Grading is typically available shortly after the due date and time. Quizzes are on Thursday evenings from 8 to 9 pm using the Lockdown Browser on the iPhone and a computer. Expect to spend a significant amount of time programming in MATLAB / SIMULINK

Examination Policy

Exams are open to student’s own course notes and on-line materials that are printed out in advance. Exams are closed to internet access. No makeup exams are given without a valid university excused absence. Contact the Helpdesk and document a remedy ticket number if you loose internet or have trouble with an online system, as well as speak the issue into the Lockdown browser for documentation.

The University is committed to providing a reliable online course system to all users. However, in the event of any unexpected server outage or any unusual technical difficulty which prevents students from completing a time sensitive assessment activity, the instructor will extend the time windows and provide an appropriate accommodation based on the situation. Students should immediately report any problems
to the instructor and contact the UNT Student Help Desk: helpdesk@unt.edu or 940.565.2324 and obtain a ticket number. The instructor and the UNT Student Help Desk will work with the student to resolve any issues at the earliest possible time.

Grade Disputes
You are required to wait 24 hours before contacting me to dispute a grade. Within that time, I expect that you will review assignment details and reflect on quality of work you turned in. If you would still like to meet, email me to set up a meeting (I cannot discuss grades over email). You should come to our scheduled meeting with specific examples that demonstrate that you earned a higher grade than you received. If you miss your scheduled meeting, you forfeit your right to a grade dispute. If you do not contact me to schedule a meeting within three days of receiving your grade, you also forfeit your right to a grade dispute. Note that if a re-grade is requested, the entire assignment will be regraded, not just any question. This may result in a lower score than originally received.

Instructor Responsibilities and Feedback
While I want to make myself as available as possible to each of you, I do have to place some limitations on when I can be contacted. I would prefer most general questions go through Q & A during recitations. If you have a general question about course or assignments, please ask it there. Either I will answer it, or, one of your classmates will. This way we can all benefit from questions asked, and they can be answered in a venue that whole class can see. You may also want to find someone in class to be a "buddy" with. This will give you at least one other person who you can email with questions. If you have a private question, please contact me via email and I will respond within 24 hours on weekdays (usually sooner). Please do not expect a response over weekend. Normally, I will return feedback on all written assignments within 1 week of the due date. Grading is typically automatic for most items in CANVAS with feedback shortly after assignments are due. However, if I see that I will be unable to return your feedback that quickly I will post an Announcement to let everyone know when it can be expected. I aim to return graded work to you within one week of due date. When this is not possible, I will send an announcement to the class.

Late Work
There is no late work in this course. All work turned in after deadline will receive grade of zero unless student has university-excused absence and provides documentation with 24 hours of missed deadline.

Attendance Policy
Attendance is the student responsibility. Attendance during recitations is not graded. University attendance policy is available at University of North Texas’ Attendance Policy to learn more.

Class Participation
Participation in recitations is strongly encouraged but is not graded.

Syllabus Change Policy
Instructor reserves right change syllabus. Any changes announced in class and posted to CANVAS with an accompanying email to student’s UNT email address.
Technical Requirements & Skills

Minimum Technology Requirements

- Computer with Webcam and microphone and speaker
- Mobile phone with Webcam
- Reliable internet access
- Microsoft Office Suite
- Calculator
- Adobe
- CamScanner software for your iPhone
- MATLAB/SIMULINK software on computer [https://it.unt.edu/matlab-simulink](https://it.unt.edu/matlab-simulink)
  - Control Systems toolboxes through UNT download and account
- Canvas Technical Requirements ([https://clear.unt.edu/supported-technologies/canvas/requirements](https://clear.unt.edu/supported-technologies/canvas/requirements))

Computer Skills & Digital Literacy

- Using Canvas
- Using email with attachments
- Downloading and installing software
- Using spreadsheet programs
- Using presentation and graphics programs

Rules of Engagement

Rules of engagement refer to the way students are expected to interact with each other and with their instructors online. Here are some general guidelines:

- Treat your instructor and classmates with respect in email or any other communication.
- Always use your professors’ proper title: Dr. or Prof., or if in doubt use Mr. or Ms.
- Unless specifically invited, don’t refer to your instructor by first name.
- Use clear and concise language.
- Remember that all college level communication should have correct spelling and grammar (this includes discussion boards).
- Avoid slang terms such as “wassup?” and texting abbreviations such as “u” instead of “you.”
- Use standard fonts such as Ariel, Calibri or Times new Roman and use a size 10 or 12 point font
- Avoid using the caps lock feature AS IT CAN BE INTERPRETTED AS YELLING.
- Limit and possibly avoid the use of emoticons like :) or ☺.
- Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and your message might be taken seriously or sound offensive.
- Be careful with personal information (both yours and other’s).
- Do not send confidential information via e-mail
See these Engagement Guidelines (https://clear.unt.edu/online-communication-tips) for more information.

Success in an Online Course

While the online classroom shares many similarities with the face-to-face classroom, success in online education requires certain skills and expectations that students may not be aware of. Consider providing tips for success based on your own online teaching and learning experiences. You can also include a link to or adapt tips from this webpage for students, “How to Succeed as an Online Student” (https://clear.unt.edu/teaching-resources/online-teaching/succeed-online).

Getting Help

Technical Assistance

Part of working in the online environment involves dealing with the inconveniences and frustration that can arise when technology breaks down or does not perform as expected. Here at UNT we have a Student Help Desk that you can contact for help with Canvas or other technology issues.

UIT Help Desk: http://www.unt.edu/helpdesk/index.htm
Email: helpdesk@unt.edu
Phone: 940-565-2324
In Person: Sage Hall, Room 130
Walk-In Availability: 8am-9pm
Telephone Availability:
  • Sunday: noon-midnight
  • Monday-Thursday: 8am-midnight
  • Friday: 8am-8pm
  • Saturday: 9am-5pm
Laptop Checkout: 8am-7pm

For additional support, visit Canvas Technical Help (https://community.canvaslms.com/docs/DOC-10554-4212710328)

Student Support Services

UNT provides mental health resources to students to help ensure there are numerous outlets to turn to that wholeheartedly care for and are there for students in need, regardless of the nature of an issue or its severity. Listed below are several resources on campus that can support your academic success and mental well-being:

  • Student Health and Wellness Center (https://studentaffairs.unt.edu/student-health-and-wellness-center)
  • Counseling and Testing Services (https://studentaffairs.unt.edu/counseling-and-testing-services)
  • UNT Care Team (https://studentaffairs.unt.edu/care)
  • UNT Psychiatric Services (https://studentaffairs.unt.edu/student-health-and-wellness-center/services/psychiatry)
  • Individual Counseling (https://studentaffairs.unt.edu/counseling-and-testing-services/services/individual-counseling)

Other student support services offered by UNT include
• **Registrar** ([https://registrar.unt.edu/registration](https://registrar.unt.edu/registration))
• **Financial Aid** ([https://financialaid.unt.edu/](https://financialaid.unt.edu/))
• **Student Legal Services** ([https://studentaffairs.unt.edu/student-legal-services](https://studentaffairs.unt.edu/student-legal-services))
• **Career Center** ([https://studentaffairs.unt.edu/career-center](https://studentaffairs.unt.edu/career-center))
• **Multicultural Center** ([https://edo.unt.edu/multicultural-center](https://edo.unt.edu/multicultural-center))
• **Counseling and Testing Services** ([https://studentaffairs.unt.edu/counseling-and-testing-services](https://studentaffairs.unt.edu/counseling-and-testing-services))
• **Pride Alliance** ([https://edo.unt.edu/pridealliance](https://edo.unt.edu/pridealliance))
• **UNT Food Pantry** ([https://deanofstudents.unt.edu/resources/food-pantry](https://deanofstudents.unt.edu/resources/food-pantry))

**Academic Support Services**

• **Academic Resource Center** ([https://clear.unt.edu/canvas/student-resources](https://clear.unt.edu/canvas/student-resources))
• **Academic Success Center** ([https://success.unt.edu/asc](https://success.unt.edu/asc))
• **UNT Libraries** ([https://library.unt.edu/](https://library.unt.edu/))
• **Writing Lab** ([http://writingcenter.unt.edu/](http://writingcenter.unt.edu/))
• **MathLab** ([https://math.unt.edu/mathlab](https://math.unt.edu/mathlab))

**UNT Policies**

**Academic Integrity Policy**

Academic Integrity Standards and Consequences. According to UNT Policy 06.003, Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to cheating, fabrication, facilitating academic dishonesty, forgery, plagiarism, and sabotage. A finding of academic dishonesty may result in a range of academic penalties or sanctions ranging from admonition to expulsion from the University. Academic dishonesty will not be tolerated and will result in zero assignment score and reported to Office of Academic Integrity. No exceptions. MATLAB/SIMULINK or other codes run to verify results. Codes submitted to Turnitin to check for copying. Codes > 75% similarity receive 0 score for all students involved.

**ADA Policy**

The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking reasonable accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with a reasonable accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request reasonable accommodations at any time, however, ODA notices of reasonable accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of reasonable accommodation for every semester and must meet with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of reasonable accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information, refer to the [Office of Disability Access website](http://www.unt.edu/oda). You may also contact ODA by phone at (940) 565-4323.

**Emergency Notification & Procedures**

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical
spills, fires, or violence). In the event of a university closure, please refer to Blackboard for contingency plans for covering course materials.

Retention of Student Records
Student records pertaining to this course are maintained in a secure location by the instructor of record. All records such as exams, answer sheets (with keys), and written papers submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via the Blackboard online system, including grading information and comments, is also stored in a safe electronic environment for one year. Students have the right to view their individual record; however, information about student’s records will not be divulged to other individuals without proper written consent. Students are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the University’s policy. See UNT Policy 10.10, Records Management and Retention for additional information.

Acceptable Student Behavior
Student behavior that interferes with an instructor’s ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The University's expectations for student conduct apply to all instructional forums, including University and electronic classroom, labs, discussion groups, field trips, etc. Visit UNT's Code of Student Conduct (https://deanofstudents.unt.edu/conduct) to learn more.

Access to Information - Eagle Connect
Students’ access point for business and academic services at UNT is located at: my.unt.edu. All official communication from the University will be delivered to a student’s Eagle Connect account. For more information, please visit the website that explains Eagle Connect and how to forward e-mail Eagle Connect (https://it.unt.edu/eagleconnect).

Student Evaluation Administration Dates
Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13, 14 and 15 [insert administration dates] of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey they will receive a confirmation email that the survey has been submitted. For additional information, please visit the SPOT website (http://spot.unt.edu/) or email spot@unt.edu.

Sexual Assault Prevention
UNT is committed to providing a safe learning environment free of all forms of sexual misconduct, including sexual harassment sexual assault, domestic violence, dating violence, and stalking. Federal laws (Title IX and the Violence Against Women Act) and UNT policies prohibit discrimination on the basis of sex, and therefore prohibit sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking, and/or sexual assault, there are campus resources available to provide support and assistance. UNT’s Survivor Advocates can assist a student who has been impacted.
by violence by filing protective orders, completing crime victim’s compensation applications, contacting professors for absences related to an assault, working with housing to facilitate a room change where appropriate, and connecting students to other resources available both on and off campus. The Survivor Advocates can be reached at SurvivorAdvocate@unt.edu or by calling the Dean of Students Office at 940-565-2648. Additionally, alleged sexual misconduct can be non-confidentially reported to the Title IX Coordinator at oeo@unt.edu or at (940) 565 2759.

Important Notice for F-1 Students taking Distance Education Courses

Federal Regulation

To read detailed Immigration and Customs Enforcement regulations for F-1 students taking online courses, please go to the Electronic Code of Federal Regulations website (http://www.ecfr.gov/). The specific portion concerning distance education courses is located at Title 8 CFR 214.2 Paragraph (f)(6)(i)(G).

The paragraph reads:

(G) For F-1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken on-line or through distance education and does not require the student's physical attendance for classes, examination or other purposes integral to completion of the class. An on-line or distance education course is a course that is offered principally through the use of television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, or satellite, audio conferencing, or computer conferencing. If the F-1 student's course of study is in a language study program, no on-line or distance education classes may be considered to count toward a student's full course of study requirement.

University of North Texas Compliance

To comply with immigration regulations, an F-1 visa holder within the United States may need to engage in an on-campus experiential component for this course. This component (which must be approved in advance by the instructor) can include activities such as taking an on-campus exam, participating in an on-campus lecture or lab activity, or other on-campus experience integral to the completion of this course. If such an on-campus activity is required, it is the student’s responsibility to do the following:

1. Submit a written request to the instructor for an on-campus experiential component within one week of the start of the course.
2. Ensure that activity on campus takes place and the instructor documents it in writing with a notice sent to the International Student and Scholar Services Office. ISSS has a form available that you may use for this purpose.

Because decision may have serious immigration consequences, if an F-1 student is unsure about his or her need to participate in an on-campus experiential component for this course, s/he should contact the UNT International Student and Scholar Services Office (telephone 940-565-2195 or email internationaladvising@unt.edu) to get clarification before the one-week deadline.
Student Verification
UNT takes measures to protect the integrity of educational credentials awarded to students enrolled in distance education courses by verifying student identity, protecting student privacy, and notifying students of any special meeting times/locations or additional charges associated with student identity verification in distance education courses. See UNT Policy 07-002 Student Identity Verification, Privacy, and Notification and Distance Education Courses (https://policy.unt.edu/policy/07-002).

Use of Student Work
A student owns the copyright for all work (e.g. software, photographs, reports, presentations, and email postings) he or she creates within a class and the University is not entitled to use any student work without the student’s permission unless all of the following criteria are met:

- The work is used only once.
- The work is not used in its entirety.
- Use of the work does not affect any potential profits from the work.
- The student is not identified.
- The work is identified as student work.

If the use of the work does not meet all of the above criteria, then the University office or department using the work must obtain the student’s written permission.

Download the UNT System Permission, Waiver and Release Form

Transmission and Recording of Student Images in Electronically-Delivered Courses

1. No permission is needed from a student for his or her image or voice to be transmitted live via videoconference or streaming media, but all students should be informed when courses are to be conducted using either method of delivery.

2. In the event an instructor records student presentations, he or she must obtain permission from the student using a signed release in order to use the recording for future classes in accordance with the Use of Student-Created Work guidelines above.

3. Instructors who video-record their class lectures with the intention of re-using some or all of recordings for future class offerings must notify students on the course syllabus if students' images may appear on video. Instructors are also advised to provide accommodation for students who do not wish to appear in class recordings.

   Example: This course employs lecture capture technology to record class sessions. Students may occasionally appear on video. The lecture recordings will be available to you for study purposes and may also be reused in future course offerings.

   No notification is needed if only audio and slide capture is used or if the video only records the instructor’s image. However, the instructor is encouraged to let students know the recordings will be available to them for study purposes.
