## Course Description

Field-based experience in an approved recreation, event, or sport related organization. Emphasis is placed on application of knowledge and skills to real-world job roles and responsibilities.

## Purpose of the Course

The internship serves as a structured bridge between the university curriculum and a professional setting in recreation, event, or sport services. This experience allows students to apply theoretical concepts and practical skills in real-world environments under the mentorship of an agency professional and the guidance of a university faculty member. Throughout the internship, students are evaluated by both their agency and university supervisors. Additionally, students are encouraged to reflect on their knowledge, skills, and professional growth as they prepare to enter the field of recreation, event, and sport management.

## Course Prerequisites or Other Restrictions

RESM 4150 recommended.

## Course Objectives

By the end of this course, students will be able to:

1. Integrate theory and practice in the student's professional education by exchange of contemporary thinking and insights between the internship student and agency personnel.
2. Broaden personal philosophy and understanding of recreation, event, and sport management.
3. Obtain information useful in making areas of specialization, and/or further study in recreation, event, and sport management.
4. Gain experience in service delivery, leadership, supervision, and administration within a particular agency.
5. Develop an understanding and appreciation of the role, duties, and responsibilities of a full-time recreation, event, sport, or leisure services professional.
6. Increase knowledge of the organization and administration of delivering leisure services in a specific setting.
7. Develop critical thinking, teamwork, communications, and interpersonal, problem solving, creative thinking, and initiative skills.

## Required Text

None.

## How To Be Successful In This Course

1. **SUBMIT ASSIGNMENTS ON-TIME.**
  - a. "Deadline" means the absolute last minute to submit an assignment.
  - b. Assignments are posted well in advance of the deadlines (in most cases, the assignment is posted at the beginning of the semester). Therefore, there are no excuses for missing a deadline.
  - c. The instructor suggests submitting assignments at least a few hours before the deadline to account for any problems which may arise (i.e., computer problems, internet/Wi-Fi outage, etc.).
  - d. If you choose to wait until the last minute to submit your assignment, you are taking the risk that something may go wrong which makes you miss the deadline.
  - e. In instances where you have not completed the entire assignment, submitting a partial assignment is better than missing the deadline as you will at least get partial credit.
  - f. This is the #1 reason students fail the course.
2. **FOLLOW DIRECTIONS/INSTRUCTIONS EXACTLY.**
  - a. The instructor devotes a great deal of time to create detailed instructions. The instructions are specific for a reason (i.e., to make sure all students learn and/or practice using the appropriate course concepts, to make submissions more uniform, to make sure the submission is compatible with Canvas, to make the assignment easier to grade, etc.).
  - b. You are an adult and a college student; therefore, you should be able to follow directions as it will be required when you get a job. Attention to detail is important and will pay off in this course and your career.
  - c. If after carefully reading the directions, you do not understand what is expected, email the instructor to ask for clarification.

- d. Failure to follow directions will significantly decrease your assignment grade.
  - e. This is the #2 reason students fail the course.
3. PUT TIME AND EFFORT INTO YOUR COURSEWORK.
- a. You will be graded on the quality of your work. Low-quality work will receive a lower grade than high-quality work.
  - b. High quality work means: following directions exactly; devoting time and effort (which will be evident in the work you submit) to completing the assignments; using college-level writing; having no grammatical and/or spelling errors; demonstrating course topics/concepts are clearly understood and utilizing them appropriately; completing all sections/questions correctly; and going beyond the minimum required.
  - c. Putting time and effort into your coursework is the best way to ensure you are adequately prepared for a career in this field.
  - d. Procrastination, laziness, and completing subpar work are hard habits to break. If you get in the habit of performing at a high-level now, you are much more likely to transition that work ethic into your career (where it really matters and could increase your earnings and/or career opportunities).
  - e. You are a student at a university which you chose to attend, and in a program/course which you chose to enroll in. Therefore, you should be interested in the topics being discussed/assigned and want to learn them (if not, then maybe you should consider a change in your area of study).

### Excuses I Hear Every Semester (and my responses)

1. "I couldn't submit my assignment before the deadline because my assignment didn't save properly, or I lost the file."
  - a. Hard drives, flash drives, and other technology eventually fail. You should be saving your files/documents in multiple locations to make sure they are properly backed-up and you don't lose your work.
2. "I couldn't submit my assignment before the deadline because my computer wasn't working."
  - a. Technology eventually fails. Always back up your work.
  - b. You could use a friend, family, or neighbor's computer.
  - c. You could use a computer on campus.
  - d. Don't wait until the last minute to submit assignments.
3. "I couldn't submit my assignment before the deadline because my internet/Wi-Fi wasn't working."
  - a. You could use a friend, family, or neighbor's internet/Wi-Fi.
  - b. You could use a computer lab on campus.
  - c. You could create a hotspot with your mobile phone and use that internet connection.
  - d. Don't wait until the last minute to submit assignments.
4. "I accidently submitted the wrong assignment or the wrong version of the assignment."
  - a. Attention to detail is important. Take the time to double-check you have attached the correct document and/or the correct version of the document.
  - b. Appropriately label your documents when saving so different versions can be easily identified.
5. "I attached my document/assignment in Canvas, so I don't know why it isn't showing up."

- a. Attention to detail is important. Take the time to double-check you have attached the document/file in Canvas.
  - b. You can verify a document was attached by clicking on "View Submission." Any attached documents will show up under "Submission Details."
6. "I took the exam, but Canvas shows I have a zero."
  - a. Always double-check the gradebook after taking exams to make sure your grade is recorded correctly.
  - b. Email the instructor immediately (not after the deadline) if there are any issues with your score.
7. "I couldn't submit my assignment before the deadline or couldn't come to class because I got called into work or I had to work."
  - a. Many students work and attend college. The instructor cannot give special treatment or utilize a different grading scale because you have a job.
  - b. Time-management is important, and this will not change once you graduate (i.e., you will always have to juggle and make time for competing priorities).
8. "I couldn't complete the assignment before the deadline because I didn't understand the directions."
  - a. Always email the instructor to ask for clarification if you do not understand what is expected on an assignment.
  - b. You can ask a classmate to see if they know what to do.
  - c. Don't wait until the last minute to start an assignment as the instructor may not have time to answer your question before the deadline.
9. "I couldn't submit my assignment before the deadline because I was out-of-town and didn't have my computer or internet/Wi-Fi access."
  - a. Time-management is important. If you know you are going out-of-town, plan ahead and complete the assignment before you leave.
  - b. Plan ahead and double-check/verify that the location will have computer and/or internet access.
10. "I couldn't complete the assignment because I don't have the textbook yet."
  - a. The required textbook is listed on the syllabus. The instructor cannot delay coursework for the first few weeks in the semester to wait for everyone to get the textbook delivered.
  - b. You can ask a classmate to borrow their textbook.
  - c. The library usually has a copy of the textbook which you can check out for a few hours.
  - d. You can usually get an e-book version of the textbook, so you don't have to wait for one to be delivered.
11. "I completely forgot about the assignment or thought it was due later."
  - a. The "Course Schedule" clearly shows what day and time assignments are due for the entire semester. Print this out and refer to it often.
  - b. Canvas shows the deadline of all assignments.

## Course Policies

### Assignment Policy

The University is committed to providing a reliable online course system to all users. However, in the event of any unexpected server outage or any unusual technical difficulty which prevents students from completing a time sensitive assessment activity, the instructor will extend the time windows and provide an appropriate accommodation based on the situation. STUDENTS MUST IMMEDIATELY REPORT ANY PROBLEMS TO THE INSTRUCTOR and contact the UNT Student Help Desk: [helpdesk@unt.edu](mailto:helpdesk@unt.edu) or 940.565.2324 and obtain a ticket number. The instructor and the UNT Student Help Desk will work with the student to resolve any issues at the earliest possible time.

### GenAI Use Policy

In this course, I want you to engage deeply with the materials and develop your own critical thinking and writing skills. For this reason, the use of Generative AI (GenAI) tools like Claude, ChatGPT, and/or Gemini is not permitted. While these tools can be helpful in some contexts, they do not align with our goal of fostering the development of your independent thinking. Using GenAI to complete any part of an assignment, exam, or coursework will be considered a violation of academic integrity, as it prevents the development of your own skills, and will be addressed according to the [Student Academic Integrity policy \(https://policy.unt.edu/policy/06-003\)](https://policy.unt.edu/policy/06-003). However, you **may** use tools such as Grammarly or other comparable systems for minor grammar or typo corrections or to search for general information, but **do not copy and paste responses or content directly from GenAI tools**. All submitted work must be your own. **Any work that violates this policy will not be accepted.**

### Attendance Policy

This course does not include designated in-person class meetings. However, students are required to arrange and attend at least three virtual meetings with their internship supervisors and the instructor over the course of the semester.

### Syllabus Change Policy

The instructor reserves the right to amend the grading scale for the benefit of the students. The instructor reserves the right to change the syllabus at any time during the semester. Any changes will be posted on Canvas and/or emailed to students.

## UNT Policies

### Academic Integrity Policy

Academic Integrity Standards and Consequences. According to UNT Policy 06.003, Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to cheating, fabrication, facilitating academic dishonesty, forgery, plagiarism, and sabotage. A finding of academic dishonesty may result in a range of academic penalties or sanctions ranging from admonition to expulsion from the University.

### ADA Policy

UNT makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide a student with an accommodation letter to be delivered to faculty to begin a private discussion regarding one's specific course needs. Students may request accommodation at any time; however, ODA notices of accommodation should be provided as

early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. For additional information see the [ODA website](https://studentaffairs.unt.edu/office-disability-access/) (<https://studentaffairs.unt.edu/office-disability-access/>).

### Emergency Notification & Procedures

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to Blackboard for contingency plans for covering course materials.

### Retention of Student Records

Student records pertaining to this course are maintained in a secure location by the instructor of record. All records such as exams, answer sheets (with keys), and written papers submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via the Canvas online system, including grading information and comments, is also stored in a safe electronic environment for one year. Students have the right to view their individual record; however, information about student's records will not be divulged to other individuals without proper written consent. Students are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the University's policy. See UNT Policy 10.10, Records Management and Retention for additional information.

### Acceptable Student Behavior

Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The University's expectations for student conduct apply to all instructional forums, including University and electronic classroom, labs, discussion groups, field trips, etc. Visit UNT's [Code of Student Conduct](https://studentaffairs.unt.edu/dean-of-students/conduct/index.html) (<https://studentaffairs.unt.edu/dean-of-students/conduct/index.html>) to learn more.

### Access to Information - Eagle Connect

Students' access point for business and academic services at UNT is located at: [my.unt.edu](https://my.unt.edu). All official communication from the University will be delivered to a student's Eagle Connect account. For more information, please visit the website that explains Eagle Connect and how to forward e-mail [Eagle Connect](https://aits.unt.edu/eagleconnect) (<https://aits.unt.edu/eagleconnect>).

### Student Evaluation Administration Dates

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13, 14 and 15 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" ([no-reply@iasystem.org](mailto:no-reply@iasystem.org)) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey, they will receive a confirmation email that the survey has been submitted. For

additional information, please visit the [SPOT website](https://vpaa.unt.edu/spot) (<https://vpaa.unt.edu/spot>) or email [spot@unt.edu](mailto:spot@unt.edu).

### Sexual Assault Prevention

UNT is committed to providing a safe learning environment free of all forms of sexual misconduct, including sexual harassment sexual assault, domestic violence, dating violence, and stalking. Federal laws (Title IX and the Violence Against Women Act) and UNT policies prohibit discrimination on the basis of sex, and therefore prohibit sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking, and/or sexual assault, there are campus resources available to provide support and assistance. UNT's Survivor Advocates can assist a student who has been impacted by violence by filing protective orders, completing crime victim's compensation applications, contacting professors for absences related to an assault, working with housing to facilitate a room change where appropriate, and connecting students to other resources available both on and off campus. The Survivor Advocates can be reached at [SurvivorAdvocate@unt.edu](mailto:SurvivorAdvocate@unt.edu) or by calling the Dean of Students Office at 940-565- 2648. Additionally, alleged sexual misconduct can be non-confidentially reported to the Title IX Coordinator at [oeo@unt.edu](mailto:oeo@unt.edu) or at (940) 565 2759.

### Important Notice for F-1 Students taking Distance Education Courses

#### **Federal Regulation**

To read detailed Immigration and Customs Enforcement regulations for F-1 students taking online courses, please go to the [Electronic Code of Federal Regulations website](http://www.ecfr.gov/) (<http://www.ecfr.gov/>). The specific portion concerning distance education courses is located at Title 8 CFR 214.2 Paragraph (f)(6)(i)(G).

The paragraph reads:

(G) For F-1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken on-line or through distance education and does not require the student's physical attendance for classes, examination or other purposes integral to completion of the class. An on-line or distance education course is a course that is offered principally through the use of television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, or satellite, audio conferencing, or computer conferencing. If the F-1 student's course of study is in a language study program, no on-line or distance education classes may be considered to count toward a student's full course of study requirement.

#### **University of North Texas Compliance**

To comply with immigration regulations, an F-1 visa holder within the United States may need to engage in an on-campus experiential component for this course. This component (which must be approved in advance by the instructor) can include activities such as taking an on-campus exam, participating in an on-campus lecture or lab activity, or other on-campus experience integral to the completion of this course.

If such an on-campus activity is required, it is the student's responsibility to do the following:

(1) Submit a written request to the instructor for an on-campus experiential component within one week of the start of the course.

(2) Ensure that the activity on campus takes place and the instructor documents it in writing with a notice sent to the International Student and Scholar Services Office. ISSS has a form available that you may use for this purpose.

Because the decision may have serious immigration consequences, if an F-1 student is unsure about his or her need to participate in an on-campus experiential component for this course, s/he should contact the UNT International Student and Scholar Services Office (telephone 940-565-2195 or email [internationaladvising@unt.edu](mailto:internationaladvising@unt.edu)) to get clarification before the one-week deadline.

### Student Verification

UNT takes measures to protect the integrity of educational credentials awarded to students enrolled in distance education courses by verifying student identity, protecting student privacy, and notifying students of any special meeting times/locations or additional charges associated with student identity verification in distance education courses.

See [UNT Policy 07-002 Student Identity Verification, Privacy, and Notification and Distance Education Courses](https://policy.unt.edu/policy/07-002) (<https://policy.unt.edu/policy/07-002>).

### Use of Student Work

A student owns the copyright for all work (e.g. software, photographs, reports, presentations, and email postings) he or she creates within a class and the University is not entitled to use any student work without the student's permission unless all of the following criteria are met:

- The work is used only once.
- The work is not used in its entirety.
- Use of the work does not affect any potential profits from the work.
- The student is not identified.
- The work is identified as student work.

If the use of the work does not meet all of the above criteria, then the University office or department using the work must obtain the student's written permission.

Download the UNT System Permission, Waiver and Release Form

### Transmission and Recording of Student Images in Electronically Delivered Courses

1. No permission is needed from a student for his or her image or voice to be transmitted live via videoconference or streaming media, but all students should be informed when courses are to be conducted using either method of delivery.
2. In the event an instructor records student presentations, he or she must obtain permission from the student using a signed release in order to use the recording for future classes in accordance with the Use of Student-Created Work guidelines above.
3. Instructors who video-record their class lectures with the intention of re-using some or all of recordings for future class offerings must notify students on the course syllabus if students' images may appear on video. Instructors are also advised to provide accommodation for students who do not wish to appear in class recordings.

No notification is needed if only audio and slide capture is used or if the video only records the instructor's image. However, the instructor is encouraged to let students know the recordings will be available to them for study purposes.
