All semester

Review what is expected of the project report in the graduate handbook and begin to outline the report.

All semester

Regularly meet with Supervisory Committee Chair to review your progress (both research & practice).
(Reminder: you must meet with your full Committee two times during the last two semesters and all members of the committee must sign off on your oral defense and project report.)

All semester

Begin taking and filing professional-quality high-resolution photos of your work for 1) Slideroom graduation requirements and 2) MFA catalogue.

Record titles, sizes of works, mediums, etc. in a table or spreadsheet. Photograph work unframed or as appropriate. Review the images with your Committee Chair.

Keep in mind the image size requirements Slideroom – 1280 pixels on longest side @ 72ppi Catalogue – 2400 pixels on longest side @ 300dpi

By end of semester

Work with your Supervisory Committee to plan:

1. Exhibition (Date & Location); to be held before April 23.
2. Oral Defense (date & location); to be held before, or at the same time as your exhibition.

Note: Public exhibitions may be restricted due to university access policies.

GRADING

Grades will be provided regularly through the semester and at mid-term.

A = Excellent (100-90%)
B = Above Average (89-80%)
C = Average (79-70%)
D = Inferior (69-60%) [passing but not necessarily satisfying degree requirements]
F = Failure (59% or below)

ACADEMIC INTEGRITY

According to UNT Policy 18.1.16, Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to cheating, fabrication, facilitating academic dishonesty, forgery, plagiarism, and sabotage. A finding of academic dishonesty may result in a range of academic penalties or sanctions ranging from admonition to expulsion from the University.

DISABILITY ACCOMMODATION

The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking reasonable accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with a reasonable accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request reasonable accommodations at any time, however, ODA notices of reasonable accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of reasonable accommodation for every semester and must meet with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of reasonable accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information, refer to the Office of Disability Access website at http://www.unt.edu/oda. You may also contact ODA by phone at (940) 565-4323.

HEALTH & SAFETY PROGRAM

Students are required to follow the Department of Studio Art Health and Safety guidelines and are required to complete training for each studio course. The goal of the Studio Art Health and Safety
Program is to protect the health and welfare of all faculty, staff, and students and to cooperate with the University of North Texas’ Office of Risk Management. Please visit the website for details and the departmental handbook:  https://art.unt.edu/healthandsafety.

BEST PRACTICES FOR HEALTH & SAFETY / STUDIO RULES

• All students must attend an orientation before using the wood and metal shops. During the orientation all shop rules and policies are presented as well as a discussion of the proper and safe use of shop tools. • If you have never before used a specific tool or machine, please ask an Instructor, Shop Technician, or Graduate Student Assistant for a hands-on demonstration of the equipment. You must demonstrate your ability to properly operate the equipment prior to using it without supervision. • Work in a well-ventilated area (or outside) while working with any material or practice that produces toxic or irritating fumes or dust (Resins, chemicals, oil-based paints, and solvents may not be mixed indoors). • Purchase a good half face respirator that fits snug on your face (3M is a good brand). Never share your respirator with another peer (exchanging germs can cause illness). It’s best to get a respirator that has a filter for both vapors and particulates. Shave facial hair so respirator fits face snug. When not in use, store respirator in a plastic bag to prolong the longevity of the filters – the filters will continue to work if not properly sealed. Change filters often depending on use (see instruction manual of specific respirator) • ALWAYS clean up all messes produced by any material or practice to prevent from exposing others to the hazards of that material and/or practice. • Steel-toed boots or metatarsal covers are best for many practices in the sculpture area. • Shield eyes with approved safety wear. Safety goggles and face shields are most commonly used for many different sculpture methods. • Wash hands (including under fingernails) after using toxic materials and chemicals (even if you were wearing gloves). Pumice hand cleaners are available in the shop. • Wear Nitrile gloves and use plastic drop cloth to contain chemicals, paints, and stains when applying. • Make sure to wear the proper safety gear for each process. • All spray painting must be done in spray booth and you must put wood, plastic, or cardboard down on the surface that you are spraying on as to prevent any permanent back spray. • Always use common sense, avoid distractions and concentrate on the task at hand. • To prevent hearing loss, use proper hearing protection when working with load equipment/tools. Earplugs are available in the shop. Make sure to wear clothes that you are ok with getting dirty or you may want to purchase an apron (note: an apron cannot be used with all materials, it can sometimes be a danger when working with wood shop or metal shop equipment).

PLEASE NOTE ANY CHANGES DUE TO COVID-19. ASK STUDIO OFFICE FOR ANY UPDATES

EMERGENCY NOTIFICATION & PROCEDURES

UNT Emergency Guide: https://emergency.unt.edu/about-us

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to the course management system for contingency plans for covering course materials.

ACCEPTABLE STUDENT BEHAVIOR

Student behavior that interferes with an instructor’s ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The University's expectations for student conduct apply to all instructional
forums, including University and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at deanofstudents.unt.edu/conduct.

INCOMPLETE GRADES

An Incomplete Grade ("I") is a non-punitive grade given only during the last one-fourth of a term/semester and only if a student (1) is passing the course and (2) has a justifiable and documented reason, beyond the control of the student (such as serious illness or military service), for not completing the work on schedule.

In consultation with the instructor, complete a request for an Incomplete Grade. This form can be found on the department website and must be turned into the department chair prior to the last day of classes (not the exam date). Note: A grade of Incomplete is not automatically assigned to students.

SEXUAL DISCRIMINATION, HARRASSMENT & ASSAULT

UNT is committed to providing an environment free of all forms of discrimination and sexual harassment, including sexual assault, domestic violence, dating violence, and stalking. If you (or someone you know) has experienced or experiences any of these acts of aggression, please know that you are not alone. The federal Title IX law makes it clear that violence and harassment based on sex and gender are Civil Rights offenses. UNT has staff members trained to support you in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, helping with legal protective orders, and more.

UNT’s Dean of Students’ website offers a range of on-campus and off-campus resources to help support survivors, depending on their unique needs: http://deanofstudents.unt.edu/resources. UNT’s Student Advocate she can be reached through e-mail at SurvivorAdvocate@unt.edu or by calling the Dean of Students’ office at 940-565-2648. You are not alone. We are here to help.
