2. Demonstrate the ability to apply basic UX design principles/approaches and methods.
3. Demonstrate the ability to iteratively generate viable solutions to basic UX problems and challenges.
4. Demonstrate the ability to manage personal time to guide on-time and on-deadline task completion.

REQUIRED BOOKS
UX For Beginners: A Crash Course in 100 Short Lessons, Joel Marsh
(O’Reilly Media, 2016)
ISBN-10: 1491912685

COURSE STRUCTURE
This class will be conducted from 3:00 until 5:50 pm each Monday and Wednesday afternoon in room 284 of the CVAD Building Complex at UNT Denton. It will be extremely demanding in terms of the mental focus and commitment necessary. You may expect that 50–60% of class time will be spent in critique and in discussion of work completed outside of class. The remaining 40-50% will be spent in lecture.

GRADING CRITERIA
Students will be graded on assigned work (exercises 1–5 and the final project), class participation and attendance.

GRADE PERCENTAGES
- Exercises 1–6 > 8% per each of these, accumulating to a total 48% of the final course grade
- Final Project > 30% of the final course grade
- Class participation (constructive attitude, productive engagement) > 22% of the final course grade
- The three gradable issues listed above will accumulate to form a total of 100% of the final course grade

RISK FACTOR
Risk Factor: 1. Students enrolled in S22 ADES 1543.501 will not be exposed to any materials, tools or environments that pose a risk while in class. However, as they strive to complete projects in their own living or working spaces, students may expose themselves to personal risks of their own accord.

DISABILITIES
“The College of Visual Arts and Design is committed to providing full academic access for all qualified students, including those with disabilities. In keeping with this commitment and in order to facilitate equality of educational access, faculty members in the College will make reasonable accommodations for qualified students with a disability, such as appropriate adjustments to the classroom environment and the teaching, testing, or learning methodologies when doing so does not fundamentally alter the course. If you have a disability, it is your responsibility to obtain verifying information from the Office of Disability Accommodation (ODA) and to inform me of your need for an accommodation. Requests for accommodation must be given to me no later than the first week of classes for students registered with the ODA as of the beginning of the current semester. If you register with the ODA after the first week of classes, your accommodation requests will be considered after this deadline. Grades assigned before an accommodation is provided will not be changed. Information about how to obtain academic accommodations can be found in unt Policy 18.1.14, at www.unt.edu/oda, and by visiting the ODA in Suite 167 in Sage Hall. You also may call the ODA at 940.565.4323, or email their office at Apply.ODA@unt.edu.”

EMERGENCIES
In case of an emergency (alarm will sound), please follow the building evacuation plans posted on each floor of the CVAD Building Complex and proceed to the nearest parking lot. In case of a tornado (campus sirens will sound) or other weather related threat, please go to the nearest hallway or room on your floor without exterior windows (rooms 267 and 219 are the nearest weather-safe rooms to us) and remain there until an all clear signal is sounded. Follow the instructions of your instructors and act accordingly.

**ATTENDANCE POLICY**

Good attendance and punctuality are expected throughout the duration of the schedule for this class. Roll will be taken every class. You may accrue 2 absences without penalty. Every absence after 2 will reduce your final course grade by 1 full letter grade, at the instructor's discretion. Accruing more than 5 absences will result in a failing grade for the course. Every 3 tardies accrued as the semester progresses will be counted as 1 absence. **Understand that poor attendance will adversely affect your final course grade.**

If you are absent, you are responsible for contacting a class member in order to get any information or assignments that were given in class. The instructor will not use any class time to repeat missed lectures or assignments.

**ZOOM PROTOCOLS** *(IF NECESSARY)*

During online course times you will be required to (unless a prior arrangement has been made):

All projects are due on the day and time given at the beginning of class (and specified in your course schedule). No late projects will be accepted for grading. **You are responsible for turning work in on time regardless of attendance.**

**PLAGIARISM**

Plagiarism is literary or artistic theft. It is the false assumption of authorship, the wrongful act of taking the product of another person's mind and presenting it as one's own. Copying someone else's writing or art, intact or with inconsequential changes, and adding one's name to the result constitutes plagiarism.

Plagiarism will result in the immediate failure of the class and may result in expulsion from the university. Disciplinary probation, suspension from the university, expulsion (permanent), or revocation of degree, or some combination of these, may occur if you plagiarize the intellectual or creative work of others. (Please reference your student guidebook for more information on plagiarism.)

**RIGHTS & RESPONSIBILITIES**
