HOW TO SUCCEED IN THIS COURSE

Statement on Learning Success

Your success in this class is important to me. We will all need accommodations because we all learn differently. If there are aspects of this course that prevent you from learning or exclude you, please let me know as soon as possible. Together we'll develop strategies to meet both your needs and the requirements of the course. I also encourage you to reach out to the student resources available through UNT. Many are listed on this syllabus, but I am happy to connect you with a person or Center if you would like.

This course is designed and organized to be highly collaborative and interactive. Our sessions will involve small and whole-group activities and discussions. Therefore, your attendance, participation, and collaboration are essential to achieve the objectives of this course.

Do your best to review the materials and resources for this course and participate in the classroom discussion, activities, and projects designed to achieve a deeper understanding of the course content. Office hours offer you an opportunity to ask for clarification or find support with understanding class material. I encourage you to contact me for support. If you need online guidance, we may also schedule an individual or group Zoom meeting. Please send me an email with the proposed day and time for a meeting.

Attendance Expectations

This course is designed and organized to be highly collaborative and interactive. Our sessions will involve small-group and whole-group activities and discussions. Therefore, your attendance and participation are essential to everyone in our course. It is very difficult to benefit from discussions and

collaboration if you are not physically present or prepared for class. [University policy 06.039](#) will be followed for attendance problems. If necessary, students may miss class with a valid excuse (see [university policy for excused absences](#)) and not face penalties related to their grade. Students must let the instructor know as soon as possible if they will be missing class. It is the students' responsibility to obtain all notes and handouts missed during their absence. All assignments are due on dates indicated on the syllabus regardless of student absences.

Late to Class or Early Leave

Chronic tardiness or early departure will result in the lowering of a final grade at the instructor's discretion (arriving more than 15 minutes late or leaving more than 15 minutes early). Please note that it is the student's responsibility to drop this course, if necessary.

If you arrive 15 minutes or more after the start time of the class, if you leave the class 15 minutes or more before the end of the class, or if you leave the session for more than 15 minutes, you will be considered absent unless you have extraneous circumstances to justify your tardiness. The instructor will handle justifications on a case-by-case basis.

If you are late or leave early to class more than 2 times or are absent two times, a meeting with the professor will be scheduled to help form a plan of success.

Excused Absences

An absence may be excused for the following reasons:

- religious holy day, including travel for that purpose;
- active military service, including travel for that purpose;
- participation in an official university function;
- illness or other extenuating circumstances;
- pregnancy and parenting under Title IX; and
- when the University is officially closed.

Unexcused Absences

- Student organization/Sorority/Fraternity events/meetings
- Car Trouble/Parking/Transportation Issues
- Vacations
- Work/Job (other than active military service)

- Studying for Certification Exams/Completing work for other classes
- Other events that do not fall under UNT policy

Students are responsible for requesting an excused absence in writing, providing satisfactory evidence to the faculty member to substantiate the excused absence, and delivering the request personally to the faculty member assigned to the course for which the student will be absent. In case of an illness, a student is responsible for submitting the doctor's note with the date/s for an excused absence and date when he/she can return to school.

Classes that meet once a week (15 weeks)

# of Absences	% of classes missed	Participation points awarded (300 points)
0-1	6%	300
2	12.5%	210
3	19%	90
4 or more excused or unexcused absences	25%	F in the course

EXTRA CREDIT

You may receive extra credit for attendance at conferences/symposiums related to ESL or bilingual education. A certificate and reflection summary of what was learned (1-2 pages) will be required (ex. [TABLE](#) as a volunteer or participant. One way to volunteer is by joining UNT Bilingual/ESL Student Organization BESO)

Grading Policies

Flexibility is built into the assignments to support your success in this course. We intend to work with you with support if you miss an assignment, but final grades are firm.

Assignments

Organization and planning are essential characteristics of professionalism that will help you meet the assignment due dates and will influence the quality of your work. Without approval, late submissions will receive partial credit. A student with an emergency situation preventing a timely submission should contact the course instructors immediately. The following assignments will be completed over the course of the semester:

1. Introduce Yourself (30 points + 20 points to respond to 2 classmates)

Purpose: [ISTE Standards](#): 2.1 Learner: Educators continually improve their practice by learning from and with others and exploring proven and promising practices that leverage technology to boost student learning.

Submit your own submission + respond to at least 2 classmates

2. Critical Commentaries

Purpose: Reinforce & learn materials aligned with ESL Supplemental Standards I, II, III, and VII

Approximately 1 paragraph per reading

Weekly CCs are designed to help you organize, synthesize, and connect course readings—to easily locate and identify reference materials for exams, writing assignments, and the final project- as well as for reference in future coursework. Critical commentaries (due on Sunday evenings) should be written in paragraph form and include the following information:

3. Interview with a Bilingual/Multilingual or Emergent Bilingual (ESL) Teacher

inspired by Wright (2019) & in collaboration with EDEE 1010

Purpose: ESL Standard 2.3k: Research findings related to ESL education, including effective instructional & management practices in ESL programs

Interview a current teacher in a bilingual or ESL classroom. Some questions to ask (more will be on canvas & shared in class)

- a) What success have you found in strategies working with emergent bilingual students and why?
- b) What challenges do you face in the classroom, school, and district?
- c) What advice do you have for future teachers working in bilingual/multilingual classrooms?
- d) What model does your campus follow for bilingual students?

4. Bilingual Homework Hotline

Purpose: 7.3K: ways in which community members & resources can positively affect student learning in the ESL program

7.2s: use effective strategies to bridge gaps that may exist between the home and school environment

7.5s: Access community resources to enhance the education of ESL students

In September 2020 UNT, TWU and Denton ISD's Dual Language/ESL department began a virtual collaboration called the Homework Hotline that brought together pre-service teachers (like you all) and emergent bilingual students in the district, which has provided opportunities for UNT/TWU students to help these students with homework and gain valuable experience in the (virtual) field. We have continued the collaboration because we have gotten great feedback from families, teachers, and the community at large. This experience will offer you opportunities to make sense of concepts from the course, while also becoming more adept at working in virtual educational spaces.

Students are **required to dedicate 2 hours per week for a total of 10 hours** to the Homework Hotline Virtual Field Experience, which will begin on **September 14 to November 19**. There will be a **virtual orientation on September 19 @10 am and 4pm**; you only need to attend **ONE** that will provide specific details about logistics, documentation of experiences working with students/families, and testimonios of students who have participated in the Homework Hotline. Students will engage in reflective activities based on their own and their classmates' experiences with the Hotline and make connections to theoretical and practical perspectives in the course. More details will be shared in class. You will need to be cleared by Denton ISD in order to participate as a volunteer (tutor), so please start this process ASAP [Volunteer in DISD](#)

A BHH celebration will take place December 3 @1 pm

5. Presentation of Findings/Tutoring Reflection

All students will conduct a 10-minute presentation that will serve as a reflection of the tutoring experience. The presentation should lift up the innovative linguistic practices of the emergent bi/multilingual student(s), and participants in the course should use the space to reflect upon their perspective as a future educator or community member in relation to bi/multilingual learners.

6. Analyzing Children's Literature: all details and rubric found on Canvas>Assignments

In class: Student reflection questions

All students will review the English as a Second Language Standards to create one question, 1 per standard, and eight reflections of given question models that showcase their learning on Standards I, II, III, and IV. Students will use the table on [Google Docs](#) to

- connect questions with the ESL Standard,
- Share the specific class reading and page number that supported the student in writing the question and gaining answer
- Share a reflection of why they wrote the question and/or learned from writing the question

Late Work

Assignments turned in after the due date will be deducted 10 percent each day the assignment is late (i.e., one day late = 10% reduction; two days late = 20% reduction; three days late = 30% reduction). No assignments will be accepted if submitted three days after the due date. If you become sick, an excuse, such as a doctor's note, will be required before I accept an assignment. Other circumstances, such as a death in the family, accidents, inclement weather, or emergencies, will be examined on an individual basis. Communicate with your instructor about your specific situation.

Detailed Daily Schedule

All instructions, assignments, readings, rubrics, and essential information will be on the Canvas website, Check this site regularly and use it to ask questions about the course schedule.

Changes to the schedule may be made at my discretion and if circumstances require. It is your responsibility to note these changes when announced (although I will do my best to ensure that you receive the changes with as much advance notice as possible).

UNT'S STANDARD SYLLABUS STATEMENTS

Supporting Your Success and Creating an Inclusive Learning Environment

I value the many perspectives students bring to our campus. Please work with me to create a classroom culture of open communication, mutual respect, and belonging. All discussions should be respectful and civil. Although disagreements and debates are encouraged, personal attacks are unacceptable.

Together, we can ensure a safe and welcoming classroom for all. If you ever feel like this is not the case, please stop by my office and let me know. We are all learning together.

Every student in this class should have the right to learn and engage within an environment of respect and courtesy from others. We will discuss our classroom's habits of engagement and I also encourage you to review UNT's student code of conduct so that we can all start with the same baseline civility understanding ([Code of Student Conduct](https://policy.unt.edu/policy/07-012)) (<https://policy.unt.edu/policy/07-012>).

Student Academic Integrity

Academic integrity is essential to this course, as in other work that you do in your program. In Policy 06.003, UNT has described academic integrity as follows: The University of North Texas promotes the integrity of learning and embraces the core values of trust and honesty. Academic integrity is based on educational principles and procedures that protect the rights of all participants in the educational process and validate the legitimacy of degrees awarded by the University. In the investigation and resolution of allegations of student academic dishonesty, the University's actions are intended to be corrective, educationally sound, fundamentally fair, and based on reliable evidence.

"Academic Misconduct," in this policy, means the intentional or unintentional action by a student to engage in behavior in the academic setting including, but not limited to: cheating, fabrication, facilitating academic misconduct, forgery, plagiarism, and sabotage.

See full academic integrity policy: [06.003 Student Academic Integrity.pdf](#)

ADA Accommodation Statement

The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking reasonable accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with a reasonable accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request reasonable accommodations at any time; however, ODA notices of reasonable accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of reasonable accommodation for every semester and must meet with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of reasonable accommodation during

faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information, refer to the [Office of Disability Access](http://www.unt.edu/oda) website (<http://www.unt.edu/oda>). You may also contact ODA by phone at (940) 565-4323.

Emergency Notification & Procedures.

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to Blackboard for contingency plans for covering course.

Student Evaluation Administration Dates.

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13, 14 and 15 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via *IASystem* Notification" (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey, they will receive a confirmation email that the survey has been submitted. For additional information, please visit the SPOT website at www.spot.unt.edu or email spot@unt.edu.

Sexual Assault Prevention.

UNT is committed to providing a safe learning environment free of all forms of sexual misconduct. Federal laws and UNT policies prohibit discrimination on the basis of sex as well as sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking and/or sexual assault, there are campus resources available to provide support and assistance. Academic Freedom & Academic Responsibility

According to UNT Policy number 06.035, The University of North Texas (UNT) exists for the common good. The common good depends upon the free search for truth and its free expression. Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the faculty member in teaching and of the student to freedom in learning.

Academic freedom carries with it special responsibilities correlative with rights. Faculty have the academic responsibility to subject their knowledge and postulates to rigorous review by peers who are experts in the relevant subject material, to have a firm foundation of their postulates in the most relevant and suitable available evidence, and to work with one another to provide the best education possible for our students.
