BUSI 4940
Business Policy
Fall 2016
Course Syllabus

Instructor (Overall responsibility for the course)
Dr. Gaffney Office: BLB 385B
(Nolan.Gaffney@unt.edu) Office hours: Tuesdays 5-6pm and by appointment

Teaching Assistant (Grades all assignments and exams)
Cody Peeler Office: TBA
(4940myta@gmail.com) Office hours: TBA

Section 002: Meets Tuesday from 6:30pm to 9:20pm in BLB 180.

COURSE DESCRIPTION AND OVERALL GOAL:
Business Policy (BUSI 4940) is a capstone course that focuses on the integration of functional areas and requires students to determine policy at the general-management level. Students address problems and issues faced by business firms seeking to manage the relationships between different elements of the firm, and to integrate functional areas in order to optimize performance.

Prerequisites: Completion of all other business foundation courses and senior standing. This course is to be taken in the last semester of course work.

REQUIRED COURSE MATERIALS:
UNT has adopted REEF Polling by i>Clicker to replace Turning Point Clickers as UNT’s centrally supported classroom student response system. UNT has purchased a site license for the technology, thus you will be able to use the technology at no additional cost. This technology will be required for in-class exercises and can be accessed through a wifi-enabled laptop, tablet, or smartphone. The college and library have devices that you can check out if you do not own a wifi-enabled device.

ANNOUNCEMENTS AND COMMUNICATION:
The Announcements section (in Blackboard) provides official bulletins and announcements by the instructor. Since the Announcements section is an "official site" within Blackboard and part of the course, you are responsible for knowing the information there.

Emails to the class will be sent through Blackboard. If you would prefer to get communications from this course sent to a different email address than your UNT account, please change your email address in the Blackboard system. To change your address, you click on the "My Institution" tab within Blackboard. On the left hand side of the page there will be a list of tools. Click on the personal information link and edit your email address.
COURSE OBJECTIVES:
This course is structured to help you achieve three major objectives:

1. An ability to integrate knowledge and skills acquired in all business foundation core courses.
2. Be able to apply a holistic and integrated approach to managing the capabilities that make up an organization.
3. Be able to organize your thinking around an integrative framework which includes, the external environment of the organization, managerial preferences, strategic fit, competitive advantage, organizational capabilities and performance.

PERFORMANCE EVALUATION AND GRADING:
Your grade in this course will be determined by your performance on assignments, examinations and your participation in classroom and team-specific activities. The point distribution will be as follows:

1. Individual Assignments and Exams (550 points)
   a. In-Class Exercises – 120 points
   b. Undergraduate Business Foundation Assessment – 30 points
   c. SBI Exam – 200 points
   d. Final Exam – 200 points
2. Team Assignments (450 points)
   a. Team Assignment #1 – 200 points
   b. Team Assignment #2 – 250 points

Total: 1000 points

Letter Grade Equivalent
A (900 to 1000 total points)
B (800 to 899.9 total points)
C (700 to 799.9 total points)
D (600 to 699.9 total points)
F (599.9 or below total points)

Note: Grades will not be curved.

METHOD OF INSTRUCTION:
Classes in the course will be conducted using discussions, exercises, articles and assignments. Classroom discussions will be used to elaborate on and extend the content of the readings, developing conceptual ideas and applying them to business situations. Teams will be formed early in the semester. Each team will work on two integrative business cases.

This is a skills-building course. You learn through repetition and through cooperative learning. You will build competencies working with members of your team to apply the strategic business integration process to real-world situations.

IMPORTANT! For this method of instruction to work effectively, you must read and analyze course materials BEFORE attending class.
Individual Assignments and Exams (550 points)

In-Class Exercises: During many class sessions you will be asked to answer questions using REEF Polling from i>Clicker. These questions may focus on specific material that you should have reviewed before class and/or may address questions designed to further class discussion. You may be asked to answer these questions individually or after discussions with your peers in the class. Points are earned by providing the correct answer. Half credit is provided just for participating. 120 points will be allocated to clicker questions relating to material covered in the course.

These questions may come at any time during class – it is therefore your responsibility to have a wifi-enabled device to access REEF polling available at all times. The college and library have devices that you can check out if you do not own a wifi-enabled device that can be brought to class. It is your responsibility to bring your device to every class session and to make sure that it is functional. No device, no points, no question!

Undergraduate Business Foundation Assessment: Each student will be required to complete an assessment on material covered in all Business Foundation Courses previously taken during their undergraduate curriculum. The assessment will be administered through Blackboard and is required by the college. It is worth 30 points.

SBI Exam: The SBI exam is a multiple choice test designed to assess your understanding of key concepts associated with parts 1, 2 and 3 of the Strategic Business Integration (SBI) process. You are allowed to bring a single sided 8.5”x11” “information-sheet” to the exam. The exam is worth 200 points.

Final Exam: The final exam will be a take home written test. The exam is designed to test not only your understanding of the theoretical and conceptual foundations of the SBI process, but also your ability to apply parts of the SBI process to a real-world situation. The exam is worth 200 points.

Team Assignments (450 points)

Team Assignment #1: Teams will apply the Strategic Business Integration (SBI) process to an industry and specific company within that industry (assigned by the instructor) through three in-depth reports and a class presentation.

Team Reports: Each team will submit three reports – one for each part of the SBI process. The first report will cover Part 1 (A&B) of the SBI process, should be limited to 6-7 typed, single spaced pages (excluding tables, exhibits and references), and is worth 50 points. The second report will cover Part 2 (A&B) of the SBI process, should be limited to 7-8 typed, single spaced pages (excluding tables, exhibits and references), and is worth 50 points. The third report will cover Part 3 (A&B) of the SBI process, should be limited to 7-8 typed, single spaced pages (excluding tables, exhibits and references), and is worth 50 points. Instructions and grading rubrics for each part of the assignment will be made available via the blackboard website.

Team Presentation: All teams will make a presentation covering all 3 parts of Team Assignment #1. Instructions for the presentation and the grading rubric will be provided via Blackboard. Team presentations will be limited to 15 minutes, with 10 minutes of Q&A after. All presentations should be targeted towards the senior leadership of the subject company. Grades will be based on two criteria: (1) the content of the presentation and (2) the quality of the presentation. The presentation is worth 50 points.
Team Assignment #2: Teams will apply the Strategic Business Integration (SBI) process to a “live” case. Teams will submit a progress report, a formal written report, and make a presentation in front of representatives from the company.

Team Progress Report: Each team will submit a bulleted summary of evidence of the team’s progress toward completion of Team Assignment #2. This summary should show evidence that teams have worked through at least parts 1A, 1B and 2A of the SBI process. Furthermore, teams will include a list of questions for the Q&A event with the live case company. It is worth 10 points.

Team Report: Please follow the guidelines offered in the Blackboard class website when creating your report. The report must (a) demonstrate command and understanding of the issues involved in the assignment and their interrelationships, and your team’s ability to systematically apply the Strategic Business Integration Process, (b) use sound logic and well thought through justifications, and (c) display a liberal use of appropriate graphs, charts and tables. The report should cohesively cover Parts 1, 2 & 3 of the SBI process and is worth 190 points. Limit your report to about 20-23 typed (single-spaced) pages total excluding tables, exhibits and references.

Team Presentation: All teams will make a presentation on Team Assignment #2 in Week 14. Instructions for the presentation and the grading rubric will be provided via Blackboard. Team presentations will be limited to 15 minutes, with 10 minutes of Q&A after. All presentations should be targeted towards the senior leadership of the subject company. Grades will be based on two criteria: (1) the content of the presentation and (2) the quality of the presentation. The presentation is worth 50 points.

Integrated Case Competition
The top performing teams in the class will compete in the Integrated Business Case Competition. The first round of the case competition will take place during class time in Week 14 and will involve making a formal presentation to a panel of faculty and company judges. The top teams chosen by the judges will advance to the final round of the case competition and will present their work to representatives of the case company (to be held Saturday, December 3rd). These teams will compete for sizable cash prizes and recognition.

INDIVIDUAL INVOLVEMENT IN TEAM ACTIVITIES: Your involvement and interaction in team activities will be evaluated by your peers. It will be based on their assessment of a) your ability to foster team spirit and display initiative while working on the project; b) your attendance at scheduled meetings (face-to-face or virtual), and c) your participation in group discussions, completion of assigned work and contribution to project completion. Based on the grade awarded by your peers, you will either receive the full points associated with the team grade on the relevant part(s) of the team assignments or only a portion of the points. NOTE: Any team member may request that the instructor arbitrate team ratings. If arbitration is requested, and conducted, the decision of the instructor will be final.

SUNDOWN POLICY: You have one week (from the date a grade is posted) to inquire about, and to appeal your grade on an exam, assignment, or presentation, after which no appeals will be entertained. The purpose is to resolve any issue during the term and not wait until the last week of the term. Please check your grades every week!

POLICY FOR MAKE-UP QUIZ / TESTS / EXAMINATIONS: If you miss an individual assignments or exam for justifiable reasons (e.g., hospitalization, contagious disease, religious holiday, death in the family), and would like to take a make-up exam, you must provide the instructor with evidence of the occurrence. All
make-up examinations will be held near the end of the semester. Points for in-class exercises that are missed for justifiable reasons (e.g., hospitalization, contagious disease, religious holiday, death in the family), will be prorated based on your average score on clicker exercise questions during the semester.

**BLACKBOARD:** This course will make extensive use of the web through Blackboard. It is your responsibility to keep up with material, instructions, announcements, e-mails, and grade postings that will be made available to you throughout the semester on Blackboard. As a rule, assignments are turned in electronically through drop boxes created by your instructor in Blackboard.

**ACADEMIC DISHONESTY:** Students caught cheating or plagiarizing will receive a "0" for that particular assignment or exam [or specify alternative sanction, such as course failure]. Additionally, the incident will be reported to the Dean of Students, who may impose further penalty. According to the UNT catalog, the term "cheating" includes, but is not limited to: a. use of any unauthorized assistance in taking quizzes, tests, or examinations; b. dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; c. the acquisition, without permission, of tests or other academic material belonging to a faculty or staff member of the university; d. dual submission of a paper or project, or resubmission of a paper or project to a different class without express permission from the instructor(s); or e. any other act designed to give a student an unfair advantage. The term "plagiarism" includes, but is not limited to: a. the knowing or negligent use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment; and b. the knowing or negligent unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

**ACCEPTABLE STUDENT BEHAVIOR:** Student behavior that interferes with an instructor’s ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student’s conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at [http://deanofstudents.unt.edu](http://deanofstudents.unt.edu).

**ACCESS TO INFORMATION – EAGLE CONNECT:** Your access point for business and academic services at UNT occurs within the my.unt.edu site (http://www.my.unt.edu). All official communication from the university will be delivered to your Eagle Connect account. For more information, please visit the website that explains Eagle Connect and how to forward your e-mail: [http://eagleconnect.unt.edu/](http://eagleconnect.unt.edu/)

**ADA STATEMENT:** The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. For additional information, see the Office of Disability Accommodation website at [http://disability.unt.edu](http://disability.unt.edu). You may also contact them by phone at (940) 565-4323.
