Communication Expectations: Please feel free to contact me via email or Canvas. I respond to emails within 24 hours Monday through Friday.

Course Description

ART 1800 emphasizes multiple levels of representation ranging from the physical to the intangible.

Course Structure

Course concepts and project structures will be delivered online via [Canvas](#). Projects and sketchbook requirements will be posted to Canvas for assessment.

This class requires a 2 hour and 20 minute lab which meets twice a week. Friday labs meet once a week for four hours and fifty minutes. In lab you will be given time to work on project requirements and will receive critical in-progress feedback.

Although lab time will be given to work on projects, students should expect to work outside of class.

Course Prerequisites

There are no required prerequisites for the course.

Course Objectives

By the end of this course, students will be able to:

- Recall key aspects of narrative and representation as they apply to contemporary art and design.
- Use terminology related to the elements and principles of design to describe narrative artwork.
- Use vocabulary and art terminology that connect notions of representation and narrative with intercultural content in multiple contexts.
- Clearly articulate plans for your studio assignments in written and verbal formats.
- Select appropriate tools and materials to execute artworks
- Use digital and analog tools and materials as a means for artistic expression
- Create professional documentation of completed projects

Readings

All readings will be provided in a digital format.

IMPORTANT: Occasionally, materials you view in class may contain nudity or violence. These are included for educational purposes and are an important part of the larger concepts communicated in this course.

Supplies

- Sketchbook, 8.5 x 11 inches or larger
- Drawing pencils, assortment, 6B, 4B, 2B, HB, 2H
- metal ruler
- White synthetic eraser
- 4 pack or 8 pack assortment of black Pitt pens
- X-Acto knife with replacement blades
- Masking tape
- Adhesives: super glue, hot glue, gorilla glue, and wood glue (as-needed)
- scissors

Some projects allow you to choose your media/approach for the completion of the final project. In that case, additional supplies of your choice will be required.

Technology Requirements

- Laptop equipped with microphone and webcam
- [For best performance](#), Canvas should be accessed on the current or first previous major release of Chrome, Firefox, Edge, or Safari. *The Canvas interface was optimized for desktop displays, so using small form factors such as phones may not be a pleasant experience in using Canvas. For the best user experience, please download the Canvas mobile applications.*
- Adobe Photoshop & Illustrator or comparable raster & vector drawing software or app
- Camera for documentation
- Slide/presentation software such as Prezi or Power Point
- Note: please complete the [CVAD IT checkout agreement \(Links to an external site.\)](#) and familiarize yourself with the available equipment and policies.

Course Requirements

The project grade average (4 assignments) is 65% of your final grade.

The sketchbook average (4 assignments) is 25% of your final grade.

Attendance. Your cumulative attendance (based on the percentage of scheduled lab sessions you were present) is 10% of your final grade.

Grading

- 90-100% A: Outstanding, excellent work. The student performs well above the minimum criteria.
- 80-89% B: Good, impressive work. The student performs above the minimum criteria.
- 70-79% C: Solid, college-level work. The student meets the criteria of the assignment.
- 60-69% D: Below-average work. The student fails to meet the minimum criteria.
- F: 59 and below Sub-par work. The student fails to complete the assignment.

Late Work

I will not accept late work in this course. All work submitted after the deadline will receive a grade of zero unless the student has a university-excused absence and provides documentation within 48 hours of the missed deadline.

Second Chance

Project zeroes may be replaced with a Second Chance submission on Canvas after the project deadline. Second Chance will count as 70% credit. Second Chance for Projects 1, 2A and 2B are due on Dec 7.

Optional: Extra credit will be given (up to 15 additional project points) for graded projects which are improved or redone and submitted for Second Chance. Submit your work under the appropriate Second Chance assignment header and make note of new submissions or improvements to your lab instructor.

Note: Original project grades stand in all instances. Second Chance opportunities will improve your overall project average but will not change original grades. Second Chance points are assigned unique columns within the Canvas gradebook so you can see the additional points earned. *There is no Second*

Chance opportunity for sketchbook assignments. This option applies to project grades only. There is no Second Chance opportunity for Project 3.

Course Risk Factor

According to University Policy, this course is classified as a category two course. Students enrolled in this course will be exposed to some significant hazards but are not likely to suffer serious bodily injury. Students will be informed of any potential health hazards or potential bodily injury connected with the use of any materials and/or processes and will be instructed how to proceed without danger to themselves or others.

Attendance Policy

Absences and tardiness will negatively affect your grade. Attendance is mandatory for lab sessions.

Your cumulative attendance (based on the percentage of scheduled lab sessions you were present) is 10% of your final grade. Note: an attendance grade lower than 70% will result in the loss of one letter grade. This penalty will be applied to the final course average (your grade for the course). **Students with an attendance grade lower than 60% cannot pass the course regardless of final grade average.**

Absences will be excused in extenuating circumstances with proper documentation. An Excused Absence Request Form with proof (i.e. doctor's note) should be turned in to your lab instructor upon your return to class. A funeral, medical emergency, or similar emergency circumstance may qualify to be excused, but this is subject to approval following the receipt of your documentation. *Excused absences will not affect your attendance grade.* Absences or tardies due to car trouble, scheduled doctor visits, work responsibilities, and traffic jams will not be excused.

See the Undergraduate Course Catalog for university policy regarding absences due to sponsored activities (such as sports) and religious holidays. Students involved in such activities are encouraged to have absences approved in advance or as early in the semester as possible. Any absences which are not approved or noncompliant with these terms are automatically considered unexcused.

Attendance is taken during each lab session. If you miss class, you are responsible for the topics we covered and the projects that were assigned in your absence. Ask your classmates what you missed, check in with your lab instructor, and review the current Canvas module.

Food is not allowed in lab during work time. You may snack during breaks only.

You should be actively working during class time. If you have completed the assigned project, you are expected to be working in the sketchbook or conducting research. Idle time during class is not acceptable. If your research takes you outside the classroom during class time, check in and check out with your lab instructor to receive attendance credit.

Syllabus Change Policy

This syllabus is subject to change with notice.

UNT Policies

Academic Integrity Policy

Academic Integrity Standards and Consequences. According to UNT Policy 06.003, Student Academic Integrity, academic dishonesty occurs when students engage in behaviors including, but not limited to cheating, fabrication, facilitating academic dishonesty, forgery, plagiarism, and sabotage. A finding of academic dishonesty may result in a range of academic penalties or sanctions ranging from admonition to expulsion from the University.

Artificial Intelligence Tools

Students enrolled in Art 1800 are not permitted to employ AI tools like DALL-E and ChatGPT for coursework. No assignment, including creative work and writing, can be completed through the use of AI. Any student found turning in unaltered and/or undocumented AI-generated work will receive a failing grade for that assignment. The use of AI will be reviewed on a case-by-case basis.

ADA Policy

The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking reasonable accommodation must first register with the Office of Disability Access (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with a reasonable accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request reasonable accommodations at any time, however, ODA notices of reasonable accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of reasonable accommodation for every semester and must meet with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of reasonable accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information, refer to the [Office of Disability Access website](http://www.unt.edu/oda) at <http://www.unt.edu/oda>. You may also contact ODA by phone at (940) 565-4323.

Emergency Notification & Procedures

UNT uses a system called Eagle Alert to quickly notify students with critical information in the event of an emergency (i.e., severe weather, campus closing, and health and public safety emergencies like chemical spills, fires, or violence). In the event of a university closure, please refer to Blackboard for contingency plans for covering course materials.

Retention of Student Records

Student records pertaining to this course are maintained in a secure location by the instructor of record. All records such as exams, answer sheets (with keys), and written papers submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via the Blackboard online system, including grading information and comments, is also stored in a safe electronic environment for one year. Students have the right to view their individual record; however, information about student's records will not be divulged to other individuals without proper written consent. Students are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the University's policy. See UNT Policy 10.10, Records Management and Retention for additional information.

Acceptable Student Behavior

Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The University's expectations for student conduct apply to all instructional forums, including University and electronic classroom, labs, discussion groups, field trips, etc. Visit UNT's [Code of Student Conduct](https://deanofstudents.unt.edu/conduct) (https://deanofstudents.unt.edu/conduct) to learn more.

Access to Information - Eagle Connect

Students' access point for business and academic services at UNT is located at: my.unt.edu. All official communication from the University will be delivered to a student's Eagle Connect account. For more information, please visit the website that explains Eagle Connect and how to forward e-mail [Eagle Connect](https://it.unt.edu/eagleconnect) (https://it.unt.edu/eagleconnect).

Student Evaluation Administration Dates

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13, 14 and 15 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and complete the survey. Once students complete the survey they will receive a confirmation email that the survey has been submitted. For additional information, please visit the [SPOT website](http://spot.unt.edu/) (http://spot.unt.edu/) or email spot@unt.edu.

Sexual Assault Prevention

UNT is committed to providing a safe learning environment free of all forms of sexual misconduct, including sexual harassment sexual assault, domestic violence, dating violence, and stalking. Federal laws (Title IX and the Violence Against Women Act) and UNT policies prohibit discrimination on the basis of sex, and therefore prohibit sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking, and/or sexual assault, there are campus resources available to provide support and assistance. UNT's Survivor Advocates can assist a student who has been impacted by violence by filing protective orders, completing crime victim's compensation applications, contacting professors for absences related to an assault, working with housing to facilitate a room change where appropriate, and connecting students to other resources available both on and off campus. The Survivor Advocates can be reached at SurvivorAdvocate@unt.edu or by calling the Dean of Students Office at 940-565- 2648. Additionally, alleged sexual misconduct can be non-confidentially reported to the Title IX Coordinator at oeo@unt.edu or at (940) 565 2759.
