COURSE DESCRIPTION
This course will provide a foundation from which students may develop a critical and analytical approach to issues related to professional social work. As the introductory course in the BSW curriculum, it is anticipated that students will gain a fundamental knowledge base from which they may begin to grow and evolve into beginning generalist social workers. This course, and the accompanying text, will cover the history of social work; various social problems; perspectives on diversity; social service delivery systems and the consumer populations; social work ethics; advocacy in the social work profession, and the social work interventions of practice, policy, and research.

Secondary goals for the course are familiarization with current topics of debate within the profession, an understanding of different perspectives, and exposure to professional social work values and ethics in practice with diverse client systems across the lifespan. Social work services within the community will be explored, the requirements for social work practice will be presented, and opportunities provided to discover various practice opportunities in the field.

Lastly, students will gain exposure to the helping professions and begin the process of integrating theory and practice by interviewing a social worker in an agency and having the opportunity to complete an agency review or participate in service learning hours, to become more familiar with social service agencies. There are no prerequisites required to take this course, however, the course serves as a prerequisite for those who intend to apply to the BSW Social Work Program at UNT.

SOWK 1450 is part of the Core Curriculum at UNT. As part of the core, the following objectives will be met:

1) Critical Thinking: Students will investigate current social problems that impact society and how the social work profession serves diverse populations. Students will learn to make logical arguments to effectively analyze a social issue. Students will demonstrate how this evidence informs their understanding of a human condition. They will compare and contrast theoretical perspectives to recognize multiple perspectives and to help guide professionals in considering solutions to complex problems.
2) Communication: Students will enhance their communication skills through the development, interpretation, and expression of ideas through written and oral communication. Students will learn important vocabulary and language utilized in the profession. Oral skills will be demonstrated through discussion, participation in the classroom, and other assignments. Writing skills will be demonstrated through narrative assignments that emphasize clear conceptualization and quality composition.

3) Empirical & Quantitative Skills: Students will become familiar with the scientific method to aid in understanding complex social issues. Students will understand how to effectively utilize research and interpret data to inform conclusions about social conditions and their impact. Students also understand how to assess research and evaluate differing sources of information.

4) Social Responsibility: Students will develop enhanced social responsibility through understanding of intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities. Students will analyze their own perspectives and value system that influence understanding of self and the potential to make meaningful contributions to society.

METHODS OF INSTRUCTION

This class will be taught using a variety of methods including lecture by the instructor and on-line components including readings, activities, case analysis, exercises, videos, and a general exchange of ideas through discussion. My teaching approach for this course is to encourage reflection of critical and challenging issues through an open and respectful environment. The content for this course will challenge you to think more critically and explore your feelings regarding sensitive and provocative issues. All of these efforts are geared toward helping you develop as future professionals in whatever discipline you are pursuing.

POLICIES

ATTENDANCE POLICY

Active participation in class is a fundamental component of this course. The insight and experiences of every student provide unique contributions to the learning environment. Absences may be excused only with documentation in accordance with UNT attendance policy 15.2.5. Regular attendance is expected. Class participation, and level of professionalism, must be demonstrated during this course. Social work is a vocation that requires a very high level of personal ethics and professionalism. Social work students will have the opportunity to demonstrate their ability to live up to these expectations. As a gatekeeper of the profession, your instructor takes this very seriously.

Participation

Engaged, active participation is essential given the purpose and design of this course. Participation is observed and gauged through thoughtful, purposeful, and effective interaction by students. Students can participate through multiple outlets which can include asynchronous discussions, audio/video discussions, collaboration, and assignments. Students are expected to access the course in canvas weekly and submit assignments by the designated deadline. Students are also expected to view weekly announcements for the course in canvas.
**Attendance**
Points will be deducted from the total points earned if students fail to access the course and complete weekly assignments. Regular attendance is expected. University sanctioned excused absences may be requested with satisfactory evidence provided (i.e. military service, religious holy day, university function).

As any professional should do in the workplace, if you know you are going to miss a class or a course assignment you should contact your instructor via e-mail in advance to alert them of your situation.

If you are experiencing any symptoms of COVID-19 please seek medical attention from the Student Health and Wellness Center (940-565-2333 or askSHWC@unt.edu) or your health care provider PRIOR to coming to campus. UNT also requires you to contact the UNT COVID Team at COVID@unt.edu for guidance on actions to take due to symptoms, pending or positive test results, or potential exposure.

**ACADEMIC INTEGRITY**
Academic integrity emanates from a culture that embraces the core values of trust and honesty necessary for full learning to occur. As a student-centered public research university, UNT promotes the integrity of the learning process by establishing and enforcing academic standards. Academic dishonesty breaches the mutual trust necessary in an academic environment and undermines all scholarship. Academic dishonesty includes cheating, plagiarism, forging the signature of the instructor or of another student, fabrication, and/or facilitating or sabotaging the academic dishonesty of other students, and utilizing AI tools for more than 30% of an assignment without referencing the tool.

Any suspected occurrence of academic dishonesty will be investigated and handled in accordance with UNT policy and procedures. The following academic penalties may be assessed at the instructor’s discretion upon determination that academic dishonesty has occurred. *Admonitions and educational assignments are not appealable.*

1. **Admonition.** The student may be issued a verbal or written warning.
2. **Assignment of Educational Coursework.** The student may be required to perform additional coursework not required of other students in the specific course.
3. **Partial or no credit for an assignment or assessment.** The instructor may award partial or no credit for the assignment or assessment on which the student engaged in academic dishonesty, to be calculated into the final course grade.
4. **Course Failure.** The instructor may assign a failing grade for the course.

Should the procedure for appeal of a case of academic dishonesty extend beyond the date when the instructor submits course grades for the semester, the student will be assigned a grade that reflects the penalty, which shall be adjusted, as appropriate, at the conclusion of any appeal process.
Specific details and description of UNT’s Policy on Student Standards of Academic Integrity (18.1.16) and students’ right to appeal are available at UNT Student Academic Integrity.

**DISABILITY ACCOMMODATION**
In accordance with university policies and state and federal regulations, UNT is committed to full academic access for all qualified students, including those with disabilities. To this end, all academic units are willing to make reasonable and appropriate adjustments to the classroom environment and the teaching, testing, or learning methodologies to facilitate equality of educational access for persons with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide the student with an accommodation letter to be hand delivered to the instructor to begin a private discussion regarding the student’s specific needs in the course.

Students may request accommodations at any time; however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Every semester, students must obtain a new letter of accommodation, and they must meet with each faculty member prior to implementation in each class.

Students are strongly encouraged to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to request that students discuss such letters during their designated office hours to protect the privacy of the student.

For additional information, visit the Office of Disability Accommodation (ODA) in Sage Hall, suite 167, or their website at UNT Office of Disability Access. You may also contact the ODA office by phone at 940.565.4323. Specific information on UNT’s policies related to disability accommodations is available at Disability Accommodation for Students and Academic Units.

Please note that disability accommodations are not retroactively applied to the start of a course. Accommodations in the course become effective after the student has delivered an official accommodation letter from UNT’s ODA.

**STUDENT CONDUCT**
Any student behavior that interferes with an instructor’s ability to conduct class or other students' opportunity to learn is unacceptable and will not be tolerated in any instructional setting at UNT. This includes traditional face-to-face classes, online or blended classes, labs, discussion groups or boards, field trips, and verbal and/or written (including email) communication with the instructor and/or other students. Examples of unacceptable behavior include, but are not limited to, disrespectful treatment of other students (verbal or written), disrupting lecture, and use of inappropriate or profane language or gestures in class or other instructional settings.
A student engaging in unacceptable behavior may be directed to leave the classroom or other instructional setting and may also be referred to the Dean of Students to consider whether his/her conduct violates UNT’s Student Code of Conduct.

SEXUAL ASSAULT PREVENTION
UNT is committed to providing a safe learning environment free of all forms of discrimination and sexual harassment, including sexual assault, domestic violence, dating violence, and stalking. Federal laws (Title IX and the Violence Against Women Act) and UNT policies prohibit discrimination based on sex, and therefore prohibit sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking, and/or sexual assault, there are campus resources available to provide support and assistance. UNT’s Survivor Advocates can assist a student who has been impacted by violence by filing protective orders, completing crime victim’s compensation applications, contacting professors for absences related to an assault, working with housing to facilitate a room change where appropriate, and connecting students to other resources available both on and off campus. The Survivor Advocates can be reached at SurvivorAdvocate@unt.edu or by calling the Dean of Students Office at 940-565-2648. Additionally, alleged sexual misconduct can be non-confidentially reported to the Title IX Coordinator at oeo@unt.edu or at (940) 565-2759.

PROFESSIONAL ETIQUETTE
The college experience is intended to assist in preparing students for professional and career pursuits. That preparation includes learning to use professional etiquette in dealing with people in positions of authority. The appropriate way to address your instructor depends on their education credentials. These are usually indicated on the course syllabus. If your instructor has a:

- Doctorate (Ph.D. or Ed.D.), you should address them as: Dr. Instructor’s last name
- Master’s degree (MA, MS, MSW, MSSW) you should address them as: Professor Instructor’s last name

If you are not certain about an instructor’s education credentials, you should address them as “Professor.” It is not appropriate to call the instructor by their first name unless given permission.

Professional etiquette extends to all types of communication with your instructor. Written communication—including email—forms a permanent record and so it is important to use care about how you make requests, ask questions, or express concerns. Slang and texting abbreviations should be avoided. The use of profanity is not permitted.

Any type of communication—verbal or written—is most likely to achieve the intended result when it is polite or courteous. Please note that communication can be polite even if there is some type of conflict involved. Instructors may choose not to respond to emails or other forms of communication that is perceived as insulting, disrespectful, or unprofessional.
REQUESTS TO DROP THE CLASS
We want you to succeed in this class and at UNT. If you are concerned about your progress in the course, or believe you need to drop for other reasons, it is important that you contact the instructor as soon as possible. We want to make sure that dropping the course is your best or only option.

There are consequences to dropping classes that extend beyond losing your invested time, money, and effort. Dropping one or more classes may make you ineligible for financial aid. There are also limits on the number of courses you can drop. You can learn more about this [here](#). Check with the Registrar’s Office or UNT Academic Calendar on deadlines for withdrawing or dropping a class!

REQUESTS FOR AN INCOMPLETE
Students must meet specific criteria to be eligible to receive an incomplete in a course. Review these guidelines on UNT’s Incomplete Grade policy is available [here](#).

RETENTION OF STUDENT RECORDS
Student records pertaining to this course are maintained in a secure location by the instructor of record. All records such as exams, answer sheets (with keys), and written papers submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via the Canvas online system, including grading information and comments, is also stored in a safe electronic environment for one year. Students have the right to view their individual record; however, information about student’s records will not be divulged to other individuals without proper written consent. Students are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the University’s policy. See UNT Policy 10.10, Records Management and Retention for additional information.

COMMUNICATION
From time to time, the instructor may need to communicate with the entire class or contact you individually. If/when those occasions arise, only your UNT email account will be used. You are responsible for the information in that email. **Failing to check it or have the address in the proper format will not be excused.** Information may also be posted on Canvas Announcements.

Students must have a university account while enrolled in this class. Students may obtain an email address by logging onto [https://ams.unt.edu/](https://ams.unt.edu/). This will put you into the computer account management system and you will be able to get Eagle mail. You can arrange for this email to be forwarded to a preferred address if desired.

Please remember to keep all communication with your instructor professional. Keep in mind that anytime you write something in an email message, it is there forever. All emails should be written
in a professional manner and spell checked before being sent. Students who are encountering problems are invited to make an appointment to talk with the instructor.

COMMUNICATION EXPECTATIONS
The primary tool the instructor or teaching assistants will use to communicate with students is the ‘inbox’ available in the Canvas learning management system. Canvas will be used to address personal concerns or questions and may also be used to contact other students in this course. Students are responsible for ensuring that they receive notifications in Canvas regarding course information in a timely manner. The default is the students’ UNT email account. Students may choose to add additional email addresses or change their default email to receive notifications of course information (see Canvas Guide). Students also have the option of using direct emails.

Contact the Instructor regarding your personal concerns or course related issues. The instructor will try to respond to your emails in a reasonable timeframe (typically within three business days if possible). The methods used to provide you with feedback include emails, assignment feedback, and grades. We are typically not available on weekends/holidays. Feel free to reach out as needed.

NETIQUETTE
Netiquette, or online etiquette, refers to the way students are expected to interact with each other and with their instructors online. Here are some general guidelines:

• Treat your instructor and classmates with respect in email or any other communication.
• Always use your professors’ proper title: Dr. or Prof. (Ex: Dr. Evans or Professor Evans)
• Unless specifically invited, don’t refer to your instructor by first name.
• Use clear and concise language.
• The use of profanity is not permitted
• Remember that all college level communication should have correct spelling and grammar (this includes discussion boards).
• Please note that communication can be civil even if there is some type of conflict involved. Instructors may choose not to respond to emails or other forms of communication that are perceived as insulting or disrespectful.
• Avoid slang terms
• Use standard fonts such as Times new Roman and use a size 12-point font
• Avoid using the caps lock feature
• Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and your message might be taken seriously or sound offensive.
• Be careful with personal information (both yours and other’s).
• Do not send confidential information via e-mail
• Written communication—including email—forms a permanent record and so it is important to use care about how you make requests, ask questions, or express concerns.

For more information, see these Netiquette Guidelines

IMPORTANT NOTICE FOR F-1 STUDENTS TAKING DISTANCE EDUCATION COURSES

Federal Regulation
To read detailed Immigration and Customs Enforcement regulations for F-1 students taking online courses, please go to the Electronic Code of Federal Regulations website. The specific portion concerning distance education courses is located at Title 8 CFR 214.2 Paragraph (f)(6)(i)(G).
The paragraph reads: (G) For F-1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken on-line or through distance education and does not require the student's physical attendance for classes, examination or other purposes integral to completion of the class. An on-line or distance education course is a course that is offered principally using television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, or satellite, audio conferencing, or computer conferencing. If the F-1 student's course of study is in a language study program, no on-line or distance education classes may be considered to count toward a student's full course of study requirement.

University of North Texas Compliance
To comply with immigration regulations, an F-1 visa holder within the United States may need to engage in an on-campus experiential component for this course. This component (which must be approved in advance by the instructor) can include activities such as taking an on-campus exam, participating in an on-campus lecture or lab activity, or other on-campus experience integral to the completion of this course.
If such an on-campus activity is required, it is the student’s responsibility to do the following:

(1) Submit a written request to the instructor for an on-campus experiential component within one week of the start of the course.
(2) Ensure that the activity on campus takes place and the instructor documents it in writing with a notice sent to the International Student and Scholar Services Office. ISSS has a form available that you may use for this purpose.
Because the decision may have serious immigration consequences, if an F-1 student is unsure about his or her need to participate in an on-campus experiential component for this course, s/he should contact the UNT International Student and Scholar Services Office (telephone 940-565-2195 or email internationaladvising@unt.edu) to get clarification before the one-week deadline.
Student Verification

UNT takes measures to protect the integrity of educational credentials awarded to students enrolled in distance education courses by verifying student identity, protecting student privacy, and notifying students of any special meeting times/locations or additional charges associated with student identity verification in distance education courses. See UNT Policy 07-002 Student Identity Verification, Privacy, and Notification and Distance Education Courses.
Use of Student Work
A student owns the copyright for all work (e.g., software, photographs, reports, presentations, and email postings) they create within a class and the University is not entitled to use any student work without the student’s permission unless all of the following criteria are met:

- The work is used only once.
- The work is not used in its entirety.
- Use of the work does not affect any potential profits from the work.
- The student is not identified.
- The work is identified as student work.

If the use of the work does not meet all the above criteria, then the University office or department using the work must obtain the student’s written permission.

Transmission and Recording of Student Images in Electronically Delivered Courses

1. No permission is needed from a student for his or her image or voice to be transmitted live via videoconference or streaming media, but all students should be informed when courses are to be conducted using either method of delivery.

2. In the event an instructor records student presentations, he or she must obtain permission from the student using a signed release to use the recording for future classes in accordance with the Use of Student-Created Work guidelines above.

3. Instructors who video-record their class lectures with the intention of re-using some or all of recordings for future class offerings must notify students on the course syllabus if students' images may appear on video. Instructors are also advised to provide accommodation for students who do not wish to appear in class recordings.

Example: This course employs lecture capture technology to record class sessions. Students may occasionally appear on video. The lecture recordings will be available to you for study purposes and may also be reused in future course offerings.

No notification is needed if only audio and slide capture is used or if the video only records the instructor’s image. However, the instructor is encouraged to let students know the recordings will be available to them for study purposes.

ASSIGNMENTS

ASSIGNMENTS, FEEDBACK AND MAKE-UP POLICY
Students must complete assignments as specified in this syllabus, learning modules, or other informational materials. You are required to read the Learning Modules and assigned readings to make a contribution to weekly course activities such as discussions, exercises, activities, or other assignments. Make every effort to clearly understand the expectations for all assignments and deadlines as located in this syllabus or posted online.

Carefully review the syllabus or instructions outlined in each module for official due dates. Assignments are typically due before midnight on the due date and will be closed and locked after this time. However, the learning modules and course content will remain open and available for your ongoing educational needs. For organizational purposes, keep track of all important assignment due dates in your own personal calendar! All assignments must be submitted in Canvas during the established timeframes and when the available assignment links are open. The modules or syllabus usually provide descriptions of assignments. In addition, assignment guidelines may be available to provide extended details. Always carefully review and follow instructions before submitting assignments!

Assignments completed for this course should first be saved on your computer and then submitted in a readable format that is friendly to an online environment (for example, PDF, Microsoft Word, Word for Mac, or Rich Text). Assignments will be submitted using the Canvas Assignment drop box.

Late Assignments
Late assignments will not be accepted for credit except in cases of extraordinary circumstances. Allowing late submissions is at the discretion of the professor and students need to communicate prior to the admission date whenever possible. While prior communication cannot always occur, please note that in most cases early communication is possible. It is thus the student’s responsibility to discuss challenges with their professors, so they are able to be supportive to the students success throughout the course.
a. **Self-Care Day** Students are provided three **Self-Care days** throughout the semester. This initiative will allow students three late submissions without points deducted. Students will still have up to **two days** to submit the assignment after the due date. This policy **can only** be applied to individual assignments. It **does not** apply to group assignments in the course. Students will need to inform the professor via email in advance (**before the assignments due date**) when utilizing the Self-Care Day.

Using proper grammar in written communications is very important. It demonstrates professionalism and helps to establish your credibility. Turning in a professional product that you can be proud of should be a priority every time! Make sure that all of your work is carefully proofread and is typed, **double spaced, and has one-inch margins, 12 font size, Times New Roman font, a cover page and pages are numbered, following APA guidelines.** It should be easy for the reader to understand your line of reasoning. Excessive grammatical/syntactical errors will result in a lower grade. Please proofread.

For written assignments, the instructor has the goal of providing feedback to students within two weeks.

**CRITERIA FOR STUDENT EVALUATION**

Students’ progress will be evaluated utilizing the following criteria:

- **World View Paper**
- **Self-Care & Stress Management Reflection**
- 2 Exams: Mid-term and Final (on Canvas @ 100 points each)
- 6 Discussion Boards (on Canvas @ 20 points each)
