MyLabsPlus Required:

The course content (assignments, help tools, textbook, etc.) will be delivered in MyLabsPlus which can be accessed through the link in your blackboard course. **Students must register in MyLabsPlus (MLP) by the 2nd class of semester. Temporary access is available, register immediately.** If you register with temporary access, you must purchase full access by the end of the temporary 14-day access period. Students who do not purchase MLP by the end of the temporary access may lose credit for all work previously completed in MLP AND be administratively dropped with the possibility of no refund.

Course Description: 4 hours. Limits and continuity, derivatives and integrals; differentiation and integration of polynomial, rational, trigonometric, and algebraic functions; applications, including slope, velocity, extrema, area, volume and work.

Prerequisite(s): MATH 1650; or both MATH 1600 and MATH 1610.

Calculators: TI-Nspires, TI 89's, TI 92'2 or any other utility with alphanumeric/CAS capabilities ARE NOT permitted. Scientific and basic graphing calculators (like a TI-83) are OK.

Disability Accommodations: The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. For additional information see the Office of Disability Accommodation website at http://www.unt.edu/oda. You may also contact them by phone at 940.565.4323.
