# Department and University General Policies

#### Academic Integrity Policy:

Academic dishonesty includes cheating and plagiarism.

The term "cheating" includes but is not limited to (1) use of any unauthorized assistance in taking quizzes, tests, or examinations; (2) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; or (3) the acquisition, without permission, of tests or other academic material belonging to a faculty or staff of the university. The term "plagiarism" includes, but is not limited to, the use, by paragraph or direct quotation, of the published or unpublished work of another person without full and clear acknowledgement. It also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other materials (Source: Code of Conduct and Discipline at the University of North Texas).

For more information on academic dishonestly and academic integrity, please see the following link: <a href="http://vpaa.unt.edu/academic-integrity.htm">http://vpaa.unt.edu/academic-integrity.htm</a>

If you engage in academic dishonesty related to this class, you will receive a failing grade on the test or assignment, and a failing grade in the course. In addition, the case will be referred to the Office of the Provost and Vice President for Academic Affairs for appropriate disciplinary action. This policy is intended to protect the honest student from unfair competition with unscrupulous individuals who might attempt to gain an advantage through cheating.

Bottom line: <u>DON'T EVEN TRY IT!</u> @

MKTG 4630: Retailing II

#### Americans with Disabilities Act Compliance:

The College of Business complies with the Americans with Disabilities Act in making reasonable accommodation for qualified students with disabilities. If you have an established disability as defined in the ADA and would like to request accommodation, please contact me as soon as possible. University policy requires that students notify their instructor within the first week of class that an accommodation will be needed. Please do not hesitate to contact me now or in the future if you have any questions or if I can be of assistance.

#### Grade Appeals:

Any student who believes a grade has been inequitably awarded should first contact the instructor who awarded the grade to discuss the issue and attempt to resolve the differences. Any instructor no longer associated with UNT at the time of the appeal will be represented in these proceedings by the chair of the department in question. A student not in residence the semester following the awarding of the grade or a resident student who is unable to resolve the differences with the instructor has 30 days following the first day of the succeeding semester to file a written appeal with the chair of the instructor's department, or the equivalent administrative unit.

#### Grade Changes:

No grade except "I" maybe removed from a student's record once properly recorded. Changes are not permitted after grades have been filed except to correct documented clerical errors. Requests for error corrections must be initiated immediately after the close of the semester for which the grade was recorded. A faculty member who believes an error has been made in calculating or recording a grade may submit in person a request with a detailed justification for a grade change to the department chair and the appropriate dean. The Registrar accepts requests for grade changes only from the academic deans.

MKTG 4630: Retailing II

## Awarding and Removal of Incomplete (I):

The grade of an "I" is a non-punitive grade given only during the last one-fourth of a semester. This grade can be awarded only if a student: (1) is passing the course; (2) has reasons beyond the control of the student why the work cannot be completed on schedule; and (3) arranges with the instructor to finish the course at a later date by completing specific requirements that the instructor must list on the grade sheet. A student may remove a grade of I within one year by completing the stipulated work, paying a fee at the Bursar's Office and returning the permit—form to the instructor. Obtain the Student Request to Remove Grade of I from the departmental secretary. The instructor then files the permit form in the Registrar's Office along with the grade, and the grade point average is adjusted accordingly. If a student does not complete the stipulated work within the time specified (not to exceed one year after taking the course), the instructor may change the grade of I to a grade that carries credit or assign a grade of F if appropriate. The GPA is adjusted accordingly. A student who could not complete final examinations because of illness may remove a grade of I without payment of the fee. The academic dean is authorized to waive the fee upon certification of illness signed by the attending physician.

#### Final Grades:

Departmental staff is not allowed to give out grades. Do not call or stop by the department office to ask for your grade. Only I can release your grade.
