DISABILITY ACCOMMODATION STATEMENT

The University of North Texas is on record as being committed to both the spirit and letter of federal equal opportunity legislation; reference Public Law 92-112, The Rehabilitation Act of 1973 as amended. With the passage of new federal legislation entitled Americans with Disabilities Act (ADA), pursuant to section 504 of the Rehabilitation Act, there is renewed focus on providing this population with the same opportunities enjoyed by all citizens.

Students must follow the Procedure for Requesting Special Accommodation, as indicated in the UNT Policy Manual, Volume 3, 18.1.14, part II. According to these guidelines, "[w]ithin the first week of class, qualified students must notify the instructor or academic unit liaison for disability accommodation that options to standard methods of educational access will be needed" (part II, section B).

COURSE CONTENT AND OBJECTIVES

This is a beginning course designed for students who have no prior knowledge of Spanish.

At the end of this course the successful student:

- will be able to use Spanish to negotiate meaning in basic contexts
- will be able to interact with basic Spanish texts
- will have attained awareness of and sensitivity to language in general
- will have attained understanding of some of the significant social, cultural, historical, and political aspects of Spanish speaking communities

COURSE ORGANIZATION

This is a four-credit course that meets four times a week. In addition, students are required to register for a lab class that meets one hour per week. Because exposure to and practice in Spanish is essential to successful acquisition of the language, these courses will be conducted mostly in Spanish. Although students are not expected to understand every word, through repeated exposure, study, and practice students will find that increasingly more is understood as the semester progresses. Students must also make every effort to use only Spanish in the classroom. **Please note:** The role of the instructor in the classroom is that of "communication facilitator", and students will work extensively in group and partner on various, mostly communicative activities. The instructor will not provide extensive grammar or

vocabulary instruction during class time. This is the role of the text, electronic student activities, and other technology and interaction with it. If additional help with the material is needed, students should consult their instructor during office hours, and take advantage of departmentally provided resources such as free tutoring.

LAB

All students must enroll in a lab section. Lab is a graded (10%) component of the course, and will provide further opportunities to put into practice the topics introduced in the regular class section. Students are required to attend lab every week and participate actively, and any failure to do so will result in the loss of credit. Excused absences (according to university policy) must be justified upon returning to class with written documentation.

No food or drinks are allowed in lab classrooms.

LAB GRADE DISTRIBUTION

The lab grade is 10% of the overall grade for the course. The weekly lab grade will be based on attendance and participation during lab sessions.

Attendance:

Attendance will count for 50% of the lab grade. The lab instructor will give a grade for attendance every week lab classes are scheduled on the syllabus. The following rubric/scale will be used to determine the attendance grade:

Attends entire lab session	5
Arrives late or leaves early	3
Absent	0

COURSE POLICIES

On student behavior in the classroom:

Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Center for Student Rights and Responsibilities to consider whether the student's conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at www.unt.edu/csrr.

On attendance:

Students are allowed four unexcused absences without penalty to their grade. This policy does not excuse students from any previously scheduled activity or homework (see below policy regarding make ups.) For each unexcused absence beyond four, 1% will be subtracted from the final course grade. Two tardies equal one absence. Excused absences (according to university policy) must be justified within three days after returning to class with written documentation. **Students missing a total of 12 classes may be administratively dropped by their instructor.**

On make ups:

Only those individuals whose absences are authorized by their instructor are eligible to take make ups on any material missed. If an exam or assignment must be missed, students should contact their instructor as soon as possible and provide the appropriate documentation within 3 days after returning to class. The instructor will set a date to make up the missed assignment(s).

On food and beverages in the classroom:

Students are not allowed to consume food in the classroom. Students are allowed to consume appropriate beverages during class periods only if their instructor gives his or her approval for doing so.

On outside help/academic integrity:

All assignments should be the student's work only, and should reflect the level of proficiency that the student is in. Cheating, plagiarism, and other examples of academic misconduct will be pursued and sanctions will be levied.

On cell phones and laptops:

Cell phones must be off at all times during class meetings. Inappropriate use of a laptop will not be tolerated; the student will be asked to put it away and the participation grade will be affected.

On use of e-mail:

Instructors of Spanish at the 1000 – 2000 level require students to use official UNT Eagle Connect for all communication. Instructors will only respond to email sent by students from a UNT Eagle Connect address. Likewise, instructors will only send email to UNT Eagle Connect addresses. Information about Eagle Connect can be found at the following Web address: <http://eagleconnect.unt.edu/>.

A note on protocol:

If a student has a problem with anything related to the course (textbook, instructor, testing, etc.), it is his or her responsibility to discuss the problem first with the instructor before contacting the Level Coordinator. Most problems or misunderstandings can be dealt with effectively and efficiently if the people most directly involved can discuss the problem and communicate honestly with each other.
