### Course Objective:

This class is a survey of Southwestern archaeology. The course is reading intensive and relies on lecture and discussion based on reading material. The goal of the class is to provide a general and brief exposure to topics in archaeology in different areas of the continent north of Mexico. Though topics are covered by sub-region and period, several current issues in archaeology are also subject matter for the course.

### Required Text:

There are periodic research articles that will be posted on-line at [www.geog.unt.edu/~wolverton/](http://www.geog.unt.edu/~wolverton/) and that will be announced in class as required reading.

### Class Grades

90% + = A, 80- 89.4% = B, 70 – 79.4% = C, 60 – 69.4% = D, ≤ 59.4 = F

### Grading Subjectivity:

Note—grading of essay material is a subjective activity; I will try to be as objective as possible, but final judgment calls rest with me. You will receive a grading rubric and instructions for the notebook early in the class.

### DISABILITY ACCOMODATION

The Department of Geography, in cooperation with the Office of Disability Accommodations, complies with the Americans with Disabilities Act in making reasonable accommodations for qualified students with disabilities. Please present your written accommodation request by the second class.

### **EXTRA CREDIT**

The Department of Geography does not allow extra credit assignments (work not specified on a course syllabus).

### **ACADEMIC DISHONESTY**

Students caught cheating or plagiarizing will receive a "0" for that particular assignment or exam. Additionally, the incident will be reported to Department of Geography for deliberation. According to the UNT catalog, the term "cheating" includes, but is not limited to: (a) use of any unauthorized assistance in taking quizzes, tests, or examinations; (b) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; (c) the acquisition, without permission, of tests or other academic material belonging to a faculty or staff member of the university; (d) dual submission of a paper or project, or resubmission of a paper or project to a different class without express permission from the instructor(s); or (e) any other act designed to give a student an unfair advantage. Altering a returned test and claiming a grader or scanning machine made an error is also considered cheating. The term "plagiarism" includes, but is not limited to: (a) the knowing or negligent use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment; and (b) the knowing or negligent unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

Students with perfect attendance will earn 2 final grade percentage points for participation added to their final percent grade (e.g., an 88% [B] would become a 90% [A]). There must be NO absences (*excused or unexcused*) to receive perfect attendance.

### **TARDINESS POLICY**
