COURSE DESCRIPTION
This course explores an issue prevalent for those professionals who are often mandated reporters for instances of family violence as well as other disciplines who interact with either offenders or victims. "Families" are broadly defined to include any intimate relationship. Students will review the meaning, extent, and context of violence in society and its consequences on others to guide this study. Further, we will explore risk factors, the traumatic effects of violence on the individual, family, community and societal systems, and their effects on offenders. Theoretical perspectives are presented to assist in better understanding the problem and to differentiate between various forms of violence.

This course will also assess societal responses to include systematic responses, legal remedies, interventions/therapeutic options, or other social change approaches to reduce or prevent violence. The outcomes of these processes are also explored. Prevention and treatment models through micro, mezzo, and macro level interventions will be addressed. This will include a comprehensive examination of the impact of trauma and will help students across multiple professions or disciplines understand how their role as professionals or advocates can make a difference. Students are expected to critically assess their understanding of family violence and examine their own responsibility for addressing this grave issue. There are no prerequisites or other restrictions for this course. It is open to any major.

COURSE STRUCTURE
This course is 100% online. There are no face-to-face meetings. The content for this course is structured in a series of Learning Modules that include readings, assignments, discussions, activities, and exercises to assist you in achieving the learning objectives. Reading assignments are specified in the syllabus/modules and this material must be read to complete module assignments. The learning modules are open for the whole course; students may choose to work ahead at their own pace. The length of this Wintersemester is 3 weeks.

POLICIES

ATTENDANCE POLICY
Active participation in class is a fundamental component of this course. The insight and experiences of every student provide unique contributions to the learning environment. Absences may be excused only with documentation in accordance with UNT attendance policy 15.2.5. Regular attendance is expected. While students will not receive a specific grade for their attendance, class participation, and level of professionalism, must be demonstrated during this course. Social work is a vocation that requires a very high level of personal ethics and professionalism. Social work students will have the opportunity to demonstrate their ability to live up to these expectations. As a gatekeeper of the profession, your instructor takes this very seriously and so should you.

Attendance
Students are expected to attend class meetings regularly and to abide by the attendance policy established for the course. It is important that you communicate with the professor and the instructional team prior to being absent, so you, the professor, and the instructional team can discuss and mitigate the impact of the absence on your attainment of course learning goals. Please inform the professor and instructional team if you are unable to attend class meetings because you are ill, in mindfulness of the health and safety of everyone in our community.

If you are experiencing any symptoms of COVID-19 (https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html) please seek medical attention from the Student Health and Wellness Center (940-565-2333 or askSHWC@unt.edu) or your health care provider PRIOR to coming to campus. UNT also requires you to contact the UNT COVID Team at COVID@unt.edu for guidance on actions to take due to symptoms, pending or positive test results, or potential exposure.

Course Materials for Remote Instruction
Remote instruction may be necessary if community health conditions change or you need to self-isolate or quarantine due to COVID-19. Students will need access to a [webcam and microphone – faculty member to include what other basic equipment is needed] to participate in fully remote portions of the class. Additional required classroom materials for remote learning include: [list specific software, supplies, equipment or system requirements needed for the course]. Information on how to be successful in a remote learning environment can be found at https://online.unt.edu/learn

ACADEMIC INTEGRITY
Academic integrity emanates from a culture that embraces the core values of trust and honesty necessary for full learning to occur. As a student-centered public research university, UNT promotes the integrity of the learning process by establishing and enforcing academic standards. According to UNT Policy 06.003, Student Academic Integrity, academic dishonesty breaches the mutual trust necessary in an academic environment and undermines all scholarship. Academic dishonesty includes cheating, plagiarism, forging
the signature of the instructor or of another student, fabrication, and/or facilitating or sabotaging the academic dishonesty of other students.

Any suspected occurrence of academic dishonesty will be investigated and handled in accordance with UNT policy and procedures. The following academic penalties may be assessed at the instructor’s discretion upon determination that academic dishonesty has occurred. *Admonitions and educational assignments are not appealable.*

1. **Admonition.** The student may be issued a verbal or written warning.
2. **Assignment of Educational Coursework.** The student may be required to perform additional coursework not required of other students in the specific course.
3. **Partial or no credit for an assignment or assessment.** The instructor may award partial or no credit for the assignment or assessment on which the student engaged in academic dishonesty, to be calculated into the final course grade.
4. **Course Failure.** The instructor may assign a failing grade for the course.

Should the procedure for appeal of a case of academic dishonesty extend beyond the date when the instructor submits course grades for the semester, the student will be assigned a grade that reflects the penalty, which shall be adjusted, as appropriate, at the conclusion of any appeal process.

Specific details and description of UNT’s Policy on Student Standards of Academic Integrity (18.1.16) and students’ right to appeal are available at [https://policy.unt.edu/policydesc/student-standards-academic-integrity-18-1-16](https://policy.unt.edu/policydesc/student-standards-academic-integrity-18-1-16)

**DISABILITY ACCOMODATION**

In accordance with university policies and state and federal regulations, UNT is committed to full academic access for all qualified students, including those with disabilities. To this end, all academic units are willing to make reasonable and appropriate adjustments to the classroom environment and the teaching, testing, or learning methodologies in order to facilitate equality of educational access for persons with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide the student with an accommodation letter to be hand delivered to the instructor to begin a private discussion regarding the student’s specific needs in the course.

Students may request accommodations at any time; however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Every semester, students must obtain a new letter of accommodation, and they must meet with each faculty member prior to implementation in each class.

Students are strongly encouraged to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to request that students discuss such letters during their designated office hours in order to protect the privacy of the student.

For additional information, visit the Office of Disability Accommodation (ODA) in Sage Hall, suite 167, or their website at [http://disability.unt.edu](http://disability.unt.edu). You may also contact the ODA office by phone at 940.565.4323. Specific
information on UNT’s policies related to disability accommodations is available at https://policy.unt.edu/policydesc/disability-accommodation-students-and-academic-units-18-1-14.

Please note that disability accommodations are not retroactively applied to the start of a course. Accommodations in the course become effective after the student has delivered an official accommodation letter from UNT’s ODA.

STUDENT CONDUCT
Any student behavior that interferes with an instructor’s ability to conduct class or other students’ opportunity to learn is unacceptable and will not be tolerated in any instructional setting at UNT. This includes traditional face-to-face classes, online or blended classes, labs, discussion groups or boards, field trips, and verbal and/or written (including email) communication with the instructor and/or other students. Examples of unacceptable behavior include, but are not limited to, disrespectful treatment of other students (verbal or written), disrupting lecture, and use of inappropriate or profane language or gestures in class or other instructional settings.

A student engaging in unacceptable behavior may be directed to leave the classroom or other instructional setting and may also be referred to the Dean of Students to consider whether his/her conduct violates UNT’s Student Code of Conduct.

SEXUAL ASSAULT PREVENTION
UNT is committed to providing a safe learning environment free of all forms of discrimination and sexual harassment, including sexual assault, domestic violence, dating violence, and stalking. Federal laws (Title IX and the Violence Against Women Act) and UNT policies prohibit discrimination on the basis of sex, and therefore prohibit sexual misconduct. If you or someone you know is experiencing sexual harassment, relationship violence, stalking, and/or sexual assault, there are campus resources available to provide support and assistance. UNT’s Survivor Advocates can assist a student who has been impacted by violence by filing protective orders, completing crime victim’s compensation applications, contacting professors for absences related to an assault, working with housing to facilitate a room change where appropriate, and connecting students to other resources available both on and off campus. The Survivor Advocates can be reached at SurvivorAdvocate@unt.edu or by calling the Dean of Students Office at 940-565-2648. Additionally, alleged sexual misconduct can be non-confidentially reported to the Title IX Coordinator at oeo@unt.edu or at (940) 565 2759.

PROFESSIONAL ETIQUETTE
The college experience is intended to assist in preparing students for professional and career pursuits. That preparation includes learning to use professional etiquette in dealing with people in positions of authority. The appropriate way to address your instructor depends on her/his particular education credentials. These are usually indicated on the course syllabus. If your instructor has a:

- Doctorate (Ph.D. or Ed.D.), you should address them as: Dr. Instructor's last name
- Master's degree (MA, MS, MSW, MSSW) you should address them as: Professor Instructor's last name
If you are not certain about an instructor’s education credentials, you should address them as “Professor.” It is not appropriate to call the instructor by his/her first name unless given permission.

Professional etiquette extends to all types of communication with your instructor. Written communication—including email—forms a permanent record and so it is important to use care about how you make requests, ask questions, or express concerns. Slang (e.g., Hey, Yo) and texting abbreviations should be avoided. The use of profanity is not permitted.

Any type of communication—verbal or written—is most likely to achieve the intended result when it is polite or courteous. Please note that communication can be polite even if there is some type of conflict involved. Instructors may choose not to respond to emails or other forms of communication that is perceived as insulting, disrespectful, or unprofessional.

REQUESTS TO DROP THE CLASS:
We want you to succeed in this class and at UNT. If you are concerned about your progress in the course, or believe you need to drop for other reasons, it is important that you contact the instructor as soon as possible. We want to make sure that dropping the course is your best or only option.

There are consequences to dropping classes that extend beyond losing your invested time, money, and effort. Dropping one or more classes may make you ineligible for financial aid. There are also limits on the number of courses you can drop. You can learn more about this at http://registrar.unt.edu/registration/dropping-class. Check with the Registrar’s Office or UNT Academic Calendar on deadlines for withdrawing or dropping a class!

REQUESTS FOR AN INCOMPLETE
Students must meet specific criteria to be eligible to receive an incomplete in a course. Review these guidelines on UNT’s Incomplete Grade policy is available at http://registrar.unt.edu/grades/incompletes.

RETENTION OF STUDENT RECORDS
Student records pertaining to this course are maintained in a secure location by the instructor of record. All records such as exams, answer sheets (with keys), and written papers submitted during the duration of the course are kept for at least one calendar year after course completion. Course work completed via the Canvas online system, including grading information and comments, is also stored in a safe electronic environment for one year. Students have the right to view their individual record; however, information about student’s records will not be divulged to other individuals without proper written consent. Students are encouraged to review the Public Information Policy and the Family Educational Rights and Privacy Act (FERPA) laws and the University’s policy. See UNT Policy 10.10, Records Management and Retention for additional information.

COMMUNICATION
From time to time, the instructor may need to communicate with the entire class or contact you individually. If/when those occasions arise, only your UNT email account will be used. You are responsible for the
information in that email. Failing to check it or have the address in the proper format will not be excused. Information may also be posted on Canvas Announcements.

Students must have a university account while enrolled in this class. Students may obtain an email address by logging onto https://ams.unt.edu/. This will put you into the computer account management system and you will be able to get Eagle mail. You can arrange for this email to be forwarded to a preferred address if desired.

Please remember to keep all communication with your instructor professional. Keep in mind that anytime you write something in an email message, it is there forever. All emails should be written in a professional manner and spell checked before being sent. It is unacceptable to send an email as one might send a text message with abbreviations, text-like acronyms, no capitalization or periods. If I receive an email from you like this, you will be asked to compose a professional e-mail before I respond. Also remember that emailing your instructor should not take the place of face-to-face conversation. Students who are encountering problems are invited to make an appointment or come during office hours to talk with the instructor.

COMMUNICATION EXPECTATIONS
Students are responsible for ensuring that they receive notifications in Canvas regarding course information in a timely manner. The default is the students’ UNT email account. Students may choose to add additional email addresses or change their default email to receive notifications of course information (see Canvas Guide). Students also have the option of using direct emails.

Contact the Instructor regarding your personal concerns or course related issues. The Instructor will try to respond to your emails in a reasonable timeframe (typically within three business days if possible). The methods used to provide you with feedback include emails, assignment feedback, and grades. We are typically not available on weekends/holidays. Feel free to reach out as needed.

NETIQUETTE
Netiquette, or online etiquette, refers to the way students are expected to interact with each other and with their instructors online. Here are some general guidelines:

- Treat your instructor and classmates with respect in email or any other communication.
- Always use your professors' proper title: Dr. or Prof., or if in doubt use Mr. or Ms.
- Unless specifically invited, don’t refer to your instructor by first name.
- Use clear and concise language.
- The use of profanity is not permitted
- Remember that all college level communication should have correct spelling and grammar (this includes discussion boards).
- Please note that communication can be civil even if there is some type of conflict involved. Instructors may choose not to respond to emails or other forms of communication that are perceived as insulting or disrespectful.
- Avoid slang terms such as “wassup?” and texting abbreviations such as “u” instead of “you.”
- Use standard fonts such as Arial, Calibri or Times new Roman and use a size 10 or 12 point font
• Avoid using the caps lock feature AS IT CAN BE INTERPRETTED AS YELLING.
• Limit and possibly avoid the use of emoticons like :) or 😊.
• Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and your message might be taken seriously or sound offensive.
• Be careful with personal information (both yours and other’s).
• Do not send confidential information via e-mail.
• Written communication—including email—forms a permanent record and so it is important to use care about how you make requests, ask questions, or express concerns.

For more information, see these Netiquette Guidelines http://teach.ufl.edu/wp-content/uploads/2012/08/NetiquetteGuideforOnlineCourses.pdf

IMPORTANT NOTICE FOR F-1 STUDENTS TAKING DISTANCE EDUCATION COURSES

Federal Regulation
To read detailed Immigration and Customs Enforcement regulations for F-1 students taking online courses, please go to the Electronic Code of Federal Regulations website (http://www.ecfr.gov/). The specific portion concerning distance education courses is located at Title 8 CFR 214.2 Paragraph (f)(6)(i)(G).
The paragraph reads: (G) For F-1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken on-line or through distance education and does not require the student's physical attendance for classes, examination or other purposes integral to completion of the class. An on-line or distance education course is a course that is offered principally through the use of television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, or satellite, audio conferencing, or computer conferencing. If the F-1 student's course of study is in a language study program, no on-line or distance education classes may be considered to count toward a student's full course of study requirement.

University of North Texas Compliance
To comply with immigration regulations, an F-1 visa holder within the United States may need to engage in an on-campus experiential component for this course. This component (which must be approved in advance by the instructor) can include activities such as taking an on-campus exam, participating in an on-campus lecture or lab activity, or other on-campus experience integral to the completion of this course. If such an on-campus activity is required, it is the student’s responsibility to do the following:

(1) Submit a written request to the instructor for an on-campus experiential component within one week of the start of the course.
(2) Ensure that the activity on campus takes place and the instructor documents it in writing with a notice sent to the International Student and Scholar Services Office. ISSS has a form available that you may use for this purpose.

Because the decision may have serious immigration consequences, if an F-1 student is unsure about his or her need to participate in an on-campus experiential component for this course, s/he should contact the UNT International Student and Scholar Services Office (telephone 940-565-2195 or email internationaladvising@unt.edu) to get clarification before the one-week deadline.
Student Verification
UNT takes measures to protect the integrity of educational credentials awarded to students enrolled in distance education courses by verifying student identity, protecting student privacy, and notifying students of any special meeting times/locations or additional charges associated with student identity verification in distance education courses. See UNT Policy 07-002 Student Identity Verification, Privacy, and Notification and Distance Education Courses (https://policy.unt.edu/policy/07-002).

Use of Student Work
A student owns the copyright for all work (e.g. software, photographs, reports, presentations, and email postings) he or she creates within a class and the University is not entitled to use any student work without the student’s permission unless all of the following criteria are met:
- The work is used only once.
- The work is not used in its entirety.
- Use of the work does not affect any potential profits from the work.
- The student is not identified.
- The work is identified as student work.

If the use of the work does not meet all of the above criteria, then the University office or department using the work must obtain the student’s written permission.

Transmission and Recording of Student Images in Electronically Delivered Courses
1. No permission is needed from a student for his or her image or voice to be transmitted live via videoconference or streaming media, but all students should be informed when courses are to be conducted using either method of delivery.
2. In the event an instructor records student presentations, he or she must obtain permission from the student using a signed release in order to use the recording for future classes in accordance with the Use of Student-Created Work guidelines above.
3. Instructors who video-record their class lectures with the intention of re-using some or all of recordings for future class offerings must notify students on the course syllabus if students’ images may appear on video. Instructors are also advised to provide accommodation for students who do not wish to appear in class recordings.
   Example: This course employs lecture capture technology to record class sessions. Students may occasionally appear on video. The lecture recordings will be available to you for study purposes and may also be reused in future course offerings.

No notification is needed if only audio and slide capture is used or if the video only records the instructor’s image. However, the instructor is encouraged to let students know the recordings will be available to them for study purposes.

**Safe Environment Policy:** Due to the sensitive nature of our course content, you may experience a range of raw reactions, opinions or emotions; making the concept of safety very important. Some of you may have had experiences with the topics we address or have severe reactions to this study. We must be cognizant of this as we address these many compelling issues. Regardless, it is essential that all students make every effort to take care of yourself and immediately seek out resources and support upon signs of distress as needed! COURSE EVALUATION
The Student Perception of Teaching (SPOT) is required for all classes at UNT. I am very interested in the feedback I get from students, as I work to continually improve my teaching. The SPOT survey will be made
available to you at the end of the semester, providing you a chance to comment on how this class is taught. Please visit my.unt.edu and fill out the evaluation form when it is available.

Please note that the instructor for this course has the option to revise or alter the course syllabus at any time as class needs dictate.
ASSIGNMENTS

ASSIGNMENTS, FEEDBACK AND MAKE-UP POLICY

Students must complete assignments as specified in this syllabus, learning modules, or other informational materials. You are required to read the Learning Modules and assigned readings in order to make a contribution to weekly course activities such as discussions, exercises, activities, or other assignments. Make every effort to clearly understand the expectations for all assignments and deadlines as located in this syllabus or posted online.

Carefully review the syllabus or instructions outlined in each module for official due dates. Assignments are typically due before midnight on the due date and will be closed and locked after this time period. However, the learning modules and course content will remain open and available for your ongoing educational needs. For organizational purposes, keep track of all important assignment due dates in your own personal calendar! All assignments must be submitted in Canvas during the established timeframes and when the available assignment links are open. The modules or syllabus usually provide descriptions of assignments. In addition, assignment guidelines may be available to provide extended details. Always carefully review and follow instructions before submitting assignments!

Assignments completed for this course should first be saved on your computer and then submitted in a readable format that is friendly to an online environment (for example, PDF, Microsoft Word, Word for Mac, or Rich Text). Assignments will be submitted using the Canvas Assignment drop box.

Late assignments will not be accepted in this class. All written assignments will be turned in on Canvas. There will be no exceptions so please pay attention to all due dates on this syllabus. Do not wait until the last day to submit assignments – as potential problems are unpredictable! Also, do not submit assignments after the deadline thinking there will be some exception made for you. Instead, work on the next assignment to ensure it is submitted on time! Always allow yourself a minimum of several hours to upload documents – many students report their computers freeze! Remember, even one minute late means it is late! (Note: rarely will university policies supersede these requirements).

Students are responsible for ensuring they have a reliable Internet connection before they test online. There will be no “do-overs allowed” due to technical failures unless the failure is universal and affects all students. Online exams are due by their respective due dates and times. Your exam must be complete by this time. Any exam that all, or in part, is submitted late will receive a zero (0). Exams will be timed, and no backtracking is allowed.

Using proper grammar in written communications is very important. It demonstrates professionalism and helps to establish your credibility. Turning in a professional product that you can be proud of should be a priority EVERY TIME! Make sure that all of your work is carefully proofread and is typed, double spaced, and has one-inch margins, 12 font size, a cover page and pages are numbered, following APA guidelines. It should be easy for the reader to understand your line of reasoning. Excessive grammatical/syntactical errors will result in a lower grade. Please proofread.

For written assignments, the instructor has the goal of providing feedback to students within one week.
**CRITERIA FOR STUDENT EVALUATION**

The method of grading for this course is strictly based on a point system. The table below specifies how grades will be earned in the course. Students' progress will be evaluated utilizing the following criteria:

- **2 Exams: Midterm and Final (on Canvas @ 200 points each)**: 400 points
- **10 Discussion Posts over Lesson Modules and Assigned Reading**: 200 points
- **10 Quizzes over Lesson Modules and Assigned Reading**: 100 points
- **Prevention Campaign**: 300 points

Overall course grades will be assigned on the basis of:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
