Description:

CORE Creative Arts

Art Appreciation for non-majors. 3 hours. Introduction to basic concepts and vocabularies of the visual arts worldwide, designed to expand aesthetic growth and involvement with the visual world. For non-art majors only.

The course explores art through a thematic and global perspective. Art is explored through its social, cultural, and historical contexts. The course divides art into themes, rather than chronologically. Dividing the course thematically, allows for a global perspective of art and a better understanding of how it is a source of knowledge between cultures and time periods. The themes that will be explored are: Food and Shelter | Reproduction and Sexuality | Deities and Places of Worship | Mortality and Immortality | Power, Politics and Glory | Social Protest and Affirmation | Mind and Body | Entertainment and Visual Culture | Nature, Knowledge and Technology | Popular Culture | Craft.
Prerequisite(s): None

AI Statement

Visual Arts offers a place for creative and critical thinking while exploring cultures. The course asks that each student observes and reflects on art through their own unique experience in the world. The course is focused on exploring ideas and finding meanings through the visual arts we see every day, not finding the "right" answer. Artificial Intelligence offers many advantages, but individual creative thinking is best expressed by the thinker and not a generator.

Use of Artificial Intelligence is not authorized in this course. Instead, I ask for your genuine perspectives. Because of this, any use of AI will be viewed as not fulfilling the requirements of an assignment. These issues will also be forwarded for review due to scholastic dishonesty.

We will discuss AI Art in class. We will also make AI art together in class. Through this we will see if AI generators express what we have in our imagination.

In short, AI is not acceptable in class beyond our creative project. It will be handled as a scholastic dishonesty case and reported.

Sensitive Topics

Art is a part of culture and is used to express a wide variety topics, emotions, experiences, and themes. Sensitive topics often arise. These can include, but are not limited to, race, sexuality,
politics, war, and mental health. When discussing art please keep in mind that everyone comes from different backgrounds and experiences and everyone is entitled to their own opinion. It is important to keep an open mind while also remaining respectful. I encourage and welcome all perspectives, knowledge, and opinions in the classroom, as long as it is done respectfully. Art is a great method for practicing empathy and for learning about new perspectives, cultures, and people.

Class Expectations

- Respectful, open-minded discussions. We discuss many sensitive topics, what is sensitive to someone else may not be sensitive to you but please be cautious and kind.

Inappropriate behavior in the classroom shall result in, minimally, a request to leave class, which will be counted as an unexcused absence.

ADA Accommodation

UNT makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide a student with an accommodation letter to be delivered to faculty to begin a private discussion regarding one’s specific course needs. Students may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. For additional information see the ODA website at disability.unt.edu.

Acceptable Student Behavior

Student behavior that interferes with an instructor’s ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Dean of Students to consider whether the student’s conduct violated the Code of Student Conduct. The University's expectations for student conduct apply to all instructional forums, including University and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at deanofstudents.unt.edu/conduct.

Student Evaluation Administration Dates

Student feedback is important and an essential part of participation in this course. The student evaluation of instruction is a requirement for all organized classes at UNT. The survey will be made available during weeks 13 and 14 of the long semesters to provide students with an opportunity to evaluate how this course is taught. Students will receive an email from "UNT SPOT Course Evaluations via IASystem Notification" (no-reply@iasystem.org) with the survey link. Students should look for the email in their UNT email inbox. Simply click on the link and
complete the survey. Once students complete the survey they will receive a confirmation email that the survey has been submitted. For additional information, please visit the spot website at www.spot.unt.edu or email spot@unt.edu.

Incomplete Grade

An Incomplete Grade ("I") is a non-punitive grade given only during the last one-fourth of a term/semester and only if a student (1) is passing the course and (2) has a justifiable and documented reason, beyond the control of the student (such as serious illness or military service), for not completing the work on schedule.

In consultation with the instructor, complete a request for an Incomplete Grade. This form can be found on the department website and must be turned into the department chair prior to the last day of classes (not the exam date). Note: A grade of Incomplete is not automatically assigned to students.

Sexual Discrimination, Harassment & Assault

UNT is committed to providing an environment free of all forms of discrimination and sexual harassment, including sexual assault, domestic violence, dating violence, and stalking. If you (or someone you know) has experienced or experiences any of these acts of aggression, please know that you are not alone. The federal Title IX law makes it clear that violence and harassment based on sex and gender are Civil Rights offenses. UNT has staff members trained to support you in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, helping with legal protective orders, and more.

UNT’s Dean of Students’ website offers a range of on-campus and off-campus resources to help support survivors, depending on their unique needs: http://deanofstudents.unt.edu/resources_0.
