You, the student, are responsible for obtaining and maintaining any equipment and ancillary services needed to connect to or access the CANVAS. You, the student, are responsible for obtaining and maintaining any equipment and ancillary services needed to connect to or access any materials provided in the course by the instructor.

You, the student, are responsible for your access, including without limitation, working hardware, software, internet service, cable, modems, or telecommunication capacity necessary to attend the course online or face-to-face. You shall be solely responsible for ensuring that the equipment you choose to use, and ancillary services, are compatible with the CANVAS, the UNT website, UNT library site, any course materials provided, and software required.

This instructor has a zero-tolerance policy for technology excuses. Reasons that support this zero-tolerance policy is: 1) sufficient resources are available to check the system the student chooses to use, 2) it is the student's decision when, where, and how they desire to access course materials, 3) the student agrees before beginning any test or exam in CANVAS they understand there are no resets, and 4) the student has an obligation to fix any technical issues before making additional test attempts at any time – this requires time management skills on the part of the student.

Federal Regulation

The paragraph reads:
