FALL 2012 COLLECTION

EPIPHANY

The best thoughts can come out of nowhere and strike with the force of an anvil. Though this soft buttercup yellow traipses a bit more quietly, it still has the power to stand out on any skin tone—and wow all onlookers. One idea is certain to appear suddenly: “I have to have this polish!”

TAKING CHANCES

Everyone loves a risk—as long as it pays off in the end. But with this pale polish, a color combination of luscious peach and honeydew, forget the peril; there's only reward. Give this mellow shade a whirl and discover the satisfaction that a calculated gamble can provide!

LIVE WITHOUT KNOWING

Knowledge can be overrated; some things are best left as mysteries—like the precise appeal of this dusky-rose greige. Maybe it's the go-anywhere neutral tone, the saturation of color, or its tasteful sophistication. We're not asking any questions!

FROZEN IN TIME

Life happens in a flash, but the best moments are meant to be savored. With nails enrobed in this iridescent periwinkle, you'll forever want to stop the minutes ticking by and simply stare at your nails with unabashed admiration.

LOST TO THE WORLD

Destinations are definite, but sometimes wandering is a lot more fun. Tackle your next adventure with this go-anywhere tawny mauve, a delicate hue that will have you floating through the days on cloud nine whether you're jet-setting or simply trendsetting.

BREAKAWAY

Taking a break from the everyday isn't a luxury—it's a necessity! Just make sure to tote along this bold plum for manis and pedis that'll match your sense of daring and meet the season's demand for rich color. With nails sheathed in this standout shade, you'll break away from the pack—and from the ordinary.
